95	Randolph Avenue, Quincy Line
96	Randolph Avenue and Highland Street

Special Signals for Fires in the Blue Hills Reserv'n.

*Special Signals.

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down **ONCE** and let go. Remain at Box until arrival of Firemen and direct them to the Fire.

Signals

1	One blow, 7.30 A.M., 12 M., 5.45 P.M. Fire Alarm Tests.
1-1	Two blows, Recall.
1-1-1	Three blows followed by four rounds of box number, general alarm.

Signal for No School

The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High School for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High School — this signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

The 7.15 signal will rarely be sounded as it includes the closing of the High and Junior High Schools. If the 7.15 signal is given, the 7.30 signal will be unnecessary.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

BOARD OF FIRE ENGINEERS

J. HARRY HOLMES, *Chief*
F. ELLIOT CABOT
HOWARD S. PATTERSON, *Clerk*

Emergency calls for Fire Department should be "Milton Fire Department — Emergency"

REPORT OF TOWN ACCOUNTANT

To the Honorable Board of Selectmen.

In accordance with the Revised By-Laws of the Town of Milton, and General Laws, sections 55 to 61 inclusive, the books and accounts of all officers and committees intrusted with the expenditures of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1925, have been examined and found correct.

Respectfully submitted,

JOSEPH H. DUFFY,
Town Accountant.

MILTON, MASS., December 31, 1925.

REVISED BY-LAWS

Town of Milton, March 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902

The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925.

Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922

CHAPTER 1

General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows: —

The word *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

Sect. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the House called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator; provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case, if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.: —

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

Sect. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

The Warrant Committee

Section 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town's Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

Sect. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

Sect. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

Sect. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Sect. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

Sect. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

Sect. 14. Three Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any

lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery: —

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

Sect. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

Sect. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

Sect. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

Sect. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

Sect. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 8. Three or more persons shall not continue to stand or remain in a group,

or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or dis-

charged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Sect. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

Sect. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

Sect. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

Sect. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

Sect. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

Sect. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

Sect. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

Sect. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

Prosecutions and Penalties.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

The Construction and Inspection of Buildings

Section 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

Sect. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

Sect. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

Sect. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

Permits

Sect. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height.	Foundations.	Basement.	Stories.					
			1	2	3	4	5	6
1 story . .	16	12	8					
2 stories . .	16	12	12	8				
3 stories . .	20	16	12	12	8			
4 stories . .	20	16	16	12	12	8		
5 stories . .	20	16	16	16	12	12	8	
6 stories . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

Sect. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

Sect. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Sect. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

Sect. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

Sect. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

Sect. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

Sect. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

Sect. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

Sect. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

Sect. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

Sect. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

Sect. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

Sect. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

Sect. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak and Locust.	Other Woods.
Direct tension on compression or fiber stress	1,500	1,000
Direct compression side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression in short pieces or compressive fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (1) to least radius of gyration (r) not exceeding 16, 1 being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for 1/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of 1 to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds

per square inch; shear in web (stiffened), 8,000 pounds per square inch; bearing on rivets, 18,000 pounds per square inch; bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

Sect. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

Sect. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

Sect. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

Sect. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

Sect. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

Sect. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

Sect. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

Electric Wiring and Fixtures

Sect. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and

shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

Gas Fixtures

Sect. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

Sect. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

Sect. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half (½) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

Regulations Made by the Fire Engineers According to the Provisions of Chapter 32, Section 46, of the Revised Laws in Regard to Chimneys, Flues, Fireplaces and Heating Pipes

Sect. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

Sect. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

Sect. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen

(18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

Sect. 46. No chimney shall be supported by, started or built upon any woodwork. In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

Sect. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

The Regulation and Inspection of Plumbing

Section 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

Sect. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

Sect. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

Sect. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

Sect. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

Sect. 6. The drainage and waste piping of every building shall be connected with

the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

Sect. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half (1½) inches inside diameter. No waste pipe shall be less than one and a quarter (1¼) inches inside diameter.

Sect. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches inside diameter.

Sect. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

Sect. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter (1¼) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. No water-closet shall be enclosed with any woodwork.

Sect. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half (½) inch.

Sect. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

Sect. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

Street Railways

Section 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.: —

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

Sect. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

Town Ways

Section 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

Sect. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Sect. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

Billboards

Section 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 12

Use of Buildings

Section 1. *Districts.* — A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

District B. — Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant

therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

District C. — Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

SECT. 2. *Zoning Map.* — (*a*) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(*b*) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.* — In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

(*a*) A dwelling for one or more families.

(*b*) A hotel or a lodging or boarding house.

(*c*) A club other than a club the chief activity of which is a service customarily carried on as a business.

(*d*) A church, school or academy.

(*e*) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(*f*) A railroad passenger station.

(*g*) A farm, truck garden, nursery or greenhouse.

(*h*) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(*i*) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

Sect. 4. *Existing Buildings.* — Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

Sect. 5. *Incidental Use of Residential Buildings.* — Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

Sect. 6. *Enforcement.* — Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

Sect. 7. *Validity.* — The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

Sect. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

Sect. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13

Planning Board

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. *Voted,* To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

March 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

March 7, 1881. *Voted,* To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. *Voted,* To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

February 3, 1894. *Voted,* That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 28, 1894. *Voted,* To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

March 4, 1895. *Voted,* That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. *Voted,* To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

March 1, 1897. *Voted,* To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

March 7, 1898. *Voted,* To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

March 5, 1900. *Voted,* To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

March 3, 1902. *Voted,* To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

July 14, 1902. *Voted,* To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

August 16, 1902. *Voted,* To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

March 2, 1903. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

March 2, 1903. *Voted,* To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

March 7, 1904. *Voted,* To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

March 6, 1905. *Voted,* To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

July 21, 1905. *Voted,* To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

March 1, 1909. *Voted,* To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

March 8, 1910. *Voted,* To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

March 6, 1911. *Voted,* To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

March 6, 1911. *Voted,* To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

November 7, 1911. *Voted,* To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Act to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

November 4, 1913. *Voted,* To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

November 5, 1912. *Voted,* To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

March 2, 1914. *Voted,* To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

March 2, 1914. *Voted,* To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

November 3, 1914. *Voted,* To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

March 13, 1915. *Voted,* To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

March 10, 1917. *Voted,* To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue (Special Act.)

March 2, 1918. *Voted,* To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

March 2, 1918. *Voted,* To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

March 9, 1918. *Voted,* To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wardsworth. (Special Act.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

March 13, 1920. *Voted,* To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

May 3, 1920. *Voted,* To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

November 2, 1920. *Voted,* To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

March 12, 1921. *Voted,* To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

March 3, 1923. *Voted,* To accept the provisions of Chapter 516 of the Acts of 1922, relative to the adoption of the State accounting system.

June 12, 1923. *Voted,* To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

March 8, 1924. *Voted,* To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

March 8, 1924. *Voted,* To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

March 8, 1924. *Voted,* To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

March 14, 1925. *Voted,* To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

RULES AND REGULATIONS OF THE SELECTMEN OF MILTON

TRAFFIC

(Sections 1–12 adopted November 7, 1924; sections 13–23 adopted June 5, 1925.)

Ordered, That the following rules are hereby adopted for the regulation of carriages and vehicles in the town of Milton, however propelled.

Section 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, change the position of, or move such carriage or other vehicle as directed by any police officer.

Section 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street unless otherwise directed by a police officer.

Section 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

Section 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

Section 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

Section 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

Section 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

Section 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

Section 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

Section 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

Section 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for conveyance of children.

Section 12. In accordance with General Laws, chapter 40, section 22, the following are declared one-way streets, and are hereby *closed to traffic* in the direction specified in each case:

Austin Street — Closed from Blue Hill Avenue to Blue Hills Parkway.
Brackett Street — Closed from Washington Street to Granite Place.
Brook Road — Left-hand roadway closed in each direction between Blue Hills Parkway and Canton Avenue.
Central Avenue — Left-hand roadway closed in each direction between Brook Road and Eliot Street.
Edge Hill Road — Left-hand roadway closed in each direction between Pleasant Street and Boulevard Street.

Eliot Street — Left-hand roadway closed in each direction between Adams Street and Central Avenue.
Grafton Avenue — Left-hand roadway closed in each direction.
High Street — Closed from Eliot Street to Canton Avenue.
Oak Street — Closed from Brook Road to Blue Hill Avenue.
Pleasant Street — Left-hand roadway closed in each direction between Reedsdale Road and Edge Hill Road.
Randolph Avenue — Left-hand roadway closed in each direction between Reedsdale Road and Highland Street.
Reedsdale Road — Left-hand roadway closed in each direction between White Street and Pleasant Street.
Tucker Street — Closed from Blue Hill Avenue to Brush Hill Road.
White Street — Left-hand roadway closed in each direction between Brook Road and Reedsdale Road.

Section 13. Between 7 A.M. and 9 P.M. no vehicle shall park for a period exceeding forty minutes on Adams Street between Granite Avenue and Church and Mechanic streets.

Section 14. Every vehicle parking on Adams Street between Granite Avenue and Church and Mechanic streets shall be drawn up close to and parallel with the right-hand curb in each direction.

Section 15. No vehicle shall park on either side of Granite Avenue between Adams Street and the southerly boundary of the town lot occupied by Hose 4.

Section 16. No vehicle shall park on either side of Granite Avenue between Adams Street and 366 Granite Avenue, except that customers of business places along the easterly side within the foregoing limits may park their vehicles along the easterly side for a period not exceeding forty minutes.

Section 17. No vehicle shall park on the northerly side of Adams Street outside of the East Milton station and grounds of the New York, New Haven & Hartford Railroad Company.

Section 18. No vehicle shall park for a period exceeding forty minutes on the southerly side of Adams Street between Bryant Avenue and Edge Hill Road; cars parking between the foregoing limits shall be headed in against the curb diagonally in a southeasterly direction.

Section 19. No vehicle shall park on Bryant Avenue between Adams Street and New Street.

Section 20. No vehicle shall park on the westerly side of Edge Hill Road between Adams Street and a point opposite the southerly side of the alley on the southerly side of Ellsworth Block, so called.

Section 21. No vehicle shall park on the easterly side of Edge Hill Road between Adams Street and the southerly side of the alley on the southerly side of Ellsworth Block, so called.

Section 22. Every vehicle parking on the easterly side of Adams Street between Wharf Street and the Boston line shall be backed against the curb diagonally and heading in a northwesterly direction, except during slippery weather, when the police shall have authority to require all such vehicles to be parked close to and parallel with the curb.

Section 23. Every vehicle parking on the westerly side of Adams Street between a point opposite the northerly side of Wharf Street and Eliot Street shall be backed against the curb diagonally and heading in a southeasterly direction.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars ($20) for each offence.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

NEW STREETS

(Sections 1 to 21 adopted April 10, 1925.)

A. Private Construction

Section 1. No person shall open a private way for public use without first submitting to the Board of Selectmen, sitting as the Board of Survey, suitable plans thereof, with a petition for their approval. (Gen. Laws, ch. 41, sec. 74.)

Section 2. No such petition will be acted on by the Board between November first and March first. (Regulation, Milton Board of Survey.)

Section 3. Every such petition shall be accompanied by —

A. Cash or a certified check sufficient to pay the cost of advertising it for a hearing.

B. A written statement specifying the proposed method of construction of the private way or such portions thereof as it is proposed to construct within two years from the date of filing the petition, including the types and depths of road material to be employed and provisions for the proper drainage of the way. (Regulation, Milton Board of Survey.)

Section 4. Such plans shall be prepared by a competent engineer, shall be on a scale of forty feet to the inch and shall include a profile plan and a plan of drainage. They shall provide for curves of at least a fifteen-foot radius at all street intersections, and shall show the relation of the private way in question to all surrounding property lying between it and the nearest existing public ways or private ways the layout of which has been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 5. Every such way shall be not less than thirty feet in width. (Rev. By-Laws of Milton, ch. 10, sec. 1.)

Section 6. No person shall begin the construction of any private way for public use, nor any permanent building in the territory to be served by such way, until the required plans have been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 7. Upon the receipt of the petition and plans the Board of Survey shall give a public hearing thereon, after giving notice of the same by publication once in each of two successive weeks in a newspaper published in the Town, the last publication to be at least two days before the hearing. (Gen. Laws, ch. 41, sec. 74.)

Section 8. After such hearing the Board of Survey may alter the plans submitted and may determine where the way shall be located and the width and grades thereof, and shall indicate any modifications on such plans. The plans as approved or modified shall then be signed by the Board and filed in the office of the Town Clerk, who shall attest thereon the date of filing; and thereafter no way in the territory to which the plans relate shall be laid out or constructed except in accordance therewith, or with further plans subsequently approved by the Board. (Gen. Laws, ch. 41, sec. 74.)

Section 9. The Board of Survey may from time to time make new plans in place of plans filed or make changes on plans so filed; provided, that any action involving new plans or changes in plans already duly attested and filed shall be made only after the notice and hearing, and in all other respects in the manner specified in Section 74 of Chapter 41 of the General Laws (see Section 8 above); and the last plan so made, or the plan with the changes last made thereon and duly attested and filed, shall be the plan governing the future development of the territory affected. (Gen. Laws, ch. 41, sec. 76.)

Section 10. No public way shown on any plan filed as aforesaid shall hereafter be laid out, located anew, altered or widened, and no such way, whether already or hereafter laid out, shall be constructed by any public authority except in accordance with the plan duly attested and recorded under said sections (of Chapter 41 of the General Laws). If any person shall open for public travel any private way the location, direction, width, grades and plan of drainage of which have not previously been approved in writing by the Board of Survey in the manner provided in said sections, neither the Town nor other public authority shall place any public sewer, drain, water pipe or light in, or do any public construction work of any kind, or make repairs, on such private way; provided, that this section shall not prevent the laying of a trunk sewer, drain, water or gas main if required by engineering necessities for the accommodation of other territory. (Gen. Laws, ch. 41, sec. 77.)

Section 11. Whenever an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a Town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is

well built and as constructed it is equal to the average construction of the existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments. (Rev. By-Laws of Milton, ch. 10, sec. 2.)

SECTION 12. The Board of Selectmen will not lay out any such private way for acceptance by the Town nor file the certificate referred to in Section 11 unless the following conditions have been complied with:

A. Such way must be at least thirty feet wide, and have a finished roadway at least twenty feet wide.

B. The entire area of such way must have been cleared of all trees not intended for preservation, and of all stumps, roots, brush and like material.

C. All rock, boulders, loam, clay and other objectionable material must have been removed to a depth of at least twelve inches below the finished grade of the roadway and six inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

D. All work in excavation or embankment must have been brought accurately to a subgrade of not less than eight inches below the finished grades for the roadway and four inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

E. The roadway and sidewalk must be finished to grade with binding gravel properly compacted, or such other material as may be required by the Board of Selectmen.

F. Such sidewalks, curbing, catch-basins, drains and gutters must be provided, and constructed of such material, as may be required by the Board of Selectmen.

G. The owners of at least 75 per cent of the lands through which such way passes must have signed releases of all rights and property which the Board of Selectmen considers necessary for such laying out and acceptance by the Town. (Regulation, Milton Board of Selectmen.)

SECTION 13. Seven days at least prior to the laying out, relocation or alteration of a Town way a written notice of the intention of the Board of Selectmen to lay out, relocate or alter the same shall be left by them at the usual place of abode of the owners of the land which will be taken for such purpose, or delivered to such owner in person or to his tenant or authorized agent. If the owner has no such place of abode in the Town and no tenant or authorized agent therein known to the Board of Selectmen, or if, being a resident in the Town, he is not known as such to the Board of Selectmen, such notice shall be posted in a public place in the Town seven days at least before the laying out, relocation or alteration of such way. (Gen. Laws, ch. 82, sec. 22.)

SECTION 14. If it is necessary to acquire land for a Town way accepted by the Town, within ten days after such acceptance the Board of Selectmen shall adopt an order for the taking of such land by eminent domain under Chapter 79 of the General Laws. (Gen. Laws, ch. 82, sec. 24.)

SECTION 15. No private way can become a Town way until it has been accepted as such by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

B. CONSTRUCTION BY THE TOWN

SECTION 16. The first steps are the same as under Sections 1 to 10 above, inclusive.

SECTION 17. After the plans of a private way have been duly approved by the Board of Survey in accordance with Sections 1 to 10 above, a petition may be filed with the Board of Selectmen for its layout for acceptance by the Town as a Town way to be constructed by the Town at the expense of the abutters. (Regulation, Milton Board of Selectmen.)

SECTION 18. Every such petition must be signed by the owners of at least 75 per cent of the lands through which such way passes. (Regulation, Milton Board of Selectmen.)

SECTION 19. Such owners must sign releases of all property which the Board of Selectmen considers it necessary for the Town to acquire for the way, including sloping and draining privileges. (Regulation, Milton Board of Selectmen.)

SECTION 20. Such releases must be accompanied by agreements to pay the betterments assessed on such owners by reason of the construction of the way itself, and of such sidewalks, curbing, gutters, catch-basins and drains as the Board of Selectmen may consider necessary. (Regulation, Milton Board of Selectmen.)

SECTION 21. No private way can be constructed as a Town way by the Board of Selectmen until it has been accepted by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

MOTOR BUSSES

(Sections 1 to 23, adopted October 3, 1924.)

Section 1. No person or corporation shall, in the town of Milton, operate any motor vehicle upon any public street or way in said town, for the carriage of passengers for hire, in such a manner as to afford a means of transportation similar to that afforded by a street railway company, by indiscriminately receiving and discharging passengers along the route on which the vehicle is operated or may be running, or for transporting passengers for hire as a business between fixed and regular termini, without first obtaining a license therefor from the Board of Selectmen of said town.

Section 2. A license for the operation of any such motor vehicle shall not be issued or granted for a period exceeding one year, and shall not become operative until the licensee named therein shall deposit with the treasurer of said town, security, by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to pay any final judgment obtained against the principal named in the bond for any injury to person or property or damage for causing the death of any person by reason of any negligent or unlawful act on the part of the principal named in said bond, his or its agents, employees or drivers, in the use or operation of any such vehicle. The security deposited under the provisions of this paragraph shall be in the sum of twenty-five hundred dollars for a motor vehicle having a seating capacity of five persons or less, and for a motor vehicle having a seating capacity of six or more in the sum of twenty-five hundred dollars and five hundred dollars additional for each passenger seat in excess of five. If the licensee shall file with the Town Treasurer an insurance policy issued by a company authorized to issue such policy in this Commonwealth, by which the company insures the licensee against loss from liability imposed by law upon the assured for damages on account of bodily injuries, including death resulting therefrom accidentally suffered by any person or persons, caused by such motor vehicle, the operation thereof, or by the loading or unloading of merchandise carried on such motor vehicle, to the extent of at least twenty thousand dollars ($20,000) total liability for injury or death in any one accident, and subject to such liability in one accident to the extent of at least five thousand dollars ($5,000) for injury or death of one person; and against loss from the liability imposed by law upon the assured for damage (including damage necessarily resulting from loss of use) to property of every description (property of the assured excepted) resulting from any accident occurring within the term of the policy, directly caused by or due to the ownership, maintenance or use of such motor vehicle to the extent of at least one thousand dollars ($1,000), then security in the sum of five hundred dollars ($500) only shall be required to be deposited with the treasurer.

Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition that the insurer shall not be liable thereunder unless it receives notice of any accident or other cause of liability under such policy, or of suit or action resulting therefrom, other than provision for notice within a period of not less than sixty days after the accident or other cause of liability aforesaid given either by the assured, or the Town Treasurer aforesaid, or by any person sustaining bodily injury or damage in his property by reason of said accident, or other cause of liability in the name of such Town Treasurer. Such insurance policy shall also provide that the notice aforesaid may be given by another in the name of the Town Treasurer in behalf of any person sustaining bodily injury or damage in his property as aforesaid and that if from physical or mental incapacity it is impossible for the person sustaining such injury or damage to give the notice aforesaid within the time above provided, he may give it within ten days after such incapacity has been removed, and if he dies without having given such notice and without having been for ten days after the accident or other cause of liability of sufficient capacity to give it, his executor or administrator may give the notice within a period of not less than sixty days after his appointment. Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition for cancellation without notice thereof to the Treasurer of the town with whom such policy is filed as aforesaid.

Section 3. In case the Town Treasurer at any time shall determine that any surety on any bond is not possessed of sufficient property to be able to respond to the obligation of surety on such bond, whether any damage may have occurred or accrued or not, said Town Treasurer after giving the principal thereof an opportunity to be heard, may require the principal to furnish another or further surety on such bond, or a new

bond for the remainder of the term of the license of the motor vehicle to which such bond relates, and in that event or upon the cancellation of any insurance policy filed under these rules such license, without any further action by the Board of Selectmen, shall thereupon stand suspended until such new bond or such other or further surety, approved by the said Town Treasurer, shall be furnished.

SECTION 4. Upon each vehicle licensed under the provisions of these regulations, the owner shall cause to be placed at his own expense, a metal plate of the form and size approved by the Chief of Police of said town and bearing the words "Licensed motor vehicle No.....Milton, 19...., ...passengers" setting forth the serial number of the license, the date and the number of passengers excluding the operator that the vehicle is licensed to carry. Said plate shall be attached to and kept on the dash of the motor vehicle in such a position as to be visible to the occupants thereof. For each vehicle so licensed there shall be paid to the Town Treasurer the sum of $5.

SECTION 5. No motor vehicle so licensed shall be operated without having a sign thereon in form approved by the said Chief of Police stating the main street or streets of the route, the termini of the route and the fare to be charged, which sign shall be so placed at the entrance of the vehicle as to be plainly visible to persons entering the vehicle. The letters and figures on such sign shall not be less than two and one-half inches in height and shall have a stroke of not less than one-quarter inch in width. No advertising sign of any kind except the owner's name or symbol shall be placed or carried on the outside of the vehicle.

SECTION 6. Every licensee before operating any such motor vehicle shall file with the Board of Selectmen a schedule or tariff showing the effective date thereof, the time of arrival and departure at and from all termini, and the time of departure from important intermediate points and a schedule or tariff showing the passenger fares to be charged between the several points or localities to be served; and no fare other than designated in such tariff shall be charged or collected for transportation in such motor vehicle by the licensee or his agents or servants. The schedule or tariff shall provide for half fares for school children.

SECTION 7. Persons or corporations making application for such license to operate such vehicles shall designate the route or routes over which they desire to operate, and the licensee shall operate such motor vehicle only over such route or routes as shall be approved by the Board of Selectmen. Such route or routes may be changed only with the consent or approval of the Board of Selectmen, except in case of an emergency the route may be changed by the Chief of Police, who shall be the sole judge as to whether an emergency exists. Termini of such routes shall be fixed and motor vehicles so licensed shall be driven to such termini before turning around.

SECTION 8. No person shall operate any such motor vehicle so licensed within the town of Milton unless he shall be twenty-one years of age or older and unless he shall have first obtained a license so to do from said Board of Selectmen, which license shall state the name, age, height and weight, color of hair, color of eyes, and race of the licensee, his home address, and the name of his employer if he operates such car as an employee. The application for such license shall be on a blank furnished by said Board of Selectmen, and the form of the application and the information to be furnished therein by the applicant shall be such as from time to time may be prescribed by said Board of Selectmen and said Board of Selectmen shall require that the truth of the allegations in such application shall be sworn to before an officer authorized to administer oaths. The said Board of Selectmen shall not grant such a license to any applicant who has not demonstrated to the satisfaction of the Chief of Police his ability to drive the vehicle proposed to be operated by him; such license shall be signed by the Clerk of said Board, shall be numbered in regular order as granted, shall be recorded in the office of the Town Clerk, and also in the office of the Chief of Police, and shall expire on the first day of May next succeeding the date thereof.

SECTION 9. No person operating any motor vehicle so licensed shall refuse to carry any person offering himself to be carried as a passenger therein, unless the seats of the same are fully occupied and the number of passengers thereon is the number allowed the operator to be carried at one time, or unless such person be intoxicated or disorderly.

SECTION 10. Every licensee shall operate for at least eight hours daily during the term of his license, unless accident or unavoidable cause prevents such operation, and the minimum period of operation shall be fixed by the Board of Selectmen in the case of each permit granted. On routes using the same termini as are used by electric street railways, not less than twelve hours daily operation shall be required by the Board of Selectmen unless accident or other unavoidable cause prevents such operation.

Section 11. No person operating any motor vehicle so licensed shall solicit passengers by outcry or make any noise for the purpose of soliciting passengers.

Section 12. No such motor vehicle shall stand to wait for passengers in any street, square or public place except on such portions thereof and during such hours as may be designated therefor by the Board of Selectmen, nor shall such vehicle stand or stop for the purpose of receiving or discharging passengers between the track of a street railway and the side of the street upon which the street railway passengers ordinarily board or leave street railway cars operated on such track within fifty (50) feet in each direction longitudinally upon such street of a white pole or other designated or customary point for passengers to take or leave the cars of a street railway company, unless authorized by the Department of Public Utilities. The Board of Selectmen from time to time shall designate locations in streets, squares and public places in which general street travel will not be materially interfered with where such vehicle may stand, and said Board of Selectmen at any time when it finds that any such locations materially interfere with public travel, may cancel such locations, and said Board of Selectmen may at any time cancel any such hours and prescribe other hours therefor.

Section 13. No motor vehicle so licensed shall be operated in any street or public place where there is snow or ice unless it be equipped with proper non-skidding chains and every such vehicle shall be kept in safe and proper condition for use in such business, and to that end the said Board of Selectmen shall have the right to have every such vehicle examined at any reasonable time or times, by the Chief of Police or any representative or agent of the Board of Selectmen without charge to the licensee therefor. Every licensee shall be required to clear the streets of snow and ice as may be designated by the Board of Selectmen.

Section 14. No greater number of passengers shall be carried at any one time in any such motor vehicle than the license of such vehicle shall specify, provided that in addition thereto children under seven years of age may be carried therein in arms or seated on the laps of parents or adult persons accompanying them, but no person with a child in arms or seated on the lap shall be permitted to sit with or immediately next to the driver of the vehicle. Nor shall any passenger be permitted to ride upon any fender, dash, top floor, steps or running board of any such vehicle.

Section 15. No person operating any such motor vehicle shall collect fares, make change or discharge passengers while such vehicle is in motion; nor shall he have a lighted cigarette, lighted cigar or lighted pipe in his possession while any passenger is being carried therein, nor drink any intoxicating beverage of any kind, or be under the influence thereof, while engaged in operating such vehicle.

Section 16. Every person operating any such motor vehicle shall deliver any article left therein by any passenger to the Chief of Police not later than twenty-four hours after finding the same, and shall receive a receipt therefor from said Chief of Police and said Chief of Police shall provide for returning the same to the owner upon proper identification and proof of ownership. All such articles delivered to said Chief of Police and not claimed within ninety days from such delivery shall be delivered to the licensee by whom they were left.

Section 17. No change shall be made by any licensee in rates to be charged for transportation in such motor vehicle or in the schedule of the operation thereof except after fourteen days' notice of such change filed with the Board of Selectmen which shall decide on such change after a public hearing which the Board shall advertise at the expense of the petitioner in a newspaper of the town.

Section 18. Every such motor vehicle shall come to a full stop immediately before crossing the tracks of any railroad at grade.

Section 19. Every such licensee shall immediately report fully, in writing, to the Town Treasurer and to the Chief of Police, any injury to a passenger or other person, any accident resulting in damage to property, in which any motor vehicle which he is licensed to operate is involved.

Section 20. The Board of Selectmen may suspend or revoke any license granted for the operation of any such motor vehicle and any license issued to any person to drive or operate any such motor vehicle, for the violation of any law of the Commonwealth made in relation to the operation of motor vehicles, or the violation of any traffic regulations of said town, or the violation of any of the rules and regulations herein prescribed, or for any other cause deemed by the Board of Selectmen, in the exercise of their discretion, to be sufficient.

Section 21. No person or corporation shall operate any such motor vehicle over any bridge or culvert whose span is 10 feet or more without said bridge or culvert being first approved by the Department of Public Utilities as of sufficient strength to sustain

such operation with safety, and no such motor vehicle shall be operated over any such bridge or culvert after a determination by the Department that such bridge or culvert is unsafe for the operation of such motor vehicle over it.

SECTION 22. The holding or adjudication of any paragraph or subdivision of the rules and regulations herein prescribed to be unconstitutional or invalid shall not affect the validity of any other paragraph or subdivision, but all other paragraphs and subdivisions shall be and remain in full force and effect.

SECTION 23. The "Rules and Regulations Governing the Authorization of Certain Motor Vehicles Commonly Known as Jitneys, in the Town of Milton" adopted by the Milton Board of Selectmen on December 22, 1922, are hereby revoked.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

A true copy.

Attest:

JOSEPH H. DUFFY,
Clerk of the Board.

SECOND-HAND ARTICLES

(Adopted October 1, 1924.)

SECTION 1. The Board of Selectmen will, upon petition, license suitable persons to be dealers in second-hand articles and keepers of shops for the purchase, sale or barter of such articles, pursuant to law. Such licenses shall not be valid to protect the holders thereof in a building or place other than that designated in the license unless consent to removal is granted by the Board of Selectmen, nor shall any such license authorize the licensee to bring or allow to remain upon the licensed premises any rags, old paper, junk or other refuse material gathered or recovered from any source. Applications for such licenses shall be examined and reported upon by the Chief of Police, who shall report whether the applicant wishes to engage in a general second-hand business or in a special stated line; whether or not he is of good reputation, is a citizen of the United States, can read and write the English language intelligibly, has ever held a similar license, and if such license was revoked, suspended or surrendered, the reason therefor. Applications for new licenses under this rule may be filed at any time. Applications for the reissue of licenses already existing should be filed at least thirty days before the expiration of such licenses. All licenses issued under this rule shall expire annually on the first day of May, except that licenses may be issued in April to be valid for twelve months beginning the next succeeding first day of May. Persons whose licenses have expired and have not been reissued will be liable to prosecution if engaging in any business for which the license is required. (Gen. Laws, chap. 140, sects. 54, 202, 205; Revised By-Laws, chap. 6, sect. 27; Regulations of Board of Selectmen.)

SECTION 2. Every such shopkeeper shall keep a book in which shall be written, at the time of every purchase of any such article, a description thereof and the name, age and residence of the person from whom, and the day and hour when such purchase was made; and such book shall at all times be open to the inspection of the Board of Selectmen, or of any person by it authorized to make such inspection.

Such book shall be of a size and style to be approved by the Board of Selectmen, shall be legibly written in the English language, and shall show the amount paid for each article and the number attached to each article in accordance with Section 4. No entry in such book shall be erased, obliterated or defaced.

SECTION 3. Every such shopkeeper shall allow his shop and all articles of merchandise therein to be at all times examined by the Board of Selectmen or the Chief of Police, or by any person by it or him respectively authorized to make such examination.

SECTION 4. Every such shopkeeper shall, at the time of making any purchase, attach a number to each article bought, and shall make entry of such number in the book provided for by Section 2.

SECTION 5. Every such shopkeeper shall make out and deliver to the Chief of Police, every day before the hour of 10 o'clock A.M., a legible and correct list containing an accurate description of all articles purchased during the preceding business day, the respective numbers of such articles as provided by Section 4, the prices paid therefor, the time when such articles were purchased. If during the preceding business day no articles have been purchased by such shopkeeper, he shall make out and deliver to the Chief of Police, before the hour of 10 o'clock A.M., a report of such fact.

SECTION 6. No such shopkeeper shall permit to be sold any article purchased or received by him until at least a period of thirty days from the date of its purchase or receipt has elapsed.

SECTION 7. No such shopkeeper shall have his shop open for the transaction of business, nor shall he purchase any second-hand articles, except between sunrise and 9 o'clock in the evening of any week day except Saturday, on which day such shop may be kept open and such articles purchased from sunrise until 10 o'clock in the evening.

SECTION 8. No such shopkeeper shall directly or indirectly purchase or receive by way of barter or exchange any junk, old metals or second-hand articles from a minor or apprentice, knowing or having reason to believe him to be such.

SECTION 9. The possession by any dealer in second-hand articles of certain registered vessels, without the written consent of or purchase from the owner thereof, shall be prima facie evidence of unlawful use, possession of or traffic in the same. (Gen. Laws, chap. 110, sect. 19.)

SECTION 10. Licenses provided for by this rule may be revoked by the Board of Selectmen at pleasure. (Gen. Laws, chap. 140, sect. 54.)

Such licenses will be revoked for violation of any statute, By-Law or Regulation of the Board of Selectmen relating to the business of the licensee, for failure of the licensee to carry on the business at the place designated in his license, or for any other cause deemed sufficient by the Board of Selectmen.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1925

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS — NORFOLK, ss.

To either of the Constables of the Town of Milton, in said County, Greetings.

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in elections and in town affairs to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,
In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway,
In Precinct III, polling place, Milton Police Station, Central Avenue,
In Precinct IV, polling place, Belcher School, Church Street,

on Saturday, March seventh next, at fifteen minutes before 6 o'clock in the forenoon, then and there to bring in to the precinct officers of their respective precincts their votes on one ballot respectively, for the following-named town officers, to wit:

One Moderator for the term of one year; a Town Clerk for the term of one year; a Town Treasurer for the term of one year; a Collector of Taxes for the term of one year; three Selectmen and Surveyors of Highways for the term of one year; one Assessor for the term of three years; two Overseers of the Poor for the term of three years; three Auditors for the term of one year; one Sewer Commissioner for the term of three years; a Tree Warden for the term of one year; two members of the School Committee for the term of three years; one member of the Board of Health for the term of three years; one Trustee of the Cemetery for the term of five years; three Library Trustees for the term of three years; one Park Commissioner for the term of three years; one Water Commissioner for the term of three years; one Trustee of the Wadsworth Fund for the term of three years; two members of the Planning Board for the term of three years; four Constables for the term of one year.

For these purposes the polls will be open at each and all of said precincts at fifteen minutes before 6 o'clock in the forenoon and will be closed at 4 o'clock in the afternoon.

Herbert E. Clark	Deputy Inspector
George Hart	Deputy Inspector
Prescott Skinner	Deputy Inspector
Charles Thompson	Deputy Inspector

And, thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March 14 next, at thirty minutes past 1 in the afternoon at the Town Hall in said Milton, then and there to act upon the following articles, to which we have requested the Warrant Committee to append their recommendation on all printed copies hereof, to wit:

Adjourned Meeting, March 14, 1925

ARTICLE 1. To choose all such town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Measurers of Lumber.

ARTICLE 2. To hear and act upon the Auditor's report and reports of other town officers and committees.

Voted, That the Auditors' (printed) 88th report be accepted and placed on file.

REPORT OF SUFFOLK RESOLVES HOUSE COMMITTEE

MILTON, MASS., January 15, 1925.

To the Citizens of Milton.

Under Article 44 of the last March warrant the undersigned were appointed a Committee empowered "in their discretion" to petition the General Court for authority for the town to take by eminent domain the Suffolk Resolves House on Adams Street.

Since doubts had been expressed as to the authenticity of the house, the Committee construed its discretionary powers as requiring it to remove these doubts before taking action. A public hearing was accordingly held, which was largely attended, and where much evidence was presented, and the Committee also assembled evidence elsewhere. It then laid the evidence before Worthington C. Ford, editor of the Massachusetts Historical Society, one of the foremost authorities of the country in all matters of antiquarian interest. Mr. Ford very courteously consented to give the Committee his opinion on the matter, and his opinion casts still further doubt on the authenticity of the house. The Committee therefore feels it would be unwise to petition the General Court for authority to take the house by eminent domain, and requests either that it receive further instructions from the town or that it be discharged.

ROGER WOLCOTT,
EVA B. T. CHURCHILL,
ROGER L. SCAIFE,
Committee on Suffolk Resolves House.

By ROGER WOLCOTT,
Chairman.

Voted, That the report of the Suffolk Resolves House Committee be accepted and placed on file, and the Committee be discharged.

REPORT OF THE STREET RAILWAY COMMITTEE

MILTON, MASS., March 4, 1925.

Your Committee has received from the Trustees of the Eastern Massachusetts Street Railway Company, from month to month, reports of the receipts and expenditures.

Owing to the deficit which was established by the Company as of September 30, 1924, the Board of Selectmen and your Committee authorized the payment of $1,250, being one-half of the subsidy under the terms of the agreement between the Trustees of the Street Railway and the town.

The fiscal year covered by the agreement does not end until March 31, 1925. It seems likely, however, that the loss shown by the road this year will be a little over $4,000, and that therefore the whole subsidy promised by the town will have to be paid.

Your Committee has conferred with officials representing the Trustees relative to next year's subsidy. We are advised that the road will not request any subsidy for the coming year. Under date of February 28, 1925, we have received the following letter:

EASTERN MASSACHUSETTS STREET RAILWAY COMPANY,
1 BEACON STREET, BOSTON, February 28, 1925.

Mr. LINCOLN BRYANT, *53 State Street, Boston, Mass.*

DEAR MR. BRYANT: — As suggested by you at our conference in the Street Railway office on Thursday, February 26, I am writing you to state that we do not expect Milton to make a contribution to the operation of the road after the expiration of the present contract year on March 31.

Whether we will be able to earn any part of the 6 per cent interest on our money as required under the Service at Cost Plan of the Public Control Act depends entirely upon the degree of co-operation we receive from the people of Milton.

Wasteful competition would destroy any transportation agency in Milton, where the volume of common carrier traffic is relatively small.

On the other hand, the transportation needs of the town must necessarily be met, and of course we are willing at all times to confer with representatives of the town when it is believed that improvements can be made in service.

Very truly yours,
(Signed) R. B. STEARNS,
Vice-President and General Manager.

We therefore have no occasion to recommend an appropriation by the town for the coming year.

Respectfully submitted,
LINCOLN BRYANT.
MARCY L. SPERRY.
KENNETH D. JOHNSON.

Voted, That the report of the Street Railway Committee be accepted and placed on file, and the Committee discharged.

GENERAL GOVERNMENT.

ARTICLE 3. To see what sums of money the town will vote to appropriate for general government for salaries and expenses of the following departments, and other purposes, the present year:

1. Warrant Committee.
2. Selectmen.
3. Assessors.
4. Treasurer.
5. Auditors.
6. Collector.
7. Town Clerk.
8. Election and registration.
9. Law.
10. Engineering.
11. Town Hall and lot.
12. Insurance.
13. Town reports.
14. Licensing Commission for one and two car private garages.

Voted, That the following sums be appropriated for salaries and expenses and other purposes:

1. Warrant Committee:	
General expense	$500 00
2. Selectmen:	
Salaries:	
Chairman	$500 00
Second member	500 00
Third member	500 00
General expense	5,750 00
	$7,250 00

3. Assessors:		
Salaries:		
Chairman	$1,000 00	
Second member	800 00	
Third member	800 00	
General expense	3,600 00	
		$6,200 00
4. Treasurer:		
Salary	$2,200 00	
General expense	900 00	
		$3,100 00
5. Auditors:		
Salaries	$129 17	
6. Collector:		
Salary	$2,200 00	
General expense	800 00	
		$3,000 00
7. Town Clerk:		
Salary	$500 00	
General expense	400 00	
		$900 00
8. Election and registration:		
Salaries	$250 00	
General expense	950 00	
		$1,200 00
9. Law:		
General expense	$3,500 00	
Unpaid 1924 bills	617 28	
		$4,117 28
10. Engineering:		
General expense	$500 00	
11. Town Hall and lot:		
Salary	$1,800 00	
General expense	1,700 00	
New heating plant	1,850 00	
		$5,350 00

12. Insurance.

Voted, That the sum of $12,911.20 be appropriated.

Further voted, That the Moderator be authorized to appoint a committee of three citizens to investigate the present policy of insuring, and to submit their recommendations for future procedure to the next Warrant Committee.

Committee appointed: Arthur W. Rice, Samuel Haworth and Norton Wigglesworth.

13. Town reports.

Voted, That the sum of $2,600 be appropriated.

14. Licensing Commission for one and two car private garages.

Voted, That the sum of $100 be appropriated.

ARTICLE 4. To see if the town will vote to establish the office of Town Engineer, define the duties thereof, and appropriate money therefor.

Voted, To authorize the Moderator to appoint a committee of three citizens to investigate the matter and report at the next annual town meeting.

Committee appointed: James W. Rollins, Howard T. Chandler and Barry Keenan.

ARTICLE 5. To see what sum of money the town will vote to appropriate for the use of the Milton Planning Board the present year.

Voted, That the sum of $3,700 be appropriated.

ARTICLE 6. To see what sum of money the town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

Voted, That the sum of $10,000 be appropriated.

ARTICLE 7. To see what sum of money the town will vote to authorize the Assessors to use out of the surplus revenue account in fixing the tax rate for 1925.

Voted, That the Assessors be authorized to use $20,000 out of the surplus revenue account in fixing the tax rate for 1925.

ARTICLE 8. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year, ending December 31, 1925.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed $400,000, in anticipation of the revenue of the financial year, ending December 31, 1925, and to issue a note or notes therefor, payable within one year from the date thereof; any debts or debt incurred under this vote to be paid from the revenue of the financial year ending December 31, 1925.

(Unanimous vote.)

ARTICLE 9. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1926, in anticipation of the revenue of the financial year ending December 31, 1926.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1926, to an amount not to exceed $100,000 in anticipation of the revenue of the financial year, ending December 31, 1926, and to issue a note or notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1926.

(Unanimous vote.)

ARTICLE 10. To see if the town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted, That the town authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 11. To see if the town will vote to authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

Voted, That the town authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

(Unanimous vote.)

ARTICLE 12. To see if the town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Voted, That the town authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Committee appointed: Lincoln Bryant, Malcolm Donald, W. Rodman Peabody, Felix Rackemann, Reginald L. Robbins.

ARTICLE 13. To see what sum of money the town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1925.

Voted, That the sum of $500 be appropriated.

ARTICLE 14. To see if the town will vote to abolish the office of Town Auditor.
Voted, That the town abolish the office of Town Auditor.

ARTICLE 15. To see if the town will authorize the Selectmen to appoint a Town Accountant, and what sum of money the town will appropriate for the purpose.
Voted, That the town authorize the Selectmen to appoint a Town Accountant. The salary for this office has been provided for under the Selectmen's budget.

PROTECTION OF PERSONS AND PROPERTY

ARTICLE 16. To see what sum of money the town will vote to appropriate for the protection of persons and property the present year, which includes the following departments:

1. Police.
2. Fire.
3. Hydrant service.
4. Wire.
5. Tree Warden.
6. Moth.
7. Street lighting.
8. Additional lights.
9. Building Inspector.
10. Sealer of Weights and Measures.

Voted, That the following sums be appropriated under this article:

1. Police.
Voted, That the sum of $70,248 be appropriated for the Police Department for the current year, to be divided as was done last year, and that the numerical strength of the police force be not reduced below thirty-one men, without further vote of the town.

2. Fire:

General maintenance	$50,748 75
Unpaid 1924 bills	1,150 00
	$51,898 75

3. Hydrant service.
Voted, That the sum of $9,000 be appropriated.

4. Wire.
Voted, That the sum of $8,274.45 be appropriated.

5. Tree Warden:

Public work	$6,000 00
Private work	4,500 00
	$10,500 00

6. Moth:

Public work	$5,000 00
Private work	5,000 00
	$10,000 00

7. Street lighting.
Voted, That the sum of $21,042.84 be appropriated.

8. Additional lights.
Voted, That the sum of $1,000 be appropriated.

9. Building Inspector.
Voted, That the sum of $2,350 be appropriated.

10. Sealer of Weights and Measures:

Salary	$200 00
General expense	75 00
	$275 00

ARTICLE 17. To see if the town will authorize the Board of Fire Engineers to purchase a hook-and-ladder truck and appropriate money for the same.
Voted, That the action under this article be indefinitely postponed.

ARTICLE 18. To see if the town will vote to amend section 5 of chapter 7 of the Revised By-Laws, relative to the Construction and Inspection of Buildings, by adding

the word "shingling" after the word "construction" in the first line of the first paragraph, so as to read as follows:

SECTION 5. Before the erection, construction, shingling or alteration of any building or part of any building, structure, or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes is commenced, the owner or lessee or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work and such structural detailed drawings as the Inspector may require. And further to amend by adding the following: — *Section 30A*. All roof coverings shall be of fire retardant material, and all roofs which shall hereafter require repair to the extent of one-third of their area shall be replaced with fire-retardant material.

Voted, That action under this article be indefinitely postponed.

HEALTH AND SANITATION

ARTICLE 19. To see what sum of money the town will vote to appropriate for health and sanitation for the present year, which includes the following departments:

1. Health.
2. Inspector of Animals.
3. Vital statistics.
4. Collector of Ashes and Garbage.
5. Sewer maintenance.
6. Maintenance and repairs of Norfolk County Hospital.

1. Health — General.
Voted, That the sum of $5,800 be appropriated.

2. Inspector of Animals.
Voted, That the sum of $300 be appropriated.

3. Vital statistics.
Voted, That the sum of $600 be appropriated.

4. Collector of Ashes and Garbage.
Voted, That the sum of $15,000 be appropriated.

5. Sewer maintenance.
Voted, That the sum of $3,000 be appropriated.

6. Maintenance and repairs of Norfolk County Hospital.
Voted, That the sum of $5,996.28 be appropriated.

ARTICLE 20. To see what expenditure the town will authorize for the extension of sewers and to appropriate therefor, and to determine how the money shall be raised.

Voted, 1. That the Sewer Commissioners be authorized and requested to very materially increase the rate of assessment for sewer betterments.

Voted, 2. To authorize and direct the Treasurer to use any funds coming to the sewer assessment account from betterment charges or otherwise to pay interest and principal on sewer bonds whenever such payments become due.

Voted, 3. (*a*) To authorize an expenditure of $25,000 for sewer extensions, and to appropriate the same.

(*b*) That for the purpose of raising said amount of $25,000 appropriated for constructing sewers, the Town Treasurer be and he hereby is authorized in compliance with chapter 304 of the Acts of 1895, to prepare, issue and sell bonds or notes of the town to said amount of $25,000, payable $1,000 annually, bearing interest at a rate not exceeding 4¼ per cent per annum payable semi-annually and denominated on face "Milton Sewerage Loan, Act of 1895." Other particulars as to the form, issuance and sale of said bonds or notes shall be determined by the Treasurer with the approval of the Selectmen.

(Unanimous vote.)

Resolved, That it is the sense of the inhabitants, in this annual town meeting assembled, that the $100,000 limit of Milton sewerage loan indebtedness, as provided in Acts of 1895, chapter 304, section 13, is insufficient for the practical and increasing needs of the town, and that the Legislature should therefore be petitioned to raise such limit by not more than $50,000.

ARTICLE 21. To see if the town will adopt a by-law to read substantially as follows:

SECTION 1. No person shall be allowed to keep hens except upon permit to be issued by the Board of Health. Such permit shall be issued subject to the following conditions and such other reasonable conditions as the Board of Health shall determine.

SECTION 2. If a permit be granted I will conform to the following conditions:

1. A fee of one dollar will be paid before the issuance of the permit and before each annual renewal thereof.

2. The permit will expire on March 31 following its issue unless revoked before that time.

3. No live rooster will be kept unless authorized in writing by the Board of Health.

4. No hens will be kept within twenty-five feet of any dwelling other than the dwelling occupied by the applicant, without the written consent of the owner and occupant of such dwelling filed annually in the Board of Health office; nor on any lot on which is located a dwelling occupied by three or more families unless the owner lives on the premises.

5. All live hens will be kept in properly fenced enclosures, approved by the Board of Health.

6. No garbage or refuse food will be fed to hens unless it be put into a proper receptacle, which will be kept clean, or fed upon a cement or other waterproof surface that will be frequently flushed and will be kept clean.

7. The surface of the yard and the henhouse will be kept clean and free from odor.

8. All coops, henhouses and other structures, and all appurtenances thereto, will be of substantial construction and so arranged, placed and maintained as not to afford a harbor, shelter or food for rats. Such coops, henhouses, structures and appurtenances will be —

(*a*) Kept dry, well ventilated, and the windows so placed as, if possible, to admit sunlight.

(*b*) Kept well whitewashed within.

(*c*) Cleaned at least once a week between November and April 30, inclusive, twice a week between May 1 and October 31, inclusive, and oftener if necessary.

(*d*) Perches will be kept clean.

(*e*) Nest will be movable, and cleaned, aired and sunned at frequent intervals.

9. Drinking fountains will be kept clean and will be supplied at all times with water.

10. Premises where hens are kept will always be maintained in a condition satisfactory to the Board of Health.

11. The permit may be revoked at any time at the discretion of the Board of Health.

12. All statutes and ordinances and the conditions stated in permit will be conformed to.

13. The town shall be indemnified and saved harmless from any damage it may sustain or be required to pay by reason of the work permitted.

14. Any other or further conditions which may be adopted by the Board of Health from time to time will be observed.

Voted, That action under this article be indefinitely postponed.

HIGHWAYS

ARTICLE 22. To see what sum of money the town will vote to appropriate for the Street Department the present year.

1. General expense.
2. Sidewalk purposes.
3. Maintenance of public fountains.
4. Street watering and oiling.
5. Removal of ice and snow.
6. Permanent construction.

1. General expense.
Voted, That the sum of $75,184.92 be appropriated.

2. Sidewalk purposes.
Voted, That the sum of $5,000 be appropriated.

3. Maintenance of public fountains
4. Street watering and oiling
5. Removal of ice and snow

} Included in general expense.

6. Permanent construction.

Voted, That the sum of $20,000 be appropriated.

ARTICLE 23. To see what sum of money the town will vote for the care and maintenance of Granite Avenue bridge, over the Neponset River. (See chapter 58, General Acts of 1915.)

Voted, That the sum of $2,800 be appropriated.

ARTICLE 24. To see what sum of money the town will appropriate for the construction of the extension of Atherton Street to Canton Avenue, as recently laid out by the County Commissioners.

Voted, That action under this article be indefinitely postponed.

ARTICLE 25. To see if the town will vote to discontinue the two short branches of Canton Avenue heretofore leading from the north and south into Atherton Street and lying outside the northerly and southerly side lines respectively of Atherton Street as recently extended easterly into Canton Avenue by the County Commissioners; the branch sections to be so discontinued being shown on plan of said Atherton Street extension on file in the office of said Commissioners, and the same, by reason of the action of said Commissioners, having become unnecessary for public use.

Voted, That action under this article be indefinitely postponed.

ARTICLE 26. To see if the town will vote to authorize the Selectmen to sell or dispose of, at their discretion, and in the name of the town to release or convey, any small parcel or parcels of land title to which may remain or be claimed to remain in the town, outside of the lines of Atherton Street at and near its junction with Canton Avenue as recently relocated and extended by the County Commissioners, and including any such portions of the short branches of Canton Avenue as have been discontinued by vote of the town under the last preceding article in this warrant.

Voted, That action under this article be indefinitely postponed.

ARTICLE 27. To see if the town will vote to accept the widening and alteration at the northeasterly side line of Brush Hill Road at its intersection with the northwesterly side line of Blue Hill Avenue as laid out by the Board of Selectmen as an extension of Brush Hill Road.

Voted, That the town vote to accept the widening and alteration at the northwesterly side line of Blue Hill Avenue, as laid out by the Board of Selectmen as an extension of Brush Hill Road.

ARTICLE 28. To see if the town will vote to accept Bunton Street, running easterly from Bunton Place to Washington Street, as laid out by the Selectmen as a town way.

Voted, That the town vote to accept Bunton Street, running easterly from Bunton Place to Washington Street, as laid out by the Selectmen as a town way.

ARTICLE 29. To see if the town will vote to amend section 2 of chapter 10 of the Revised By-Laws by substituting therefor substantially as follows:

> SECTION 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Voted, That the town amend section 2 of chapter 10 of the Revised By-Laws by substituting therefor the following:

> SECTION 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such

way is well built, and as constructed it is equal to the average construction of existing highways of the town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments. (Approved by the Attorney General March 26, 1925.)

Charities

Article 30. To see what sum of money the town will vote to appropriate for the support of the poor the present year.

Voted, That the sum of $15,000 be appropriated.

Soldiers' Benefits

Article 31. To see what sum of money the town will vote to appropriate for Soldiers' Relief the present year.

Voted, That the sum of $1,800 be appropriated.

Article 32. To see what sum of money the town will vote to appropriate for state aid and military aid under chapter 200, General Acts of 1919, the present year.

Voted, That the sum of $500 be appropriated.

Article 33. To see what sum of money the town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R. on Memorial Day.

Voted, That the sum of $400 be appropriated.

Schools and Libraries

Article 34. To see what sum of money the town will vote to appropriate for the support of the schools the present year.

Voted, That the following sums be appropriated:

Current year	$200,111 65
Adjustment due to new calendar year . . .	5,888 35
	$206,000 00

Article 35. To see if the town will vote to erect and equip an addition to the present high school building which shall increase its floor space, and to determine how the money therefor shall be raised; and to act on anything relating thereto.

Voted, That a committee of five citizens, to consist of the Superintendent of Schools, one member of the School Committee, one member of the Planning Board, and two other citizens of the town, be appointed by the Moderator, and that said committee be and hereby is, authorized to erect and equip an addition to the high school, which shall increase the floor space of said high school, and that the sum of $200,000 be appropriated for said purpose to be expended by said committee; that $10,000 be raised in the tax levy of the current year; and that the Treasurer be and hereby is authorized in the name and behalf of the town to borrow a sum not exceeding $190,000 for said purpose and to issue bonds of the town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton School Loan," and shall be payable as required by section 19 of chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twenty years from their date. They shall be sold at not less than the par value thereof, from time to time by the Treasurer. Each bond shall be in coupon form, subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon. The Moderator may fill vacancies in said committee.

(Unanimous vote.)

Committee appointed: Joseph A. Ewart, Elmer P. Fletcher, Arthur H. Tucker, Olaf Olson, and Ernest E. Erickson.

Article 36. To see what action the town will take relative to the Thacher School building on Clapp Street, no longer needed for school purposes, and act on anything relating thereto.

Voted, That the Thacher School be turned back to the town to be used as an Administration Building under the direction of the Selectmen, with the understanding that the Selectmen provide quarters for the Water Department, Sewer Department and the Milton Post 114 American Legion, therein.

Article 37. To see what action the town will take relative to the Houghton School building and land on Hillside Street, no longer needed for school purposes, and act on anything relating thereto.

Voted, That action under this article be indefinitely postponed.

Article 38. To see if the town will authorize the appointment of a committee, to consist of the members of the School Committee and Planning Board for the ensuing year, or to be otherwise constituted, to consider the question of the acquisition by the town of land for school purposes, and to report not later than the next annual town meeting.

Voted, To authorize the Moderator to appoint a committee of five citizens to consider the question of the acquisition by the town of land for school purposes, and to report not later than the next annual town meeting.

Committee appointed: James S. Russell, Henry W. B. Arnold, David A. Heffernan, George F. Moulton and Leonard M. Patton.

Article 39. To see what sum of money the town will vote to appropriate for the Public Library the present year.

Voted, That the sum of $16,750 be appropriated.

Recreation and Unclassified

Article 40. To see what sum of money the town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, That the sum of $5,000 be appropriated.

Article 41. To see if the town will authorize the Board of Sewer Commissioners to improve Pine Tree Brook and to take or acquire necessary land, water courses, rights and easements under and along said brook and to appropriate money for the same; and act on anything relating thereto.

Voted, That the Board of Sewer Commissioners be and hereby is authorized, under the provisions of chapter 282 of the Acts of 1914, to take or acquire lands, water courses, rights and easements in, under and along Pine Tree Brook between Blue Hills Parkway and Brook Road, and in and over a strip of land substantially as shown as a proposed taking in plan of W. W. Churchill, entitled "Plan showing location of proposed taking lines by the town of Milton along Pine Tree Brook between Blue Hills Parkway and Brook Road," and dated February 14, 1925, a copy of said plan being deposited in the office of the Town Clerk; provided, however, that the said lands, water courses, rights and easements are taken or acquired on or before September 1, 1925, without cost to the town or liability upon the town to make any payment therefor, and with an agreement from the owners thereof that said owners will respectively release and hold harmless the town of and from all claims for damages by reason to their respective remaining lands;

And provided, further, that said Board of Sewer Commissioners may agree on behalf of the town, in consideration of the aforesaid agreement of owners, that the town shall assume any betterments assessed upon said owners' land by reason of such taking or acquirement.

And to appropriate the sum of $5,000 for the purpose of improving said locality if and when the same shall be acquired, said $5,000 to be expended by said Board in fencing or otherwise, as it may determine.

(Unanimous vote.)

Article 42. To see if the town will vote to accept a gift from Dr. Walter A. Lane of certain land lying between Randolph Avenue and Churchill Lane, comprising about 3.111 acres, bounded northerly by land of Ellerton James, easterly by Churchill Lane and land of Phoebe Brady, southerly by land of J. Richard Clough, Michael Callahan and Helena M. Hoy, westerly by Randolph Avenue, for the purpose of a public playground or recreation center; and, if so, to determine the conditions, if any, upon which

said land will be so accepted, and to determine the board, committee or commission which shall exercise the powers of the town in connection with the same; and act on anything else relating thereto.

Voted, To accept the gift of Dr. Walter A. Lane of the lot of land on Randolph Avenue comprising about 3.111 acres, bounded northerly by land of Ellerton James, easterly by land of J. Richard Clough, Michael Callahan and Helena M. Hoy, westerly by Randolph Avenue, for the purpose of a public playground or recreation center, under the provisions of section 14 of chapter 45 of the General Laws, and that the powers relative thereto conferred by said section shall be exercised by the Board of Park Commissioners, and that said land shall be known as "The Mary C. Lane Playground."

ARTICLE 43. To see if the town will vote to authorize the Park Commissioners to sell a parcel of land adjoining St. Agatha's Church, approximately 140 feet on Adams Street, depth 212 feet.

Voted, To authorize the Park Commissioners to sell a parcel of land adjoining St. Agatha's Church with a frontage on Adams Street not exceeding 130 feet, bounded on the east by the present boundary of the town land and on the west by a line parallel to said easterly boundary and on the northeast by the property of the New York, New Haven & Hartford Railroad Company.

ARTICLE 44. To see if the town will vote to authorize the Selectmen to sell the whole or any portion of the parcel of land on the southwesterly corner of Waldeck and Brook roads, containing 300 square feet, more or less, and to execute proper conveyance of same.

Voted, That the town authorize the Selectmen to sell the whole or any portion of the parcel of land on the southwesterly corner of Waldeck and Brook roads, containing 300 square feet, more or less, and to execute proper conveyance of same.

ARTICLE 45. To see what sum of money the town will vote to appropriate for pensions and annuities for the present year.

1. Police and firemen, section 85, chapter 32, General Laws.
2. Annuity, chapter 16, Special Acts of 1919.
3. Police and firemen's widows' pensions, section 88, chapter 32, General Laws.
4. Laborers' pensions, section 77, chapter 32, General Laws.
5. School teachers' pensions, section 42, chapter 32, General Laws.

Voted, That the following sums be appropriated for pensions and annuities for the present year:

1. Police and firemen.
   Voted, That the sum of $7,112.50 be appropriated.

2. Annuity.
   Voted, That the sum of $300 be appropriated.

3. Police and firemen's widows' pensions.
   Voted, That the sum of $1,200 be appropriated.

4. Laborers' pensions.
   Voted, That the sum of $6,016.06 be appropriated.

5. School teachers' pensions.
   Voted, That the sum of $425 be appropriated.

ARTICLE 46. To see if the town will vote to accept chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John J. Higgins of the Police Department.

Voted, That the town accept chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John J. Higgins of the Police Department.

ARTICLE 47. To see if the town will vote to enter into an agreement with the Trustees of the Eastern Massachusetts Street Railway Company to pay any part or all of any excess of the cost of service above the receipts on the line of said company operating between Milton Lower Mills and East Milton, and to raise and appropriate the sums necessary therefor; and to act on anything relating thereto.

Voted, That action under this article be indefinitely postponed.

ARTICLE 48. To see if the town will vote to authorize the appointment of a committee to represent the interests of the town in connection with any agreement with the trustees of the Eastern Massachusetts Street Railway Company which the town may make.
Voted, That action under this article be indefinitely postponed.

ARTICLE 49. To see if the town will vote to appropriate the sum of $800 for the use of the committee appointed by the town on the One Hundredth Anniversary of the Granite Railway, in setting up its commemorative program for October 12, 1926.
Voted, That the Committee on the One Hundredth Anniversary of the opening of the Granite Railway appointed by the town at the last town meeting be continued; that it be directed to recommend to the town at the annual meeting in March, 1926, a suitable memorial and exercises to commemorate the event.

ARTICLE 50. To see if the town will vote to lease to Milton Post 114, American Legion, for a period of five years, the Thacher School Building, under the provisions of section 9 of chapter 40, General Laws.
Voted, That action under this article be indefinitely postponed.

ARTICLE 51. To see if the town will vote to instruct the Selectmen to make rules and regulations subject to which the Thacher School Building shall be used by Milton Post 114, American Legion.
Voted, That no action be taken under this article, appropriate action having been recommended under Article 36.

ARTICLE 52. To see what sum of money the town will vote to appropriate for the use of the Thacher School Building by Milton Post 114, American Legion.
Voted, That action under this article be indefinitely postponed.

ENTERPRISES AND CEMETERIES

ARTICLE 53. To see what sum of money the town will vote to appropriate for the extension of water mains the present year.
Voted, That no action be taken on this article as appropriate action will be recommended under Article 54.

ARTICLE 54. To see if the town will vote to appropriate a sum not exceeding $60,000 under the provisions of chapter 307, Acts of 1902, for the extension of water mains, and to raise and appropriate the same, and to act on anything relating thereto.
Voted, That $60,000 be appropriated for extension of water mains, and that for the purpose of raising said money the Treasurer be and he hereby is authorized in the name and behalf of the town, and under authority granted in and in compliance with the provisions of chapter 307 of the Acts of 1902 and other acts applicable hereto, to borrow a sum not exceeding $60,000, the same to be expended by the Board of Water Commissioners for the extension of water mains, and to issue bonds of the town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton Water Loan," and shall be payable as required by said chapter 307 of the Acts of 1902 and by section 19 of chapter 44 of the General Laws, so that the whole loan shall be paid in not more than thirty years from their date. They shall be sold at not less than the par value thereof, from time to time, by the Treasurer under the direction of the Water Commissioners, as the money above appropriated is needed. Each bond shall be in coupon form subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.
(Unanimous vote.)

ARTICLE 55. To see what sum of money the town will vote to appropriate for the improvement of the cemetery the present year.
Voted, That the sum of $16,000 be appropriated.

ARTICLE 56. To see if the town will vote to ask the Legislature to pass a special act relative to Milton sewers so as to permit the Milton Sewer Commissioners to make

a charge for the use of the town sewers substantially as provided in a bill introduced into the Legislature by the Special Committee on Sewers appointed by the Moderator in March, 1924, now known as House, No. 453, and a copy of which is on file with the Town Clerk.

Voted, That action on this article be indefinitely postponed.

Interest and Maturing Debt

Article 57. To see what sum of money the town will vote to appropriate for interest and maturing debt for the present year.

1. Interest.
2. Maturing debt.

Voted, That the following sums be appropriated for interest and maturing debt for the present year:

1. Interest.
Voted, That the sum of $23,842.50 be appropriated.

2. Maturing debt.
Voted, That the sum of $48,000 be appropriated.

The following resolutions were presented to the meeting and were *unanimously accepted:*

Resolved, That the Moderator be authorized to appoint a committee of nine citizens, two from each precinct and one from the town at large, to consider the adoption by the town of representative town government, with authority in said committee, if it shall deem it advisable, to draft a bill embodying such legislation as the committee shall deem necessary and introduce the same into the General Court, requesting the General Court, however, to hold such bill in committee until the town has had opportunity to consider the provisions thereof in a town meeting, and to report to the Warrant Committee not later than January 1, 1926.

Committee appointed: William B. Thurber, Arthur H. Tucker, Roger Wolcott, James F. Ballard, Clyde L. Whittier, Lincoln Bryant, Hatherly Foster, Jr., James S. Gallagher and Kenneth D. Johnson.

This resolution was introduced by Mr. William B. Thurber.

Resolved, That the Moderator be authorized to appoint a committee consisting of four citizens, together with the Board of Fire Engineers, to consider the purchase of a hook and ladder truck.

Committee appointed: J. Henry Bourne, Lincoln W. Pierce, Charles E. Whelan and Albert R. Whittier.

This resolution was introduced by Ernest C. Soulis.

Resolved, That the thanks of the voters be extended to the Moderator for his admirable service as such.

This resolution was introduced by Mr. Felix Rackemann.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said seventh of March next.

Given under our hands at Milton, the eighteenth day of February, nineteen hundred and twenty-five.

Roger Wolcott,
Josiah Babcock,
Kenneth D. Johnson,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, March 3, 1925.

Pursuant to the within warrant I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

March 14, 1925, at 6.20 P.M. *Voted*, That the meeting be dissolved.

The foregoing meeting was opened March 7, 1925, at 5.45 A.M. by the wardens in the several precincts.

Attest.

G. FRANK KEMP,
Town Clerk.

Warrant Committee

DEPARTMENT REPORTS

REPORT OF SELECTMEN

MILTON, MASS., December 31, 1925.

To the Citizens of Milton.

The Board of Selectmen respectfully submits the following report for the year 1925. The Board has consisted of the same members as last year, and has continued with Roger Wolcott as Chairman and Kenneth D. Johnson as Secretary.

Appointments

Howard S. Patterson was appointed to the Board of Fire Engineers in place of Ernest C. Soulis, James Purdon was appointed Art Commissioner in place of Eliot T. Putnam, and Mrs. Roderick Stebbins was appointed agent of the Board to distribute the income of the Mary L. Peabody Christmas fund among the poor of the town in place of Mrs. Lavina H. Brackett, who has done the work with efficiency for a number of years, but has felt unable to continue longer. In anticipation of a serious shortage if the present anthracite strike is long continued, James S. Russell was appointed Fuel Administrator on November 5. Under the vote of the town last March, abolishing the office of Auditor and establishing that of Town Accountant, the Board appointed Joseph H. Duffy. He has assumed the office without salary additional to his salary as Clerk of the Board, and because of his long experience in town affairs we believe that he will discharge his new duties most efficiently. Our other appointments will be found elsewhere in this book.

Licenses

The licensing of garages continues to occupy a good deal of our time, although the Board established last year to take charge of the licensing of one and two car garages has relieved us of a large part of our duties in this respect. The licensing of motor bus lines will be dealt with elsewhere in this report, but in passing it should be noted that since November, 1924, the Board has received, considered and acted upon thirteen applications.

Mrs. Mary C. Turner applied last January for permission to extend her store at the corner of Blue Hills Parkway and Oak Street 11 feet, 6 inches to the rear, and to replace a partition which had been in existence at the time of the adoption of the Zoning By-Laws under which the application was made. The matter was heard without opposition on February 13 and the application was granted. It subsequently appeared that the addition was being extended 5 feet, 3 inches further than the permit allowed, and because of this and of the fact that through some unexplained oversight the original hearing had not received the full fourteen days' notice required by the By-Laws, the Board ordered all work stopped on the building and advertised the matter for a rehearing on June 5. This was largely attended and strong opposition developed in the neighborhood. The Board thereupon denied the application on the ground that the petitioner had violated the terms of the original permit. Subsequently application was made under the Building By-Laws for permission to erect a dwelling house behind and over the store, but having no communication with it. Acting under the advice of the Town Counsel the permit was granted by the Inspector of Buildings. Thereupon a petition for a writ of mandamus was filed in the Supreme Judicial Court by a citizen of the town to compel the Selectmen and the Inspector of Buildings to revoke the latter permit. The case was heard by Mr. Justice Wait, who dismissed the petition, but at the request of the petitioner reserved the question for the Full Bench. Meanwhile Mrs. Turner applied for permission to move the rear partition of the store 8 feet back within the building. The matter was duly advertised for a hearing on the evening of December 18, but on the evening of the 17th came a telephone message from the petitioner, as a consequence of which the application was voted "Leave to withdraw at the request of the petitioner."

Law

The Board this year has tried the experiment of employing the Town Counsel on a fixed retainer, instead of paying him for opinions and other services as rendered. This experiment has proved a success.

Litigation for the enforcement of the Building By-Laws in Mattapan Park, on the southerly side of Blue Hill Avenue, has proceeded successfully. The town has secured decrees against a number of defendants ordering them to remove their buildings. Most of these decrees have been complied with, and the Board has ordered torn down four structures, the owners of which have not obeyed the orders of the court.

The General Outdoor Advertising Company has brought forty-three suits against the State Public Works Department on account of the department's demolition of advertising billboards. The suits are being defended by the Attorney General, who states that they will undoubtedly be carried to the United States Supreme Court. While this means a considerable delay, the question of the validity of the Massachusetts statutes and the Milton By-Laws will be settled by their decision. It seems wise to await the outcome of these cases without expense to the town rather than to begin litigation on our own account which would undoubtedly prove very expensive.

The Board retained Felix Rackemann to oppose in the Legislature two of the "hardy annual" bills to establish a Greater Boston at the expense of our municipal independence, and the bills were defeated.

The claim of the town against the Boston Consolidated Gas Company for causing the death of trees along Adams Street and Granite Avenue in East Milton has been settled for the amount claimed by the town.

The suit of the Bowes Construction Company against the town for return of a forfeit of $2,500, and the counterclaim of the town for failure of the company to make good its bid for the construction of the Tucker School has resulted in a finding in the Superior Court for the company in the sum of $2,500. Under instructions of the Board the case has been appealed to the Full Bench of the Supreme Judicial Court.

Highways

The winter of 1924–25 was an easy one for the Highway Department. The removal of snow was excellently done, and the damage by frost was small, making unnecessary the closing of the highways to heavy trucks at the time when the frost was coming out of the ground. These conditions also made easier the maintenance problem of 1925, and with exceptions with which the Board is thoroughly familiar the highways of the town are in very fair condition.

Permanent Construction. — The north roadway of Edge Hill Road was rebuilt from the end of last year's construction to the corner of New Street, a distance of 4,050 feet; the only unimproved section of Brush Hill Road, a stretch of 1,735 feet between Dana Avenue and Atherton Street was rebuilt, and Atherton Street was rebuilt from Canton Avenue to Blue Hill Avenue, a distance of 792 feet; 17,008 square yards of roadway were thus completed at an average cost of less than $1.18 per square yard, or 40 cents less than last year. When it is remembered that our appropriation was only two-thirds of the 1924 appropriation for this work, with which 19,000 square yards were rebuilt at a greater average cost, the Highway Department should receive credit for its work. Much more work remains to be done, and for 1926 we ask for $35,000, $5,000 more than the appropriation of 1924.

Sidewalks. — An increased appropriation for sidewalks has enabled us to construct practically all that have been asked for, as follows: Central Avenue, north side, from the westerly end of the High School to Brook Road; Central Avenue, south side, from the Police Station to Brook Hill Road, including curbing and enlargement of the culvert over Pine Tree Brook; Grafton Avenue, east side, from State to Curtis streets; Willoughby Road, west side, from Eliot Street to Blue Hills Parkway; Oak Street, south side, from Blue Hills Parkway toward Blue Hill Avenue; Houston Avenue, north side, from the end of the existing sidewalk to Dyer Avenue; a short stretch on Brook Road west of Blue Hills Parkway. This makes a total of 2,989.5 linear feet of granolithic walk, and in addition gravel sidewalks have been begun from the High School to the Brook Road Playground, on Randolph Avenue from Centre Street to Reedsdale Road, and on Pleasant Street on land generously given by Francis J. O. Alsop and the trustees of Cunningham Park.

Safety Measures. — All motor accidents reported to the Police Department have been plotted on a map of the town both in 1924 and 1925. In this way it is made

very clear which are the most dangerous crossings in the town. In general it may be said that they exist wherever there is a crossing of two streams of through travel. Where a road used principally by Milton people crosses a thoroughfare there are few accidents, and still fewer where two such local streams cross. The diagnosis is easy, but remedies are more difficult to find. On January 2 a flashing beacon was installed at one of the worst crossings, the intersection of Blue Hill Avenue with Dollar Lane and Milton Street. In addition visibility has been greatly improved at this point by grading down the corners of John Bartol and I. Tucker Burr, with their generous permission. In spite of these improvements the beacon has been struck several times in 1925, and eighteen accidents, more or less serious, have taken place. Mrs. Charles E. Guild has kindly allowed us to grade down her corner at Blue Hill Avenue and Atherton Street, and there has been a decrease in the number of accidents at that point. New beacons have been tried at the intersection of Randolph Avenue and Centre Street and of Canton Avenue, Reedsdale Road and Centre Street; the results of these are unsatisfactory. At the latter point a traffic officer has been stationed since the middle of October on Saturday afternoons and Sundays, since when some improvement has been noted. But the most successful safety measure adopted by the Board has been the installation of four glaring and unsightly signs, notifying travelers of a "Death Crossing," 300 feet away in each direction from the intersection of the worst corner in town, Randolph Avenue and Brook Road. There were 14 accidents at this point in 1924 and 15 before the middle of July, 1925, when the signs were installed. Since then there have been but two. In this case our prescription has been an undoubted success, although some citizens may feel that the remedy is as bad as the disease. It is planned to install modifications of these signs at other dangerous crossings in an attempt to lessen the wholly unnecessary but very serious damages to persons and property that have increased steadily at these points. While traffic officers are undoubtedly necessary at a few points in the town, the newest safety measures are everywhere chiefly of a mechanical kind, and these will be studied and installed as far as possible whenever they appear to offer equal protection at a lower cost than more traffic officers.

Two narrow and dangerous streets have been closed to trucks, Pleasant Street from Adams Street to Edge Hill Road, and Gun Hill Road. As required by statute confirmation of the action of the Board was sought from the Registrar of Motor Vehicles, and upon his refusal it was obtained on appeal to the Department of Public Works.

Street Signs. — The investigation of the street signs of the town by Arthur A. Shurtleff was completed and his report was filed in June. It contains valuable recommendations, some of which however are too expensive to be adopted immediately. The Department of Public Works is shortly to adopt a uniform system of signs for all the state highways, and is also at our request studying the special problems of Milton. It is recommended that all new signs hereafter installed shall follow the state system.

Traffic Problems. — Every member of the Board appeared at the legislative hearing in favor of the so-called Southern Artery Bill. This has become law, and preliminary work under it has begun. It is impossible to foretell how much traffic by this means will be by-passed around the town, but its completion will inevitably have a beneficial effect upon Milton traffic problems, especially in East Milton. Traffic conditions are growing steadily worse at the Mattapan Bridge entrance to the town, and the Board has requested the Metropolitan District Commission to make Blue Hills Parkway a one-way street in each direction. Unfortunately the Commission felt that there were legal obstacles to doing this. The bill which the Planning Board and the Board of Selectmen introduced into the Legislature for an investigation of the so-called Dedham–Braintree thoroughfare was defeated. The Division of Metropolitan Planning, however, is introducing into the Legislature of 1926 a bill dealing with the matter in another way, which will be as satisfactory to Milton as is possible with any large metropolitan improvement. Briefly stated it provides for the construction of the missing links in a thoroughfare running around Boston from Swampscott on the northeast to Marshfield on the southeast. In Milton the route will follow the Neponset River Parkway from Paul's Bridge across Blue Hill Avenue, thence through park land under Canton Avenue and skirting the northerly side of the Blue Hill Reservation to Unquity Road and across the meadows to Harland Street, following Harland and Forest streets and along the reservation to Randolph Avenue, near the Quincy line. By means of this route a second excellent by-pass will be provided around East Milton and Quincy.

Parking Regulations. — Parking congestion is steadily increasing at the Lower Mills and East Milton. The Board on June 5 adopted regulations in an attempt to improve

conditions. Some criticism of these has been made, but it should be borne in mind that they are the first attempt to deal with a new problem and can be amended whenever the need for amendment is clear.

Bridges. — The town in March, 1925, appropriated $600, the amount estimated by the engineers of the Eastern Massachusetts Street Railway for necessary repairs to the bridge over the Neponset River on Adams Street. In the spring we caused a careful survey to be made by the Boston Bridge Department and the Boston Bridge Company. According to their report much more extensive repairs are necessary than requested by the Street Railway, although we were advised that the bridge was probably perfectly safe until 1926. We are accordingly returning this year's appropriation to the town Treasury, and request an appropriation for 1926 sufficient to cover not only this bridge but also the repairs which will be necessary to the Granite Avenue Bridge.

Betterment Construction. — Upon the amendment last March of the Revised By-Laws to permit the construction under the Betterment Act of private ways for acceptance as town ways, the Board adopted regulations to govern the matter. Upon receiving petitions from the owners of 75 per cent of the land on Plymouth Avenue and Crown Street the Board voted to proceed with their layout for acceptance by the town at a special meeting to be called as soon as possible, and a considerable sum of money was spent in surveying. Thereupon, however, the owners of less than the required 75 per cent of the land on Plymouth Avenue were willing to sign releases of the property required for construction of the way, and consequently the Board decided it would be unjustifiable to hold a special town meeting for the acceptance of Crown Street alone.

Eliot Street. — This street is already an important thoroughfare between Mattapan and the Lower Mills, and with the impending electrification of the present Shawmut Branch of the New York, New Haven & Hartford Railroad, in all probability with an additional station between Central Avenue and Mattapan, the street will become still more important. It is laid out with a width of 50 feet from Blue Hills Parkway to the westerly end of Cliff Road, from which point it continues east at a width of 40 feet, with the exception of the reverse curve near Cliff Road, where it varies in width. James S. Russell has generously offered a strip 10 feet wide along his land on the southerly side of Eliot Street, and has suggested takings between his land and the westerly end of Cliff Road and across land to the eastward almost to Valley Road. These strips can be acquired at a moderate cost to the town, far less than their ultimate value for highway purposes. The Board is proceeding to lay them out and recommends their acceptance by the town.

Adams Street and Granite Avenue Corner. — Upon the removal of the building on the northeast corner of these two streets, the Board caused a survey to be made with the intention of recommending to the town a widening to improve traffic and safety conditions. This survey showed that by an old layout of the County Commissioners we could widen the corner 10 feet at the deepest point without further action by the town, and this will be done at a suitable opportunity.

Private Street Openings. — Openings in the streets of the town are permitted not only by the Highway Department but also by certain public service corporations, by the Water Department and by private contractors working under the supervision of the Sewer Department. These different agencies vary in the efficiency with which they replace the street surfaces, and the Highway Department is frequently obliged to do their work over again. It is recommended that an appropriation be placed at our disposal for private work by the Highway Department, similar to the private work appropriation of the Moth Department. This would be a revolving fund, in that it would be possible to require all street openings to be made and closed by the Highway Department, such work to be paid for in the first instance out of the private work fund, reimbursement for which when made by a department or individual would go into the town Treasury. With such an appropriation also the Highway Department when not otherwise occupied could do much useful work on unaccepted streets, private avenues, etc., which it is impossible to do now under the state system of accounting.

Public Transportation

The conferences between the Town Street Railway Committee, the New Haven Railroad and the Eastern Massachusetts Street Railway have proved a disappointment, whether because of jealousies between the two corporations, or, despite their assurances to the contrary, a reluctance to become interested in the affairs of a single

community, it is impossible to say. Probably the menacing development of motor busses and their own operating deficits have monopolized their attention to the exclusion of other matters. No improvements have occurred in railroad or street railway service, but the latter has been maintained despite the discontinuance of the town subsidy. The Milton regulations to control motor busses adopted last year by the Board have been a subject of study in conference with members of our Board by nine other towns lying south of us. It is cause for satisfaction that with minor amendments they are about to be adopted by all these towns. As already mentioned, thirteen applications for licenses have been received since November, 1924. As stated in our last report the position of the Board has been that where reasonably adequate transportation facilities already exist it is unwise to license additional means of transportation at the risk of crippling those already in existence. Acting upon this principle the Board up to last August licensed only two lines, — that of the Massachusetts Coach Company, operating from West Quincy along Granite Avenue to the Boston line, and that of the Eastern Massachusetts Street Railway Company, operating from Boston to Nantasket through Mattapan and East Milton. On July 29, however, Chapter 280 of the Acts of 1925 became effective. This law requires that a motor bus line must first secure a license from every municipality along its route, and then secure from the Department of Public Utilities a certificate that public convenience and necessity require its operation. In view of this new requirement a majority of the Board has felt that its original position should be modified, and where a petitioner could produce licenses from every other municipality that Milton would be playing the part of the dog in the manger if it refused the one remaining license necessary to enable the petitioner to seek the certificate of public convenience and necessity from the Department of Public Utilities. On this principle licenses have been issued to the American Coach Company and the New England Transportation Company, both for Boston–Brockton and Boston–New Bedford runs. Neither of these licensees has as yet received a certificate from the Commonwealth. The Board is unanimous in its belief that in the absence of Federal legislation as to interstate bus operation, with only the merest beginning of state regulation, with the many problems of traffic congestion, permanency of operation of busses during periods of bad weather and financial depression, and with the unknown but undoubtedly severe effect of bus competition on railroads and street railways, all public officials should go very slow in committing their communities to a new means of transportation that may prove a broken reed to lean upon.

Police Department

Because of reports which had come to the attention of the Board a thorough investigation of the affairs of the Police Department was conducted in January and February. As a result of this investigation various changes have been made in the Department. It was found that the regulations had not been revised since 1896, that few copies of the old manual were in existence, and that the force was poorly instructed in regard to it. After a careful study of the manuals of Boston, Brookline and several other towns in our vicinity, a new manual was prepared and adopted on April 10. Among its important provisions are —

A requirement of weekly reports from the Chief to the Board, covering everything of importance for the previous seven days.

A provision following that of several other municipalities and providing that where an officer is absent from duty on account of ordinary sickness or injury, not suffered in the performance of his official duty, he shall receive half pay for lost time. This rule is not popular with the men, but is liberal as compared with the conditions of business employment.

The installation of a system of accounting for the mileage, gasoline and oil of the motors of the Department.

The establishment of a fixed tariff for paying details.

An additional Ford car and a second motorcycle have been added to the equipment of the Department, and during the summer a new arrangement of routes was ordered, whereby certain foot routes were combined into motor routes, thereby releasing patrolmen for other purposes and increasing the mobility and the unexpectedness with which the Department does its work.

A new police signal box has been ordered installed on Randolph Avenue at Tucker Hill, at a point where there was too long an interval between existing boxes.

In accordance with the votes of the town in March, Officer John H. Higgins has been retired and Francis T. Hanna appointed to the force, the latter being the first man on the civil service list. The force remains at 31 men, and no increase is recommended.

Owing to the increasing danger from automobiles it has been found necessary to stop coasting on Thacher Street, but the children of Mattapan have been well provided with safer coasting places on private land by the courtesy of Geoffrey G. Whitney on Highland Street and Amor Hollingsworth on Brush Hill Road.

Following the practice of former years a number of the members of the Milton Post of the American Legion have been appointed Special Police, and this year their public spirit has been turned to good account by the performance of voluntary traffic duty on July 3 and 4 and Labor Day and the Sunday which preceded it. This service was of marked effect in reducing the number of motor accidents on days when our roads were crowded. Post members also took part in the search for one of our citizens who disappeared in the closing days of November. Such services as these are practical and valuable manifestations of the "sense of individual obligation to the community" which is one of the purposes of the Legion as set forth in its preamble.

Miscellaneous

Edison Conduit. — Since our last report by the location granted by Quincy the Edison conduit reached the Milton line on Adams Street. This strengthened the company's case for a location through Adams Street in East Milton, although by a second petition filed with us last spring the company accepted our location through Brook Road from its junction with Adams Street, Randolph Avenue, Russell Street, Canton Avenue and Brook Hill Road to the Central Avenue bridge. We again referred the matter to the Planning Board in an attempt to secure a reasonable by-pass around Adams Street in East Milton. We adopted their recommendation, but our location was declined by the company, which appealed to the Department of Public Utilities. After a thorough hearing of the facts the Department granted the company the location which it sought, but gave the Board discretion as to the location within the street limits on Adams Street, and also imposed all the conditions which we requested. The company has at length installed the conduit with comparatively little interruption to traffic, and has restored our sidewalks and streets in what at present appears to be a most satisfactory way, although the company will be held liable in any case where the fill settles hereafter.

Thacher School. — By vote of the town under Article 36 of the March, 1925, warrant, the Board was instructed to use the Thacher School Building as an administration building, and to provide quarters therein for the Water Department, the Sewer Department and the Milton Post of the American Legion. No appropriation was made for this. We found that the building would have to be reshingled, and this was done by the lowest bidder at a cost of $825, which was secured from the reserve fund. Minor repairs to the furnaces and plumbing have also been necessary, the latter of which have been attended to by the Water Department. The Legion has taken over its new quarters, which are well suited to its needs, but the Sewer Department has notified us that it does not wish to move from its present quarters in the Town Hall. The Water Department also did not want to move until the expiration of its current lease, and now reports that extensive alterations in its portion of the building will be necessary before it can be occupied. We recommend the reservation of a room in the building as an office for the Board of Health, and recommend that the care of the building be placed in the hands of the Water Department, which will occupy by far the largest portion of it, with the necessary adjustments in the appropriations of any other departments which may move in to take care of their share of the expense.

State Audit of Accounts. — Purely as a measure of self-protection the Town Accountant has requested the Board to ask for an audit of the accounts of the town by the State Director of Accounts. The Board has done this and recommends the adoption of a by-law providing for such an audit annually. The officials of the town are honest, and we have no fear of any such disclosures as have been made this year in several other cities and towns. An expert outside audit however is the regular custom in every business corporation, and is equally desirable in a municipal corporation with the complicated financial transactions of the modern large town.

Town Hall Heating Plant. — Despite a higher estimate the town made an appropriation of only $1,850 for a new hot-water heating system in the Town Hall. The Board sought bids from several reliable concerns, and the plant has been installed by the lowest bidder at a cost of $2,025, the balance being paid from the Selectmen's appropriation.

Census. — Under a new law the Selectmen were this year charged by the state with the duty of taking the state census in Milton. The matter was placed in the hands of the Assessors, who were at the time making their rounds of the town, and the census was satisfactorily taken by them at a cost of $516.60.

Cunningham Gravel. — In 1901 the town agreed with Mr. and Mrs. Caleb L. Cunningham, in part consideration for a strip of their land for the construction of Brook Road, to deliver to them 1,200 cubic yards of loam. Only a small amount of this was ever delivered. This year Mr. and Mrs. Cunningham made demand for the discharge of the town's obligation, but agreed to accept 1,500 cubic yards of gravel instead of the loam, which would have been not only very expensive but very difficult to secure. Three hundred cubic yards of this have been delivered from the trench of the Edison conduit, leaving a balance of 1,200 cubic yards, which must be delivered under our agreement before November 1, 1926. The town has no supply of gravel, and it is estimated by the Superintendent of Streets that it will cost about $2 per cubic yard delivered. An appropriation is therefore requested to enable the town to discharge this obligation of twenty-five years' standing.

War Memorial. — The committee appointed by the town to provide a memorial to the men of Milton who died in the World War completed its work on November 8, when the memorial was turned over to the town and accepted by the chairman of the Board. It is a work of strength and great beauty which will be a source of sober pride and an inspiration to our people in the years to come.

In closing this report of a second busy year, we wish to thank the many town officials and private citizens who have cordially helped us in the performance of our duties. Milton is now of city size, and presents in many respects the problems of a rapidly growing city. It is our hope that these problems may always be solved under a town form of government, modified only so far as may be made necessary by the increasing number of our citizens.

Summary of Recommendations

That all new street signs follow the state system.
An appropriation for extraordinary repairs to bridges.
Acceptance of the widening of Eliot Street.
An appropriation for private work by the Highway Department.
That the Water Department assume the care of the Thacher School Building.
That the Board of Health be assigned quarters in the Thacher School Building.
The adoption of a by-law providing for an annual state audit of the town accounts.
An appropriation to discharge a debt to Mr. and Mrs. Caleb L. Cunningham.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

REPORT OF ASSESSORS OF TAXES

MILTON, MASS., January 1, 1926.

To the Citizens of the Town of Milton, Mass.

The Assessors of Taxes hereby submit their annual report for the year 1925.

At the annual town meeting held for the election of town officers, Clarence Boylston was re-elected to the office of Assessor for the ensuing term.

On March, 1925, the Board organized as follows: William W. Churchill, Chairman, Charles H. Horne, Secretary, Wallace C. Tucker, Clerk for the Board.

Assistant Assessors were appointed as follows: Percy A. Horne, Frank H. Rein and Evelyn N. Smith.

By act of the State Legislature the Assessors were required to take the quinquennial State census under the supervision of the Census Bureau of this Commonwealth. This work was accomplished with the aid of specially appointed enumerators.

We urge every person liable for taxation in this town to file a sworn statement with the Assessors of all their taxable property which *shall include* real estate and personal property of whatever nature liable for taxation here. The prescribed forms can be obtained by application either by mail or in person at the office of the Assessors in the Town Hall, Milton, Mass.

The population of the town as made by the enumerators on the State census is 12,861.

The population of the town as made by the Assessors themselves for the year ending April 1, 1925, is 12,779.

Other statistics are as follows:

Total number of dogs	700
Total number of horses	134
Total number of cows	321
Total number of sheep	25
Total number of swine	62
Total number of fowls	1,400
Total value of fowls	$1,400
Number of persons liable for military duty	2,174
Number of dwelling houses assessed	2,635
Number of acres assessed	6,218
Amount used of national bank tax	$5,337 19
Amount used of business and public service tax	$17,076 19
Amount used on account of State income tax and Public School Reimbursement Fund	$108,327 14
Amount voted by town	$20,000 00
Estimated receipts of town	$38,437 44

Taxes assessed in the Town of Milton, 1925

Valuation of personal estate	$3,248,340 00	
Valuation of real estate	24,388,275 00	
		$27,636,615 00
Tax rate $23.80 per $1,000 (total tax)		$657,751 44
Town tax, plus bonds, less assets	$535,967 93	
State tax	43,080 00	
Fire prevention tax	177 54	
County tax	34,021 99	
South Metropolitan sewer tax	19,301 45	
Metropolitan parks tax	14,343 57	
State highway tax	1,481 53	
Metropolitan Planning Board tax	168 46	
Charles River Basin tax	2,530 43	
Overlay	6,678 54	
		$657,751 44

Additional Taxes

3,536 poll taxes at $2	$7,072 00	
Local sewer tax and interest	3,196 52	
Local gypsy moth tax	182 80	
Local sidewalk tax and interest	567 00	
28 additional poll taxes at $2	56 00	
December tax levy	818 72	
		$11,893 04
		$669,644 48

Respectfully submitted,

WILLIAM W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,
Assessors.

REPORT OF BIRD WARDEN

MILTON, MASS., December 31, 1925.

To the Citizens of the Town of Milton.

I beg to submit to you my report as Bird Warden for the year 1925.

There was no appropriation and there are no accounts to be submitted.

I wish to report that my observations during the past year show that there has been a noticeable increase among a number of the common birds usually to be found within the town. On the other hand, I believe that a number of species are less numerous, and several of the rarer birds which have been here in small numbers appeared to be absent altogether from their usual haunts.

The starlings and English sparrows (neither of which are protected by law, as they are regarded now by the Department of Agriculture as being pests) have increased, and I recommend to the citizens of the town who are interested, that those birds should be shot or trapped and disposed of by those citizens who have the wish and opportunity to help in this matter.

It is desirable, where feasible, to preserve a number of natural shelters for the native birds in different parts of the town. It is probable that the diminution of bird life which I have had to report for several years is largely due to the extensive clearing away of brush and natural covers on many estates which formerly offered suitable cover.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF MILTON CEMETERY

To the Citizens of Milton.

The Trustees report as follows for the year 1925.

There were 141 interments, of which 85 were from out of town; 37 new lots were finished, and 39 taken by residents; no lots were sold to non-residents. Nine single graves were taken by residents. There were placed under perpetual care, 31 lots and 4 single graves.

The development of the grounds east and south of the soldiers' lot has been well carried through this year and has added to the beauty of the cemetery.

Lots, in increasing number, are being taken by residents, as the construction of new houses brings into the town new families. Undeveloped land in the cemetery will care for the need for the next few years, but the citizens of Milton should bear in mind that additional land must be purchased at a not very distant date.

PERCY E. SHELDON, *Chairman.*
REGINALD L. ROBBINS, *Treasurer and Secretary.*
THOMAS K. CUMMINS.
ELLERTON P. WHITNEY.
ASAPH CHURCHILL.
THOMAS W. POND, *Superintendent.*

REPORT OF FIRE ENGINEERS

JANUARY 11, 1926.

To the Honorable Board of Selectmen, Town of Milton, Massachusetts.

GENTLEMEN: — The Board of Fire Engineers herewith submits its report for the year ending December 31, 1925.

Alarms

There have been 233 alarms of fire, as follows: bell alarms, 65; telephone, 155; Boston, 13.

Boston has responded to Milton 25 times.

Alarms during the Year

January	11	July	16
February	13	August	12
March	39	September	17
April	36	October	8
May	16	November	22
June	14	December	29

Classification

Automobiles	23	Garage	1
Barn	1	Grass	56
Brush	54	Needless	10
Chimney	17	Out of town	16
Cordwood	1	Railroad station platform	1
Dump	22	Rubbish	1
Dwellings (frame)	8	Store (brick)	1
Dwellings (stucco)	2	Store (wood and stucco)	1
False	8	Silent policeman	1
Fence	1		

Services rendered for Calls Other than for Fires

Family locked out, ladder to second story window.
Family away, gas left burning under heater, house filled with steam. Entered second story window and shut off gas.
House filled with smoke.
Rescued cat from tree.
Released man from under overturned automobile.
Call for pulmotor.

Property at Risk

Value	$516,000	Net loss	$4,808
Fire loss	13,861	Loss per capita	1.09+
Insurance paid (claim for $4,715 additional pending)	9,053		

Work Performed

Feet of hose laid	12,150	Feet of ladder raised	506
Rubber covers spread once.		Gallons of chemical used	1,359½
Miles traveled	1,102.3		

Permits issued

Out-of-door fires	1,659	Explosive	113
Inflammable fluid	33	Fireworks	9
Fuel oil	19		

Inspections

There were 156 inspections made of stores.

New Boxes installed

Box 74, Squantum and Pine Grove streets.
Box 132, Dyer Road and Harold Street.
Box 143, Brook Road and Brush Hill Road.
Box 644 has been purchased and will be shortly installed at Brook Road near Governor Road.

Apparatus

All the apparatus is in excellent condition though not new, and this last fact must be kept in mind when considering future needs.

Ladder No. 1 and Hose No. 4 were both overhauled during the year.

Stations and Equipment

The stations are all in good condition, but are in need of a few minor repairs. Sundry small articles of equipment have been purchased from time to time, and all are in excellent condition and ready for instant use. The bell tower on Blue Hill Avenue has just been shingled, and should not need further repairs for some time to come. A shed in the rear of the Central Station needs repairs, and we have asked for $575 in our budget to cover the necessary expenditure.

Appointments

On April 30 Mr. Howard S. Patterson was appointed to the Board, succeeding Mr. Ernest C. Soulis, who retires from the Board with a most commendable record.

Personnel

It is with the deepest regret that this Board reports the death of two callmen, which occurred during the year. These men have long served the town faithfully and with a marked devotion to duty.

Callman A. M. D. Robson, appointed 1897; died December 5, 1925.
Callman J. A. Ewell, appointed 1888; died July 20, 1925.

To fill the places of these two men, the Board has appointed Robert M. Park and William C. Gustafson, as callmen.

Discipline

The discipline of the entire Department has, on the whole, been excellent. One or two minor infractions of the rules and regulations have taken place. The offenders have been heard by the Board and have been punished. Callman B. F. Murray, Jr., was given a public hearing before the Board for conduct detrimental to the character, morale and efficiency of the Department. Callman Murray was found guilty and discharged from the Department.

Rules and Regulations

Under date of November 17, 1925, the Board issued a new manual of Rules and Regulations for the government of the Department.

Recommendations

At the last town meeting, a resolution was passed for the appointment of a committee to consider the needs of the Fire Department. This committee has made its report to the town, recommending certain additional equipment and men. The need of these additional permanent men is most apparent, and we wish to impress upon all the citizens of the town the vital necessity of a sufficient appropriation to make possible the additions recommended.

It is almost unnecessary to bring before the public again the fact that the town has been and is growing very rapidly, and that such growth must produce increased fire risks through increase in population, congestion in certain areas, two families living under one roof, and other elements appurtenant thereto. Such risk can only be met by increased fire-fighting facilities, both in equipment and personnel. This increase must necessarily involve an expenditure of money, and the citizens of the town must understand and be prepared to make such appropriations when they are needed. Any other course will be fatal to the proper protection of lives and property that the public are rightfully entitled to.

The members of the Board trust, therefore, that the citizens of the town will see the necessity of serious thought and consideration by all of this problem which is of such vital importance to them.

We wish to thank the Police Department for their co-operation during the year. Their help at fires is most necessary owing to the increasing number of automobiles on our roads.

The Board at this time takes great pleasure in extending its sincere thanks to all members of the Department for the earnest co-operation and splendid spirit shown by them upon all occasions.

Respectfully submitted,

J. HARRY HOLMES,
F. ELLIOT CABOT,
HOWARD S. PATTERSON,
Board of Fire Engineers.

REPORT OF LICENSING COMMISSION

MILTON, MASS., December 31, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN: — The Licensing Commission respectfully submits the following report for the year ending December 31, 1925.

There have been 346 inspections made on locations for garages, 50 public hearings held, and 321 licenses issued. One applicant was given leave to withdraw his petition.

J. HARRY HOLMES, *Chairman,*
G. E. BURT,
JOSEPH H. DUFFY, *Clerk,*
Licensing Commission.

REPORT OF TREE WARDEN

MILTON, MASS., December 31, 1925.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Tree Warden Department of this town for the past year.

TRIMMING

The wind storms during the year just past did more damage to the trees in the town than has been done for several years, and involved considerable extra expense for their trimming or removal.

PLANTING

It has been necessary to curtail the policy of the Department of planting 100 trees each year on the public property, owing to lack of funds. Only six trees were planted during the past year.

INSECTS

The situation in regard to the general infestation of injurious insects is about the same as during the last two years. The Satin moth has increased. The tent caterpillar also has increased, but the elm leaf minor and elm leaf beetle have decreased.

SAWMILL

The sawmill again shows a profit and is very useful to the Department for handling its work.

PLANS FOR NEXT YEAR

We believe that the policy of the Department of planting and trimming should be continued and that more trees should be planted than has been possible during the last two years.

Appendix A

Trees planted:	
Norway maples	6
Trees removed	27

Appendix B. General Account

Appropriation for public work	$6,000 00
Expenditures	5,982 22
Balance reverting to Treasurer	$17 78

Appendix C

Appropriation for private work	$5,000 00
Receipts from private work	3,375 07
Amount reverting to Treasurer	$1,624 93

Sawmill Account

Credits

32,982 feet of lumber sawed @ $10 per 1,000 feet	$329 82	
Receipts for cordwood	336 50	
Receipts for sawdust	57 00	
Lumber sold — elm	54 98	
Lumber sold — oak	25 20	
		$803 50

Expenses

Cost of electricity	$184 50	
Cost of labor	198 70	
		383 20
Credit balance		$420 30

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

REPORT OF MOTH SUPERINTENDENT

MILTON, MASS., December 31, 1925.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Moth Department of this town for the past year.

SUPPRESSION WORK

The amount of creosoting for gypsy moths carried out during the past year was about the same as the previous year. I do not think I can report that the infestation has diminished, however.

I am glad to be able to report again that the brown-tail moth appears to be diminishing and the probable infestation is even more slight than last year.

LABOR

The cost of labor has ranged the same this year as last, at $4.50 to $4.75 per day.

EQUIPMENT

I regret to report that the equipment is considerably exhausted. The 1914 Packard truck has been so used up as to be useless. One of the 1913 Packard trucks can only be kept in repair by using the parts of the other one to repair it, as it is no longer possible to purchase parts for these trucks from the Packard Company.

PLANS FOR NEXT YEAR

We believe it desirable to plan to do the usual amount of creosoting and spraying the coming year.

Appendix A

INVENTORY OF PROPERTY OF MOTH AND TREE WARDEN DEPARTMENTS

1 1913 Packard truck with sprayer body	$500 00
1 1914 Packard truck with sprayer body	1,500 00
1 G. M. C. truck with sprayer body	2,100 00
1 Ford truck	250 00
1 Ford coupé	650 00
Spraying hose	950 00
Tools of all kinds (including field supplies)	450 00
Buildings and equipment	6,500 00
Office equipment	200 00
Total	$13,100 00

Appendix B. General Account

Appropriation	$6,000 00
Expenditures	5,990 28
Balance reverting to Treasurer	$9 72

Appendix C. Private Account

Appropriation	$5,000 00
Private receipts	2,244 66
Amount reverting to Treasurer	$2,755 34

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF BOARD OF HEALTH

MILTON, MASS., December 31, 1925.

To the Citizens of Milton.

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1925.	1924.	1923.
Chicken pox	81	157	23
Diphtheria	1	7	13
German measles	24	5	7
Lobar pneumonia	9	2	14
Measles	88	217	10
Mumps	12	6	97
Scarlet fever	23	32	26
Tuberculosis (pulmonary)	9	16	7
Tuberculosis (all other forms)	3	2	2
Typhoid fever	–	–	3
Whooping cough	44	7	109
Influenza	–	–	4
Encephalitis lethargica	–	2	2
Ophthalmia neonatorum	–	–	1
Cerebrospinal meningitis	2	1	2
Suppurative conjunctivitis	1	–	–
Malaria	1	–	–
Dog bite	1	–	–

The Board organized March 10, 1925, with Dr. Withington, Chairman; Dr. Forbes, Secretary. The following appointments were made: Agent, Dr. A. W. Draper; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Registrar of Vital Statistics, G. F. Kemp; Inspector of Milk, P. S. Burns; Inspector of Slaughtering, Dr. A. W. Draper. The permit for cleaning cesspools was given to A. B. Snow, and the contract for collecting ashes and garbage was awarded to S. G. Craig.

Owing to the illness of Dr. Draper, Dr. Harris Kennedy was appointed Acting Agent, and the thanks of the citizens are due him for much needed help during this time. The Board and the citizens of Milton suffered the loss of a faithful and efficient public servant by the death of Dr. Draper. The Board caused to be spread upon its minutes and sent to the bereaved family a suitable resolution in recognition of Dr. Draper's long and faithful service. On April 16, 1925, Dr. Paul W. Kimball was appointed Agent, with the understanding that the Agent should assume full responsibility for milk inspection. Authority was given the Agent to delegate the actual collecting and examination of milk to any suitable person. Under this arrangement Mr. Burns continued to act as Milk Inspector.

Owing to the prevalence of rabies in the early spring a ruling was made that all dogs must be restrained for ninety days or muzzled unless they had been inoculated with anti-rabic serum. The Board offered to give free inoculations of anti-rabic serum, and many citizens availed themselves of this offer. As a result of this treatment only one or two deaths of dogs from rabies were reported and no persons were reported suffering from dog bite which required anti-rabic treatment.

The Schick tests and prophylactic treatment for diphtheria were carried out as usual this fall. About 100 people were tested. The decline in the number of cases of diphtheria reported during the past three years appears to be significant, especially as the population has shown a large increase during that time.

One hundred and twenty-five permits for connecting houses with the common sewer have been issued during the year. The Board through the town counsel successfully prosecuted a property owner who had persistently refused to connect with the sewer.

There are about sixty known cases of tuberculosis in the town. In co-operation with and at the request of the State Department of Public Health, the Board employed a nurse to check up all these cases and to see that none were being neglected and that proper precautions were being taken in each case so that they should not be a menace either to those in immediate contact with them or to the general public. The Board proposes to carry on this follow-up work each year.

The Board itself and through its agent has made a study of places used for dumping refuse and ashes, both in this and in adjoining towns. As a result of this study the Board has come to the conclusion that the control of dumps should be in the hands of some public authority which can protect the public as well as the owner of the land. The Board has been fortunate in obtaining the hearty co-operation of Selectman Babcock and Mr. Michael Gibbons, who are the owners of the land which is being used for the main dumping places at the present time, and with their permission has designated such lands as "Board of Health dumps," and has forbidden all dumping thereon except in accordance with the rules of the Board. Mr. S. G. Craig has been designated by the Board to see that these rules are followed. It is hoped to dispose of much of the combustible material by burning daily, and keeping the dumps leveled and in a more sightly as well as sanitary condition. The Police Department will co-operate with the Health Board in preventing trespassing by unauthorized persons, and the citizens of the town are requested to assist by forbidding their children to go upon, or to play on or about, the dumps.

The Board wishes to take this opportunity to commend to the citizens the work being done by the contractor, Mr. Craig. The Board feels that the town is fortunate in having a man who is constantly on the job and supervising the work of his men. Mistakes are made and complaints are received, but the Board has found Mr. Craig ever ready to rectify such errors and to meet its wishes more than half way. Analysis of complaints received shows that they are due mainly to two causes: first, failure of citizens who have been away from home to notify the contractor that they have returned and have material to be disposed of; and second, sickness of men on the route which necessitates substitution of new men who do not know the route. In this case Mr. Craig goes with the new men, but it must be obvious to the public that the men doing this work are not always of a mental caliber which quickly grasps the whole situation, and mistakes are inevitable.

Respectfully submitted,

J. S. LINCOLN,
ALEXANDER FORBES, M.D.,
PAUL R. WITHINGTON, M.D.,
Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 1, 1926.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1925. There have been collected 418 truck loads and 3,291 double loads of ashes and 331 cords of garbage.

Yours respectfully,

SAMUEL G. CRAIG.

REPORT OF GENERAL CONTRACTOR

MILTON, MASS., January 15, 1926.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1925.

3 vaults cleaned.
41 cesspools cleaned.
46 loads removed from same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

DECEMBER 31, 1925.

To the Board of Health.

GENTLEMEN: — During the year 1925 there were issued 45 licenses to sell milk or cream and 7 dealers were registered to sell oleomargarine. Thirty-four of the licenses cover the sale of milk and cream which has been pasteurized, and 11 are for the sale of milk and cream from cows that have been tuberculin-tested and maintained in accordance with the State and Federal regulations. The milk has been of good quality with relatively high butter fat and relatively low bacterial content.

Respectfully submitted,

P. S. BURNS,
Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, MASS., January 2, 1926.

To the Honorable Board of Health, Milton, Mass.

GENTLEMEN: — Herewith I submit report of the Department of Inspection of Plumbing for the year ending December 31, 1925.

MONTH.	Number of Permits.	Valuation as per Applications.
January	24	$16,235 00
February	19	11,075 00
March	40	17,880 00
April	31	14,630 00
May	38	31,986 00
June	39	20,225 00
July	44	37,192 00
August	23	17,080 00
September	51	31,703 00
October	38	20,382 00
November	34	21,165 00
December	37	17,865 00
Totals	418	$257,418 00

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING

MILTON, MASS., December 31, 1925.

To the Board of Health.

GENTLEMEN: — No animals were passed for food during the year 1925.

Respectfully submitted,

PAUL W. KIMBALL,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., January 1, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my annual report for the year ending December 31, 1925.

I inspected 65 stables and premises where cattle and swine were kept, and found all in good sanitary condition, meeting requirements of light, space, ventilation, etc.; gave physical examination to 463 cows, 19 young, 6 bulls, 42 sheep, 187 pigs and 1,027 hens; and quarantined 7 dogs and 87 hens.

Respectfully submitted,

JAMES SPENCER,
Inspector of Animals.

REPORT OF INSPECTOR OF BUILDINGS

MILTON, MASS., January 2, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the Building Department for the year ending December 31, 1925.

MONTH.	Permits for New Dwellings.	Permits for Alterations.	Permits for Garages.	Permits for Other Buildings.	Valuation.
January	19	4	12	1	$151,325 00
February	17	6	8	1	113,324 00
March	26	8	33	–	188,355 00
April	40	9	28	–	310,845 00
May	31	8	22	–	381,075 00
June	29	10	32	–	406,850 00
July	39	15	49	3	459,906 00

Making valuation as per applications $3,008,400.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF SUPERINTENDENT OF WIRES

MILTON, MASS., January 6, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith present the report of the Department of Wires for the year ending December 31, 1925.

This Department has supervision of the fire and police signal system, also inspection of all buildings equipped with electric light service and all poles and wires on town streets.

Interior Wiring

	1924.	1925.
Certificates issued for light and power	549	504
Number of inspections	962	1,172
Number of incandescent lights wired for	10,731	10,932
Number of motors installed	25	31
Total horse power	60	32⅓
Number of electric heaters and ranges installed	51	41
Total watts	128,550	118,820

Radio

All outside antenna wires must be protected by a lightning arrester.

Any one wishing a copy of rules concerning radio installation may have same by notifying the Wire Department.

Automobile Equipment

The automobile used by the Superintendent of Wires is now going on to its fourth year of service and is in very poor condition, also the truck used by the Wire Department is in bad shape, being too light for the work required of it.

I therefore recommend that both automobiles be replaced by new ones.

Fire and Police Signal Systems (Overhead and Underground)

Four fire alarm boxes have been installed by this Department at the following locations: Box 74, Squantum Street and Petersburg Avenue; box 153, Dyer Avenue and Harold Street; box 143, Brook Road and Brush Hill Road; and box 151, changed from Tucker School to Oak Street; 6,200 feet of No. 10 covered iron wire and 29 cross-arms were used for these installations.

Eighty-two defective cross-arms were replaced in the various sections of the fire and police signal system.

Three thousand seven hundred and fifty-four feet of defective underground fire and police signal cable were repaired on the following streets: Randolph Avenue, from Pleasant Street to Reed Street; Randolph Avenue, from Hutchinson Street to Adams Street; Adams Street, from Churchill Lane 700 feet east; and on Adams Street, from Dudley Lane to fire box No. 62.

For the maintenance of the Wire Department I have requested an appropriation of $9,148.68.

Respectfully submitted,

E. E. CHOATE,
Superintendent of Wires.

REPORT OF PARK COMMISSIONERS

MILTON, MASS., January 21, 1926.

To the Citizens of the Town of Milton.

The Park Commissioners herewith present their report for the year ending December 31, 1925.

Superintendent John L. Kelly has given the various plots of land under our supervision their usual care, and the arrangement in force for the past two years with the Milton Yacht Club for the care of the Town Landing has been continued satisfactorily. Another section of wire fence at the town field has been completed, and all of the playground equipment put in good condition for the approaching season.

The skating rink on the town field has been in constant use to the point of crowding, and we feel the necessity of limiting the skating to young children in the near future.

A contour map of the entire field has been made by an engineer, and all new equipment and facilities will be placed under direction of playground authorities.

Attendance at summer activities, under the leadership of Mr. Aaron H. Yeaton, Miss Flora Douglas and Miss Isabel De Witt, has grown much during the past year. The usual program of instruction was carried out, two trips to Nantasket made by busses, and two evenings weekly given to baseball under competent supervision. The physical aspect and playing facilities at the ball field have been much improved by a new back-stop and new grandstand, both set farther back from the playing field.

The vote of the town authorizing the Commissioners to sell a part of the East Milton playground to St. Agatha's Parish was found to be legally insufficient for the purpose. The sale has not been completed and further vote of the town will be obtained at the next town meeting.

Our program for 1926 does not require quite as much money as in the past two years for ordinary expenses, owing to the completion of needed minor improvements, but attention was called in last year's report to unsightly and unsanitary conditions at the town field, which have had our attention to a great degree this year. We ask for an appropriation for a field house embodying all the needs now apparent, at a cost to the town of $10,000. We are unanimously satisfied as to the necessity of this building, and believe that the townspeople as a whole will approve of it after due consideration.

The appointment of a special commission for consideration of the future playground needs of the town is recommended.

Respectfully submitted,

WM. G. RODD, *Chairman,*
MALCOLM DONALD,
CLYDE L. WHITTIER,
Park Commissioners.

REPORT OF POLICE DEPARTMENT

MILTON, MASS., January 8, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit the report of the Police Department for the year ending December 31, 1925.

Roster of the Department

Chief — James R. Travers.

Deputy Chief — Timothy McDermott.

Sergeants

Norman R. Bowman.
John B. Shields.

Patrolmen

George P. Bertram.
Robert J. Blake.
William H. Byrnes.
Thomas J. Callahan.
Richard F. Chamberlain.
John A. Chamberlain.
William H. Coghlan.
James J. Dalton.
John W. Dalton.
Joseph F. Duggan.
John P. Driscoll.
Patrick H. Donahue.
Andrew J. Donahue.
William S. Fallon.
Fred M. Farrington.
James J. Foley.
John J. Haley.
Francis T. Hanna.
William D. Kearney.
William J. Kelly.
Edward F. Lee.
Francis J. Lynes.
Thomas J. Lynes.
Frank H. McDermott.
Timothy A. McDermott.
Michael J. Murphy.
James J. Parrell.

Clerk — Anna Healy.

John H. Higgins, after serving twenty-six years as a patrolman, was pensioned March 20 on account of disability, and Francis T. Hanna was appointed April 13 to fill the vacancy.

Arrests

Total number of arrests	755
Males	743
Females	12
Residents	43
Non-residents	712

Causes of Arrests

Fire alarms given by officers	10
Houses reported vacant and special attention requested	201
Lost children restored	26
Lanterns placed on streets	34
Lights reported out	840
Milton writs served by other departments	477
Number of writs served for other departments	203
Number of search warrants for liquor served	4
Number of gallons of liquor shipped to Federal agents	15
Nuisances reported	4
Number of officers attending fires	231
Officers detailed for public service	79

Officers detailed at request of citizens	394
Runaway horses stopped by officers	4
Stray teams found and put up	1
Street obstructions reported and removed	2
Solicitors driven out of town	14
Amount of stolen property reported	$4,591 61
Amount of stolen property recovered	1,836 26

Motor Service

In order that one of the sergeants could properly cover the town at night and keep in touch with the officers, a Ford runabout was purchased in March. It is used for patrol work during the day also. A new motorcycle was purchased in May and put in operation chasing automobile violators and doing traffic work in general.

The motor equipment now consists of two Ford autos, two Harley-Davidson motorcycles, one White combination ambulance and patrol wagon and a Reo touring car. The Reo has been used constantly in taking the place of the patrol wagon on investigations, and has reached the point where it needs constant repairs. The Reo was purchased in March, 1924, and I recommend a new auto to replace it. All motors are in use practically night and day.

Crime

Several houses have been entered during the year. Some were entered while the people were at dinner and others while they were absent from the house, and valuable jewelry and silver was stolen, very little of which has been recovered to date. Reports from other police departments show that 1925 has been a very unsuccessful year to recover stolen property because very little is being pawned. Our town has not suffered badly in comparison with the surrounding municipalities.

During the year two houses were raided for liquor, but evidence was obtained in one only and owner of same was prosecuted.

Traffic

Many accidents have occurred this year, three of which were fatal. Signs have been erected at dangerous crossings, streets have been marked and everything possible has been done toward the prevention of accidents.

There are four fixed traffic posts. The regular traffic officer who should be at the Academy is there mornings only, and is used elsewhere during the day. The work done by the traffic officers speaks for itself on account of the few accidents occurring at their posts.

I recommend the appointment of two officers for traffic duty at the Academy and at the junction of Canton Avenue and White Street on account of the serious accidents occurring at those points.

On several occasions the American Legion special police officers volunteered their services for traffic duty which helped to reduce the accidents at the dangerous crossings throughout the town.

Discipline

In April a new police manual was given to each member of the Department and to the special police. Both regular and special officers were given instructions regarding the rules. Since the adoption of the manual, the rules have been strictly enforced and the discipline in general has been very good. A few of the officers violated some of the rules and were reported to the Selectmen who substantiated my report.

Conclusion

I wish to extend my thanks to the Milton Post, American Legion, Boy Scouts, fraternal organizations and citizens who assisted the Department in the search for a missing citizen.

To the Justices, Clerks and Probation Officers of the District Court, and to the Honorable Board of Selectmen my thanks are due and are hereby tendered; also to all other town departments for their co-operation. I desire to express my deep appreciation for the excellent service rendered by the members of the Department.

Respectfully,

JAMES R. TRAVERS,
Chief of Police.

REPORT OF BOARD OF PUBLIC WELFARE

To the Citizens of Milton.

The Milton Board of Public Welfare has the honor to present the report for the year 1925. It was with great regret that the Board accepted the resignation of Mrs. Brackett as visitor to take effect January 1, 1926. She will, however, always retain her interest in the work and will continue to help the Board with her wide knowledge of the town and her wise advice. Mrs. Stebbins, as a member of the Board, has temporarily assumed Mrs. Brackett's duties without salary. Mr. Albert Rounseville continues to act as agent.

Owing to the sudden death on January 8, 1925, of Mr. Eldredge, superintendent of Town Farm, it was necessary to appoint a new superintendent and matron. The Board sought the advice of Mr. Francis Bardwell, Inspector of Almshouses of the Massachusetts Department of Public Welfare, and with his enthusiastic recommendation Mr. and Mrs. Edgar A. Chase were appointed to fill the vacant positions. Mr. and Mrs. Chase were employed at that time at the Town Farm in Winchendon, and two members of the Board visited them there before the appointment. They began their work in Milton March 1.

The appropriation of the town last year was $15,000, and there was a needed transfer from the Reserve Fund of $137.37.

There reverted to the treasury of the town from all sources $3,528.38. The net cost was therefore $11,608.99.

The expenditures at the Town Farm were $5,376.30. There reverted to the town in receipts $990.82. The net expense was $4,385.48.

The inmates at the Town Farm January 1, 1925, were seven, two of whom were boarders, who left about March. One other inmate was removed June 6 to Taunton State Hospital for the Insane. One was removed November 9 to Tewksbury State Infirmary because she needed hospital care.

On January 1, 1926, there were three inmates at the Town Farm.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman.*
HUGH McCUE, *Secretary.*

CHARLES W. ROLLINS.
EDITH E. STEBBINS.

REPORT OF TRUSTEES OF THE MILTON PUBLIC LIBRARY

MILTON, January 14, 1926.

To the Citizens of the Town of Milton.

The Trustees of the Milton Public Library present their statement for the year 1925 and would call the attention of the citizens to the accompanying report of the Librarian.

This report indicates a useful year and states the significant fact that while the town has increased in population 36 per cent during the last five years, the increase in the circulation of books from the library has been 31 per cent in the same period. This shows that the new residents of Milton are quick to appreciate what the library has to offer them.

While the Trustees realize that a portion of the circulation of the library includes fiction which may be classed as entertainment, they wish to call attention to the large circulation of fiction of importance and of books of serious and educational value. The library is fulfilling its twofold purpose as a source of instruction and of legitimate entertainment.

The work with children and with foreigners through the Americanization class is especially to be commended.

The Mattapan Branch continues to be overcrowded. As was indicated in the report of last year, some radical improvements in the service of the library in this district will be required in the near future, with a proportionate increase in expense.

The Trustees ask for an appropriation for 1926 of $19,920, of which $17.235 is for the use of the library and $2,685 is for repairs and renovation at the central building.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
FRANK E. LANE, *Treasurer,*
RODERICK STEBBINS, *Secretary,*
ALEXANDER McADIE,
ARTHUR S. PIER,
ROBERT SALTONSTALL,
ROGER L. SCAIFE.
FREDERIC M. STONE,
ARTHUR H. TUCKER.

Board of Trustees, Milton Public Library.

REPORT OF LIBRARIAN

JANUARY 12, 1926.

To the Trustees of the Milton Public Library.

I have the honor to submit my report for the year ending December 31, 1925.

A walk or ride today in any direction within the town limits tells an observer one and the same story, — that Milton is growing rapidly. That this growth is evidenced by the work at the library is shown by the circulation for the past year, which has reached the highest figure in our history. During the year just ended we have issued for home use 112,295 books, a gain of 8,263 over last year. The per capita circulation, however, has dropped from 10.4 to 8.7, owing to the fact that we are using as a basis the 1925 state census, which gives to Milton a population of 12,861, against 9,382 in 1920. It is interesting to note that during these five years the town has gained 36 per cent in population, while the library has increased its circulation by 31 per cent. Of the total circulation 46,218 has been from the Central Library, 55,943 from the branches, and 10,134 through the house to house delivery service.

Splendid work has been done at all of the branches. An amount and quality of service is being rendered to the town by the assistants in charge which cannot be measured by words.

At Russell Reading Room there has been a small gain in circulation. In a community whose population does not vary from year to year, the usefulness of a branch is not gauged wholly by statistics, but the extra hours which are voluntarily given on Saturday afternoons during the winter months, the cheerful little Christmas tree with its small gift for each child coming in on Christmas Eve, tell a story of more importance than a large increase in circulation.

At East Milton a gain of 1,451 is evidence of a busy year. The total circulation of 25,222 is the largest in the history of the branch. A swinging sign has been placed over the door on Edge Hill Road, and we hope it will guide some of the new residents to the somewhat blind entrance.

For the fourth consecutive year I bring to your attention the crowded condition of the Mattapan Branch. This branch was opened twenty-five years ago. The floor space at that time was at least twice as large as that in our present quarters. The circulation for the first year was 3,705, an average of 11 a day; that of 1925 was 27,335, an average of 84. This means that 73 more books were circulated daily in 1925 than in 1900. The increase over last year is 3,178; over five years ago, 5,251. Every indication points to a still greater growth of population in this district, and should the work of the branch continue to expand during the next five years as during the past five, we shall be facing in 1930 a problem that will be difficult to cope with under present conditions.

Mattapan needs a new branch library. When will Milton supply this need?

The Mattapan Branch is by no means the only crowded department of the library. When we moved into the present building in 1904 from the cramped quarters of what is now the Blue Hill National Bank, it seemed as though years would pass before we should outgrow the then seemingly spacious rooms. A few years only had passed when we began to feel the need of more shelving space, and now the stacks are filled to their utmost capacity. For the last fifteen years there has been a continual move from one section to another. We have moved books little used to the basement; we have used the tops of the stacks, places never intended for the shelving of books and accessible only by way of a stepladder. We have filled the East Room with bound periodicals; volumes from the Children's Room have been placed in the catalogue room and in the basement, and still the moving process continues every few months, as new volumes are added to the library, demanding more shelving space. During December some relief was obtained by placing shelves in the Reception Room. Here are shelved the children's books which had taken up so much valuable working space in the Catalogue Room, and other books have been moved from the Children's Room, thus relieving to some extent the congestion in that room. This condition is serious enough in itself, in that it is difficult to put away or locate books, but it also creates an untidy appearance in the stacks, which is much to be regretted.

There has been a gain of 1,222 in circulation in the Children's Room. The figures have fluctuated in this department, there being a large gain during the first six months, but a corresponding loss during the summer. An interesting experiment was made in November, during National Scout Week, when, at the request of the Girl Scout Council of Milton, two scouts were scheduled each day for work at the library. These girls put away books, revised shelves, worked on school deposits and were of definite help. Their spirit was splendid, and we hope the experiment will be made another year. In the spring the children had the rare privilege of having in the Children's Room a letter written by Queen Victoria, when a child of seven, to Lady Huntly, thanking her for the "two pretty ponies you were so very good to send me on my birthday." This letter was loaned by Miss Mary Bowditch Forbes.

Not for several years has there been such a large number of books added by gift and by purchase to the Milton Collection. I sometimes wonder if the townspeople realize how valuable this collection is. One room of the building is devoted to this group of books, and here are housed all volumes, pamphlets and magazine articles pertaining to Milton, about Milton people, and those written by the men and women who either are now living in the town, or who have lived here in the past. This room also contains as complete a set of town documents as it has been possible for us to gather together. This year the collection has been increased by adding to it books, pamphlets and magazine articles written by Mr. Arthur Stanwood Pier, Mr. Roger Wolcott, Miss Annie Kimball Tuell, Mr. Walter S. Hinchman, Mr. Leonard M. Patton, Rev. Roderick Stebbins, Prof. Ellsworth Huntington, Dr. Alexander McAdie, Miss Elinor Whitney, Mr. Frederick H. Osgood, Mr. William L. W. Field, Rev. Vivian T. Pomeroy and Prof. John C. Scammell.

Modesty sometimes prevents an author from calling attention to books or articles which he may have written, and it is quite possible to overlook material which would be a valuable addition to this collection. The librarian would be glad to be told of any material which will make the Milton Collection more complete.

One Sunday afternoon in January Dr. Harris Kennedy addressed an audience in the Historical Room on the total eclipse of the sun. This was a hastily arranged meeting, with little publicity, yet Dr. Kennedy spoke for an hour to a group of people which taxed the seating capacity of the room. Many people who had given little thought to taking a trip into the eclipse area were inspired to make the journey after hearing Dr. Kennedy's delightfully informal talk on the wonderful phenomena to be seen.

In July, Miss Pauline F. Becker of East Milton, a Simmons College student, was assigned to our library for practice work. During the two weeks that she was with us Miss Becker showed initiative, a willingness to help and a splendid conception of the spirit of service.

It is with much regret that we report continued mutilation of books. This is not a condition peculiar to Milton, for all libraries are faced with the same problem. While many libraries find the mutilation going on among all classes of books, our peculiar difficulty has been with the art books, and so serious has this become that it has seemed wise to put a locked gate on the alcove which shelves the fine arts.

The Americanization Class made its annual visit to the library one evening in November. This is a happy occasion that is enjoyed equally by the class and by the library staff. More and more these young men and women are using the library, and are taking out books which will help them to learn English rather than books in their native languages. A very tangible evidence of their appreciation of what the library is trying to do has been shown by gifts of post cards and pictures of Italy and the Madeiras from Mr. Louis Gregis and Mrs. Mary Marks.

The townspeople continue their generous giving to the library. Books, magazines and pictures have been given by Dr. M. V. Pierce, Dr. Harris Kennedy, Mrs. George Cushing, Mrs. Charles W. Lillie, Mrs. Norton Wigglesworth, Mrs. Robert Haydock, Mrs. Philip P. Chase, Lauriston L. Scaife, 2d, Mrs. Strafford Wentworth, Mr. Roger L. Scaife, Mr. Nathaniel T. Kidder, Mr. Walter S. Hinchman, Miss Ellen Cushing, Mrs. Alfred C. Redfield, Mrs. Geoffrey S. Whitney, the estate of Benjamin F. Harding, Mr. Leonard M. Patton, Mr. Robert Herrick, Mrs. Edward C. Williams, Mrs. H. Clifford Gallagher, Mr. James S. Russell, the Columbine Book Club, Mrs. Sherman Ramsdell, Miss Alice Cushing, Mrs. Charles H. Williams, Miss Amy Brewer, Mrs. Louis A. Coolidge, Dr. George T. Tuttle, Mr. Roger Wolcott, Mr. Louis Gregis, Mrs. Mary Marks, and Miss Isabelle Whittier. One book came from Constantinople from one of our old friends, Mrs. Cornelia Huntington Damon. Miss Mary B. Forbes presented us with a framed copy of the address delivered by Louis A. Coolidge on February 12, 1925, at the Lincoln Cabin.

There have been nine exhibits in the Art Room during the year, including the second annual exhibit by the artists of Milton, etchings by Lester G. Hornby, portrait drawings by Frederick Wallace, pastels by Bert Poole, paintings in oil and water colors by Susan Higginson Nash, S. Gilchrist Sykes, Dorothy Stanley Emmons, Alice F. Tilden, and Foreign Travel Posters loaned by Isabelle Whittier. Miss Whittier very generously gave to the library at the close of the exhibit all posters that had not been sold.

Once more I wish to thank the Trustees for granting me a six weeks' leave of absence during the summer, because of ill health, and to express my gratitude to members of the Central and branch staffs for their kindly help and consideration during this period.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian.

FINAL REPORT OF TUCKER SCHOOL BUILDING COMMITTEE

DECEMBER 23, 1925.

To the Honorable Selectmen, Town of Milton, Massachusetts.

GENTLEMEN: — I herewith submit final report of the New Tucker School Building Committee.

Total amount appropriated	$265,400 00
Total amount drawn by vouchers	262,811 36
Balance revert	$2,588 64

The New Tucker School has been completed and turned over to the School Committee and accepted by them.

REPORT OF THE SEWER COMMISSIONERS

JANUARY 1, 1926.

The Board of Sewer Commissioners make the following report of operations of the Sewer Department during the year ending December 31, 1925.

General

Population by census of 1925	12,861
Estimated length of streets of the town (miles)	55
Percentage of length provided with sewers	36.9
Method of disposal	Metropolitan system

Collection Mains

	For Sewage.	For Sewage and Surface Water.
Linear feet of pipe (measured)	108,346.9	700 [1]
Linear feet extended during year:		
By town	2,898.0	–
By private parties	649.1	–
Number of inverted syphons	1	–
Number of manholes	491	–
Number of storm overflows	1	–
Number of emergency overflows	1	–
Number of automatic pumping stations	1	–

[1] Storm overflow.

House Connections

Number made during year	117
Number of stoppages coming to the notice of the Department	14

Discharge of Sewers

Estimated population using sewer system	8,400
Number of buildings connected	1,585

Financial

Total cost of collection mains to December 31, 1925	$264,435 26
Bonded debt at date	$30,000 00
Rate of interest on bonds	4%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The extensions made during the year were as follows:

By the town: Central Avenue, 491.3 feet; Maple Street, 200 feet; Eliot Street, 169.8 feet; Plymouth Avenue, 394.8 feet; private land, from Churchill Street to Decker Street, 207.5 feet; Decker Street, north from private land, 206.5 feet; Decker Street, south, from private land, 230.6 feet; and Pine Tree Brook Trunk Sewer, through private land, 997.5 feet.

By private parties, extensions were made connecting with the town sewers as follows: Governor's Road, south of Edge Hill Road, 250.7 feet; Governor's Road, north from Brook Road, 148.4 feet; and Garden Street, 250 feet.

Betterment Assessments

In accordance with the vote of the town passed at the annual town meeting of March, 1925, the Sewer Commissioners have materially increased the rate of assessment for betterments resulting from sewer construction. They have adopted a procedure in this matter which they feel will keep the assessments in line with the costs as measured by the cost of sewer construction during the five years just prior to the year in which the sewer in question is built.

FREDERIC A. EUSTIS,
STANLEY CUNNINGHAM,
FRED Y. MARSHALL,
Board of Sewer Commissioners.

REPORT OF SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 1, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1925.

Number of scales, weights and measures sealed	758
Number condemned	2
Number of scales and weights found incorrect and adjusted	12
Number of measuring pumps, 65; 250 stops	275

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF SUPERINTENDENT OF STREETS

MILTON, January 19, 1926.

To the Honorable Board of Selectmen, Milton, Mass.

GENTLEMEN: — I herewith submit the report of the Street Department for the year 1925.

During the winter the removal of snow and ice from the streets and sidewalks was carried on in the usual manner. The spreading of sand during the icy periods on sidewalks and streets is increasing each year, and requires the storage of a great amount of sand for this purpose. Widening of dangerous curves and corners and improving the road surfacing was given special attention during the year.

Owing to the favorable weather conditions, extensive repairs were made on all the main highways early in the season, thereby saving a great deal of maintenance work usually done later in the year. All the street widening work that had been under construction during the preceding year was completed, but there is a great amount of this kind of work to be done in every section of the town.

Permanent Construction

While the appropriation for permanent construction was reduced from $30,000 to $20,000, the amount of work accomplished was very satisfactory.

The appropriation was expended as follows: Atherton Street from Canton Avenue to Blue Hill Avenue, Brush Hill Road from Dana Avenue to Atherton Street, and on the northerly side of Edge Hill Road, from Pleasant Street to Grafton Avenue:

	Cost
Atherton Street:	
792 lineal feet 3,323 square yards	$6,020 73
Edge Hill Road:	
4,050 lineal feet 8,250 square yards	9,684 97
Brush Hill Road:	
1,735 lineal feet 5,435 square yards	4,293 33
	$19,999 03

Appropriation	$20,000 00
Expenditures	19,999 03
Revert	$0 97

General Maintenance

The appropriation for general maintenance, which has to meet the expense of all the various kinds of work for the year, was expended as follows:

Snow and ice	$7,244 65
Oiling and sanding	7,615 57
Bridges, fences and signs	1,692 21
Street cleaning	6,049 57
Office expense	1,587 83
General road repairs	17,909 77
Drains and catch basins	3,300 61
Tar patching	10,156 12
Traffic signs and beacons	994 86
Plant and equipment	9,479 07
Miscellaneous highway work and repairs	952 82

Street Widenings

Central Avenue	$263 39	
Milton Street and Blue Hill Avenue	257 21	
Gun Hill Street	231 00	
Blue Hill Avenue and Atherton Street	217 39	
Adams and Pleasant streets (resurfacing)	1,486 71	
Pleasant Street	377 87	
		2,833 57

Resurfacing of Streets

Metropolitan Avenue	$2,061 05	
Dyer Avenue	2,694 53	
		$74,572 23
Appropriation	$75,184 92	
Expenditures	74,572 23	
Revert	$612 69	

Permanent Sidewalk Construction

This appropriation was expended as follows:

Central Avenue sidewalk and bridge at Brook Hill Road		$920 08
Brook Road, west from Blue Hills Parkway (one-half cost)		97 44
Houston Avenue at Dyer Avenue (240 lineal feet)		150 50
Central Avenue at High School (404 lineal feet)	$510 00	
Brook Road gravel walk at High School	450 34	
		960 34
Grafton Avenue, north side from State Street (712 lineal feet)		1,213 09
Oak Street, south side from Blue Hills Parkway (535 lineal feet)		995 16
Willoughby Road, west side Eliot Street to Blue Hills Parkway (703½ lineal feet)		480 10
General repair work		182 76
		$4,999 47
Appropriation	$5,000 00	
Expenditures	4,999 47	
Revert	$0 63	

Granite Avenue Bridge

Pay roll	$2,455 05	
Fuel, lights, printing, etc.	239 04	
		$2,694 09
Appropriation	$2,800 00	
Expenditures	2,694 09	
Revert	$105 91	

Widening Central Avenue at Brook Hill Road

Balance of appropriation	$35 00
Expenditures	35 00

Inventory

Plant and equipment at town yard, Randolph Avenue:

Stable and equipment	$16,500 00
Steam rollers	6,500 00
Motor equipment	10,500 00
	$33,500 00

In concluding this report, I wish to extend my sincere thanks to your Honorable Board for your assistance and advice during the year, also to the citizens of the town for their co-operation and suggestions.

Respectfully submitted,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF BOARD OF WATER COMMISSIONERS

MILTON, MASS., January 16, 1926.

To the Citizens of the Town of Milton.

The Board of Water Commissioners submits herewith its annual report.

At the town meeting on March 14, 1925, a prepared statement by your commissioners was read, and because it deals with problems that are still with us, and because they are important, we are including extracts from this statement as a part of our annual report for this year so they may become a matter of public record.

Extracts from Statement by the Water Commissioners, read at the Town Meeting of March 14, 1925

"The statement that we, as Water Commissioners, are officially advising the town that the Department is self-supporting, needs explanation. It is only so to the extent that during 1924 the Department did finance from earnings, interest and retirement charges on all outstanding water bonds and paid operating costs.

"This was possible only with the town's appropriation of $9,000 for hydrant service. This lump sum has always been paid to the Water Department for water used for community purposes. If the Department is to operate on the present basis this appropriation of $9,000 must be continued.

"The Enabling Act, under which you run the Water Department through your Commissioners, directs that any deficit be made up either by an increase in water rates or by a direct tax levy; therefore, as a practical matter, and regardless of what is appropriated as hydrant service, you pay the cost of operating this Department.

EXTENSION OF WATER MAINS

"We ask authority to issue bonds to finance needed extensions to the system. These extensions are of two kinds: those necessary to supply water to homes, and extensions to reinforce the system so that all our homes may be properly protected against fire.

"The Enabling Act allows the Department to spend not more than $10,000 per year from its earnings for extensions to the system. If this sum was sufficient in 1902, when the act was passed, clearly it is too small today because of the shrunken value of the dollar and the present rapid growth of the town. Hence the necessity of issuing bonds.

"In 1921 the Board of Fire Underwriters advised the selectmen that the water supply in Mattapan and East Milton was inadequate, and suggested remedies which seemed costly. Your Commissioners, recognizing that danger, engaged consulting engineers to examine the system, who confirmed the underwriters' report, but proposed remedies that were less expensive.

"In 1922 the consulting engineers considered the conditions serious and urged completion of reinforcements as recommended within five years. Less than one year's program has been done.

"In February, 1925, the same engineers reviewed the matter and reported that the town's recent growth made the situation still more serious and referred to the existing conditions as a "makeshift."

"It is to protect us all from the increasing fire hazard of these rapidly growing areas that your Commissioners unanimously recommend gradual reinforcement of the water system. The Department can finance from earnings the reinforcements planned for 1925.

"This problem touches you all in your homes, and much as your Commissioners are in sympathy with economy, they are in duty bound to urge what they believe is for your permanent good."

The passage of ten months with continued rapid increase in population has in no way changed the facts given in the statement of the Water Commissioners read at the town meeting of last year.

Report of Activities for the Calendar Year 1925

1. Operations, 1925

Operating receipts		$77,828 51	
Operating expenses		43,681 01	
Net operating revenue			$34,147 50
Interest	$6,001 96		
Bond retirement	12,250 00		
Total fixed charges		18,251 96	
Net earnings			$15,895 54
Earnings spent for extension of mains (maximum allowed by Enabling Act, $10,000)			10,000 00
Surplus earnings available for interest and retirement of additional bonds as of December 31, 1925			$5,895 54

The information in the following table compares the conditions of 1902 and the last five years:

	Number of Fire Hydrants in Use.	Number of Services (Meters) in Use.	Miles of Main in Use.	Cubic Feet of Water purchased.	Population April 1, by Assessors.
1902	266	1,000	35	15,873,596	7,100
1921	421	2,248	54	19,642,246	10,176
1922	434	2,395	56	21,275,535	10,630
1923	445	2,577	57	22,080,615	11,295
1924	467	2,837	60	26,277,406	11,950
1925	496	3,161	64	29,471,791	12,779

At the close of 1925 fifteen persons were regularly employed by the Department, which is conducted economically and efficiently.

2. The 1925 Business

Earnings increased over 1924, which up to that time had been the largest in our history. The net increase in services was 324 as compared with 260 in 1924, and 3,194,385 cubic feet of water were used in excess of the 1924 consumption.

The population continues to increase, and this requires both extensions to and reinforcements of the system.

3. The 1925 Program

The extensions and reinforcements to the water main system as contemplated for 1925 have been completed substantially as planned.

We expect to be in our new quarters in the Thacher School Building during the current year.

4. Financing for 1926

We have estimated our needs for extensions to and reinforcements of the water main system in 1926, which we think should be secured through a bond issue. We believe the Department's earnings will provide the money necessary for interest payments and retirements of these bonds, together with those now outstanding, and have introduced articles in the town warrant accordingly.

Respectfully submitted,

MARCY L. SPERRY,
EDWARD E. FORD,
EDWARD L. HURD,
Board of Water Commissioners.

Statement of the Financial Condition of the Water Department on December 31, 1925

Assets

What the Department Owned

(1) Plant $671,219 25

This includes all of the water works property belonging to the town which is being operated by the Water Department. It consists of street mains; services, meters for measuring water used; gates for the control of water supply, and hydrants for fire protection; general equipment such as air compressor, Leadite equipment, pipe machines, forges, etc., used in construction work; automobiles and trucks; and office equipment, such as typewriter, adding machine, desks, filing cabinets, etc.

(2) Cash 7,829 84

The amount held by the Town Treasurer to the credit of the Water Department, subject to withdrawal only by warrants of the Commissioners, plus a small cash fund which is maintained in the offices of the Department for defraying minor expenses.

(3) Savings bank deposits 8,414 28

These deposits are made by consumers whose homes are in new territory. The money is held in the Milton Savings Bank as a guarantee to the Water Department of an adequate return for five years on the investment made to give such consumers water service. Satisfactory collateral in lieu of cash would be considered by the Commissioners.

(4) Accounts receivable 23,858 77

The amount owed to the Water Department by residents and others for water supplied, services, installations, or for miscellaneous items.

(5) Materials and supplies 10,652 03

The value of supplies such as iron pipe, pipe fittings, valves, repair parts, etc., on hand.

(6) Suspense 6,057 15

Automobiles — Cost of one Ford truck, one Autocar and one G. M. C. truck purchased in 1925 . . . . $5,907 15

Automobiles Abandoned — Cost of Ford truck retired from service 150 00

Final disposition to be made of above items has not yet been determined.

(7) Interest paid in advance 694 45

Prepaid interest on note for $50,000 held by bank, which becomes due May 1, 1926.

Total assets $728,725 77

Liabilities

What the Department Owed

The Department accounts for money used to provide your water system as follows:

(8) Bonds outstanding $142,000 00

The Department is responsible for the property represented by these bonds.

In 1902 bonds were issued for $312,000. Since that time $242,000 of these bonds have been retired, leaving bonds outstanding of this issue amounting to $70,000.

Bonds amounting to $50,000 were sold in 1924. Of this issue $2,000 have been retired. Balance is included in this item.

Par value of bonds sold in 1925 was $25,000, of which $1,000 were retired, the balance being included in this item.

The property represented by the bonds retired is included in the next two items.

(9)	Town of Milton	$239,675 55
	The total net money provided by the town for extensions to the system or for bonds retired by the town at maturity.	
(10)	Milton Water Works	236,693 70
	The Department's earnings invested in the system or returned to the town for bond retirement.	
(11)	Accounts payable	305 08
	This amount represents current bills for supplies or services not yet due.	
(12)	Notes payable	50,000 00
	Temporary bank loan to provide funds for additions to plant. Note to be paid when bonds, whose issuance has already been authorized by the town, are sold.	
(13)	Consumers' guarantee on main extensions	8,414 28
	The guarantees appearing in the assets (Item 3) as pledged by consumers in new territory are held only as a trust, and therefore cannot be used for Department purposes unless forfeited. To offset this item, which must be accounted for in the statement of assets, there must be again shown a like amount as a liability for which the Department is responsible to those who have pledged it.	
(14)	Sale of water — minimum advance	6,927 56
	Advance payment of minimum charges made by the consumers were credited to this account and are being reduced as the water is used.	
(15)	Interest accrued	1,265 84
	This is interest accrued on bonds outstanding.	
(16)	Reserve for bond retirement	6,583 34
	$13,000 par value of water loan bonds become due and payable each year. These payments are now being made from the earnings of the Department, and this amount represents that portion of these $13,000 bonds payable in 1926 which is applicable to the year 1925.	
(17)	Suspense	40 00
	Salvage on automobiles abandoned. Amount allowed at time Ford truck was retired from service. Final disposition to be made of this item is not yet determined.	
(18)	Retirement reserve	5,000 00
	Amount set aside from surplus to build up a reserve against which will be charged the original cost less salvage of property retired from service due to having become worn out in service, obsolescence, or for other causes.	
(19)	Surplus	31,820 42
	The book value of the Department property exceeds its obligations by the amount of this surplus.	
	Total liabilities	$728,725 77

REPORT OF PLANNING BOARD

MILTON, MASS., January 18, 1926.

To the Citizens of Milton.

Your Planning Board submits the following report for 1925.

The duties of a Massachusetts planning board are purely advisory and contemplative.

Pine Tree Brook

From Pope's Pond to Brook Road this stream, sluggish most of the time, meanders through the Mattapan section, offering a breeding place for mosquitoes, and carrying the threat of a slum district in the near future.

Last March you authorized a taking by the town of some 14 acres along this stretch of the brook, and appropriated $5,000 towards its improvement, coupled, however, with the condition that the land should be given. This was not done, and the effort failed. We may ask for action again next March.

Edison Conduit

At the request of the Selectmen we helped secure as satisfactory a route through the town as possible.

Zoning

Last spring we engaged Arthur C. Comey to study our present zoning by-law and suggest improvements.

In his opinion the time has come to forbid further building of two-family houses, except in our business zones; and to demand enough space around single houses to prevent unhealthy crowding. We agree with Mr. Comey, and feel that only prompt action will save Milton from being swamped with the sort of thing which has ruined Roxbury and Dorchester.

Appropriation

A considerable portion of the $3,700 voted last March has been returned to the town treasury, and we are asking for somewhat less this year.

Respectfully submitted,

JAMES S. RUSSELL, *Chairman.*
DAVID A. HEFFERNAN, *Secretary.*
JESSE B. BAXTER.
W. LAWRENCE MURPHY.
ARTHUR H. TUCKER.

G. FRANK KEMP,
Collector.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1925 . . . . . $63,629 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1925 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1925 . . . . . $6,781 47

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1925 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

JOSEPH H. DUFFY,
Town Accountant.

REPORT OF AN AUDIT OF THE ACCOUNTS OF THE TOWN OF MILTON FOR THE YEAR ENDING DECEMBER 31, 1925

MADE IN ACCORDANCE WITH THE PROVISIONS OF CHAPTER 44, GENERAL LAWS

STATE HOUSE, BOSTON, February 9, 1926.

To the Board of Selectmen, MR. ROGER WOLCOTT, *Chairman, Milton, Massachusetts.*

GENTLEMEN: — I submit herewith my report of an audit of the books and accounts of the town of Milton for the year ending December 31, 1925, made in accordance with the provisions of chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Examiner of this Division.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

REPORT OF THE STATE CHIEF EXAMINER

MR. THEODORE N. WADDELL, *Director of Accounts, Department of Corporations and Taxation, State House, Boston.*

SIR: — As directed by you, I have made an audit of the accounts of the town of Milton for the year ending December 31, 1925, and submit the following report thereon:

The financial transactions of the town as recorded on the books of the several departments were checked and compared with the reports and records in the town accountant's office.

All books and accounts in the accountant's office were examined and checked in detail, the recorded receipts being compared with the treasurer's books and with the records of the several departments collecting money for the town; and the disbursements were checked with the warrants approved by the selectmen and with the treasurer's books.

The ledger postings were checked with the books of original entry, the ledger accounts were analyzed and adjusted, and a balance sheet, which is appended to this report, was prepared, showing the financial condition of the town as of December 31, 1925.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were checked with the records in the several departments collecting money for the town and with the other sources from which money was paid into the town treasury; and the payments were checked to the warrants authorizing the treasurer to disburse town funds.

The payments of debt and interest were checked with the amounts falling due and with the cancelled bonds, notes and coupons on file.

The cash balance as of December 31, 1925, was verified by statements furnished by the banks. A reconciliation of the treasurer's cash and bank balance is appended to this report.

The books and accounts of the tax collector were examined, and the recorded receipts were checked to the payments made to the treasurer as shown on his books.

The commitments of taxes and special assessments were verified by the assessors' records, as were the records of abatements granted. The outstanding taxes and assessments were listed and reconciled with the accountant's ledger.

The commitments of departmental accounts receivable, namely, charges for moth, tree warden, health, public welfare and cemetery accounts, were verified, and the outstanding accounts were listed and reconciled with the accountant's records.

Tables showing a reconciliation of the taxes, assessments and departmental accounts receivable are submitted with this report.

The records of the water department were examined. The accounts receivable could not be readily audited, since the commitment sheets, wherein the various charges for

water and services were to be listed, were not kept up as originally installed in 1924, resulting in a variation between the detailed outstanding accounts receivable and the controlling ledger accounts. Arrangements have, however, been made for the re-installation of the commitment sheets, which, when properly kept up, will greatly facilitate the proving of the various commitments and the reconciling of the outstanding accounts receivable.

The town clerk's records were examined, the records of appropriations, loan authorizations and transfers voted by the town being checked with the accountant's ledger accounts.

The surety bonds of the town treasurer, collector and town clerk were examined and found to be in proper form.

The investments of the several trust funds in the custody of the treasurer, library trustees and trustees of the Wadsworth Fund were examined, and the recorded receipts and expenditures of each fund were verified and checked to the accountant's ledger.

Summary tables showing the total of the funds at par, together with the transactions for the year, are appended to this report.

In addition to the departments and accounts mentioned, the cash receipts from other than committed accounts were checked to their source and verified by comparison with the treasurer's and the accountant's books.

For the courtesy and co-operation received during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON,
Chief Examiner.

REPORT

OF THE

SCHOOL COMMITTEE

AND OF THE

SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith as its main report the report of the Superintendent of Schools, to which it invites your careful attention.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

Gifts

High School:

Picture of Washington and Picture of Lincoln — Class of 1925
The "H" Book of Harvard Athletics 1852–1922 — Harvard Varsity Club
Drawing Instruments — Miss Catherine W. Faucon

Belcher School:

Stereopticon lantern — Belcher School Association

Tucker School:

Plants and vines for window boxes — Mr. William Farrell

Estimates for 1926

After careful consideration of the estimated cost of maintaining the schools during the year 1926, your Committee recommends the appropriation of $216,620. The Committee further recommends a separate appropriation of $600 for tuition charges in state-aided trade and industrial schools.

Respectfully submitted,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of the Town of Milton:

Looking Toward the Future

The annual Town meeting of March, 1925, upon request of the School Committee, authorized the Moderator to appoint a committee of five citizens to consider the acquisition of land for future school purposes and report thereon not later than the next annual meeting.

The increasing appreciation of the attractions of Milton as a place of residence, together with the extension of the rapid transit service, placing our Town within a few minutes of the shopping and business sections of Boston, are bringing about a very rapid increase in the population of Milton.

The development of large areas of vacant land makes it imperative that the Town should act promptly in securing school sites for the future or be prepared to pay dearly for improved property. The appointment of this committee is, therefore, especially timely and their report will mean much to the economic and the educational interests of Milton.

Population Growth

The Massachusetts census of 1925 shows that in the five years from 1920 to 1925 Milton's per cent of increase of population, namely, — thirty-six per cent, was greater than that of any other city or town except one.

This growth is fully reflected in the enrollment of our schools, as shown by the following figures:

Enrolled in public schools of Milton, January, 1921	1,553
Enrolled in public schools of Milton, January, 1922	1,603
Enrolled in public schools of Milton, January, 1923	1,723
Enrolled in public schools of Milton, January, 1924	1,818
Enrolled in public schools of Milton, January, 1925	2,003
Enrolled in public schools of Milton, January, 1926	2,200

During these five years, then, there has been an increase of six hundred fifty pupils, about forty-two per cent. Of these six hundred fifty pupils, two hundred have entered our schools the past year.

Increase of school accommodations will continue to be a pressing necessity. Additions to present buildings and new construction should all be in harmony with a comprehensive plan carefully worked out to meet the future needs of the town as a whole.

High School Accommodations

A year ago attention was called to the immediate need of an addition to the High school building in order to avert a sacrifice of the educational interests of the High school and the Junior High school by reason of overcrowding, it being predicted that September of 1925 would show a total enrollment in that building of 825 to 850, whereas the normal capacity of the building is but 700. The accuracy of the estimate appears in the fact that 846 pupils were enrolled at that time.

At the annual town meeting last March the Town appropriated the sum of $200,000 for the erection of an addition to the High school building. In accordance with the same vote, the Moderator appointed the following Building Committee: Ernest E. Erickson, Elmer P. Fletcher, Olaf Olsen, Arthur H. Tucker, and Joseph A. Ewart. The Committee organized at once by the election of Mr. Erickson as Chairman and of Mr. Ewart as Secretary. Kilham, Hopkins & Greeley, the architects of the rest of the building, were immediately engaged as architects of the addition, plans were prepared, bids secured, and contracts awarded, so that construction was begun in June. Under the agreement with the contractors that portion of the addition that immediately ad-

joins the present building was completed during the summer vacation, thus providing space for four classes and avoiding the necessity of sending them to other buildings or putting the schools on a two-shift plan, both of which courses would have meant a distinct loss to the schools.

This new construction, in addition to sixteen rooms for recitation purposes, will provide a second gymnasium, thus making it possible to conduct classes for boys and girls simultaneously without interference. As the new gymnasium adjoins the present one, the two can be thrown into one for large class or track uses. There is also a room on the third floor over the new gymnasium to be used as a library and music room for large classes and the orchestral rehearsals. Additional locker rooms for both boys and girls, additional toilets, and increased wardrobe space are provided. An addition in the rear of the assembly hall will serve as a cross corridor and will relieve congestion at the front of the building. On the ground floor is provided a much needed addition to the lunch room. With the completion of the building the offices of the School Department will be located on the ground floor at the northwest corner of the new portion. The present offices facing the main entrance of the building will become the offices of the principal of the building. By the construction of a much larger stack, the attachment of a blower to each boiler, and the installation of a vacuum system in the present building as well as the new part, the capacity of the present heating plant has been increased sufficiently to heat the entire building.

The other features of the addition will be seen in a study of the accompanying floor plans and the perspective of the Brook Road side of the building.

The completion of this work will increase the capacity of the building by over five hundred pupils and will provide for the needs of several years. This will enable us to turn our attention now to the elementary school demands.

Elementary School Accommodations

While all the elementary schools except the Vose have shown an increased enrollment, it has been particularly large in the Tucker and the Belcher schools. The rapid growth in Mattapan and in East Milton will soon force to the front the question of additional school facilities in those sections. A year ago I suggested that consideration be given at the proper time to the erection of a new building east of Blue Hills Parkway instead of enlarging the Tucker school, in order to eliminate the necessity of crossing main thoroughfares. A similar condition exists in East Milton. Brook Road, Adams Street, Granite Avenue, East Milton Square, and the New Haven Railroad crossing are a daily menace to nearly half the children attending the Belcher school. Any plan of relief should, therefore, give careful consideration to the elimination of this danger. At the same time, further addition to the Belcher school, a wooden building on too small a lot, is not to be considered.

It is not necessary to ask that the annual Town meeting of March, 1926, be requested to make any appropriation for the construction of any school building, but it should protect the interests of the future by authorizing the purchase of land that will very soon be required for new schools.

Vacant School Buildings

The Town meeting of 1925 accepted from the School Committee the Thacher school building as no longer needed for school purposes and gave it into the custody of the Board of Selectmen, who have provided for its use by certain departments of the Town and by Milton Post of the American Legion.

No provision, however, was made for the disposal of the Houghton school building on Hillside Street. For nearly four years this building has not been used. Located at the extreme edge of the district upon a lot barely large enough to accommodate the building itself, it can only be a source of expense to the Town. The School Committee should not be expected to divert from necessary school uses the money required to keep in repair a building that will not fit into any plan of school organization.

Again I recommend that the School Committee be relieved of the responsibility for the Houghton school property.

A Suggested Plan for the Future

In determining the locations of the schools of the future, especially of elementary schools, the necessity of crossing main thoroughfares should be reduced to a minimum. So far as possible, elementary school districts should be laid out on a radius of a half-mile.

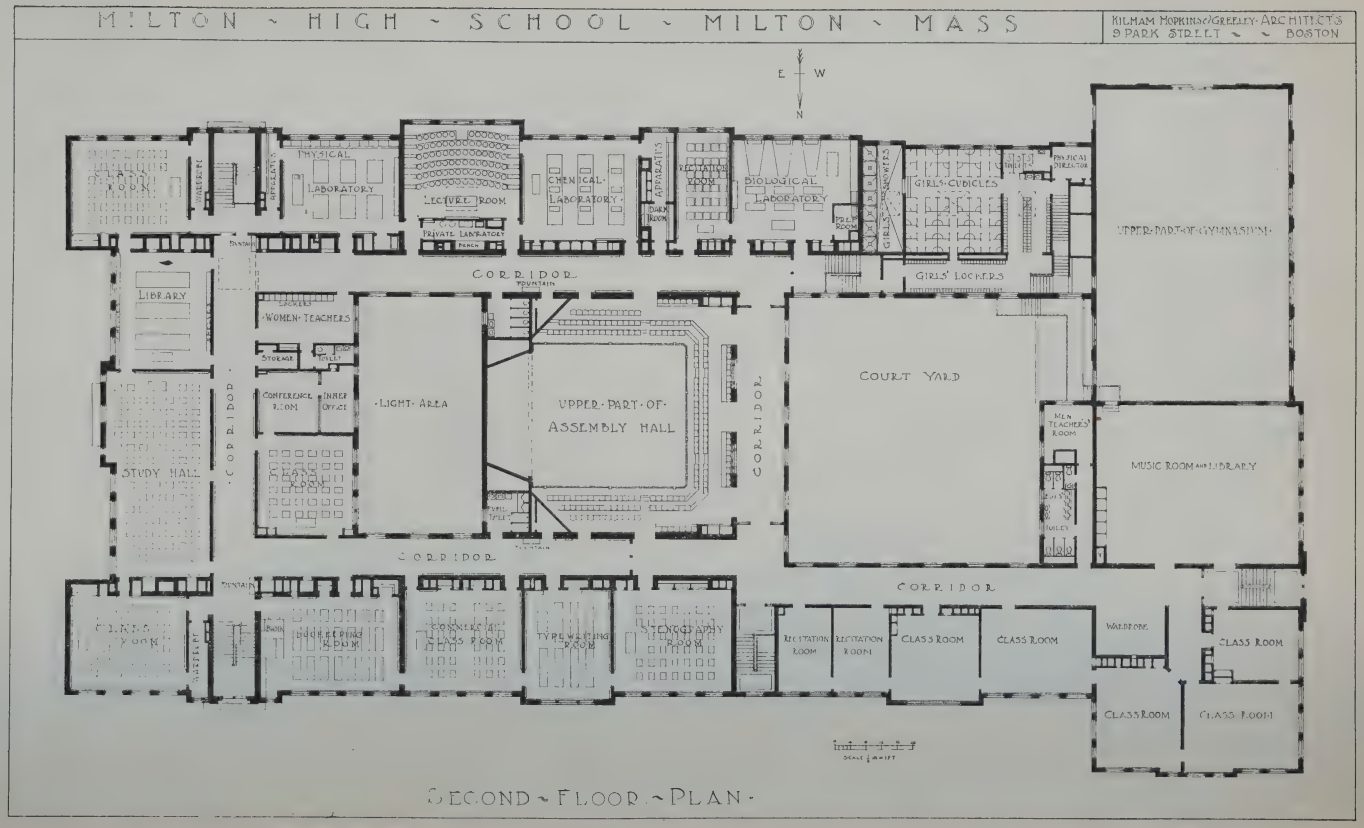
FIRST ~ FLOOR ~ PLAN



SECOND ~ FLOOR ~ PLAN

In applying such a plan to Milton, the Tucker and Vose schools, together with the Belcher school eventually replaced by a modern building, would be found to be well located. Provision should be made for a new building in the Eliot Street section, to care for the pupils east of Blue Hills Parkway, now attending the Tucker school, and also the pupils of the present Glover school, a wooden building upon a lot of wholly inadequate size and one that cannot be enlarged except at great expense. To care for the pupils west of the railroad in East Milton, avoiding the dangers previously referred to, a new building should be erected in the Edge Hill Road and Pleasant Street section, to include the pupils of the Wadsworth school. This latter building is also a wooden building, upon a small lot, and is not well located to meet future needs.

These five buildings would meet the requirements as laid down above, covering the entire Town except the Randolph Avenue and the Blue Hill Avenue sections, for which school-locations can be chosen as need arises.

There should be two junior high schools, one providing for the pupils east of Randolph Avenue and the other those west of Randolph Avenue.

One senior high school will be adequate for the town for many years.

The present High school building may well be considered for either the high school or for the western junior high school.

None but fire proof buildings should be erected and for the elementary buildings the Tucker school may well be considered a good type.

The provision of these buildings, distributed over a period of years and built somewhat in advance of needs, and so constructed as to be easily capable of addition, should give to Milton a practical system for an indefinite time.

The working out of a comprehensive plan is altogether in the interest of economy and efficiency.

Repairs

The exterior of most of the buildings is in reasonably good condition but much ought to be done in the way of interior painting and refinishing. It was planned to make a beginning upon this work the past summer, but at the urgent request of the Warrant Committee of 1925 this work was deferred. This with the postponement of the meeting of other needs made it possible for the School Committee to consent to a reduction of its appropriation for the current year. These needs, however, must be met this year.

After the close of school in June all the school boilers are subjected by the inspectors of the insurance company to a thorough examination, which is impossible while they are in operation. This examination the past summer disclosed the necessity of making radical repairs on the High school boilers. As this work could not be postponed, careful estimates of its cost were obtained and the Warrant Committee, in view of the emergency, transferred to the use of the School Committee from the Contingent Fund the sum of thirteen hundred dollars.

The inspectors also stated that the boilers in the Vose school, which have been in use for thirty years, are in such condition as to require that they be replaced in 1926. As a result, the School Committee has had a study made of the whole question of the heating and the ventilating of the Vose building and is asking for such a sum as will meet this requirement of the insurance company and will at the same time make this plant practically a modern one. With these changes this building will be in excellent condition except for interior painting.

If the growth of the Wadsworth district requires the use of the room now vacant, the furnaces will have to be replaced at once. Likewise the reshingling of the building cannot long be deferred. In view, however, of the possibility that this building may not long be needed, considerations of economy dictate that a minimum outlay be made upon it.

Attendance

Many parents, by permitting and excusing avoidable absence and tardiness, often for the most trivial reasons, are inviting failure on the part of their children, for which they may later criticize the schools. Such parents would not expect their boys to bring home a full pay envelope after missing a day's work in a shop. Yet the loss of a day in school is usually more serious, because of the fact that to a large extent success in one day's work is dependent upon performance of the work of the previous day.

School attendance is prescribed by law in the interest of the children. Parents may not legally use school time for work and pleasures that will interfere with such attendance. Most parents appreciate the sound reasons back of careful inquiry about

absence or tardiness and are glad to co-operate, but there are still enough who are indifferent or worse in their attitude to constitute a serious problem.

Such absence affects unfavorably not only the pupil involved, but also the rest of his class. Absence is destructive of the interests of the absentee and wasteful of the resources of the school.

Retirement of Principal

At the close of the school year in June Miss Julia M. Gordon, principal of the Glover school, was retired upon pension at her request.

Miss Gordon, after graduating from the Milton High school and the Quincy Training school for teachers, began her teaching in the schools of Bourne, Massachusetts, where she remained three years. She then came to Milton as the principal of the South school, later called the Houghton school, beginning her service there in 1886. In 1897 she was transferred to the principalship of the Glover school.

Her thirty-nine years in our schools will exert an ever-widening influence upon our town through the lives of those who as her boys and girls have come into close contact with the high ideals that characterized Miss Gordon in both her teaching and her practice.

Health Interests

In November, 1911, Miss Sydney Clarke began her service as School Nurse in our schools. In September of 1925 she resigned to pursue a special course of study in New York in preparation for social service work. During her years of service, including the particularly difficult period of the war, Miss Clarke unfailingly met the exacting requirements of her position, winning and retaining the confidence and co-operation of all with whom she came in contact.

The vacancy caused by the resignation of Miss Clarke was filled by the election of Miss Anita French of Boston.

The physical examinations of all the pupils were made as usual at the opening of the school year. In all the schools the work has gone steadily forward in the correction of physical defects disclosed by these examinations. Particularly successful has been the work in the correction of bad posture. Many are the children who can look forward to a far stronger physical life because of the work done for them in the Milton schools.

I wish to commend the fine work being done on the summer playgrounds under the direction of the Park Commission, as well as at the Cunningham Park under the direction of the Cunningham Trustees. One whose judgment is to be respected because of wide knowledge of playgrounds throughout the state recently stated to me that in their administration the Milton playgrounds are considered among the best.

Where our smaller children shall play is becoming a problem of grave importance. With vacant land fast being built upon and with the rapidly increasing volume of traffic through our streets, careful consideration must be given to this question or the lives of some of our little children may be the forfeit. Every school building should have a generous sized playground which will be available for the use of these smaller children out of school hours, without annoyance to neighbors or danger to themselves.

Consolidation of Principalships

With the resignation of the principals of the High school and the Junior High school at the end of the school year, the School Committee unanimously decided to combine the two principalships in the interest of educational efficiency as well as of economy.

Under this plan the two schools continue their independent organizations, each having its own distinct corps of teachers, its own program of work and recitations, and utilizing the special facilities without interference with the other school. At the same time the single principal has undivided responsibility for the building and is in a position to co-ordinate most effectively the educational and the administrative interests of both schools.

The Automobile Problem

The rapid increase in the number of automobiles using our highways, together with the fact that Milton is directly in the path of most of the traffic going south, presents an exceedingly difficult problem to us. Everywhere the soliciting of rides by children has become a nuisance to automobile drivers and in many cases a serious physical and moral menace to the children themselves. The Eastern Massachusetts Street Railway runs special school cars morning and afternoon between East Milton and the High school. The uncertainty and the reduction of patronage of these cars because of begging

rides has raised the question of the continuance of this service. Withdrawal of these cars would be embarrassing to the pupils from East Milton, but the Street Railway has a right to expect reasonable and steady patronage.

In order to safeguard the Milton children the School Committee at the beginning of this school year adopted a stringent rule forbidding the soliciting or acceptance of rides by pupils on the way to or from school except in cars approved by their parents. The unanimous endorsement of this action of the Committee by the several Parents' Associations and by others is most gratifying and shows an appreciation of the spirit that prompted this rule.

There is another side to this danger from the automobile that should not be overlooked. The Board of Selectmen this year built a sidewalk along the Brook Road side of the High school and also a concrete walk on the Central Avenue side. This makes it possible for pupils now to keep out of the path of automobiles at that point. Many of the pupils of the High and the Junior High schools on pleasant days walk to East Milton. For only a very small part of that distance is there a sidewalk. Thus they are constantly forced into the roadway. For most of the distance a sidewalk could be provided at comparatively small expense. I would urge that this danger be carefully considered and as far as possible eliminated by the construction of such a walk.

The Task of the Junior High School

The task of the Junior High school is to discover and develop the interests and abilities of the different pupils so that their later study, whether in the High school or elsewhere, shall be intelligently and successfully carried forward in the direction of making them successful, respected, and self-respecting members of the community.

That pupils differ widely is beyond the need of argument. In the Junior High school must be given the opportunity to test them under varying conditions and with a variety of work, in order that their particular lines of strength may be disclosed to them.

The various club opportunities afford a means of bringing out special interests; the assemblies and the home room activities provide occasions for demonstrating qualities of leadership and also assuming of responsibilities; the special electives chosen give close touch with those who have similar subject interests; the alphabetic assignment to home rooms without regard to electives brings together pupils representing all the various electives. Each of these groupings has a definite and a different purpose, all of them combining to reveal the pupil to himself and to his teachers in many relationships. In this way he can be more intelligently assisted in choosing the particular direction that his study in the High school should take. In other words, all these characteristics of a good junior high school have a very definite and valuable part to play in his education and make the junior high school the real adjustment school. They do not replace but they re-enforce the subjects of study and make possible a higher level of accomplishment because those subjects are thus more intelligently chosen.

I wish that all parents would visit the schools oftener, particularly the Junior High school. The interests of the children require the most complete co-operation between parents and teachers in order that full advantage may be taken of the opportunities of the Junior High school in determining right choices.

Grouping by Ability

As the enrollment of our schools increases, it gives us the opportunity to follow the practice that is universal in the best schools, of grouping pupils of different abilities in such a way that each child will be enabled to advance at the rate best suited to him. No one now attempts to defend the lock-step in education by which all pupils go forward in the same course and at exactly the same speed. The slower pupil is embarrassed and discouraged far more than he is stimulated by being in the class with the quicker pupil. It ought to be perfectly apparent also that we are unjust if we hold the quicker child down to the speed of the slower one; there is no surer way to establish habits of idleness and unrest than thus to give opportunities of wasting time.

Recognition of the fact that children differ does not involve the question of superiority or inferiority. The school should so group pupils that each and every one shall be placed in the position in which he can work according to his own ability and in which he can succeed, for the confidence that comes with success is one of the greatest of all driving forces. As our schools increase in size, this principle can be more and more effectively applied to the greater advantage of all the children.

Growth of Kindergartens

It is most gratifying to observe the growing appreciation by parents of the value of the kindergarten. Almost every child now entering our first grade has had the kindergarten training. This is making our first grade work more effective. In fact so many have applied for admission to the kindergarten that it has been necessary to adhere strictly to the age requirement that no child shall be admitted who will not be five years old before the first of the following January. As new pupils are admitted only in the month of September, parents should not fail to have them enrolled on the first days of the school year.

Courses of Study

The educational thought of the whole country is engaged in the effort to determine the content of the courses of study that should be provided in order to give to the schools the greatest value in preparing for the rapidly changing demands that our boys and girls will have to meet tomorrow. Never has there been a more earnest study of this question by teachers than at the present moment. An unusually large number of our teachers are taking professional courses in Boston and elsewhere out of school hours and are studying progressive educational methods and practice. In the elementary schools the principals and teachers have been at work for several weeks with the Superintendent in a consideration of the fundamental subject of reading. The other subjects will then be taken up in turn.

A similar study is being made in the High and the Junior High school subjects.

No-School Signals

Probably the most hopeless task of a Superintendent of Schools is his attempting to satisfy every one in his use of the no-school signal. To forecast New England weather accurately is much more difficult than to criticize the forecast afterwards.

The signal at 7.15 applies to all schools for the entire day. This is the only signal that affects the High school and the Junior High school and will rarely be used.

The signal at 7.30 omits the sessions of the grades below the Junior High school for the day. The signal at 11.40 omits the afternoon session for these grades.

Parents are expected to know the physical condition of their own children and to exercise their judgment in the matter of sending them to school if the signal is not sounded. At the same time children who are perfectly able to attend school should not be allowed to shirk their responsibility for the day.

In an increasing number of communities sessions are never omitted but the regular work is carried forward for all who are able to attend. There is much in this plan to commend it.

Continuation and Trade Schools

The Massachusetts law requires part-time attendance at a continuation school by children between the ages of fourteen and sixteen who are regularly employed. As most of our employed children are at work in Boston, they attend such schools in that city. Formerly this was without expense to Milton. By a recent law communities not maintaining continuation schools of their own are required to pay for the tuition of their children attending elsewhere.

Residents of the town who are over fourteen years of age are permitted by the law of Massachusetts to attend trade or industrial schools elsewhere. The tuition of these students must be paid by the town.

The amount of the tuition charges of continuation and trade schools is constantly increasing and now constitutes an item of considerable size in our school appropriation.

Americanization Class

There are constantly coming to our Town those who have but a limited knowledge of English and would, therefore, be materially assisted by the work of the Americanization class. This meets every Tuesday and Thursday evening from October to April from seven to nine o'clock in the Vose school. Its object is to give to newcomers to our country and to others of little school training such a knowledge of our language and ideals of citizenship as will fit them to become intelligent and worthy American citizens. This is the only evening class maintained in our schools.

Any who may know of those who would be helped by this class will render them a service by calling it to their attention. Admission is free to residents of Milton

School Savings

Just a year ago the Educational Thrift System of school savings was established in all our schools in co-operation with the Mattapan Branch of the Federal National Bank. That the habit of saving is being encouraged and established is shown by the fact that at the end of the first year the amount on deposit to the credit of our pupils is over $16,000.

Co-operating Associations

It is fitting that we should express our appreciation of the interest and co-operation of the Belcher School Association, the Tucker School Association, the Vose School Association, the Milton Education Society, and the Milton Woman's Club. Their reception to the new teachers of Milton has become an annual event of much significance. We value highly what they are doing in other ways also in support of our schools.

College Scholarships

It is perhaps not generally known that scholarships are available to graduates of our High school who are attending Harvard or Massachusetts Institute of Technology. Each year Milton boys have enjoyed the benefit of this assistance in securing a college education.

Conclusion

No brief report can be an adequate statement of what is being done in Milton's largest industry, its schools. In behalf of those charged with responsibility for our schools, all of whom are endeavoring to make them the best, I would extend a cordial invitation to all parents and other citizens to visit them frequently and by your active interest and co-operation join in making them the most effective instruments possible for training our boys and our girls for the best citizenship.

Respectfully submitted,

JOSEPH A. EWART,
Superintendent of Schools.

January 5, 1926.

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

SECTION 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September.

2. Tuition Pupils

SECTION 69. Tuition fees at the rate of $125 (One Hundred Twenty-five Dollars) per year in the High school, $100 (One Hundred Dollars) per year in the Junior High school, and $75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Superintendent of Schools at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-school Signal

SECTION 61. The signal 2-2 sounded four times on the fire alarm at —

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High school for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High school. This signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

STATISTICS OF CLASS OF 1925, MILTON HIGH SCHOOL

Total number of pupils in class of 1925 — 81

	Boys.	Girls.	Total.
Colleges	15	9	24
Normal schools	–	1	1
Other higher institutions	2	13	15
Graduate course, Dorchester High School	–	1	1
Total in schools or colleges	17	24	41
In business positions	13	23	36
At home	1	2	3
Abroad	–	1	1
	31	50	81

The wide distribution of our students of this class in higher institutions may be seen from the following list:

Boston University	5	Gibbs' Secretarial School	1
Northeastern University	6	Boston School of Physical Education	1
Bridgewater Normal School	1	Sargent School	1
Wentworth Institute	1	Lasell Seminary	1
Bentley School of Accounting	1	Miss Leslie's Kindergarten School	2
Radcliffe College	4	Simmons College	2
Boston College High	2	Emerson College of Oratory	1
Yale University	1	Bryant & Stratton Business College	1
Springfield College	1	Nursing	2
Bowdoin College	1	P. G. Course Dorchester High School	1
Dartmouth College	1	In business	36
Chandler Secretarial School	4	At home	3
		Abroad	1

During the year 1925, 102 requests for pupils' service have been received. These have been for assistance in positions as follows:

Assisting Mothers	Stenography
General Housework	Forestry Department
Clerical Work	Insurance
Chores	Leather Business
Dental Clinic	Shipping Office
Table Service	Drug Store

Whole number in class of 1925	81
Whole number in class of 1925 at work	36
Number placed by help of Advisory Bureau	22

93	Park Headquarters, Hillside Street	
94	Forest Street, Quincy Line	
95	Randolph Avenue, Quincy Line	
96	Randolph Avenue and Highland Street	

*Special Signals.

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down **ONCE** and let go. Remain at Box until arrival of Firemen and direct them to the Fire.

Signals

1 One blow, 7.30 A.M., 12 M., 5.45 P.M. Fire Alarm Tests.
1-1 Two blows, Recall.
1-1-1 Three blows followed by four rounds of box number, general alarm.

Signal for No School

The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High School for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High School — this signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

The 7.15 signal will rarely be sounded as it includes the closing of the High and Junior High Schools. If the 7.15 signal is given, the 7.30 signal will be unnecessary.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

BOARD OF FIRE ENGINEERS

J. HARRY HOLMES, *Chief*
F. ELLIOT CABOT
HOWARD S. PATTERSON, *Clerk*

Emergency calls for Fire Department should be "Milton Fire Department — Emergency"

REPORT OF TOWN ACCOUNTANT

To the Honorable Board of Selectmen.

In accordance with the Revised By-Laws of the Town of Milton, and General Laws, chapters 41 and 44, the books and accounts of all officers and committees intrusted with the expenditures of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1925, have been examined and found correct.

Respectfully submitted,

JOSEPH H. DUFFY,
Town Accountant.

Milton, Mass., December 31, 1926

REVISED BY-LAWS

Town of Milton, March 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902

The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, March 13, 1926, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925, March 18, 1926

Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922

The amendment to Chapter 12, adopted by the Town March 13, 1926, was approved March 17, 1926

CHAPTER 1

General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows: —

The word *public way* shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to

him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

Sect. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the House called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator; provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case, if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.: —

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

Sect. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

The Warrant Committee

Section 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town's Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

Sect. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

Sect. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

Sect. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Sect. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

Sect. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

Sect. 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall

omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery: —

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

Sect. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

Sect. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

Sect. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

Sect. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

Sect. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

Sect. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

Sect. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

Sect. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

Sect. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

Sect. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each

offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

Prosecutions and Penalties.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

The Construction and Inspection of Buildings

Section 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

Sect. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

Sect. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

Sect. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

Permits

Sect. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting

his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height	Foundations	Basement	Stories					
			1	2	3	4	5	6
1 story . .	16	12	8					
2 stories . .	16	12	12	8				
3 stories . .	20	16	12	12	8			
4 stories . .	20	16	16	12	12	8		
5 stories . .	20	16	16	16	12	12	8	
6 stories . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

Sect. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

Sect. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Sect. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

Sect. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

Sect. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

Sect. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak and Locust.	Other Woods.
Direct tension on compression or fiber stress . .	1,500	1,000
Direct compression side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression in short pieces or compressive fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (l) to least radius of gyration (r) not exceeding 16. l being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for l/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of l to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds

per square inch; shear in web (stiffened), 8,000 pounds per square inch; bearing on rivets, 18,000 pounds per square inch; bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

Sect. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

Sect. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

Sect. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

Sect. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

Sect. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

Sect. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

Sect. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

Electric Wiring and Fixtures

Sect. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and

shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

Gas Fixtures

Sect. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

Sect. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

Sect. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half (½) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

Regulations Made by the Fire Engineers According to the Provisions of Chapter 32, Section 46, of the Revised Laws in Regard to Chimneys, Flues, Fireplaces and Heating Pipes

Sect. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

Sect. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

Sect. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen

(18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

Sect. 46. No chimney shall be supported by, started or built upon any woodwork. In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

Sect. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

The Regulation and Inspection of Plumbing

Section 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

Sect. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

Sect. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

Sect. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

Sect. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

Sect. 6. The drainage and waste piping of every building shall be connected with

the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

Sect. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half (1½) inches inside diameter. No waste pipe shall be less than one and a quarter (1¼) inches inside diameter.

Sect. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches inside diameter.

Sect. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

Sect. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter (1¼) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. No water-closet shall be enclosed with any woodwork.

Sect. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half (½) inch.

Sect. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

Sect. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

Street Railways

Section 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.: —

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

Sect. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

Town Ways

Section 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

Sect. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Sect. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

Billboards

Section 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 12

Use of Buildings

Section 1. *Districts.* — A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

District B. — Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant

therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

District C. — Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

Sect. 2. *Zoning Map.* — (*a*) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(*b*) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

Sect. 3. *Residence Purposes.* — In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

(*a*) A dwelling for one or more families.

(*b*) A hotel or a lodging or boarding house.

(*c*) A club other than a club the chief activity of which is a service customarily carried on as a business.

(*d*) A church, school or academy.

(*e*) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(*f*) A railroad passenger station.

(*g*) A farm, truck garden, nursery or greenhouse.

(*h*) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(*i*) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 3A. *Location of Buildings in District A.* — After this section shall be duly adopted by the Town and become effective pursuant to law, in District A,

1. Set-back: No part of a building except steps, and eaves not exceeding 18″ wide, shall be built within 15 feet of the side line of the street on which it fronts, provided that no building need be set back more than the average of the set-backs of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building set back 15 feet, and provided further than on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases the same exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. Rear Yards: No part of a building except steps, and eaves not exceeding 18″ wide shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (*h*) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of a building except steps, chimneys, and eaves not exceeding 18″ wide, and buildings of accessory use as defined in Section 3, paragraph (*h*) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in the Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained within the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps, shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on a corner lot an additional area of 400 square feet may be occupied subject, however, to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot, excepting buildings of accessory use as defined in Section 3, paragraph (*h*).

SECT. 3B. *Single Family Dwellings.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling, provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective —

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot and on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yards adjacent thereto, no such side yard to exceed 10 feet in width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by buildings for two families.

SECT. 3C. *Validity.* — The invalidity of Section 3A or Section 3B, or any provision of said Sections, shall not affect the validity of any other Section or provision of said Sections, and said Sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said Sections are inconsistent therewith and valid.

SECT. 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

Sect. 4. *Existing Buildings.* — Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

Sect. 5. *Incidental Use of Residential Buildings.* — Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

Sect. 6. *Enforcement.* — Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

Sect. 7. *Validity.* — The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

Sect. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

Sect. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13

Planning Board

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. *Voted,* To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

March 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

March 7, 1881. *Voted,* To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. *Voted,* To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

February 3, 1894. *Voted,* That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 28, 1894. *Voted,* To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

March 4, 1895. *Voted,* That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. *Voted,* To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

March 1, 1897. *Voted,* To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

March 7, 1898. *Voted,* To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

March 5, 1900. *Voted,* To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

March 3, 1902. *Voted,* To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

July 14, 1902. *Voted,* To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

August 16, 1902. *Voted,* To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

March 2, 1903. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

March 2, 1903. *Voted,* To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

March 7, 1904. *Voted,* To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

March 6, 1905. *Voted,* To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

July 21, 1905. *Voted,* To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

March 1, 1909. *Voted,* To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

March 8, 1910. *Voted,* To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

March 6, 1911. *Voted,* To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

March 6, 1911. *Voted,* To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

November 7, 1911. *Voted,* To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Act to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

March 4, 1912. *Voted*, To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

November 4, 1913. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

November 5, 1912. *Voted*, To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

March 2, 1914. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

March 2, 1914. *Voted*, To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

November 3, 1914. *Voted*, To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

March 13, 1915. *Voted*, To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

March 10, 1917. *Voted*, To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue. (Special Act.)

March 2, 1918. *Voted*, To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

March 2, 1918. *Voted*, To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

March 9, 1918. *Voted*, To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wardsworth. (Special Act.)

March 8, 1919. *Voted*, To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

March 8, 1919. *Voted*, To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

March 8, 1919. *Voted*, To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

March 13, 1920. *Voted*, To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

May 3, 1920. *Voted*, To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

November 2, 1920. *Voted,* To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

March 12, 1921. *Voted,* To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

March 3, 1923. *Voted,* To accept the provisions of Chapter 516 of the Acts of 1922, relative to the adoption of the State accounting system.

June 12, 1923. *Voted,* To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

March 8, 1924. *Voted,* To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

March 8, 1924. *Voted,* To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

March 8, 1924. *Voted,* To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

March 14, 1925. *Voted,* To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

RULES AND REGULATIONS OF THE SELECTMEN OF MILTON

TRAFFIC

(Sections 1–12 adopted November 7, 1924; sections 13–23 adopted June 5, 1925; sections 24, 25 adopted June 4, 1926.)

Ordered, That the following rules are hereby adopted for the regulation of carriages and vehicles in the town of Milton, however propelled.

Section 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, change the position of, or move such carriage or other vehicle as directed by any police officer.

Section 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street unless otherwise directed by a police officer.

Section 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

Section 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

Section 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

Section 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

Section 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

Section 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

Section 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

Section 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

Section 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for conveyance of children.

Section 12. In accordance with General Laws, chapter 40, section 22, the following are declared one-way streets, and are hereby *closed to traffic* in the direction specified in each case:

Austin Street — Closed from Blue Hill Avenue to Blue Hills Parkway.
Brackett Street — Closed from Washington Street to Granite Place.
Brook Road — Left-hand roadway closed in each direction between Blue Hills Parkway and Canton Avenue.
Central Avenue — Left-hand roadway closed in each direction between Brook Road and Eliot Street.
Edge Hill Road — Left-hand roadway closed in each direction between Pleasant Street and Boulevard Street.

Eliot Street — Left-hand roadway closed in each direction between Adams Street and Central Avenue.
Grafton Avenue — Left-hand roadway closed in each direction.
High Street — Closed from Eliot Street to Canton Avenue.
Oak Street — Closed from Brook Road to Blue Hill Avenue.
Pleasant Street — Left-hand roadway closed in each direction between Reedsdale Road and Edge Hill Road.
Randolph Avenue — Left-hand roadway closed in each direction between Reedsdale Road and Highland Street.
Reedsdale Road — Left-hand roadway closed in each direction between White Street and Pleasant Street.
Tucker Street — Closed from Blue Hill Avenue to Brush Hill Road.
White Street — Left-hand roadway closed in each direction between Brook Road and Reedsdale Road.

Section 13. Between 7 A.M. and 9 P.M. no vehicle shall park for a period exceeding forty minutes on Adams Street between Granite Avenue and Church and Mechanic streets.

Section 14. Every vehicle parking on Adams Street between Granite Avenue and Church and Mechanic streets shall be drawn up close to and parallel with the right-hand curb in each direction.

Section 15. No vehicle shall park on either side of Granite Avenue between Adams Street and the southerly boundary of the town lot occupied by Hose 4.

Section 16. No vehicle shall park on either side of Granite Avenue between Adams Street and 366 Granite Avenue, except that customers of business places along the easterly side within the foregoing limits may park their vehicles along the easterly side for a period not exceeding forty minutes.

Section 17. No vehicle shall park on the northerly side of Adams Street outside of the East Milton station and grounds of the New York, New Haven & Hartford Railroad Company.

Section 18. No vehicle shall park for a period exceeding forty minutes on the southerly side of Adams Street between Bryant Avenue and Edge Hill Road; cars parking between the foregoing limits shall be headed in against the curb diagonally in a southeasterly direction.

Section 19. No vehicle shall park on Bryant Avenue between Adams Street and New Street.

Section 20. No vehicle shall park on the westerly side of Edge Hill Road between Adams Street and a point opposite the southerly side of the alley on the southerly side of Ellsworth Block, so called.

Section 21. No vehicle shall park on the easterly side of Edge Hill Road between Adams Street and the southerly side of the alley on the southerly side of Ellsworth Block, so called.

Section 22. Every vehicle parking on the easterly side of Adams Street between Wharf Street and the Boston line shall be backed against the curb diagonally and heading in a northwesterly direction, except during slippery weather, when the police shall have authority to require all such vehicles to be parked close to and parallel with the curb.

Section 23. Every vehicle parking on the westerly side of Adams Street between a point opposite the northerly side of Wharf Street and Eliot Street shall be backed against the curb diagonally and heading in a southeasterly direction.

Section 24. No person shall ride upon the rear or side of any vehicle or street car without the consent of the person in charge thereof.

Section 25. No person shall stop, hinder or delay the passage of any vehicle by the solicitation of free transportation thereon, if such solicitation takes place from that portion of any highway which is devoted to the passage of vehicles.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars ($20) for each offence.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

NEW STREETS

(Sections 1 to 21 adopted April 10, 1925; section 8 amended, October 22, 1926.)

A. Private Construction

Section 1. No person shall open a private way for public use without first submitting to the Board of Selectmen, sitting as the Board of Survey, suitable plans thereof, with a petition for their approval. (Gen. Laws, ch. 41, sec. 74.)

Section 2. No such petition will be acted on by the Board between November first and March first. (Regulation, Milton Board of Survey.)

Section 3. Every such petition shall be accompanied by —

A. Cash or a certified check sufficient to pay the cost of advertising it for a hearing.

B. A written statement specifying the proposed method of construction of the private way or such portions thereof as it is proposed to construct within two years from the date of filing the petition, including the types and depths of road material to be employed and provisions for the proper drainage of the way. (Regulation, Milton Board of Survey.)

Section 4. Such plans shall be prepared by a competent engineer, shall be on a scale of forty feet to the inch and shall include a profile plan and a plan of drainage. They shall provide for curves of at least a fifteen-foot radius at all street intersections, and shall show the relation of the private way in question to all surrounding property lying between it and the nearest existing public ways or private ways the layout of which has been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 5. Every such way shall be not less than thirty feet in width. (Rev. By-Laws of Milton, ch. 10, sec. 1.)

Section 6. No person shall begin the construction of any private way for public use, nor any permanent building in the territory to be served by such way, until the required plans have been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 7. Upon the receipt of the petition and plans the Board of Survey shall give a public hearing thereon, after giving notice of the same by publication once in each of two successive weeks in a newspaper published in the Town, the last publication to be at least two days before the hearing. (Gen. Laws, ch. 41, sec. 74.)

Section 8. After such hearing the Board of Survey may alter the plans submitted and may determine where the way shall be located and the width and grades thereof, and shall indicate any modifications on such plans. The plans as approved or modified shall then be signed by the Board and filed in the office of the Town Clerk, who shall attest thereon the date of filing; and thereafter no way in the territory to which the plans relate shall be laid out or constructed except in accordance therewith, or with further plans subsequently approved by the Board. (Gen. Laws, ch. 41, sec. 74.) The Board of Survey may alter the proposed name of any way the plans of which are submitted to it for its approval. (Regulation, Milton Board of Survey, adopted October 22, 1926.)

Section 9. The Board of Survey may from time to time make new plans in place of plans filed or make changes on plans so filed; provided, that any action involving new plans or changes in plans already duly attested and filed shall be made only after the notice and hearing, and in all other respects in the manner specified in Section 74 of Chapter 41 of the General Laws (see Section 8 above); and the last plan so made, or the plan with the changes last made thereon and duly attested and filed, shall be the plan governing the future development of the territory affected. (Gen. Laws, ch. 41, sec. 76.)

Section 10. No public way shown on any plan filed as aforesaid shall hereafter be laid out, located anew, altered or widened, and no such way, whether already or hereafter laid out, shall be constructed by any public authority except in accordance with the plan duly attested and recorded under said sections (of Chapter 41 of the General Laws). If any person shall open for public travel any private way the location, direction, width, grades and plan of drainage of which have not previously been approved in writing by the Board of Survey in the manner provided in said sections, neither the Town nor other public authority shall place any public sewer, drain, water pipe or light in, or do any public construction work of any kind, or make repairs, on such private way; provided, that this section shall not prevent the laying of a trunk sewer, drain, water or gas main if required by engineering necessities for the accommodation of other territory. (Gen. Laws, ch. 41, sec. 77.)

Section 11. Whenever an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a Town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built and as constructed it is equal to the average construction of the existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments. (Rev. By-Laws of Milton, ch. 10, sec. 2.)

Section 12. The Board of Selectmen will not lay out any such private way for acceptance by the Town nor file the certificate referred to in Section 11 unless the following conditions have been complied with:

A. Such way must be at least thirty feet wide, and have a finished roadway at least twenty feet wide.

B. The entire area of such way must have been cleared of all trees not intended for preservation, and of all stumps, roots, brush and like material.

C. All rock, boulders, loam, clay and other objectionable material must have been removed to a depth of at least twelve inches below the finished grade of the roadway and six inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

D. All work in excavation or embankment must have been brought accurately to a subgrade of not less than eight inches below the finished grades for the roadway and four inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

E. The roadway and sidewalk must be finished to grade with binding gravel properly compacted, or such other material as may be required by the Board of Selectmen.

F. Such sidewalks, curbing, catch-basins, drains and gutters must be provided, and constructed of such material, as may be required by the Board of Selectmen.

G. The owners of at least 75 per cent of the lands through which such way passes must have signed releases of all rights and property which the Board of Selectmen considers necessary for such laying out and acceptance by the Town. (Regulation, Milton Board of Selectmen.)

Section 13. Seven days at least prior to the laying out, relocation or alteration of a Town way a written notice of the intention of the Board of Selectmen to lay out, relocate or alter the same shall be left by them at the usual place of abode of the owners of the land which will be taken for such purpose, or delivered to such owner in person or to his tenant or authorized agent. If the owner has no such place of abode in the Town and no tenant or authorized agent therein known to the Board of Selectmen, or if, being a resident in the Town, he is not known as such to the Board of Selectmen, such notice shall be posted in a public place in the Town seven days at least before the laying out, relocation or alteration of such way. (Gen. Laws, ch. 82, sec. 22.)

Section 14. If it is necessary to acquire land for a Town way accepted by the Town, within ten days after such acceptance the Board of Selectmen shall adopt an order for the taking of such land by eminent domain under Chapter 79 of the General Laws. (Gen. Laws, ch. 82, sec. 24.)

Section 15. No private way can become a Town way until it has been accepted as such by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

B. Construction by the Town

Section 16. The first steps are the same as under Sections 1 to 10 above, inclusive.

Section 17. After the plans of a private way have been duly approved by the Board of Survey in accordance with Sections 1 to 10 above, a petition may be filed with the Board of Selectmen for its layout for acceptance by the Town as a Town way to be constructed by the Town at the expense of the abutters. (Regulation, Milton Board of Selectmen.)

Section 18. Every such petition must be signed by the owners of at least 75 per cent of the lands through which such way passes. (Regulation, Milton Board of Selectmen.)

Section 19. Such owners must sign releases of all property which the Board of Selectmen considers it necessary for the Town to acquire for the way, including sloping and draining privileges. (Regulation, Milton Board of Selectmen.)

Section 20. Such releases must be accompanied by agreements to pay the betterments assessed on such owners by reason of the construction of the way itself, and of such sidewalks, curbing, gutters, catch-basins and drains as the Board of Selectmen may consider necessary. (Regulation, Milton Board of Selectmen.)

Section 21. No private way can be constructed as a Town way by the Board of Selectmen until it has been accepted by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

MOTOR BUSSES

(Sections 1 to 23 adopted October 3, 1924.)

Section 1. No person or corporation shall, in the town of Milton, operate any motor vehicle upon any public street or way in said town, for the carriage of passengers for hire, in such a manner as to afford a means of transportation similar to that afforded by a street railway company, by indiscriminately receiving and discharging passengers along the route on which the vehicle is operated or may be running, or for transporting passengers for hire as a business between fixed and regular termini, without first obtaining a license therefor from the Board of Selectmen of said town.

Section 2. A license for the operation of any such motor vehicle shall not be issued or granted for a period exceeding one year, and shall not become operative until the licensee named therein shall deposit with the treasurer of said town, security, by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to pay any final judgment obtained against the principal named in the bond for any injury to person or property or damage for causing the death of any person by reason of any negligent or unlawful act on the part of the principal named in said bond, his or its agents, employees or drivers, in the use or operation of any such vehicle. The security deposited under the provisions of this paragraph shall be in the sum of twenty-five hundred dollars for a motor vehicle having a seating capacity of five persons or less, and for a motor vehicle having a seating capacity of six or more in the sum of twenty-five hundred dollars and five hundred dollars additional for each passenger seat in excess of five. If the licensee shall file with the Town Treasurer an insurance policy issued by a company authorized to issue such policy in this Commonwealth, by which the company insures the licensee against loss from liability imposed by law upon the assured for damages on account of bodily injuries, including death resulting therefrom accidentally suffered by any person or persons, caused by such motor vehicle, the operation thereof, or by the loading or unloading of merchandise carried on such motor vehicle, to the extent of at least twenty thousand dollars ($20,000) total liability for injury or death in any one accident, and subject to such liability in one accident to the extent of at least five thousand dollars ($5,000) for injury or death of one person; and against loss from the liability imposed by law upon the assured for damage (including damage necessarily resulting from loss of use) to property of every description (property of the assured excepted) resulting from any accident occurring within the term of the policy, directly caused by or due to the ownership, maintenance or use of such motor vehicle to the extent of at least one thousand dollars ($1,000), then security in the sum of five hundred dollars ($500) only shall be required to be deposited with the treasurer.

Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition that the insurer shall not be liable thereunder unless it receives notice of any accident or other cause of liability under such policy, or of suit or action resulting therefrom, other than provision for notice within a period of not less than sixty days after the accident or other cause of liability aforesaid given either by the assured, or the Town Treasurer aforesaid, or by any person sustaining bodily injury or damage in his property by reason of said accident, or other cause of liability in the name of such Town Treasurer. Such insurance policy shall also provide that the notice aforesaid may be given by another in the name of the Town Treasurer in behalf of any person sustaining bodily injury or damage in his property as aforesaid and that if from physical or mental incapacity it is impossible for the person sustaining such injury or damage to give the notice aforesaid within the time above provided, he may give it within ten days after such incapacity has been removed, and if he dies without having given such notice and without having been for ten days after the accident or other cause of liability of sufficient capacity to give it, his executor or administrator may give the notice within a period of not less than sixty days after his appointment. Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition for cancellation without notice thereof to the Treasurer of the town with whom such policy is filed as aforesaid.

Section 3. In case the Town Treasurer at any time shall determine that any surety on any bond is not possessed of sufficient property to be able to respond to the obligation of surety on such bond, whether any damage may have occurred or accrued or not, said Town Treasurer after giving the principal thereof an opportunity to be heard, may require the principal to furnish another or further surety on such bond, or a new

bond for the remainder of the term of the license of the motor vehicle to which such bond relates, and in that event or upon the cancellation of any insurance policy filed under these rules such license, without any further action by the Board of Selectmen, shall thereupon stand suspended until such new bond or such other or further surety, approved by the said Town Treasurer, shall be furnished.

Section 4. Upon each vehicle licensed under the provisions of these regulations, the owner shall cause to be placed at his own expense, a metal plate of the form and size approved by the Chief of Police of said town and bearing the words "Licensed motor vehicle No.....Milton, 19...., ...passengers" setting forth the serial number of the license, the date and the number of passengers excluding the operator that the vehicle is licensed to carry. Said plate shall be attached to and kept on the dash of the motor vehicle in such a position as to be visible to the occupants thereof. For each vehicle so licensed there shall be paid to the Town Treasurer the sum of $10.

Section 5. No motor vehicle so licensed shall be operated without having a sign thereon in form approved by the said Chief of Police stating the main street or streets of the route, the termini of the route and the fare to be charged, which sign shall be so placed at the entrance of the vehicle as to be plainly visible to persons entering the vehicle. The letters and figures on such sign shall not be less than two and one-half inches in height and shall have a stroke of not less than one-quarter inch in width. No advertising sign of any kind except the owner's name or symbol shall be placed or carried on the outside of the vehicle.

Section 6. Every licensee before operating any such motor vehicle shall file with the Board of Selectmen a schedule or tariff showing the effective date thereof, the time of arrival and departure at and from all termini, and the time of departure from important intermediate points and a schedule or tariff showing the passenger fares to be charged between the several points or localities to be served; and no fare other than designated in such tariff shall be charged or collected for transportation in such motor vehicle by the licensee or his agents or servants. The schedule or tariff shall provide for half fares for school children.

Section 7. Persons or corporations making application for such license to operate such vehicles shall designate the route or routes over which they desire to operate, and the licensee shall operate such motor vehicle only over such route or routes as shall be approved by the Board of Selectmen. Such route or routes may be changed only with the consent or approval of the Board of Selectmen, except in case of an emergency the route may be changed by the Chief of Police, who shall be the sole judge as to whether an emergency exists. Termini of such routes shall be fixed and motor vehicles so licensed shall be driven to such termini before turning around.

Section 8. No person shall operate any such motor vehicle so licensed within the town of Milton unless he shall be twenty-one years of age or older and unless he shall have first obtained a license so to do from said Board of Selectmen, which license shall state the name, age, height and weight, color of hair, color of eyes, and race of the licensee, his home address, and the name of his employer if he operates such car as an employee. The application for such license shall be on a blank furnished by said Board of Selectmen, and the form of the application and the information to be furnished therein by the applicant shall be such as from time to time may be prescribed by said Board of Selectmen and said Board of Selectmen shall require that the truth of the allegations in such application shall be sworn to before an officer authorized to administer oaths. The said Board of Selectmen shall not grant such a license to any applicant who has not demonstrated to the satisfaction of the Chief of Police his ability to drive the vehicle proposed to be operated by him; such license shall be signed by the Clerk of said Board, shall be numbered in regular order as granted, shall be recorded in the office of the Town Clerk, and also in the office of the Chief of Police, and shall expire on the first day of May next succeeding the date thereof.

Section 9. No person operating any motor vehicle so licensed shall refuse to carry any person offering himself to be carried as a passenger therein, unless the seats of the same are fully occupied and the number of passengers thereon is the number allowed the operator to be carried at one time, or unless such person be intoxicated or disorderly.

Section 10. Every licensee shall operate for at least eight hours daily during the term of his license, unless accident or unavoidable cause prevents such operation, and the minimum period of operation shall be fixed by the Board of Selectmen in the case of each permit granted. On routes using the same termini as are used by electric street railways, not less than twelve hours daily operation shall be required by the Board of Selectmen unless accident or other unavoidable cause prevents such operation.

Section 11. No person operating any motor vehicle so licensed shall solicit passengers by outcry or make any noise for the purpose of soliciting passengers.

Section 12. No such motor vehicle shall stand to wait for passengers in any street, square or public place except on such portions thereof and during such hours as may be designated therefor by the Board of Selectmen, nor shall such vehicle stand or stop for the purpose of receiving or discharging passengers between the track of a street railway and the side of the street upon which the street railway passengers ordinarily board or leave street railway cars operated on such track within fifty (50) feet in each direction longitudinally upon such street of a white pole or other designated or customary point for passengers to take or leave the cars of a street railway company, unless authorized by the Department of Public Utilities. The Board of Selectmen from time to time shall designate locations in streets, squares and public places in which general street travel will not be materially interfered with where such vehicle may stand, and said Board of Selectmen at any time when it finds that any such locations materially interfere with public travel, may cancel such locations, and said Board of Selectmen may at any time cancel any such hours and prescribe other hours therefor.

Section 13. No motor vehicle so licensed shall be operated in any street or public place where there is snow or ice unless it be equipped with proper non-skidding chains and every such vehicle shall be kept in safe and proper condition for use in such business, and to that end the said Board of Selectmen shall have the right to have every such vehicle examined at any reasonable time or times, by the Chief of Police or any representative or agent of the Board of Selectmen without charge to the licensee therefor. Every licensee shall be required to clear the streets of snow and ice as may be designated by the Board of Selectmen.

Section 14. No greater number of passengers shall be carried at any one time in any such motor vehicle than the license of such vehicle shall specify, provided that in addition thereto children under seven years of age may be carried therein in arms or seated on the laps of parents or adult persons accompanying them, but no person with a child in arms or seated on the lap shall be permitted to sit with or immediately next to the driver of the vehicle. Nor shall any passenger be permitted to ride upon any fender, dash, top floor, steps or running board of any such vehicle.

Section 15. No person operating any such motor vehicle shall collect fares, make change or discharge passengers while such vehicle is in motion; nor shall he have a lighted cigarette, lighted cigar or lighted pipe in his possession while any passenger is being carried therein, nor drink any intoxicating beverage of any kind, or be under the influence thereof, while engaged in operating such vehicle.

Section 16. Every person operating any such motor vehicle shall deliver any article left therein by any passenger to the Chief of Police not later than twenty-four hours after finding the same, and shall receive a receipt therefor from said Chief of Police and said Chief of Police shall provide for returning the same to the owner upon proper identification and proof of ownership. All such articles delivered to said Chief of Police and not claimed within ninety days from such delivery shall be delivered to the licensee by whom they were left.

Section 17. No change shall be made by any licensee in rates to be charged for transportation in such motor vehicle or in the schedule of the operation thereof except after fourteen days' notice of such change filed with the Board of Selectmen which shall decide on such change after a public hearing which the Board shall advertise at the expense of the petitioner in a newspaper of the town.

Section 18. Every such motor vehicle shall come to a full stop immediately before crossing the tracks of any railroad at grade.

Section 19. Every such licensee shall immediately report fully, in writing, to the Town Treasurer and to the Chief of Police, any injury to a passenger or other person, any accident resulting in damage to property, in which any motor vehicle which he is licensed to operate is involved.

Section 20. The Board of Selectmen may suspend or revoke any license granted for the operation of any such motor vehicle and any license issued to any person to drive or operate any such motor vehicle, for the violation of any law of the Commonwealth made in relation to the operation of motor vehicles, or the violation of any traffic regulations of said town, or the violation of any of the rules and regulations herein prescribed, or for any other cause deemed by the Board of Selectmen, in the exercise of their discretion, to be sufficient.

Section 21. No person or corporation shall operate any such motor vehicle over any bridge or culvert whose span is 10 feet or more without said bridge or culvert being first approved by the Department of Public Utilities as of sufficient strength to sustain

such operation with safety, and no such motor vehicle shall be operated over any such bridge or culvert after a determination by the Department that such bridge or culvert is unsafe for the operation of such motor vehicle over it.

Section 22. The holding or adjudication of any paragraph or subdivision of the rules and regulations herein prescribed to be unconstitutional or invalid shall not affect the validity of any other paragraph or subdivision, but all other paragraphs and subdivisions shall be and remain in full force and effect.

Section 23. The "Rules and Regulations Governing the Authorization of Certain Motor Vehicles Commonly Known as Jitneys, in the Town of Milton" adopted by the Milton Board of Selectmen on December 22, 1922, are hereby revoked.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

A true copy.
Attest:

JOSEPH H. DUFFY,
Clerk of the Board.

SECOND-HAND ARTICLES

(Adopted October 1, 1924.)

Section 1. The Board of Selectmen will, upon petition, license suitable persons to be dealers in second-hand articles and keepers of shops for the purchase, sale or barter of such articles, pursuant to law. Such licenses shall not be valid to protect the holders thereof in a building or place other than that designated in the license unless consent to removal is granted by the Board of Selectmen, nor shall any such license authorize the licensee to bring or allow to remain upon the licensed premises any rags, old paper, junk or other refuse material gathered or recovered from any source. Applications for such licenses shall be examined and reported upon by the Chief of Police, who shall report whether the applicant wishes to engage in a general second-hand business or in a special stated line; whether or not he is of good reputation, is a citizen of the United States, can read and write the English language intelligibly, has ever held a similar license, and if such license was revoked, suspended or surrendered, the reason therefor. Applications for new licenses under this rule may be filed at any time. Applications for the reissue of licenses already existing should be filed at least thirty days before the expiration of such licenses. All licenses issued under this rule shall expire annually on the first day of May, except that licenses may be issued in April to be valid for twelve months beginning the next succeeding first day of May. Persons whose licenses have expired and have not been reissued will be liable to prosecution if engaging in any business for which the license is required. (Gen. Laws, chap. 140, sects. 54, 202, 205; Revised By-Laws, chap. 6, sect. 27; Regulations of Board of Selectmen.)

Section 2. Every such shopkeeper shall keep a book in which shall be written, at the time of every purchase of any such article, a description thereof and the name, age and residence of the person from whom, and the day and hour when such purchase was made; and such book shall at all times be open to the inspection of the Board of Selectmen, or of any person by it authorized to make such inspection.

Such book shall be of a size and style to be approved by the Board of Selectmen, shall be legibly written in the English language, and shall show the amount paid for each article and the number attached to each article in accordance with Section 4. No entry in such book shall be erased, obliterated or defaced.

Section 3. Every such shopkeeper shall allow his shop and all articles of merchandise therein to be at all times examined by the Board of Selectmen or the Chief of Police, or by any person by it or him respectively authorized to make such examination.

Section 4. Every such shopkeeper shall, at the time of making any purchase, attach a number to each article bought, and shall make entry of such number in the book provided for by Section 2.

Section 5. Every such shopkeeper shall make out and deliver to the Chief of Police, every day before the hour of 10 o'clock A.M., a legible and correct list containing an accurate description of all articles purchased during the preceding business day, the respective numbers of such articles as provided by Section 4, the prices paid therefor, the time when such articles were purchased. If during the preceding business day no articles have been purchased by such shopkeeper, he shall make out and deliver to the Chief of Police, before the hour of 10 o'clock A.M., a report of such fact.

Section 6. No such shopkeeper shall permit to be sold any article purchased or received by him until at least a period of thirty days from the date of its purchase or receipt has elapsed.

Section 7. No such shopkeeper shall have his shop open for the transaction of business, nor shall he purchase any second-hand articles, except between sunrise and 9 o'clock in the evening of any week day except Saturday, on which day such shop may be kept open and such articles purchased from sunrise until 10 o'clock in the evening.

Section 8. No such shopkeeper shall directly or indirectly purchase or receive by way of barter or exchange any junk, old metals or second-hand articles from a minor or apprentice, knowing or having reason to believe him to be such.

Section 9. The possession by any dealer in second-hand articles of certain registered vessels, without the written consent of or purchase from the owner thereof, shall be prima facie evidence of unlawful use, possession of or traffic in the same. (Gen. Laws, chap. 110, sect. 19.)

Section 10. Licenses provided for by this rule may be revoked by the Board of Selectmen at pleasure. (Gen. Laws, chap. 140, sect. 54.)

Such licenses will be revoked for violation of any statute, By-Law or Regulation of the Board of Selectmen relating to the business of the licensee, for failure of the licensee to carry on the business at the place designated in his license, or for any other cause deemed sufficient by the Board of Selectmen.

HAWKERS AND PEDDLERS

(Sections 1 to 11 adopted December 3, 1926.)

Section 1. "Hawkers and peddlers" as used in these regulations shall mean and include any person, either principal or agent, who comes into Milton from another town, or goes from place to place in the Town of Milton, selling or bartering, or carrying for sale or barter, or exposing therefor, within said Town of Milton, any goods, wares or merchandise hereinafter described, either on foot or from any animal or vehicle.

Section 2. No hawker or peddler shall engage in sale or barter, or the carrying for sale or barter, or exposing therefor, of the following articles, to wit: books, newspapers, pamphlets, fuel, except coal and coke, provisions, yeast, ice, live animals, brooms, agricultural implements, hand tools used in making boots and shoes, gas or electric fixtures and appliances, flowering plants and all flowers, fruits, nuts and berries that are uncultivated, or any of the same, until after he has recorded his name and residence in the office of the Chief of Police and has been assigned a number.

Section 3. No person shall be recorded or assigned a number as aforesaid until he shall have presented a certificate from the sealer of weights and measures stating that all weighing and measuring devices intended to be used by such person have been duly inspected and sealed as required by law.

Section 4. Every hawker and peddler recorded under Section 3 shall appear at the office of the Chief of Police on the first Monday of each month, while he is engaged in hawking and peddling and shall renew and verify the information above required and on failure to do so, his right to hawk and peddle shall cease.

Section 5. No hawker or peddler shall engage in sale or barter or the carrying for sale or barter or exposing therefor of fish, fruits and vegetables or any of the same until he has furnished to the Board of Selectmen the information required in Section 3 of these regulations and until he has been licensed by the said Board. Each license shall run for one year from its date and the fee for the same shall be $20.

Section 6. Every hawker or peddler required to be recorded or licensed hereunder shall have painted in letters and figures at least 2 inches in height on the vehicle or receptacle in which he shall carry or convey the articles described in these regulations, his name and assigned number or number of his license.

SECTION 7. No hawker or peddler shall cry his wares to the disturbance of the peace or comfort of the inhabitants of the town.

SECTION 8. No hawker or peddler shall carry or convey any articles in any manner that will tend to injure or disturb the public health or comfort, nor carry or convey the same in vehicles or receptacles other than such as are neat and clean and do not leak.

SECTION 9. Violation of any of the provisions of these regulations or of the by-laws of the Town of Milton or conviction of any crime or misdemeanor shall terminate the right to hawk and peddle under section 3 and shall be sufficient cause for the revocation by the Board of Selectmen of any license granted under section 5.

SECTION 10. The provisions of these regulations shall not apply to wholesalers or jobbers having a permanent place of business in the Commonwealth and selling to dealers only, nor to commercial agents or other persons selling by sample, lists, catalogues or otherwise for future delivery, nor to any person who peddles only fish obtained by his own labor or that of his family; fruits, vegetables or other farm products raised or produced by himself or his family, nor to persons selling articles for charitable purposes, under section 33 of chapter 101 of the General Laws.

SECTION 11. Whoever violates any of the provisions of these regulations shall forfeit and pay a fine not exceeding $20.00 for each such violation.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

A true copy.
Attest:

JOSEPH H. DUFFY,
Clerk of the Board.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1926

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To any Constable of the Town of Milton, in said County, Greeting.

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in election and in town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue.

In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway.

In Precinct III, polling place, Police Station, Central Avenue.

In Precinct IV, polling place, Belcher School, Church Street, on Saturday, March sixth next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the precinct officers of their respective precincts their votes on one ballot respectively for the following-named town officers, to wit:

A Moderator for the term of one year.
A Town Clerk for the term of one year.
A Town Treasurer for the term of one year.
A Collector of Taxes for the term of one year.
Three Selectmen and Surveyors of Highways for the term of one year.
One Assessor for the term of three years.
One member of the Board of Public Welfare for the term of three years.
One Sewer Commissioner for the term of three years.
A Tree Warden for the term of one year.
Two members of the School Committee for the term of three years.
One member of the Board of Health for the term of three years.
One Trustee of the Cemetery for the term of five years.
Three Library Trustees for the term of three years.
One Park Commissioner for the term of three years.
One Water Commissioner for the term of three years.
One Trustee of the Wadsworth Fund for the term of three years.
Two members of the Planning Board for the term of three years.
Four Constables for the term of one year.

For these purposes the polls will be open at each and all of said precincts at fifteen minutes before six o'clock in the forenoon and will be closed at four o'clock in the afternoon.

And thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March thirteenth next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton then and there to act upon the following Articles, to which we have requested the Warrant Committee to append their recommendations and report on all printed copies hereof, to wit:

Adjourned Meeting, March 13, 1926

Article 1. To choose all such town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Measurers of Lumber.

Article 2. To hear and act upon the report of the Town Accountant and reports of other town officers and committees.

Voted, That the report of the Town Accountant be accepted and placed on file.

Report of Legislative Committee

January 1, 1926.

The Legislative Committee employed, as in the past two years, Mr. L. B. Kent to look over all legislation and submit such as might affect the town of Milton. The Committee also has endeavored to keep track of legislation by examining bills as they come out. Such bills as were submitted by Mr. Kent or gone over by the Committee were examined by various members of the Committee, and such as appeared important were submitted to the Board of Selectmen so that they might take such action as they thought wise in connection with having the town represented before committees of the Legislature.

Respectfully submitted,

Lincoln Bryant,
Chairman.

Voted, That the report of the Legislative Committee be accepted and placed on file.

Report of Committee on Acquisition of Land for School Purposes

Milton, Mass., March 5, 1926.

To the Citizens of Milton.

Under Article 38 of the Warrant for the annual town meeting in March, 1925, we were appointed a committee "to consider the question of the acquisition by the town of land for school purposes, and to report not later than the next annual town meeting." Accordingly we submit the following:

The growth of Milton has been so rapid during the last two or three years that immediate steps are advisable to obtain additional locations for new school buildings.

The building programme favored by the School Committee and by the Superintendent of Schools, to extend over a period of years, is:

First. — A new grade school in the Eliot Street district, to take the place of the Glover and to relieve the Tucker.

Second. — A new grade school in East Milton, to take the place of the Wadsworth, and to relieve the Belcher.

Third. — A Junior High School in East Milton.

Fourth. — A new building for the present Junior High which now uses a part of the High School Building, or for the High School.

This programme meets with our approval, and we advise the town to purchase, or take by eminent domain, three pieces of land, these are:

First. — Three and one-quarter acres on the south side of Eliot Street at its junction with Capen Street, together with an outlet to Columbine Road.

Second. — Four and one-third acres on the north side of Edge Hill Road opposite Cunningham Park.

Third. — Two acres west of the High School.

The first and third pieces can be bought for a total of about $48,000. The Cunningham Trustees offer to give the second piece, which is large enough for both the grade school and the Junior High School needed in East Milton.

As a portion of the Eliot Street lot is owned by the estate of John M. Forbes, and Mr. Russell has an interest in that estate, he did not vote on this piece.

Otherwise the Committee is unanimous in urging the town to secure these lots without delay, and has requested the Selectmen to put the necessary articles in the warrant for the annual meeting this month.

Respectfully,

James S. Russell,
Henry W. B. Arnold,
David A. Heffernan,
Leonard M. Patton,
George F. Moulton,
Committee.

Voted, That the report of the Committee be accepted and placed on file and the Committee be discharged.

Voted, That the report of the Town Engineer Committee be accepted and placed on file.

Voted, That the report of the Insurance Committee be accepted and placed on file.

Voted, That the report of the Committee on Representative Town Government be accepted and placed on file.

General Government

Article 3. To see what sums of money the town will vote to appropriate for general government for salaries and expenses of the following departments, and other purposes, the present year.

Voted, That the following sums be appropriated:

1. Warrant Committee:	
General expense	$750 00
2. Selectmen:	
Salaries:	
Chairman	$500 00
Second member	500 00
Third member	500 00
General expense	5,750 00
Total	$7,250 00
3. Assessors:	
Salaries:	
Chairman	$1,000 00
Second member	800 00
Third member	800 00
General expense	4,905 00
Total	$7,505 00
4. Treasurer:	
Salary	$2,200 00
General expense	900 00
Total	$3,100 00
5. Accountant:	
No appropriation voted.	
6. Collector:	
Salary	$2,500 00
General expense	800 00
Total	$3,300 00
7. Town Clerk:	
Salary	$500 00
General expense	400 00
Total	$900 00
8. Election and Registration:	
Salaries	$250 00
General expense	3,250 00
Total	$3,500 00
9. Law:	
General expense	$3,500 00
10. Engineering:	
General expense	$800 00

11. Town Hall and Lot:	
Salary	$1,800 00
General expense	1,700 00
Total	$3,500 00
12. Insurance	$11,769 51
13. Town reports	$3,000 00
14. Licensing Committee for one and two car private garages:	
General expense	$175 00
15. Planning Board:	
General expense	$2,500 00

Article 4. To see if the town will authorize the Board of Selectmen to establish an Engineering Department, to appoint a Town Engineer, and to appropriate money for the purpose and act on anything relating thereto.

Voted, That the town authorize the Board of Selectmen to establish an Engineering Department and appoint a Town Engineer, and that the sum of $10,000 be appropriated for the purpose; and it is further

Voted, That the Moderator be and hereby is authorized to appoint a committee of two citizens to advise the Selectmen in the appointment of the Engineer.

Committee appointed: James W. Rollins, Marcy L. Sperry.

Article 5. To see what sum of money the town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

Voted, That the sum of $10,000 be appropriated.

Article 6. To see what sum of money the town will vote to authorize the Assessors to use out of the surplus revenue account in fixing the tax rate for 1926.

Voted, That the Assessors be authorized to use $20,000 out of the Surplus Revenue Account in fixing the tax rate for 1926.

Article 7. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1926.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed $450,000, in anticipation of the revenue of the financial year, ending December 31, 1926, and to issue a note or notes therefor, payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1926.

(Unanimous vote.)

Article 8. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1927, in anticipation of the revenue of the financial year ending December 31, 1927.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1927, to an amount not to exceed $100,000, in anticipation of the revenue of the financial year, ending December 31, 1927, and to issue a note or notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1927.

Article 9. To see if the town will authorize the Treasurer to deposit or invest trust funds in his custody, from time to time, including cemetery perpetual care funds, unless otherwise provided or directed by the donor thereof, pursuant to the provisions of Section 54 of Chapter 44 of the General Laws, and act on anything relating thereto.

Voted, That the Treasurer be and hereby is authorized and directed to deposit or invest trust funds in his custody, including cemetery perpetual care funds, unless otherwise provided or directed by the donor thereof, in accordance with the provisions of Section 54 of Chapter 44 of the General Laws.

Article 10. To see if the town will vote to authorize the Moderator to appoint a committee of three citizens to advise the Town Treasurer as to the investment and reinvestment of town funds in his custody, said committee to hold office from the date of their appointment to the next annual town meeting.

Voted, That the Moderator be and hereby is authorized to appoint a committee of three citizens to advise the Treasurer as to the investment and reinvestment of town funds in his custody, said committee to hold office from the date of their appointment to the next annual town meeting.

Committee appointed: Wallace D. Dexter, Jr., Ernest E. Jobling, Edward C. Bradlee.

Article 11. To see if the town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

Voted, That the Collector of Taxes be authorized to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

Article 12. To see if the town will vote to authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

Voted, That the Selectmen be authorized to employ counsel to represent the town at hearings before committees of the General Court.

(Unanimous vote.)

Article 13. To see if the town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Voted, That the Moderator be authorized to appoint a committee of five citizens to consider such proceedings of the Legislature and of state boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Committee appointed: Lincoln Bryant, W. Rodman Peabody, Felix Rackemann, Reginald L. Robbins, Charles M. Rogerson.

Article 14. To see what sum of money the town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1926.

Voted, That the sum of $1,000 be appropriated to be expended by the Selectmen for the celebration of the Fourth Day of July, 1926.

Article 15. To see if the town will vote to erect a tablet to commemorate the hundredth anniversary of the opening of the granite railway, to appropriate money for the same, and to act on anything relating thereto.

Voted, That the Committee on the Hundredth Anniversary of the Opening of the Granite Railway, appointed by the Moderator in 1924 and consisting of Warren P. Landers, *Chairman*, Emily B. Hurd, Eleanor P. Martin, Philip L. Spalding and Percy E. Sheldon be authorized to place a suitable memorial, and that the unveiling of such memorial and exercises in relation to same be held on or about October 12, 1926, and that the sum of $500 be appropriated for the purpose of this vote, to be expended by said Committee.

Article 16. To see if the town will vote to amend Section 14 of Chapter 4 of the Revised By-Laws by striking out said section and substituting in place thereof the following:

> Section 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

Voted, To amend Section 14 of Chapter 4 of the Revised By-Laws by striking out said section and substituting in place thereof the following:

SECTION 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

PROTECTION OF PERSONS AND PROPERTY

ARTICLE 17. To see what sum of money the town will vote to appropriate for the protection of persons and property the present year, which includes the following departments.

Voted, That the following sums be appropriated under this Article:

1. Police	$70,500 00
2. Fire	59,280 00
3. Hydrant service	9,000 00
4. Wire	9,148 68
5. Tree Warden:	
Public work	7,800 00
Private work	5,000 00
6. Moth:	
Public work	5,600 00
Private work	5,000 00
New truck	5,600 00
7. Street lighting	22,520 70
8. Additional lights	1,000 00
9. Building Inspector	2,800 00
10. Sealer of Weights and Measures	300 00

ARTICLE 18. To see if the town will vote to appropriate the sum of $3,100 for the purchase of two (2) extension ladders and the salary of two (2) additional permanent men for the Fire Department as recommended by the Special Committee.

Voted, To appropriate the sum of $3,100 for the purchase of two (2) extension ladders and the salary of two (2) additional permanent men for the Fire Department as recommended by the Special Committee.

ARTICLE 19. To see if the town will vote to amend Section 5 of Chapter 7 of the Revised By-Laws relative to the construction and inspection of buildings, by adding the word "shingling" after the word "construction" in the first line of the first paragraph, so as to read as follows:

SECTION 5. Before the erection, construction, shingling or alteration of any building or part of any building, structure, or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee or agent of either, or the architect or builder, employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

And further amending Chapter 7 by adding the following:

SECTION 30A. All roof coverings shall be of fire retardant material and all roofs which shall hereafter require repair to the extent of one-third of their area shall be replaced with fire retardant material.

Voted, That this Article be indefinitely postponed.

HEALTH AND SANITATION

ARTICLE 20. To see what sum of money the town will vote to appropriate for health and sanitation for the present year, which includes the following departments.

Voted, That the following sums be appropriated under this Article:

1. Health, general	$7,500 00
2. Inspector of Animals	300 00
3. Vital statistics	800 00
4. Collection of ashes and garbage	16,000 00
5. Sewer maintenance	3,000 00
6. Maintenance and repairs of Norfolk County Hospital	5,954 80

Article 21. To see what sum of money the town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal, and to raise and appropriate the same.

Voted, That the town appropriate the sum of $40,000 for the construction of sewers for sanitary purposes and for sewage disposal; and that, to meet said appropriation, there be raised in the tax levy of the current year the sum of $8,000; and that there be appropriated out of the excess and deficiency surplus the sum of $20,000; and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of $12,000 and to issue bonds or notes of the town therefor, said bonds or notes to bear on their face the words, "Town of Milton Sewer Loan 1926," and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twelve years from the date of the first bond or note or at such earlier dates as the Treasurer and Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.

(Unanimous vote.)

Highways

Article 22. To see what sum of money the town will vote to appropriate for the Street Department the present year.

Voted, That the following sums be appropriated under this Article:

1. General expense	$81,400 00
2. Permanent construction	35,000 00
For rebuilding a portion of the main thoroughfares of the town, and it is recommended that the Moderator be and hereby is authorized to appoint a committee of two citizens to advise the Selectmen and Surveyors of Highways in connection with the construction and repairs of streets. (*Committee appointed:* Michael Gibbons, Stanley Cunningham.)	
3. Sidewalk purposes	5,000 00
4. Extraordinary bridge repairs	4,500 00
5. Private work	5,000 00

Article 23. To see what sum of money the town will vote to appropriate for the care and maintenance of Granite Avenue bridge over the Neponset River, under Chapter 58, General Acts of 1915.

Voted, That the sum of $3,000 be appropriated for the care and maintenance of Granite Avenue bridge over the Neponset River, under Chapter 58, General Acts of 1915.

Article 24. To see if the town will vote to change the name of White Street, running from its intersection with Central Avenue and Brook Road to its intersection with Reedsdale Road, to Reedsdale Road.

Voted, That the name of White Street, running from its intersection with Central Avenue and Brook Road to its intersection with Reedsdale Road be changed to Reedsdale Road.

Article 25. To see if the town will vote to accept the relocation and alteration by the Selectmen of Eliot Street between land of Anna G. Finegan on the west and land

of Henry B. Martin on the east, and appropriate money therefor and act on anything relating thereto.

Voted, To accept the relocation and alteration by the Selectmen of Eliot Street between land of Anna G. Finegan on the west and land of Henry B. Martin on the east.

ARTICLE 26. To see if the town will vote to accept Crown Street as laid out by the Board of Selectmen, subject to the provisions of law relating to the assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

Voted, To accept Crown Street as laid out by the Board of Selectmen, subject to the provisions of law relating to the assessment of betterments, and that the sum of $5,600 be appropriated for the construction of the same.

PUBLIC WELFARE

ARTICLE 27. To see what sum of money the town will vote to appropriate for the Public Welfare Department the present year.

Voted, That the sum of $15,500 be appropriated for the Public Welfare Department the present year.

SOLDIERS' BENEFITS

ARTICLE 28. To see what sum of money the town will vote to appropriate for Soldiers' Relief the present year.

Voted, That the sum of $1,800 be appropriated for Soldiers' Relief the present year.

ARTICLE 29. To see what sum of money the town will vote to appropriate for State Aid and Military Aid under Chapter 200, General Acts of 1919, the present year.

Voted, That the sum of $800 be appropriated for State Aid and Military Aid under Chapter 200, General Acts of 1919, the present year.

ARTICLE 30. To see what sum of money the town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Voted, That the sum of $400 be appropriated to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

SCHOOLS AND LIBRARIES

ARTICLE 31. To see what sum of money the town will appropriate for the support of the schools the present year.

Voted, That the sum of $216,620 be appropriated for the support of the schools the present year.

ARTICLE 32. To see what sum of money the town will vote to appropriate for vocational education under the provisions of General Laws, Chapter 74, and act on anything relating thereto.

Voted, To appropriate the sum of $600 for vocational education under the provisions of General Laws, Chapter 74, to be expended by the School Committee to meet liabilities of the town incurred thereunder.

ARTICLE 33. To see if the town will authorize the Selectmen to sell and convey in behalf of the town the land and buildings on Hillside Street heretofore taken and used by the town for school purposes and no longer required for school or other public purposes, and to determine the minimum amount to be paid therefor, and act on anything relating thereto. Said land is bounded and described as follows: northerly on Hillside Street, 8 rods, easterly on land now or formerly of George Hunt, 10 rods, and southerly and westerly on land now or formerly of Artemus Cook and Sarah Cook, and land of the inhabitants of Milton, containing 80 square rods more or less and being the premises conveyed to the town by deed of Artemus Cook and Sarah Cook dated July 19, 1852, recorded with Norfolk Deeds, Book 212, page 43.

Voted, That, whereas the land and buildings hereinafter described are no longer needed by the town for school or other public purposes, the Selectmen be and hereby are authorized in behalf of the town to sell and convey said land and buildings for a consideration of not less than one thousand dollars ($1,000) and upon such other terms as the said Selectmen shall consider proper, said land being bounded and described as follows,

to wit: northerly on Hillside Street, 8 rods, easterly on land now or formerly of George Hunt, 10 rods, and southerly and westerly on land now or formerly of Artemus Cook and Sarah Cook, and land of the inhabitants of Milton, containing 80 square rods more or less and being the premises conveyed to the town by deed of Artemus Cook and Sarah Cook, dated July 19, 1852, recorded with Norfolk Deeds, Book 212, page 43.

(Unanimous vote.)

Article 34. To see what sum of money the town will appropriate to be spent under the direction of the School Committee in improving, renewing, and repairing the heating and ventilating systems of the Vose School and act on anything relating thereto.

Voted, That the sum of $17,000 be appropriated to be spent under the direction of the School Committee in improving, renewing, and repairing the heating and ventilating systems of the Vose School and act on anything relating thereto.

Article 35. To see if the town will authorize the Selectmen to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, the land within the town bounded and described as follows: beginning at a point in the southerly side line of Pleasant Street at land of Francis J. C. Alsop and land of N. H. Stone *et al.*, thence running southerly along said land of Alsop 482.06 feet to a drill hole in a boulder; thence turning and running southwesterly along said land of Alsop 176.20 feet to an old stake; thence running a little more southerly along said land of Alsop 283.86 feet to Edge Hill Road; thence turning and running southwesterly along Edge Hill Road 360 feet, more or less, to a point at the junction of the northerly side line of Edge Hill Road and the line next hereinafter mentioned; thence turning and running in a broken line in a general northeasterly direction, said line being parallel to the center line of the brook and distant 15 feet easterly therefrom, 933 feet, more or less, to a point in a line which runs parallel to the first bound and distant westerly 50 feet therefrom, which point is 218 feet, more or less, distant southerly from the southerly line of Pleasant Street; thence turning and running northerly along said parallel line 218 feet to Pleasant Street; thence turning and running easterly on Pleasant Street 50.4 feet to the point of beginning, be all of said measurements more or less, containing about 192,400 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And to raise and appropriate the money therefor and act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized, in the name and behalf of the town, to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, a certain parcel of land within the town bounded and described as follows: beginning at a point in the southerly side line of Pleasant Street at land of Francis J. O. Alsop and land of N. H. Stone *et al.*, thence running southerly along said land of Alsop 482.06 feet to a drill hole in a boulder; thence turning and running southwesterly along said land of Alsop 176.20 feet to an old stake; thence running a little more southerly along said land of Alsop 283.86 feet to Edge Hill Road; thence turning and running southwesterly along Edge Hill Road 360 feet, more or less; to a point at the junction of the northerly side line of Edge Hill Road and the line next hereinafter mentioned; thence turning and running in a broken line in a general northeasterly direction, said line being parallel to the center line of the brook and distant 15 feet easterly therefrom, 933 feet, more or less, to a point in a line which runs parallel to the first bound and distant westerly 50 feet therefrom, which point is 218 feet, more or less, distant southerly from the southerly line of Pleasant Street; thence turning and running northerly along said parallel line 218 feet to Pleasant Street; thence turning and running easterly on Pleasant Street 50.4 feet to the point of beginning, be all of said measurements more or less, containing about 192,400 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And that the sum of $100 be appropriated for the purpose, it being understood that the owners of said land will present the same to the town without compensation therefor.

(Unanimous vote.)

Article 36. To see if the town will authorize the Selectmen to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes the land within the town bounded and described as follows: southeasterly by Central Avenue, 175 feet; southwesterly by Clapp Street and land of George B. Courtney

560.75 feet; northwesterly by the center line of Pine Tree Brook, 154.98 feet; and northeasterly by land of the town of Milton, 577.58 feet, be all of said measurement more or less, containing about 91,000 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And to raise and appropriate the money therefor and act on anything relating thereto.

Voted, That Articles 36 and 37 and Article 55 be considered together.

Article 37. To see if the town will authorize the Selectmen to purchase or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, the land within the town bounded and described as follows: commencing at the junction of the southeasterly side line of Eliot Street and the northeasterly side line of Capen Street, thence running northeasterly along Eliot Street 290.53 feet; thence turning and running southeasterly 80 feet more or less along land of Henry B. Martin; thence continuing in the same straight line through land of Waldo A. Martin southeasterly 505 feet to a point of land of Charles E. Rogerson; thence turning and running westerly along said land of Rogerson 91 feet to a stone bound; thence turning slightly to the right and running 20 feet along said land of Rogerson to a point at land of James S. Russell; thence turning and running a little west of southerly along said land of Russell 177.85 feet to Columbine Road; thence turning and running northwesterly along Columbine Road 62 feet to a point; thence turning and running 33.44 feet in a general northeasterly and northerly direction on a curve having a radius of 20 feet; thence running northeasterly 141.55 feet along land of Lydia B. Taft to a point at land of said Waldo A. Martin; thence turning and running a little north of westerly along said land of Taft 214.80 feet to a stone bound in the northeasterly line of Capen Street; thence turning and running northwesterly along Capen Street 386.11 feet to the point of beginning, be all of said measurements more or less, containing about 150,694 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

Voted, That Articles 36 and 37 and Article 55 be considered together.

Article 38. To see what sum of money the town will vote to appropriate for the Public Library the present year.

Voted, That the sum of $19,920 be appropriated for the Public Library the present year.

Recreation and Unclassified

Article 39. To see what sum of money the town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, That the sum of $14,550 be appropriated for the general uses of the Board of Park Commissioners the present year.

Article 40. To see if the town will vote to authorize the Board of Park Commissioners to sell and convey, at private sale, the whole or any part of a certain lot of land on Adams Street taken by the town for a public playground by taking dated July 6, 1895, and being bounded and described as follows: southwesterly by the northeasterly side line of Adams Street, one hundred eighty-one and 30/100 (181.30) feet; northwesterly by the southeasterly line of the old "East Milton School House Lots" extended northeasterly, three hundred twenty-five (325) feet; northeasterly by the remaining part of the "Playground Lot," one hundred eighty-one (181) feet, more or less; and southeasterly by land formerly of Samuel Babcock, three hundred twenty-five (325) feet.

And act on anything relating thereto.

Voted, That the Board of Park Commissioners be and hereby is authorized, in the name and behalf of the town, to sell at private sale for the sum of not less than eight thousand dollars ($8,000) and to convey a certain piece of real estate situated on Adams Street, Milton, the same being no longer needed for public use, and that the proceeds from such sale be deposited with the Treasurer of the town for the general purpose of the town. The said parcel is bounded and described as follows: southwesterly by Adams Street, one hundred eighty-one and 30/100 (181.30) feet; northwesterly by the southwesterly line of the old "East Milton School House Lots," three hundred twenty-five (325) feet; northeasterly by the remaining part of the "Playground Lot," one hundred eighty-one (181) feet, more or less; and southeasterly by land formerly of Samuel Babcock, three hundred twenty-five (325) feet.

Article 41. To see what sum of money the town will vote to appropriate for pensions and annuities for the present year.

Voted, That the sum of $16,197.25 be appropriated as follows:

1.	Police and firemen, Section 85, Chapter 32, General Laws	$7,145 83
2.	Annuity, Chapter 16, Special Acts of 1919	300 00
3.	Police and firemen's widows' pensions, Section 88, Chapter 32, General Laws	1,200 00
4.	Laborers' pensions, Section 77, Chapter 32, General Laws	5,626 42
5.	School teachers' pensions, Section 42, Chapter 32, General Laws	925 00
6.	Pension, Special Act, Chapter 9, Acts of 1925	1,000 00

Article 42. To see what disposition the town will make of the balance of funds in the hands of the Treasurer appropriated in connection with contracts with the Trustees of the Eastern Massachusetts Street Railway Company, and not expended, and act on anything relating thereto.

Voted, That all sums heretofore appropriated in connection with contracts with the Trustees of the Eastern Massachusetts Street Railway Company, and not expended or needed for such purpose, be transferred to the surplus revenue account.

Article 43. To see what action the town will take to provide for the maintenance of the Thacher School Building, and to appropriate money therefor.

Voted, That the Thacher School Building, being no longer needed for school purposes, be placed in the charge and under the control of the Board of Selectmen, and that said Board be authorized to allow the use of the whole or part of said building by the Water Department or for such other lawful purposes as said Board shall deem wise, and that the sum of $11,460 be appropriated for the repair, alterations and maintenance of said building.

Article 44. To see if the town will vote to make application to the General Court to erect and constitute in the town, representative town government by limited town meetings, and act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized and directed, in the name and behalf of the town, to make application to the General Court to erect and constitute in the town, representative town government by limited town meetings, substantially in accordance with the draft a bill submitted with the report of the Committee on Representative Town Government approved under a resolve of the annual town meeting of 1925, or otherwise, as the General Court shall determine.

Article 45. To see if the town will amend Chapter 12 of the Revised By-Laws substantially as follows and act on anything relating thereto: Chapter 12 of the Revised By-Laws of the town is hereby amended by inserting after Section 3 the following new sections:

Section 3A. *Location of Buildings in District A.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, in District A —

1. No part of a building except first story porches not enclosed by glass and with a floor area not exceeding fifty square feet shall be built within 20 feet of the side line of the street on which it fronts, provided that no building need be set back more than the average of the set-backs of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than 20 feet being considered as occupied by a building set back 20 feet, and provided further that on a lot less than 100 feet deep held under separate and distinct ownership from adjacent lots and of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than one-fifth of the depth of the lot.

2. No dwelling shall be built within 40 feet or a distance equal to two-fifths of the depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the dwelling sets back from the front lot line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet. Buildings permitted in said District A other than dwellings shall not be built within 20 feet or a distance equal to twenty per cent of the mesne depth of the lot, whichever is less from the rear lot line, excepting that buildings of accessory use as defined

in Section 3, paragraph (h), may be built within said twenty foot or lesser strip provided they conform to the provisions of the Building Law.

3. No building shall be built within 10 feet of a side line of a lot or street, nor within 20 feet of any other building on the same lot, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot held under separate and distinct ownership from adjacent lots and of record in the Registry of Deeds at the time this section becomes effective, shall the buildable width be reduced to less than 25 feet.

4. No building shall exceed 35 feet or two and one-half stories in height unless it sets back from each street and lot line 10 feet in addition to the above requirements plus one foot for each foot of excess height. The term "half story" shall mean a story in a sloping roof, the area of which at a height four feet above the floor does not exceed two-thirds the floor area of the story immediately below it, and which is not designed for an independent apartment. No building shall exceed either 60 feet or four stories in height. The height of a building shall be measured from the average curb grade or, if there is none, from the average grade of the adjoining ground immediately in front of the building to the highest point of the roof beams for flat roofs and to the mesne height of the gable for pitched roofs. Chimneys, spires, towers and other projections not used for human occupancy may extend above the height limit herein fixed.

5. No dwelling shall occupy more than one-quarter of the lot on which it is placed and no building other than a dwelling shall occupy more than one-half the lot on which it is placed, provided that on a corner lot an additional area of 400 square feet may be occupied.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

Section 3B. *Single Family Dwellings.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling, provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective;

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot and on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yards adjacent thereto, no such side yard to exceed 10 feet in width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by buildings for two families.

Section 3C. *Validity.* — The invalidity of Section 3A or Section 3B, or any provision of said sections, shall not affect the validity of any other section or provision of said sections, and said sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said sections are inconsistent therewith and valid.

Section 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

Voted, To amend Chapter 12 of the Revised By-Laws by inserting after Section 3 the following new sections:

Section 3A. *Location of Buildings in District A.* — After this section shall be duly adopted by the Town and become effective pursuant to law, in District A —

1. Set-back: No part of a building except steps, and eaves not exceeding 18″ wide, shall be built within 15 feet of the side line of the street on which it fronts, provided that no building need be set back more than the average of the set-backs of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building

set back 15 feet, and provided further that on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases the same exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. Rear Yards: No part of a building except steps, and eaves not exceeding 18″ wide, shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (h) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of a building except steps, chimneys, and eaves not exceeding 18″ wide, and buildings of accessory use as defined in Section 3, paragraph (h) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in the Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained with the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on a corner lot an additional area of 400 square feet may be occupied subject, however, to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot, excepting buildings of accessory use as defined in Section 3, paragraph (*h*).

Section 3B. *Single Family Dwellings.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling, provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective;

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot and on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yards adjacent thereto, no such side yard to exceed 10 feet in width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by buildings for two families.

Section 3C. *Validity.* — The invalidity of Section 3A or Section 3B, or any provision of said sections, shall not affect the validity of any other section or provision of said sections, and said sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said sections are inconsistent therewith and valid.

Section 3D. So much of this amendment as is approved by the Attorney General shall go into affect upon its publication, or notice by delivery, as required by law.

Article 46. To see if the town will vote to amend Chapter 12 of its Revised By-Laws by striking out in Section 4, paragraph one, the words "any addition thereto made by permission of the Selectmen as hereinafter provided," which are contained in lines four and five of the By-Laws as printed in the 1924 Town Report; and to strike out all of

paragraph two of Section 4 of Chapter 12, containing the following words: "Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section, provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement, and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A, which is not constructed in accordance with the terms of such permit."

Voted, That this Article be indefinitely postponed.

Article 47. To see if the town will authorize the Board of Sewer Commissioners, under Chapter 282 of the Acts of 1914, to improve Pine Tree Brook between Pope's Pond and Thacher Street, and to take or acquire by purchase or otherwise such lands, water rights, water-courses, rights of way or easements necessary therefor; and to raise and appropriate money therefor and act on anything relating thereto.

See Vote under Article 48.

Article 48. To see if the town will authorize the Board of Sewer Commissioners, under Chapter 282 of the Acts of 1914, to improve Pine Tree Brook between Thacher Street and Brook Road and to take or acquire by purchase or otherwise such lands, water rights, water-courses, rights of way or easements necessary therefor; and to raise and appropriate money therefor and act on anything relating thereto.

Voted, That the Board of Sewer Commissioners be and hereby is authorized to improve Pine Tree Brook between Brook Road and Pope's Pond, or any part thereof, and, acting under Chapter 282 of the Acts of 1914 and acts in amendment thereof and in addition thereto, to take or acquire, by purchase or otherwise, such lands, water ways, water-courses, rights of way, or easements as shall be deemed by said Board necessary therefor, and may exercise all other powers granted in said acts, and that the sum of $4,000 be and hereby is appropriated for the estimated expense to be incurred in such taking and improvement.

Article 49. That all contracts for newspaper advertisements relating to the official business of the town, required by law to be published in local or representative newspapers, and to be paid for by the town of Milton, shall be awarded yearly as follows: bids to cover a flat rate per inch, charged to the Department so advertising. Said bids to be sealed and opened at a specified time and place, after due notice to the bidders, and the lowest bid to be accepted.

Voted, That this Article be indefinitely postponed.

Article 50. To see if the town will vote to direct the Moderator to appoint a Special Committee to be composed of citizens, representative of all sections of the town, who shall consider the probable financial problems to be met by the town during the next five years, and to report in writing to the next annual town meeting such recommendations as seem to them wise to enable the town to meet the conditions they anticipate.

Voted, That the Moderator appoint a Special Committee to be composed of citizens, representative of all sections of the town, who shall consider the probable financial problems to be met by the town during the next five years, and to report in writing to the next annual town meeting such recommendations as seem to them wise to enable the town to meet the conditions they anticipate.

Committee appointed: James W. Rollins, Jesse B. Baxter, Maurice A. Duffy, F. Dewey Everett, Hervey W. King.

Enterprises and Cemeteries

Article 51. To see if the town will vote to expend a sum not exceeding $100,000 under the provisions of Chapter 307 of the Acts of 1902, for the extension of water mains, and to raise and appropriate the same, and to take any action in relation thereto.

Voted, That the Treasurer be and he hereby is authorized, in the name and behalf of the town, and under authority granted in and in compliance with the provisions of

Chapter 307 of the Acts of 1902, and other acts applicable thereto, to borrow a sum not exceeding $100,000, the same to be expended by the Board of Water Commissioners for the extension of water mains, and to issue bonds of the town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton Water Loan," and shall be payable as required by said Chapter 307 of the Acts of 1902 and by Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than thirty years from their date, or at such earlier dates as the Treasurer and Water Commissioners may determine. They shall be sold at not less than the par value thereof, from time to time, by the Treasurer. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.

(Unanimous vote.)

Article 52. To see what sum of money the town will vote to appropriate for the improvement of the cemetery the present year.

Voted, That the sum of $17,920 be appropriated for the improvement of the cemetery the present year.

Article 53. To see if the town will accept the gift of Robert F. Herrick of fifty shares of the preferred stock of The Manufacturers Company, to be added to the Herrick Fund for the preservation and improvement of the cemetery, and act on anything relating thereto.

Voted, To accept the gift of Robert F. Herrick of fifty shares preferred stock of The Manufacturers Company, to be added to the Herrick Fund for the preservation and improvement of the cemetery, and that the Town Clerk be instructed to express the gratitude of the town to Mr. Herrick for his gift.

Interest and Maturing Debt

Article 54. To see what sum of money the town will vote to appropriate for interest and maturing debt for the present year.

Voted, That the following sums be appropriated for interest and maturing debt for the present year:

Interest	$37,105 00
Maturing debt	58,000 00

Article 55. To see what disposition the town will make of funds received from the Commonwealth of Massachusetts under the provision of Chapter 480 of the Acts of 1924, on account of payments heretofore made by the town under Chapter 283 of the Acts of 1919, providing for the recognition of those who served in the Army and Navy of the United States during the war with Germany.

Voted, Under Articles 36 and 37, and Article 55, that the Selectmen be and hereby are authorized in the name and behalf of the town, to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, two certain parcels of land within the town bounded and described as follows: first, southeasterly by Central Avenue, 175 feet; southwesterly by Clapp Street and land of George B. Courtney, 560.75 feet; northwesterly by the center line of Pine Tree Brook, 154.98 feet; and northeasterly by land of the town of Milton, 577.58 feet, be all of said measurements more or less, containing about 91,000 square feet, said premises being shown on a plan entitled "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk; second, commencing at a point in the northeasterly side line of Capen Street at the end of a curved line forming the junction of said side line of Capen Street and the southeasterly side line of Eliot Street as relocated and altered by the Selectmen and accepted by the town at this meeting; thence running in a general northeasterly direction along said curved line 21.35 feet to a point in the southeasterly side line of Eliot Street as so relocated and altered; thence running northeasterly along said southeasterly side line of Eliot Street as relocated and altered 145.65 feet to land of Henry B. Martin; thence turning and running along said land of Martin northwesterly 10.31 feet to the southeasterly side line of Eliot Street; thence turning and running a little north of easterly along said southeasterly side line of Eliot Street 130 feet; thence turning and running southeasterly along land of Henry B. Martin 80 feet, more or less, and along land of Waldo A.

Martin, 505 feet, more or less, to a point at land of Charles E. Rogerson, distant easterly 91 feet from a stone bound; thence turning and running westerly along said land of Rogerson 91 feet to said stone bound; thence turning slightly to the left and running 20 feet along said land of Rogerson to a point at land of James S. Russell; thence turning and running a little west of southerly along said land of Russell 177.85 feet to Columbine Road; thence turning and running northwesterly along Columbine Road 62 feet to a point; thence turning and running 33.44 feet in a general northeasterly and northerly direction on a curve having a radius of 20 feet; thence running northeasterly 141.55 feet along land of Lydia B. Taft to a point at land of said Waldo A. Martin; thence turning and running a little north of westerly along said land of Taft 214.80 feet to a stone bound in the northeasterly line of Capen Street; thence turning and running northwesterly along Capen Street 386.11 feet to the point of beginning, be all of said measurements more or less, containing about 148,989 square feet, said premises being shown on a plan entitled "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And that the sum of $48,000 be appropriated therefor; and that, to meet said appropriation, there be raised in the tax levy of the current year the sum of $8,204.91, and that the sum of $4,795.09, received by the town under the provisions of Acts of 1924, Chapter 480, be used to meet said appropriation in part, and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of $35,000 and to issue bonds or notes of the town therefor, said bonds or notes to bear on their face the words, "Town of Milton School Loan 1926," and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of the first bond or note or at such earlier dates as the Treasurer and Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post offices of said town fourteen days at least before said sixth of March, and leaving printed copies thereof at the dwelling houses of said town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said sixth of March next.

Given under our hands at Milton, the twelfth day of February, nineteen hundred and twenty-six.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, March 5, 1926.

Pursuant to the within warrant I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

March 13, 1926, at 5.55 P.M. *Voted,* That the meeting be dissolved.

The foregoing meeting was opened March 6, 1926, at 5.45 A.M. by the wardens in the several precincts.

Attest.

G. FRANK KEMP,
Town Clerk.

Warrant Committee

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz.:

WARRANT

September Primaries

Commonwealth of Massachusetts. Norfolk, ss.

To any of the Constables of the Town of Milton, in said County, Greeting.

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in elections and in town affairs to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue, in Precinct II, polling place, Tucker School Hall, Blue Hills Parkway, in Precinct III, polling place, Milton Police Station, Central Avenue, in Precinct IV, polling place, Belcher School, Church Street, on Tuesday, the fourteenth day of September, 1926, at 3 o'clock in the afternoon, for the following purposes:

To bring in their votes to the primary officers for the nomination of candidates of political parties for the following offices: Governor, Lieutenant Governor, Secretary, Treasurer and Receiver General, Auditor, Attorney General, Senator in Congress to fill vacancy, all of this Commonwealth; Representative in Congress for the Fourteenth Congressional District; Councillor for the Second Councillor District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Seventh Norfolk Representative District; County Commissioner for the County of Norfolk; two Associate Commissioners for the County of Norfolk; District Attorney for Norfolk and Plymouth District; Sheriff for the County of Norfolk; and for the election of the following officers: District member of the State Committee for each political party for the Norfolk Senatorial District; members of the Republican Town Committee; members of the Democratic Town Committee; delegates to State Conventions of the Republican Party; delegates to State Conventions of the Democratic Party.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 3 o'clock P.M. to 9 o'clock P.M., and you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said town at least four days before said meeting.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be, and before said meeting.

Given under our hands at Milton this thirtieth day of August, nineteen hundred and twenty-six.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, September 9, 1926.

Pursuant to the within Warrant, I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

NOVEMBER MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

To any of the Constables of the Town of Milton, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in elections, and in town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,
In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway,
In Precinct III, polling place, Milton Police Station, Central Avenue,
In Precinct IV, polling place, Belcher School, Church Street,

on Tuesday, the second day of November, 1926, at 5.45 o'clock in the forenoon, then and there to bring in their ballots for Governor, Lieutenant Governor, Secretary, Treasurer and Receiver General, Auditor, Attorney General, Senator in Congress to fill a vacancy, all of this Commonwealth; Representative in Congress for the Fourteenth Congressional District; Councillor for the Second Councillor District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Seventh Norfolk Representative District; County Commissioner for the County of Norfolk;

two Associate Commissioners for the County of Norfolk; District Attorney for Norfolk and Plymouth District; Sheriff for the County of Norfolk; also to vote on the acceptance of the following questions:

QUESTION No. 1

Shall an amendment to the constitution which authorizes the General Court to establish in any corporate town containing more than six thousand inhabitants a form of town government providing for town meetings limited to such inhabitants of the town as may be elected for the purpose, which received in a joint session of the two Houses held May 29, 1924, 189 votes in the affirmative and 40 in the negative, and at a joint session of the two Houses held March 18, 1925, received 262 votes in the affirmative and 4 in the negative, be approved?

QUESTION No. 2

Shall a law which amends existing law by striking out the provisions that veterans who pass Civil Service examinations shall be placed upon the eligible list above all other applicants, that disabled veterans shall be placed ahead of all other veterans, and that disabled veterans shall be appointed and employed in preference to all other persons; and by providing in place thereof, that five points shall be added to mark of veterans who pass such examinations, and ten points to the mark of disabled veterans, which law was disapproved in the Senate by a vote of 0 in the affirmative and 34 in the negative, and in the House of Representatives by a vote of 11 in the affirmative and 181 in the negative, be approved?

All to be voted for on one ballot.

The polls may be closed at 4 o'clock P.M., and you are directed to warn said inhabitants qualified as aforesaid to meet at the time and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said town at least fourteen days, and by leaving printed copies thereof at the dwelling houses in the town at least four days, before the day of said meeting in said several precincts.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens, at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be, and before said meeting.

Given under our hand at Milton this fifteenth day of October, nineteen hundred and twenty-six.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

Pursuant to the within Warrant, I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

2. Frank A. Carlsen of Boston and Dorothy C. Herland of Milton.
2. James Franklin Dutton of Boston and Kathleen E. Dolliver of Milton.
3. Bernard E. McTaggart of Boston and Mary A. White of Milton.
5. Charles A. McKay of Cambridge and Alice E. Fowler of Milton.
9. Abner G. Messinger of Milton and Ebba M. Eklund of Boston.
9. Donald F. Cameron of Lowell and Emma Couch of Milton.
12. Martin T. Schumb of Milton and Mae Agnes Keohane of Quincy.
12. Gordon B. Orrell and Dorothy McWilliams, both of Milton.
16. Wilfred B. Johnston and Ruth E. Forbes, both of Milton.
16. Arnold D. Jenkins of Milton and Helen S. Pratt of Norton.
17. Harold P. Stephens of Milton and May Doris Godfray of Beverly.
20. John F. Connelly of Milton and Alice M. Delory of Quincy.
21. Frederick E. Whelan of Milton and Gertrude M. Chandler of Kingston.
22. William M. Horner of Milton and Helen May Trott of Wenham.
23. Edwin Henry Beckvold of Boston and Georgina Mary Forde of Milton.
24. Paul J. Emery of Medford and Margaret D. Devettere of Milton.
25. Cecil Charles Cutts Humphreys of Boston and Grace Elizabeth Peterson of Milton.
25. William Douglas Bates of Milton and Norma B. Davis of Gloucester.
26. Douglas E. Munro of Boston and Doris E. Higgins of Milton.
28. Joseph T. Connolly of Somerville and Katherine B. Meagher of Milton.
Nov. 1. Paul A. Hedtler of Boston and Marvel Fabian of Milton.
6. Harrington Cobb of Boston and Mary Bruton of Milton.
13. Andrew J. Derrah of Milton and Emma B. Oblenis MacFarlane of Brockton.

Nov. 14. Stuart Francis Maybury of Quincy and Elizabeth Brown Kerr of Milton.
17. Samuel Levis of Andover and Katherine E. Flaherty of Milton.
24. Edward E. Cribby of Milton and Mary A. Barry of Wakefield.
25. Patrick Regan of Westwood and Bridget Finley of Milton.
27. Paul Kingsbury Fisher of New York City and Helen Pierrepont Johnson of Milton.
28. John E. Slack and Mildred F. McInnis, both of Milton.
29. Michael Murphy of Quincy and Marie Magdalena Reithmeier of Milton.
30. Henry G. Berry of Milton and Loretta M. Hayes of Boston.
Dec. 3. Ernest A. Johnson of Quincy and Alice Larson of Milton.
4. John F. Keith and Jeanette W. Henderson, both of Milton.
12. Francis A. Wall of Boston and Dorothy G. Kiley of Milton.
20. Loyal W. Grand of Amherst and Dorothy M. Moulton of Milton.
25. Albert Weeks Hung and Helen S. Jordan Baker, both of Milton.
27. Thomas M. Keith of Milton and Mary T. Bacon of Boston.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

Milton, Mass., December 31, 1926.

To the Citizens of Milton.

Your Board of Selectmen respectfully submits the following report for the year 1926. For the third successive year the Board has consisted of the same members and has continued with the same organization, Roger Wolcott serving as Chairman and Kenneth D. Johnson as Secretary.

Appointments

George F. Shepard was appointed Art Commissioner in place of Eliot T. Putnam, who had moved out of town. After a painstaking investigation of a number of possibilities by Messrs. James W. Rollins and Marcy L. Sperry, the committee appointed by the Moderator to assist the Selectmen in the choice of a Town Engineer, the Board appointed Forrest J. Maynard, Town Engineer of Watertown, to the position, and Mr. Maynard assumed his duties on August first. Both because of his technical and personal qualifications and of his fine record in his previous position the Board has high expectations of the value of his services to Milton. Following the settlement of the anthracite coal strike James S. Russell resigned his position as Fuel Administrator. He has the thanks of the town for his efficient and faithful performance of this task, — but one of his many services to Milton. Our other appointments will be found elsewhere in this book.

Licenses

The amendments adopted March 13 to the Zoning By-Laws of the town have raised several new problems; the Board has tried to live up to the spirit of the By-Laws without blindly adhering to their letter. Chapter 133 of the Acts of 1924 enables the Board when unanimous to "vary the application" of such By-Laws in specific cases wherein their enforcement would involve practical difficulty or unnecessary hardship, and wherein desirable relief may be granted without substantially derogating from their intent and purpose. Acting under this statute the Board has permitted James F. Hannon to erect a shed on Columbia Street for the purpose of getting his vehicles and contractor's implements under cover, and has permitted the City Fuel Company to resume the business use of its premises on the Neponset River at the Granite Avenue bridge. Both lots of land involved are in the residential zone, but the Board felt that their business use under the conditions which we imposed not only would do no injury to their respective neighborhoods but would increase the taxable property of the town.

In the application of section 4 of the Zoning By-Laws also we have imposed conditions permitting legitimate expansion of existing business in the residential zone while improving the appearance of the property involved.

A number of applications for gasoline filling stations have come before the Board, and we have exercised our powers to restrict the number of such stations to such a number that all licensees can profitably do business at the same time that the needs of the public are properly met.

Applications for the licensing of motor bus lines are diminishing. The Board has passed upon eight during the current year, and has licensed but three. The policy of the Board as set forth in last year's report remains unchanged, and, so far as Milton licenses have been acted on by the Department of Public Utilities, our policy appears to be that adopted by it.

The town By-Laws on Hawking and Peddling have become obsolete by reason of the repeal of the statutes on which they were based, and as a result of complaints of unlicensed hawkers and peddlers the Board has adopted regulations controlling the question.

Law

The Town Counsel again has served this year on a fixed retainer, which has not only resulted in a saving to the town, but has enabled our many town officials to consult him freely on many small questions of law.

The appeal to the Supreme Judicial Court of the suit of the Bowes Construction Company against the town, and the counterclaim of the town against the Company has resulted in a reversal of the finding of the Superior Court and a finding of $2,500 for the town.

The suits of the General Outdoor Advertising Company against the Public Works Department in the matter of billboard regulation still drag out their weary length. Again we must advise patience on the part of the town.

The Town Counsel has been instructed to make claim against the Boston Consolidated Gas Company for the death of additional trees in the East Milton district, and the claim is being settled for the amount fixed by the Tree Warden.

Felix Rackemann was retained to oppose two bills in the Legislature which would curtail our municipal independence, and they were defeated. Owing to a painful accident sustained by him in November we shall be deprived of his services in 1927, and we have appointed W. Rodman Peabody to act during his convalescence.

Highways

Snow. — The snow of the winter was easily handled until February by the four town plows, aided by the army truck loaned to the town by the Department of Public Works. On February 4 came a high northeasterly storm consisting of rain and heavy snow, with the thermometer at 32. In spite of the unfavorable nature of the storm our equipment handled it in excellent shape, and all our highways were kept passable for two cars abreast. Six days later however came a second storm of dry snow which drifted badly in the northeast gale which accompanied it. The low temperature and continuous drifting made plowing effective only for a short while. Despite this additional handicap the streets were kept in good condition until a warm rain on Sunday, February 14, which was followed by a hard freeze, — the worst possible condition to meet. Nevertheless the Highway Department did splendid work, and although ice ruts formed in most of our streets there can be no question that Milton conditions compared very favorably with those in surrounding municipalities. These storms created a condition at least as serious as that of February and March, 1920, when many people were unable to use their cars for five weeks, and the fact that there was practically no interruption in Milton of motor travel in 1926 speaks well not only for the progress in the business of snow plowing but also for the efficiency of our Highway Department. These storms cost the town $8,000.

The policy of the Department is to plow the thoroughfares first, then the side streets in thickly settled parts of the town, then all other side streets. By vote of the town in March, $5,000 was added to the general highway appropriation for the purpose of buying a tractor snowplow. We have bought a "Best" plow at a cost of $4,850, and the town is now well prepared to cope with practically any type of storm.

Acting under chapter 526 of the Acts of 1922, on February 26 we closed the principal thoroughfares of the town to heavy trucks, removing the ban on April 9. This minimized the damage to street surfaces during the critical period while the frost was coming out of the ground.

During the winter of 1925–26 an experimental snow fence was put up along the Adams Street front of Hutchinson's Field. While the value of such fences depends entirely on the direction from which snowstorms hit a given place, last year's experiment was so successful that this winter we are trying it out at other exposed points in the town.

Maintenance. — The severity of the winter not only left our streets in poorer condition than a year ago but also very much delayed the work of spring repairs. Considering the circumstances the Highway Department has done well, and our streets have been maintained in at least as good a condition as in past years, while improvements have been made in a number of cases.

Permanent Construction. — The Board again enjoyed the assistance of Stanley Cunningham and Michael Gibbons as the Advisory Committee on permanent construction, and the following pieces of work have been done with our appropriation of $35,000:

The south roadway of Reedsdale Road, Pleasant Street and Edge Hill Road, from Randolph Avenue to East Milton, a distance of 8,510 lineal feet.

Bradlee Road from Brush Hill Road to Blue Hill Avenue, a distance of 2,356 lineal feet.

Thus 24,070 square yards of roadway were constructed at an average cost of $1.45 per square yard, compared with $1.18 in 1925 and $1.58 in 1924. The increase is

partly due to local construction problems, but principally to the increased cost of materials.

We recommend an appropriation of $40,000 for 1927, as we feel that a continuance of the policy of permanent construction as rapidly as possible is more desirable than the constant patching of worn-out streets.

Sidewalks. — Our appropriation for sidewalks has enabled us to lay granolithic walks on Bunton Street, on Eliot Street from Hawthorn Road to Willoughby Road, on Curtis Road, and on Willoughby Road from Eliot Street to Blue Hills Parkway, — approximately 2,670 lineal feet in all. In addition we have surfaced with Amiesite the walk on Eliot Street from High Street to Morton Road, laid some Amiesite walk in East Milton Square and relaid the brick sidewalk on the west side of Adams Street at the Lower Mills.

Safety Measures. — Our "Danger" signs have reduced the number of motor accidents at several of the worst corners of the town, such as the Library Corner at the Centre, where twenty-five accidents took place in 1925 and only nine this year; Blue Hill Avenue, Bradlee Road and Atherton Street, where twelve accidents took place in 1924, six in 1925 and but two this year; Blue Hill Avenue and Brook Road, where nine accidents took place in 1925 and four this year; while "Death Crossing" at Brook Road and Randolph Avenue had sixteen accidents in 1925 and only eight this year. Two crossings in town are still a problem, — Centre Street and Randolph Avenue, where fourteen accidents took place in 1925 and fourteen this year; and Blue Hill Avenue, Dollar Lane and Milton Street, where eleven accidents took place in six months of 1924, eighteen in 1925 and twenty-four this year. This corner has the worst record in the town. There are State and town warning signs at its approaches; there is a flashing beacon at the intersection; and on Saturday afternoons, Sundays and holidays we have had an officer regulating traffic since July 2, 1926. Blue Hill Avenue is a State highway, and we have tried to get the Public Works Department to provide for "boulevard stops" at all its intersections under a statute passed this year which gives them, but not municipalities, the power to do so. The Department has declined, preferring first to study results on the Newburyport Turnpike, where "boulevard stops" are being tried for the first time by the State. Worcester and one or two other municipalities have accomplished the same result by ordinance, but in our opinion, despite the increase of accidents (probably however not proportionately greater than last year, in view of the steadily increasing traffic on Blue Hill Avenue,) the town will do well to abide by the advice of the State authorities. "Boulevard stops" imply increased speeds on the thoroughfare in question, and the frequent times of dangerous motoring in Massachusetts due to ice, snow and wet leaves may well prevent the boulevard stop system from being the success here that it is apparently in other States. Mechanical traffic control systems are fast developing, and we have not changed our opinion of last year, that when perfected they will provide equal safety at a lower cost than an increase in the number of traffic officers. The Board has under investigation an automatic traffic control system such as has been installed recently in Lynn by the General Electric Company on Western Avenue. The annual maintenance charge however per post is $150 to $180, and the company will install no fewer than sixty-five posts. We doubt whether traffic conditions in Milton now justify any such expenditure, though as such systems improve, the cost undoubtedly will be reduced, and probably it will be wise to experiment with them at some later date. One thing is certain, that almost every dangerous crossing requires a different remedy.

At the request of the School Committee the Board has adopted regulations forbidding the solicitation of rides by persons in the traveled portion of a highway, and riding upon the rear of any vehicle without the consent of the person in charge thereof.

Street Widenings, etc. — Arthur W. Rice kindly offered at his own expense to widen to the county line Canton Avenue at the entrance to his driveway opposite Atherton Street; the Board has accepted his offer, and the work has been done.

An impending commercial development on Granite Avenue northeast of its intersection with Adams Street, East Milton, led the members of the Board and others to petition the County Commissioners for a widening of Granite Avenue between that point and Squantum Street. This widening has been decreed, and when it is accomplished will very much relieve the heavy traffic from Dorchester to West Quincy and beyond.

The proposal to widen Hillside Street as a link in a Braintree–Canton thoroughfare, originally refused by the Board two years ago, has reached us in another form this year, in that the Metropolitan District Commission now undertakes to take over the section of Hillside Street in question when the widening is completed. The Board feels

that this is desirable for the town, and has co-operated with the County Commissioners in securing the necessary decree.

A proposed widening of Adams Street between Brook Road, East Milton, and the Furnace Brook Parkway in Quincy has not commended itself either to the Selectmen or the Planning Board for immediate action. Having in mind the remarkable effect on Canton Avenue traffic produced by the reconstruction of Blue Hill Avenue, the Board feels it wise to await the opening, probably not more than three years hence, of the so-called Southern Artery, which will by-pass traffic east of Mattapan Square, East Milton and Quincy Square, before embarking on so expensive a project as the widening of Adams Street at the present time. We feel moreover that the cost should be shared by a very much larger area than Milton and Quincy alone, and we have accordingly introduced into the Legislature a resolve for an investigation by the State Highway Division of the desirability, cost and apportionment of cost of the project.

By special legislation all street railway tracks in Milton must be in reserved spaces. Street railway traffic is not increasing, while motor congestion is growing fast. It would work a great relief on the stretch of Brook Road between Blue Hills Parkway and Reedsdale Road if the reserved space could be turned into a highway, so that automobiles could use the road from curb to curb. It will doubtless be desirable to abandon other reserved spaces from time to time in the future, and we have accordingly introduced a bill into the Legislature amending the Milton Street Railway Act so as to permit the town to vote the abandonment of such reserved spaces as may seem expedient.

Under the Board of Survey Act the Board has for the first time this year taken the initiative allowed by law without waiting for petitions by developers, who too often are interested only in selling their house lots without regard to the interest of the town in securing a properly co-ordinated system of future highways. We have established exterior lines for a future extension of Concord Avenue from the present dead end through to Blue Hill Avenue, Mattapan; of Bassett Street from its dead end through to Granite Avenue, East Milton; and have laid out Morton Road from the end of the accepted portion for construction under the Betterment Act northerly to Eliot Street. These several undertakings require acceptance by the town, which we recommend.

Section 1 of chapter 10 of the Revised By-Laws prescribes a minimum width for proposed highways of not less than 30 feet. Modern traffic conditions make such a width altogether too narrow, and acting as the Board of Survey we have refused approval of any way of less than 40 feet in width, and a 50-foot minimum may be even more desirable, with a wise regard to the future. We shall bring the question before the town in March and recommend a revision of the By-Law.

Many developers petition for the approval of ways with inappropriate and sometimes grotesque names suggested by them. The law gives the Board the right to change such names when such ways are offered for acceptance by the town, and in order to avoid the awkwardness of changing a name at so late a stage we have adopted a regulation whereby we reserve the right to give proposed ways appropriate names at their initial stage.

Street Signs. — In September cast iron street signs, conforming to the new State standard, with the approval of the State Highway Division were installed at the most important intersections of the town. All future street signs should be of the same pattern.

Bridges. — The amount appropriated by the town for extraordinary bridge repairs proved insufficient for the necessary work on the Adams Street bridge over the Neponset River at the Lower Mills, and it was necessary to secure a transfer of $347 from the Reserve Fund. The unforeseen necessity of replanking the Granite Avenue bridge also required a transfer of $300.

Betterment Construction. — The amendment to the By-Law adopted by the town in March, 1925 permitting betterment construction has resulted in a complete abandonment by petitioners of the old method of private construction prior to acceptance. Crown Street has been completed under the vote of the town in March, and we are recommending certain streets for betterment construction in 1927. The Board has voted that hereafter the cost of installing permanent sidewalks, water and sewers where available shall be included in every recommendation to the town for acceptance of a way for betterment construction.

Private Work and Street Openings. — The Board has availed itself of the appropriation made last March for the first time to do private work for individuals, the Water and Sewer Departments and the Boston Consolidated Gas Company amounting to $1,718.93, all of which has been charged to the applicants at cost and repaid to the town. This

appropriation has enabled us to pursue a much stricter policy in regard to street openings, and in every case where experience has shown that such openings have been unsatisfactorily refilled in the past the Highway Department has taken charge this year of refilling and resurfacing.

Public Transportation

In connection with the temporary abandonment of a portion of the Shawmut Branch of the New York, New Haven & Hartford Railroad Company, pending its reconstruction for use by the Boston Elevated Railway, we requested the Town Counsel to confer with the railroad authorities to safeguard the interests of our citizens taking trains at Mattapan, Central Avenue and Milton. A satisfactory agreement was reached. When electric trains are running to Mattapan an important change is sure to take place in the commuting habits of this section of the town — how important it is now impossible to foresee. The railroad service at East Milton remains unchanged, but there are some indications of an intention on the part of the railroad to improve the service.

Town Engineer

The problems of the Town Engineer are new ones for Milton and the Board, and his first report should be studied carefully by our citizens.

One thing is certain: he has a large and difficult task. Much of the town work has been done by rule of thumb, and is not properly co-ordinated, while the administration of the Water and Sewer Departments has been under separate and independent Boards working often without co-operation with each other or with the Selectmen acting as Surveyors of Highways. The records of the utilities in our streets have naturally not been kept up as they would have been had proper engineering plans been made — and made in one office instead of in three. The task of recording, co-ordinating, and planning for future activities confronts the Town Engineer, and he must be given an ample appropriation to perform it.

One of the pressing needs of the Highway Department is further development of our surface water drainage system, and we ask for an appropriation for this purpose.

The foregoing discussion leads us to the inevitable conclusion that Milton is now so large that we must have a Public Works Department, combining the present activities of the Highway, Water and Sewer Departments. Only by such a combination can the present lack of co-ordination, occasional friction and duplication of effort be avoided. To accomplish this consolidation we require the permission of the Legislature, as the Water and Sewer Departments are established under special statutes. We recommend the appointment of a committee to study the problem, with full powers, if it seems expedient, to introduce appropriate bills into the Legislature of 1928 for acceptance by the town at the ensuing March Meeting.

Police Department

Officer Fred N. Farrington retired on May 31 and Officer William J. Kelley resigned on September 7. Both vacancies have been filled by the appointment in each case of the ranking available man on the civil service certified list. Several motor replacements have been necessary because of extensions of the use of the cars of the Department, which have greatly increased the mobility and effectiveness of the force.

In general, the discipline of the Department has been good, although we have found it necessary in two cases to impose extra duty without pay for repeated failures to report on time without adequate excuses.

Occasionally cars which have met with accidents in the town are not again claimed by the owners, and the legal machinery for disposing of them is out of date and cumbersome. We have introduced a bill into the Legislature to remedy the situation.

The Department again enjoyed the valuable assistance of the Special Police of the Milton Post of the American Legion on May 30, May 31 and July 4 and 5. Once more the thanks of the town are due to the Post for so practical a display of its sense of obligation to the community.

Thacher Building and Town Hall

In accordance with the vote of the town last March under Article 43 we have made the necessary repairs and improvements to the Thacher Building. As frequently happens when old buildings are remodelled we exceeded our appropriation and were obliged to

secure a transfer from the Reserve Fund of $1,298.66. The building now houses the Water Department, the Town Engineer, the Board of Health and the American Legion, and is well adapted for these varied uses. We have appointed James Sangster, Superintendent of the Town Hall and lot, to have charge also of the Thacher Building.

We cannot feel an equal satisfaction with conditions in the Town Hall. Ugly, damp, dark, provided with wretched offices and other facilities, worn out and in constant need of repairs, it is high time that the town should face the fact that a building of beauty and better adapted to modern conditions should take its place. In the recent past delay has been wise, because of the uncertainty as to the size of hall required for town meetings. The Legislature of 1927 will undoubtedly pass our Representative Town Meeting bill, and we are confident that the town will accept its provisions at the earliest opportunity. Such acceptance will determine the necessary size of the meeting hall and as soon as it takes place we recommend the appointment of a committee to prepare plans for a new Town Hall to be submitted if possible to the town meeting of 1928.

Insurance

As recommended by the Warrant Committee the Board has considered the several recommendations made by the Special Committee on Insurance at the beginning of this year. We have caused an appraisal of the contents of the town buildings to be made by the Industrial Appraisal Company, the lowest bidder, and we have directed W. Newton Harlow, our insurance adviser, to equalize the fire insurance expirations over the five-year period for which they are written, so far as it can be done without the payment of additional premiums. The Special Committee recommended that all the insurance of the town should be placed with one broker. If we were placing insurance for the first time this probably would be wise, but we inherited from former boards a policy of dividing up the insurance among a multitude of brokers residing in Milton. To adopt the Committee's recommendation now would work a hardship, and we have therefore pursued our policy of former years, awarding about 40 per cent of the fire insurance to Mr. Harlow, in consideration of his valuable advice and assistance on all insurance problems of the town and dividing the remainder equally among such brokers as already have a share, so far as they still reside in Milton. By our policy the number is being gradually reduced.

We have not adopted the recommendation of the Committee that the liability and miscellaneous insurance of the town should be placed with a mutual company; only 15 per cent of the liability insurance of the country is now written by such companies. Moreover the insurer in a mutual company is contingently liable in case its losses exceed its Reserve Fund, and we consider it unwise to submit the town to such a contingent liability, which experience proves has frequently become an actual one.

Miscellaneous

War Memorial Illumination. — The World War Memorial on the Town Hall lot at the suggestion of the American Legion has been illuminated at night by a spotlight cleverly concealed in a neighboring tree by the Superintendent of Wires.

Granite Railway Centennial. — On October 12 was celebrated the one hundredth anniversary of the opening of the Granite Railway. The Special Committee provided an interesting celebration at East Milton on the occasion, when addresses were made by the Governor and others and an appropriate memorial tablet was unveiled and accepted on behalf of the town by the Chairman of the Board.

Fourth of July. — The Board again placed the American Legion in charge of the town's celebration of Independence Day, and with a larger appropriation commemorating the one hundred and fiftieth anniversary of American Independence the celebration this year was unusually successful.

Cunningham Gravel. — The delivery of gravel to Mr. and Mrs. Caleb L. Cunningham in accordance with an agreement of twenty-five years' standing has this year been finally completed at a cost of $900 less than the appropriation made by the town.

School Lot Takings and Sales. — The various real estate transactions on account of schools provided for under Articles 33, 35, 36 and 37 of the March Warrant, have been carried out by the Board. The Houghton School lot, on which a minimum sale price of $1,000 was set by the town, was sold to the highest bidder for $2,100, while the Edge Hill Road lot was generously given by the trustees of the Cunningham estate.

Perambulation of Boundaries. — On October 20 members of the Board together with the Town Engineer perambulated with members of the Boston City Council the boundary between the two municipalities. All monuments were duly found in position.

Town Garage and Centralized Purchasing. — Suggestions have reached the Board that a considerable saving in the maintenance of the many automobiles of the town would be accomplished by the establishment of a town garage, where ordinary repairs could be made by a regular attendant. Centralized purchasing of gasoline and other motor supplies has also been suggested. The experience of the Commonwealth and large corporations with centralized purchasing has not been uniformly satisfactory. We recommend that the foregoing questions be studied by the Committee suggested elsewhere in this report to consider a Public Works Department for the town.

For the third and last successive year the same Board of Selectmen has served you. This is gratifying evidence that we have given you satisfactory service. Such efficiency as we have been able to show has been due in large part to the courtesy and helpfulness of your other officials and to the public spirit of many individuals whom we have called upon without hesitation to help us in the performance of our duties. As we have said before, the town is growing fast, and even in three years the problems which have confronted us have increased greatly in number, importance and difficulty of solution. The Representative Town Meeting bill will soon be before you for acceptance. Two members of your Board served on the Special Committee which drafted it. Every member of your Board is convinced that it embodies the only possibility of continuing in the future the traditions of co-operation, neighborliness and efficiency that have made Milton the good town to live in that it is widely recognized to be.

Summary of Recommendations

Rapid continuance of permanent highway construction.
Further study of "boulevard stops" and traffic control systems.
Raising of minimum width of ways laid out for acceptance as highways.
Acceptance of act enabling abandonment of street railway reserved spaces.
Appropriation for development of surface water drainage system.
Committee to study advisability of a Public Works Department, a town garage and centralized purchasing.
Committee to make plans for new Town Hall.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

REPORT OF THE TOWN ENGINEER

Office of the Town Engineer,
Milton, Mass., December 29, 1926.

The Honorable Board of Selectmen, Milton, Mass, Roger Wolcott, *Chairman.*

Dear Sir: — The first annual report of the Department of Engineering, ending December 31, 1926, is presented for your consideration.

While the office was being completed in the Thacher Building the Engineer spent his time familiarizing himself with the layout of the town. During this time, also, the office furniture and complete equipment for two working field parties and one automobile were purchased.

The office was ready for occupancy about October 1. We started with a force of two, but the demands of the various departments soon required an increase in our personnel. Since the last of October the office force has consisted of the Town Engineer, chief of party, a draughtsman, a transitman, two chainmen and a stake man. It will be advisable to carry a force of this size for a few years, dividing it into two parties; one to meet the demands of the various town departments, the other to be making in the shortest possible time a survey of Milton, especially those areas bordering on the cities of Boston and Quincy where development is most rapid. This survey would be a basis for comprehensive plans for the street, sewer and drainage of all future developments. If two field parties are on duty, this Department will need a Ford car in the spring.

The work done by the Department to date is as follows:

Lines and grades have been supplied the Highway Department for granolithic sidewalks 4 feet wide on the following streets:

Bunton Street. 400 linear feet from Washington Street to Bunton Place,
Curtis Street, 628 linear feet from Blue Hills Parkway to Eliot Street,
Willoughby Road, 746 linear feet from Blue Hills Parkway to Eliot Street,
Eliot Street, 390 linear feet between Willoughby Road and Hawthorn Road,

making a total of 2,164 linear feet.

The only street built under the Betterment Act this year is Crown Street. The Engineering Department furnished the necessary lines and grades of said street. Surveys, plans and estimated costs have been made for the following betterment streets:

Concord Avenue, from Brush Hill Road, 525 feet southerly,
Brandon Road, from Brook Road to Hinckley Road, 800 feet,
Rockwell Avenue, from Washington Street to Beale Street, 560 feet,
Morton Road, from Adams Street to Morton Terrace, 350 feet,

making a total of 2,235 feet.

A plan to be accepted by the Board of Survey must be a plan of very recent date and drawn to a scale by a competent surveyor. Plans must show a satisfactory outlet for sewers and drainage with relation to future public needs before going to the Board of Survey for its approval. The new streets approved by the Board of Survey are as follows:

Martin Road, easterly from Highland Street, length 836.68 feet.
Windsor Road, from Brook Road to Hinckley, 890.83 feet.
Longwood Road, from Pine Road to Windsor Road, 520 feet.
Greenleaf Road, from Pine Road to Windsor Road, 288.23 feet.

All plans formerly filed with the Town Clerk are now indexed and stored in the fireproof vault in the Engineer's office.

According to the present By-Laws no new street shall be less than 30 feet in width. I recommend that a revision of this By-Law be made requiring the width of all new

streets to be not less than 40 feet and that all street corners have a radius of not less than 20 feet. With the rapid growth of Milton this width is needed to meet the anticipated traffic conditions.

I also recommend that the town appropriate a sum of money yearly to install storm water drainage. This work can be done most economically when the streets are in the process of reconstruction. Sections requiring special study with reference to storm water at the present time are the Mattapan district, Columbine Rocks, and the East Milton section known as Babcock Park.

With the increasing demand for streets, sewers and water mains I believe that the town should own a mechanical excavator. Such a machine could be used by all departments engaged in street construction work. Materials could be handled at one-third the cost of day labor.

At the request of the Superintendent of the Water Department, lines for the extension of water mains have been run. We have made plans and written descriptions for recording easements in areas under development where water main extensions are required. Water mains laid during the past year have been located and are being plotted for record plans. The following is a list of water mains and connections located to December 31:

Number of service boxes located, 472.
Number of feet of water pipe located, 16,018.11.
Number of gates located, 86.
Number of bends located, 34.
Number of tee connections located, 43.
Number of 4-way connections located, 8.
Number of ends located, 13.
Number of plugs located, 13.
Number of Smith connections located, 11.
Number of sleeves located, 8.
Number of hydrants located, 20.
Number of reducers located, 3.

This work has taken the entire time of two men since October 1. In the past these records, showing locations by tie distances to water gates, tees, bends, etc., have been plotted on small sheets of bond paper which have been kept together in binders. As these books are constantly used for reference these valuable records should be made on tracing cloth to a uniform size. Prints should be made for field use and originals be kept in the vault.

Plans for the purpose of sewer assessments were made at the request of the Chairman of the Sewer Commissioners for the following streets:

Blue Hills Parkway, from Dyer Road to Blue Hill Terrace, 394 linear feet,
Blue Hill Terrace Street, from Blue Hills Parkway to Crown Street, 310 linear feet,
Brandon Road, from Brook Road, north, 317 linear feet,
Brook Road, from Brandon Road to Fairfax Road, 261 linear feet,
Brook Road, near Adams Street, 166 linear feet,
Central Avenue, from Clapp Street, east, 409 linear feet,
Crown Street, from Blue Hill Terrace to Oak View Street, 540 linear feet,
Dyer Road, from easement near Thacher Street to Blue Hills Parkway, 1,965 linear feet,
Frothingham Street, from Brook Road, south, 442 linear feet,
Laurel Road, from Thacher Street, south, 501 linear feet,
Lothrop Avenue, from Verndale Road, north and south, 250 linear feet,
Verndale Road, from Lothrop Avenue, east, 209 linear feet,
Virginia Street, from Hawthorn Road, east, 216 linear feet,

making a total of 5,980 linear feet.

The applicants for house numbers have received prompt attention. With a good set of town plans this work would be a simple matter, but due to lack of sufficient data in many cases it has been necessary to measure the entire length of a street before supplying this information.

Town boundary lines have been run for the Inspector of Buildings and street lines defined for the Tree Warden.

One record plan of the site of a fatal accident has been made for the Police Department. The number of motor car accidents in the town of Milton during 1926, according to the police reports, have been 177 to date. A great majority of these accidents have happened at the intersection of main thoroughfares. At the junction of Blue Hill Avenue, Dollar Lane and Milton Street there have been 24 accidents, while in 1925 there were 18: At Randolph Avenue and Centre Street there were 14; at Canton Avenue and Blue Hill Avenue, 7; at Randolph Avenue and Brook Road, 7; at Centre Street and Brook Road, 7. At the last four intersections the number of accidents for 1925 and 1926 were the same.

As a first aid I recommend that Blue Hill Avenue be made a through street from its junction with Brush Hill Road and Eliot Street to the Canton–Milton line, and that regulation "stop" signs be placed at all streets intersecting between these points.

The "stop" highway signs, so called, have been in operation in Worcester about three months, and in this time the accidents have been steadily decreasing. As an example, on one street there has been but one accident where during the previous three months there had been twelve.

In Waltham no through street law has been adopted which would allow speeding through the city, but the "stop before entering" signs have been placed at street intersections and fines have been imposed on violators of this rule. There are no figures to report yet, but from the office of Mayor Beale this plan was reported to be a marked success.

Although a flashing beacon at the intersection of Blue Hill Avenue with Dollar Lane and Milton Street has been in operation two years, the number of accidents is steadily increasing. As a remedy I would recommend the removal of the beacon from this point. I would place this beacon on the side line of Blue Hill Avenue and the center line of Dollar Lane, then place a second beacon directly opposite, on the side line of Blue Hill Avenue and the center line of Milton Street. On these beacons "stop" signs of standard colors should be placed so that the drivers will be able to read these signs at night with the reflection from their headlights. The State "cross road" signs should be illuminated. I would suggest painting a center line on Blue Hill Avenue, Dollar Lane and Milton Street for fifty yards from the intersection of said streets. This same plan should be carried out at the intersection of Randolph Avenue and Centre Street, of Randolph Avenue and Brook Road, and of Centre Street and Brook Road. The street carrying the most traffic should be designated as a through street.

As a solution of the condition at Canton Avenue and Blue Hill Avenue, make Canton Avenue a one-way street from Blue Hill Avenue going north to Brush Hill Road, and detour vehicles going south over Brush Hill Road to Blue Hill Avenue. This will eliminate congestion of traffic at the junction of Canton Avenue, Green Street and Blue Hill Avenue.

A thorough survey of that part of Adams Street from Brook Road to the Quincy line should be made before any recommendation can be made for the betterment of traffic conditions at East Milton and Granite Avenue.

For the present, all street corners should be kept as clear of shrubs as possible, and owners of land should co-operate with the town in this work. Where it is possible to round the corners it should be done. A square street corner is of slight value to most landowners and it is a hazard to operators of vehicles in making turns. I would recommend that the Selectmen be given authority to accept for highway purposes lands given to the town for this work.

Details of the financial statement will be found in the report of the Town Accountant, as shown elsewhere.

Before closing my report I wish to express my appreciation to the Selectmen and all officials of the town of Milton for their co-operation and their support.

Respectfully submitted,

FORREST J. MAYNARD,
Town Engineer.

REPORT OF ASSESSORS OF TAXES

JANUARY 1, 1927.

To the Citizens of the Town of Milton, Mass.

The Assessors of Taxes herewith submit their annual report for the year 1926.

At the annual town meeting held for the election of town officers, Charles H. Horne was re-elected to the office of Assessor of Taxes for the ensuing term.

On March 15, 1926, the Board organized as follows: William W. Churchill, Chairman; Charles H. Horne, Secretary; and Wallace C. Tucker was appointed Clerk for the Board.

Assistant Assessors were appointed as follows: Frank P. Fanning, Esther A. Hunt, Frank H. Rein and Evelyn N. Smith.

As a result of a special appropriation for the purpose, the Assessors were able to install much-needed additional equipment in their vault for filing of some of the more permanent records; in the same manner we were also able to employ assistant clerks for a longer period of time than usual, and as a result we turned over to the Collector of Taxes his "List" and the tax bills in season to get them out by October 1, a thing which we have not been able to accomplish for several years.

The sharp advance of $4 in the tax rate for 1926 was due to the very large additional town appropriations, increase in nearly all the various State taxes, sundry new Charles River Bridge taxes, and increase in the county tax, together with a decided decrease in the available assets of the town. If this combination of circumstances continue, the tax rate will continue to soar.

The population of the town as made by the Assessors for the year ending April 1, 1926, is 14,259, an increase of 1,480 for one year.

Other statistics are as follows:

Total number of dogs	801
Total number of horses	131
Total number of cows	370
Total number of sheep	52
Total number of swine	14
Total number of fowls	1,700
Total value of fowls	$1,700
Number of persons liable for military duty	2,362
Number of dwelling houses assessed	3,052
Number of acres assessed	6,210
Amount used of National Bank tax	$4,702 46
Amount used of business and public service tax	$18,443 16
Amount used of State income tax and Public School Reimbursement Fund	$91,299 76
Amount voted by town	$20,000 00
Amount of estimated town receipts	$39,450 00

Taxes assessed in the Town of Milton, 1926

Valuation of personal estate	$3,427,545 00	
Valuation of real estate	26,560,900 00	
		$29,988,445 00
Tax rate $27.80 per $1,000 (total tax)		$833,678 77

Town tax, including bonds, less assets	$700,861 66	
State tax	43,080 00	
Metropolitan District fire prevention	198 24	
State highway tax	1,962 62	
South Metropolitan sewer tax	20,713 59	
Metropolitan Parks System tax	17,267 70	
Charles River Basin tax	2,539 54	
Charles River Bridge tax	3,156 08	
Charles River Bridge tax	363 45	
Charles River Bridge tax	226 00	
Neponset River Valley cleansing	1,125 39	
Metropolitan Planning Board tax	317 59	
County tax	35,927 22	
Overlay	5,939 69	
		$833,678 77

Additional Taxes

3,913 poll taxes at $2	$7,826 00	
32 additional poll taxes at $2	64 00	
Local sewer tax and interest	647 04	
Local gypsy moth tax	139 17	
Local sidewalk tax and interest	475 37	
December levy	411 44	
		9,563 02
Grand total		$843,241 79

Respectfully submitted,

WILLIAM W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,
Assessors.

REPORT OF BIRD WARDEN

MILTON, MASS., December 31, 1926.

To the Citizens of the Town of Milton.

I beg to submit to you my report as Bird Warden for the year 1926.

There was no appropriation and there are no accounts to be submitted.

I wish to report that my observations during the past year indicate that there is very little change this year from last year in the number of birds usually living within the town. The rarer birds are becoming increasingly scarce, and it is, I fear, inevitable that with the increasing growth of the population of the town they will disappear altogether. The common birds, especially those which seem to thrive well in close contact with the increasing human population, are apparently holding their own, and there is no danger of their being driven out in the near future.

The starling is increasing and is becoming more troublesome. I recommend to the citizens of the town who are interested, that they should make an effort to diminish the number of these birds which are no longer protected by the State law.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF MILTON CEMETERY

JANUARY 17, 1927.

To the Citizens of Milton.

The Trustees report as follows for the year 1926.

There were 135 interments of which 62 were from out of town; 11 new lots were finished and 29 taken by residents, and one lot was sold to a non-resident closely connected with Milton. Ten single graves were taken by residents. Thirty lots were placed under perpetual care.

It may be of interest to you to know that the first interment in the Milton Cemetery, as recorded upon a head stone, was in 1687. No records, so far as the Trustees are aware, were kept for the next two hundred years. The present records, started in 1880, are complete. As a substitute for this deficiency the Trustees are undertaking to make records from the data on the stones. The Trustees will appreciate highly copies of any family records of deaths up to 1880, as such records may include interments in the Milton Cemetery not recorded on stone. Doubtless some of the older Milton families have such records.

PERCY E. SHELDON, *Chairman.*
REGINALD L. ROBBINS, *Treasurer and Secretary.*
THOMAS K. CUMMINS.
ELLERTON P. WHITNEY.
ASAPH CHURCHILL.
THOMAS W. POND, *Superintendent.*

REPORT OF FIRE ENGINEERS

JANUARY 11, 1927.

To the Honorable Board of Selectmen, Town of Milton, Mass.

GENTLEMEN: — The Board of Fire Engineers herewith submits its report for the year ending December 31, 1926:

Alarms

There have been 293 alarms of fire received, as follows: bell alarms, 66; telephone, 214; Boston, 13.

Boston has responded to Milton 13 times.

The alarms during the year were as follows:

January	22	July	22
February	10	August	17
March	15	September	5
April	84	October	13
May	49	November	15
June	22	December	19

Classification

Automobiles	21	Grease in oven	1
Awning	1	Hay stack	1
Bonfires	2	Heater room (garage)	1
Brush	56	Henhouse	1
Chimney	19	Hut	1
Defective oil burner	1	Lumber pile	1
Defective smoke pipe	1	Office building	1
Dump	19	Needless	12
Dwelling	17	Rubbish	9
False	14	Stable	3
Fence	2	Station platform	2
Grass	84	Tree	1

Services rendered for Calls Other than for Fires

House filled with gas.
House filled with smoke.
Accident.
Call for pulmotor.

Property at Risk

Value	$182,600.00	Net loss	$612.33
Fire loss	3,938.45	Loss per capita	.28
Insurance paid	3,326.12		

Work Performed

Feet of hose laid	15,850	Feet of ladder raised	867
Gallons of chemical used	1,634½	Miles traveled	1,399.3

Permits Issued

Out-of-door fires	1,520	Explosives	68
Inflammable fluid	21	Fireworks	7
Oil burners	35		

Inspections

There were 300 inspections made of buildings.

New Boxes Installed

Box 311 Corner Randolph Avenue and Lodge Street.
Box 481 Corner Eliot Street and Valley Road.
Box 691 Adams Street, near Quincy line (purchased and to be installed in 1927).

During the year there were 13 ruby fire alarm domes installed over the boxes.

Apparatus

All the apparatus is in excellent condition, although now a year older, with the exception of the ladder truck which was put into service March 15, 1926. Due to an accident it was necessary for this Board to ask for a new car for Chief Holmes. The necessary appropriation was made by the Warrant Committee, and we have purchased a new Buick Coupé which will shortly be put into service.

Stations and Equipment

The stations are all in good condition and a few minor repairs have been made during the year. In accordance with the vote of the town at the last town meeting, we have installed extension ladders on Hose 2 and on Hose 4. The equipment has been kept in good order and necessary replacements and repairs have been made. During the year the hose has been thoroughly tested, and 1,100 feet have been discarded as being unfit for service.

Personnel

In accordance with the vote of the town at the last town meeting, Messrs. C. Stuart and F. E. Whelan were appointed to the permanent force and went on duty April 15.

Discipline

The discipline of the Department has been most excellent, and we wish to congratulate the officers and men in this matter.

Recommendations

There has been inserted in the Warrant for the next town meeting an article asking for an increase in pay of $200 per annum for the permanent men of the Department. We are in hearty accord with this request and trust that the citizens of the town will see fit to grant it.

Another article calling for four additional permanent men has been inserted in the Warrant, and we are asking for these men because we feel that at the present time we have not the proper number to safely protect the lives and property in the town. If this request is granted, we will have only 24 men in the Department, and, owing to the two-platoon system, it gives us only 12 men to a shift to man four pieces of apparatus. During the vacation time our numerical strength is badly reduced, and such a condition might some time prove fatal.

Again we take great pleasure in extending to the Police Department our thanks for their help during the year.

We cannot begin to express our sincere appreciation of the splendid spirit shown by all members of the Department.

Respectfully submitted,

J. HARRY HOLMES,
F. ELLIOT CABOT,
HOWARD S. PATTERSON,
Board of Fire Engineers.

REPORT OF LICENSING COMMISSION

MILTON, MASS., December 31, 1926.

To the Honorable Board of Selectmen.

GENTLEMEN: — The Licensing Commission respectfully submits the following report for the year ending December 31, 1926.

Forty-five public hearings have been held during which 222 licenses were issued. Inspections were made on all locations and garages.

Respectfully submitted,

J. HARRY HOLMES, *Chairman,*
G. E. BURT,
JOSEPH H. DUFFY, *Clerk,*
Licensing Commission.

REPORT OF TREE WARDEN

December 31, 1926.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Tree Warden Department of this town for the past year.

Trimming

This year, again, two destructive storms have done considerable damage in the town and increased the expenses of this Department above normal. Another unusual expense which seemed essential was the removal of 21 poplar trees on Hollis Street and the topping of another 20 in the same locality.

Planting

It has been the policy of the Department to plant 100 trees a year on the public property, and this year 75 trees only were planted. The high cost of desirable trees on sale at the various nurseries proved an obstacle to carrying out this policy.

Insects

The situation in regard to the insect pests is very similar to last year. The satin moth has continued to increase and was very bad in all Carolina poplars throughout the town. The tent caterpillar infestation is unchanged. The two elm-leaf pests are still troublesome; there is improvement in some localities but not in others. The elm bark louse is present in the town and is possibly a menace, but no method of fighting them effectively is known to the Department, and an appeal to the State Forestry Department brought no helpful advice.

Sawmill

The sawmill again shows a profit and is quite essential to the Department for handling its work.

Plans for Next Year

We believe that the policy of the Department of tree planting should be continued, and that more trees should be planted than has been possible during the last three years.

Appendix A

Trees planted:	
Norway maples	71
American elms	4
	75
Trees removed:	
Carolina poplars	23
American elms	12
Maples	3
Ash	1
Locust	1
	40

Six trees have been killed by gas the past year.

Appendix B. (General Account)

Appropriation for public work	$7,800 00
Expenditures	7,799 20
Balance reverting to Treasurer	$0 80

Appendix C. (Private Account)

Appropriation for private work	$5,000 00
Expenditures	2,344 60
Balance reverting to Treasurer	$2,655 40
Receipts from private work	2,370 74
Total reverting to Treasurer	$5,026 14
Receipts	$2,370 74
Less expenditures	2,344 60
Profit from private work	$26 14

Sawmill Account

Credits

23,870 feet of lumber sawed @ $10 per 1,000	$238 70	
Receipts from cordwood	196 00	
Receipts from lumber sold — elm	60 80	
Receipts from sawdust	42 00	
		$537 50

Expenses

Cost of electricity	$95 70	
Cost of labor	93 50	
		189 20
Credit balance		$348 30

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

REPORT OF MOTH SUPERINTENDENT

December 31, 1926.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Moth Department of this town for the past year.

Suppression Work

The amount of creosoting done during the past year was considerably more than the two previous years. The spraying was about the same as in the previous year, but I regret to report that the infestation of the town by the gypsy moth has noticeably increased.

I am glad to be able to report that the brown-tail moth has apparently disappeared from the town.

Labor

The cost of labor has increased during the year from $4.75 to $5.25 per day.

Equipment

I am glad to report that the equipment and buildings are in good condition and satisfactory for the needs of the Department.

The new G. M. C. truck purchased last spring was a much-needed addition and is entirely satisfactory. A new plow attachment has been secured for it so that this Department is now in a position to assist the Street Department in any emergency and has already been called on for this work.

Appendix A

Inventory of Property of Moth and Tree Warden Department

1 1926 3½ ton G. M. C. truck with sprayer and platform body	$5,300 00
1 1913 Packard truck	500 00
1 1 ton G. M. C. truck	1,200 00
1 ½ ton Ford truck	125 00
1 Ford coupé	500 00
Tools of all kinds (including field supplies)	525 00
Office equipment	200 00
Buildings (including sawmill)	7,500 00
Hose	410 00
Total	$16,260 00

Appendix B. (General Account)

Appropriation	$5,600 00
Expenditures	5,589 30
Balance reverting to Treasurer	$10 70

Appendix C. (New Truck Account)

Appropriation	$5,600 00
Expenditures	5,374 41
Balance reverting to Treasurer	$225 59

Appendix D. (Private Account)

Appropriation	$5,000 00
Expenditures	2,724 43
Balance reverting to Treasurer	$2,275 57
Receipts from private work	2,759 46
Total reverting to Treasurer	$5,035 03
Receipts	$2,759 46
Less expenditures	2,724 43
Profit from private work	$35 03

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF BOARD OF HEALTH

MILTON, MASS., December 31, 1926.

To the Citizens of Milton.

The number of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1926.	1925.	1924.
Chicken pox	42	81	157
Diphtheria	5	1	7
German measles	95	24	5
Lobar pneumonia	13	9	2
Measles	26	88	217
Mumps	42	12	6
Scarlet fever	28	23	32
Tuberculosis (pulmonary)	8	9	16
Tuberculosis (all other forms)	–	3	2
Whooping cough	74	44	7
Influenza	6	–	–
Encephalitis lethargica	2	–	2
Cerebrospinal meningitis	–	2	1
Suppurative conjunctivitis	1	1	–
Malaria	1	1	–
Dog bite	–	1	–

The Board organized March 24, 1926, with Dr. Withington, Chairman; Dr. Forbes, Secretary. The following appointments were made: Agent and Inspector of Milk, Dr. P. W. Kimball; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Registrar of Vital Statistics, G. F. Kemp; Deputy Inspector of Milk, S. R. Ramsdell; Inspector of Slaughtering, P. W. Kimball. The permit for cleaning cesspools was given to A. B. Snow and the contract for collecting ashes and garbage was awarded to S. G. Craig.

The Board has found that owing to the dumps being designated as "Board of Health" dumps, much closer supervision has been possible than in previous years, and the resultant condition has been much better.

In November the Board offered the Schick test and prophylactic treatment for diphtheria. About 150 people were so treated.

There have been a few more cases of diphtheria in the town this year than last, but investigation seems to indicate that these cases were in instances where the people had moved to town and had not previously received the Schick test or prophylactic treatment.

One hundred and twenty permits for connecting houses with the common sewer have been issued during the past year.

The Board has continued this year the following up of known cases of tuberculosis in the town to be sure that they were receiving proper care and that proper hygienic measures were being taken with respect to those coming in contact with these cases.

Respectfully submitted,

PAUL R. WITHINGTON, M.D., *Chairman,*
JACOB S. LINCOLN,
ALEXANDER FORBES, M.D., *Secretary,*
Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 1, 1927.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1926. There have been collected 521 truck loads and 3,870 double loads of ashes and 342 cords of garbage.

Yours respectfully,

SAMUEL G. CRAIG.

REPORT OF GENERAL CONTRACTOR

MILTON, MASS., January 15, 1927.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1926.

3 vaults cleaned.
48 cesspools cleaned.
59 loads removed from same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

DECEMBER 31, 1926.

To the Board of Health.

GENTLEMEN: — During the year 1926 there were issued 54 licenses to sell milk or cream, and 10 dealers were registered to sell oleomargarine; 45 of the licenses covered the sale of milk and cream which has been pasteurized and 9 re for the sale of milk and cream from cows that have been tuberculin tested and maintained in accord with the State Board regulations. The milk sold in town has been of uniformly good quality with relatively high butter fat and relatively low bacterial content.

Respectfully submitted,

PAUL W. KIMBALL,
Inspector.

S. R. RAMSDELL,
Deputy Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, MASS., December 31, 1926.

To the Board of Health, Milton, Mass.

GENTLEMEN: — I submit herewith a report for the Department of Inspection of Plumbing for the year 1926.

MONTH.	Permits issued.	Valuation of Work.
January	22	$11,945 00
February	13	6,825 00
March	18	8,450 00
April	32	14,110 00
May	26	17,035 00
June	41	23,791 00
July	37	21,534 00
August	43	18,680 00
September	18	8,085 00
October	29	12,085 00
November	20	10,695 00
December	20	16,945 00
Totals	319	$170,180 00

Extensions of the town sewerage system during the past year have provided relief, in several localities, from unpleasant conditions resulting from the installation of cesspools in non-absorbing ground, and I respectfully recommend that efforts of the past year toward this problem be actively continued.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING

MILTON, MASS., December 31, 1926.

To the Board of Health.

GENTLEMEN: — No animals were passed for food during the year 1926.

Respectfully submitted,

PAUL W. KIMBALL,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., January 1, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my annual report for the year ending December 31, 1926.

I have inspected 67 stables and premises where cattle or swine were kept, and found all but two in good sanitary condition, meeting requirements of light, space, ventilation, etc. I gave physical examination to 462 cows, 19 young, 6 bulls, 42 sheep, 187 pigs and 1,027 hens; also quarantined 12 dogs and 87 hens.

Respectfully submitted,

JAMES SPENCER,
Inspecto of Animals.

REPORT OF INSPECTOR OF BUILDINGS

JANUARY 12, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the Building Department for the year ending December 31, 1926.

MONTH.	Permits for New Dwellings.	Permits for Alterations.	Permits for Garages.	Permits for Other Buildings.	Valuation.
January	7	3	10	1	$59,975 00
February	2	1	6	3	19,500 00
March	28	8	5	7	237,995 00
April	18	10	19	10	153,795 00
May	19	7	25	5	182,130 00
June	22	13	29	3	205,955 00
July	24	16	27	2	204,302 00
August	16	5	–	7	107,093 00
September	16	11	38	6	112,512 00
October	18	8	23	2	164,365 00
November	21	8	31	4	201,533 00
December	11	5	11	2	84,625 00
Totals	202	95	224	52	$1,733,780 00

Making valuation as per applications $1,733,780.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF SUPERINTENDENT OF WIRES

MILTON, MASS., January 11, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith present the report of the Wire Department for the year ending December 31, 1926.

This Department has supervision of the fire and police signal system, also inspection of all buildings equipped with electric light service and all poles and wires on town streets.

Interior Wiring

	1925.	1926.
Certificates issued for light and power	504	435
Number of inspections	1,172	936
Number of incandescent lights wired for	10,932	11,015
Number of motors installed	31	58
Total horse power	32⅛	26⅕
Number of electric heaters and ranges installed	41	43
Total watts	118,820	101,305

Radio

All outside antenna wires must be protected by a lightning arrester.

Any one wishing a copy of rules concerning radio installation may have same by notifying the Wire Department.

Fire and Police Signal Systems (Overhead and Underground)

A new style fire alarm box has been installed at box 38 on Highland Street.

New fire alarm boxes have been installed at box 644, corner of Governors and Brook Roads; box 481, at the corner of Eliot Street and Valley Road; box 311, corner of Randolph Avenue and Lodge Street.

One police box has been installed at box 242, corner of Randolph Avenue and Hillside Street.

All fire and police boxes have been grounded.

Have made 179 emergency calls.

Have used 1,825 feet of No. 2 conductor, loom cable on Eliot Street, Randolph Avenue, Brook Road, Granite Avenue and Edge Hill Road.

Have replaced old wire and arms with new on Brook Road from fire alarm box 16 to Central Avenue.

Have replaced old wire and arms with new on Hillside Street from the Farrington estate to the town line.

Have used 11,700 feet of iron wire on Fullers Lane, Hillside Street and Norway Road.

For the maintenance of the Wire Department I have requested an appropriation of $8,123.68.

Respectfully submitted,

E. E. CHOATE,
Superintendent of Wires.

REPORT OF PARK COMMISSIONERS

To the Citizens of the Town of Milton.

The Park Commissioners herewith present their report for the year ending December 31, 1926.

The general program of the Department has not varied from that of former years except in the increase of facilities and expenditures due to the increase of population in the town.

The personnel of the Department is as follows:

Superintendent	John L. Kelly.
Playground Supervisor	Aaron H. Yeaton.
Assistants	Miss Flora Douglas. Miss Dorothy Patton.

New Equipment and Facilities

The Field House on the Brook Road Playground was completed and occupied in connection with the usual activities of the Department on August 1, 1926. It is constructed of fireproof indestructible material and has a tile roof. The ground floor is taken up with lavatories for men and for women, and a large room for storage and heating plant. The second floor is on an approximate level with Brook Road and has one large playroom and one locker room, together with shower baths connected with the latest hot-water equipment.

The Milton Woman's Club provided playground equipment for smaller children and installed same on the school lot on Eliot Street and on the Hollingsworth Field Playground along Brush Hill Road. Supervision was also provided for by the Woman's Club for the months of July and August on these two playgrounds, and the Commissioners feel that too much praise cannot be given for the civic interest shown in this matter by them.

The arrangement entered into for the past several years with the Milton Yacht Club, whereby the grounds and wharf at the Town Landing were cared for in exchange for the use of facilities there, has been found to be mutually satisfactory. This arrangement was continued through 1926. The float maintained here by the town became water-logged, and the Yacht Club members have built a new one which they are asking the town to help pay for.

The southerly end of Hollingsworth Field is very low in a section which has an area sufficient for a fairly large skating rink if properly developed. A mosquito-breeding nuisance at the same time could be done away with if the town sees fit to allow the money for said development.

The Milton Woman's Club and the Town Planning Board retained the services of a Field Secretary from the Playground and Recreation Association of America, Mr. John Bradford, who has made a study of the future playground and recreational needs of the town. One of his primary recommendations is for the enlargement of the Brook Road Playground by purchasing that portion of land known as Burt's Field. The Commissioners have known for a long time that the Athletic Fields upon the Brook Road Playground are totally inadequate for the needs of the High and Junior High Schools at present, to say nothing of the additional need for the people of the Mattapan section in general.

We are unanimously in favor of the purchase of Burt's Field by the town.

Other Recommendations

That the town assume a portion of the expense of building the float at the Town Landing.

That a serious study be made of the various recommendations made by Mr. Bradford.

That the town provide for the skating rink at Hollingsworth Field (see budget for 1927).

We ask for an appropriation of $4,880 for the carrying out of our program for 1927.

Respectfully submitted,

WM. G. RODD, *Chairman,*
MALCOLM DONALD,
CLYDE L. WHITTIER,
Park Commissioners.

REPORT OF POLICE DEPARTMENT

MILTON, MASS., January 12, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit the report of the Police Department for the year ending December 31, 1926.

Roster of the Department

Chief — James R. Travers. *Deputy Chief* — Timothy McDermott.

Sergeants

Norman R. Bowman. John B. Shields.

Patrolmen

George P. Bertram.
Robert J. Blake.
William H. Byrnes.
Thomas J. Callahan.
Richard F. Chamberlain.
John A. Chamberlain.
William H. Coghlan.
James J. Dalton.
John W. Dalton.
Joseph F. Duggan.
John P. Driscoll.
Patrick H. Donahue.
Andrew J. Donahue.
William S. Fallon.
James J. Foley.
John J. Haley.
Francis T. Hanna.
William D. Kearney.
Edward F. Lee.
Francis J. Lynes.
Thomas J. Lynes.
Frank H. McDermott.
Timothy A. McDermott.
Joseph J. Mulhern.
Michael J. Murphy.
James J. Parrell.

Clerk — Anna Healy.

In Memoriam

LUCIUS E. DAMON (retired)
Died March 26, 1926.

Arrests

Total number of arrests	541
Males	520
Females	21
Residents	66
Non-residents	475

Causes of Arrests

Assault and battery	5
Breaking, entering and larceny	14
Drunkenness	55
Circulating false alarm of fire	2
Idle and disorderly	3
Insanity	5

Motor vehicle laws, violating (28 of which are for operating under the influence of liquor)	403
Larceny	10
Liquor laws, violating	7
Malicious mischief	8
Non-support	2
Railer and brawler	3
Receiving stolen property	1
Robbery	1
Selling mortgaged property	1
Suspicious persons	2
Stubborn child	1
Runaways	5
Tramps	2
Trespass	1
Violation of probation	1
Violation of firearm laws	1
Violation of town ordinance	8
	541
Amount of fines imposed in court	$6,825

Miscellaneous Work

Accidents reported and assistance rendered	235
Animals reported lost	65
Animals found	52
Animals sent to Animal Rescue League	38
Automobiles found abandoned	26
Articles reported lost	13
Articles found	19
Affidavits served	8
Buildings found open and secured or owner notified	146
Buildings broken into	44
Cases investigated by officers	1,969
Dead bodies found	1
Defective hydrants and pipes reported	5
Defective sidewalks and streets reported	63
Defective wires	25
Defective trees	16
Defective bridges	8
Disturbances suppressed	2
Dogs killed	3
Fire alarms given by officers	3
Fires extinguished by officers without an alarm	2
Houses reported vacant and special attention requested	223
Lost children restored	13
Lanterns placed on streets	41
Lights reported out	1,083
Milton writs served by other departments	369
Number of writs served for other departments	304
Number of search warrants for liquor served	4
Number of gallons of liquor delivered to Department of Public Safety	168
Officers attending fires	215
Officers detailed for public service	153
Officers detailed at request of citizens	238
Runaway horses stopped by officers	3
Street obstructions reported and removed	7
Solicitors driven out of town	19
Suicide	1
Amount of stolen property reported	$8,347
Amount of stolen property recovered	5,091

Crime

During the year a few houses have been entered and several of the offenders have been caught and are serving jail sentences.

There were three raids in the old Merritt house on Blue Hill Avenue and a quantity of liquor was seized. The tenants were prosecuted and are serving sentences.

Other crimes that have occurred have not been of a serious nature, and, in general, good order has prevailed throughout the year.

The Force

Patrolman Fred M. Farrington retired with pension May 31, after thirty-two years of faithful and efficient service.

Joseph J. Mulhern was appointed a patrolman June 1.

Patrolman William J. Kelley resigned September 10.

December 17, John J. Condon was appointed a patrolman, to take effect January 1, 1927.

The discipline of the Department in general has been good. Several patrolmen were ordered to do punishment duty for violations of the rules.

The members of the Department have been called on to do many extra details during the year, and though they have received no extra compensation, their time has been cheerfully given.

Motor Service

A Ford touring car was purchased to replace the old one, and it is used by patrolmen to cover the Brush Hill section of the town. A new Buick coach was purchased for the Chief, to replace the old Reo touring. A Harley-Davidson motorcycle was purchased to replace the old one. The Ford touring and the old Harley-Davidson motorcycle should be exchanged for new ones the coming year.

Police Signal System

I wish to call to your attention again the urgent need of having the signal service equipped with a recall system. Through this means, all members of the Department may be brought together quickly for their own protection as well as for the suppression of crime. A great many crimes are now committed by persons in automobiles as a means of escape, and in a very short space of time they are a long way from the scene of the offence. It is therefore of utmost importance that the officer in charge at the station be able to get in touch immediately with the patrolmen. No department can be up to date without this signal service.

Traffic

Five patrolmen and two motorcycle officers are assigned to traffic duty.

Three fatal accidents have occurred during the year. The dangerous crossings have been marked, but I recommend the installation of automatic signal devices at the principal intersections.

On several occasions the Milton Post of The American Legion very kindly volunteered their services directing traffic at the dangerous intersections.

Conclusion

I wish to thank the Justices, Clerks and Probation Officers of the District Court and the Board of Selectmen for their valuable advice and assistance, and all other town departments for their co-operation, also many citizens for their helpful information. I desire to express my appreciation for the excellent service rendered by the members of the Department.

Respectfully submitted,

JAMES R. TRAVERS,
Chief of Police.

REPORT OF BOARD OF PUBLIC WELFARE

To the Citizens of Milton.

The Milton Board of Public Welfare has the honor to present the report for the year 1926.

The most conspicuous work of the past year has been the repairing and renovating of the Town Farm buildings. There has been nothing done to the buildings for several years, and the repairs were greatly needed. The house which formerly was occupied by the men has been put in order with the expectation that it will be used for a family, as it is most difficult to find houses with small rent that are suitable for mothers with little children.

A large item of expense is that of hospital bills. These are not only for residents of the town who are unable to pay, but also in some instances for those who have met with an accident within the town limits and do not live here. Sometimes it has been impossible to collect the full amount of these bills from other towns or individuals.

The most important work of the Board can neither be reported nor described. It consists in the case work with individuals and families. In this we have been most constantly and efficiently aided by Mrs. Charles H. Williams of the Milton Social Service League.

We are most fortunate in our Superintendent and Matron of the Town Farm. Mr. and Mrs. John A. Dexter were appointed to take the places of Mr. and Mrs. Chase, who left last March. Mr. and Mrs. Dexter are both devoted and efficient. There are at present four inmates at the Town Farm, — two men and two women.

The appropriation of the town last year was $15,500. There was paid into the treasury of the town, from sales at the Town Farm and reimbursements from the State, cities and towns for aid rendered, $2,893.78. The net cost was, therefore, $12,606.22.

The expenditures at the Town Farm were $7,697.88, of which $3,434.50 was spent for extraordinary repairs. The receipts from sales were $1,040.43. The net cost, excluding expenditures for permanent improvements, was $3,222.95.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman.*
HUGH McCUE, *Secretary.*
CHARLES W. ROLLINS.
EDITH E. STEBBINS.
JOHN TALBOT.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

JANUARY 14, 1927.

To the Citizens of the Town of Milton.

The trustees of your library hope that you will all read the Librarian's report, but wish to emphasize some of the points found therein, and to call attention to the fact not there mentioned but easily seen, that the Librarian is thoroughly interested in her work, and is well backed up by her assistants.

The resignation of Miss Jane W. Kennedy is a great loss, especially to the Russell Reading Room. Her devotion to the cause would be hard to express and extended over twenty-eight years. Mrs. Calderwood succeeds her, and her experience in the Library assures her success.

We must be prepared for great extensions of our service to meet the demands of a rapidly growing town, and the chief needs are for more room both at Mattapan and East Milton.

The great increase of population made it necessary to be more strict about registration cards, but the present rules are only in accord with general library practice.

Instruction in the use of the library has been given to pupils in the High School, and will fit them to get much more out of it. This course will be repeated each year.

A gift of $1,000 in memory of Waldo Emerson Forbes was received and is much appreciated; also, a gift by the Huntington Frothingham Wolcott Woman's Relief Corps of a flagpole and two flags received with gratitude. To Mrs. J. Malcolm Forbes we are indebted for the loan of a wonderful copy of Murillo's Immaculate Conception, now hanging in the Children's Room.

The roof has been repaired just in time, as leaks were beginning to show. The interior of the building had become very grimy, but is now done over as good as new at a very reasonable cost.

An appropriation of $18,235 is asked for this year, to include certain repairs to the heating plant as well as the regular expenses of conducting the library.

It is interesting to note that the American Library Association has just observed its fiftieth anniversary, and in that connection that Milton opened its library before that organization was formed.

But the Trustees cannot renumerate all the happenings, or even all the gifts. So you should read the Librarian's report with care.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
FRANK E. LANE, *Treasurer,*
RODERICK STEBBINS, *Secretary,*
ALEXANDER McADIE,
ARTHUR S. PIER,
ROBERT SALTONSTALL,
ROGER L. SCAIFE,
FREDERIC M. STONE,
ARTHUR H. TUCKER,
Trustees of Milton Public Library.

REPORT OF LIBRARIAN

January 12, 1927.

To the Trustees of the Milton Public Library.

I have the honor to submit my report for the year ending December 31, 1926.

Probably most librarians in beginning their reports this year have one thought foremost in mind, — the fiftieth anniversary of the American Library Association and the growth of the library movement during the past half century. The obvious reaction to this thought is the growth of our own library during this same period. In 1876, when the National Association was being formed in Philadelphia, Milton was hardly more than a country village of 2,800 people and 514 houses. Today we are a city in size, if not in form of government, with a population of over 14,000. Our book stock then numbered 7,000 volumes, it has now 37,000; about 1,800 people held library cards, and now almost half of the town are borrowers; 17,000 volumes were circulated against 110,742 in 1926.

Fifty years ago the town appropriated for our use $1,133.73; we received for maintenance in 1926, $17,235. In 1876 the library occupied one room in a private house on Wharf Street; today our agencies for distribution consist of a Central Library, 3 branches, a house-to-house delivery service, deposits in all of the schools, deposits at the Town Farm and Milton Hospital, and a collection depot in the Milton Hill Pharmacy. It is a record of splendid progress. May we hope to be equally satisfied with the record of succeeding years.

For the first time since 1918 we have had a loss in circulation, it being 1,553 less than in 1925, 1,022 of this being in the house-to-house delivery service. This loss has come in spite of the fact that there have been more registrations of new borrowers than in any previous year. This is partly accounted for by the fact that a new rule has been made requiring each person taking books to present his identification voucher. In the past it has only been necessary to give one's card number, but the town is growing so that this method no longer seems a wise one. Furthermore, by the old method there was no possibility of checking up when wrong numbers were given, with the result that many books were lost. Many families had been making one voucher do the work for one, two and sometimes four members of a household, and the new ruling naturally made it imperative for each person taking books to register. It has been most gratifying that the majority of our public has responded so willingly to this new regulation.

The work at the Mattapan Branch continues to be done in cramped quarters. We hope that with the awakening of the town to the recreational needs of our crowded communities the needs of the library will not be overlooked. Practically all of the High School pupils of the Mattapan district use the branch for their reference and supplementary work, and there are many days and evenings when the room is so crowded that there is no inducement for any one to drop in for a quiet hour of reading. There were 289 new registrations during the year and the circulation was 26,492.

Miss Babcock reports the busiest year in the history of the East Milton Branch, 26,180 volumes being issued, a gain of 958 over last year. There have been 229 new registrations, again the largest figure for any one year, all of which reflects the growth of population in this part of the town. For several years we have stressed in these reports the need of a new branch in the Mattapan district, and have hoped that such a building would be an accomplished fact before we suggested a similar need at East Milton. But with the population increasing at such an astonishing rate in this section, the small room which we now occupy, and which is reached only by climbing a long flight of stairs, will soon be outgrown. To quote Miss Babcock once more, "The children have never patronized the Reading Room in such numbers. It makes one long for a Children's Room, and indeed for the new branch building, which so many speak of. It is, of course, only a dream, a castle in the air, now, but may we not hope that some day the dream will be realized, for much better work could be accomplished, and more people reached."

For the first time in four years there has been a resignation in the staff. Miss Jane W. Kennedy, who has had charge of the Russell Reading Room ever since it was opened in 1898, and who at several times was a member of the Central Staff, resigned in September. Miss Kennedy's record of service is an enviable one. When she assumed charge of the Russell Reading Room it was a neighborhood affair, privately managed. When the town took it over in 1900 it continued to be a neighborhood affair in spirit. Miss Kennedy knew her constituency as friends and neighbors. She knew individual wants and needs, and that she successfully met these needs was demonstrated by the consternation and sorrow of the community when it became known that she was leaving Milton. Whatever success this little branch may have in the future will be due to the splendid work done by Miss Kennedy during the past twenty-eight years. The library was fortunate in securing the services of Mrs. Christine T. Calderwood to take Miss Kennedy's place.

The work with children has followed along regular lines, and 19,341 books have been circulated from the Central Library. We continue to send monthly deposits to all of the grade schools. This year we are noting with pleasure that the teachers are more and more basing their requests on the State Certificate Reading Lists, and we are endeavoring in so far as money allows to duplicate these titles so that there will be few unfilled calls. We have had a Map of Adventure Reading Club, a Vacation Reading Club, and a Wild Flower Contest, when 110 different flowers were brought in. We had the usual display of books suitable for Christmas presents during Good Book Week, and during this same week a Library Club of nine girls from the Junior High School visited the library with their teacher. The copy of Murillo's Immaculate Conception, which was placed in the Children's Room in July, is loaned by Mrs. J. Malcolm Forbes. The loveliness and dignity of the painting adds much to the beauty of the room.

The shelving placed in the Reception Room in December of 1925 has greatly helped to relieve the congestion in the Children's Room, particularly in the summer, when all books are in from the school deposits. It is our hope eventually to convert this into a school duplicate room.

During October instruction in the use of the library was given to pupils in the ninth grade of the High School. One hundred and seventy pupils came in small groups for three lessons: one on the use of reference books, one on classification and location of books, and one on the use of the card catalogue. This is a very important piece of work for both the school and the library, and we are glad that the work was resumed this year.

We feel that a more satisfactory service has been established at the Milton Hospital. Signs have been placed in all private rooms and wards telling the patients that library books are available. Annotated lists in duplicate are sent with each deposit, and the reports from the hospital are that more patients are using the books. Miss Thompson of the hospital staff has, by her interest and enthusiasm, materially helped in making this service more successful.

For the first time in eight years a complete inventory has been taken. This work has only been finished during the past week, so it hardly seems fair at this moment to record a loss of 300 volumes. This, however, is an average loss of only 38 books a year, and since during these eight years we have circulated almost 900,000 volumes the loss is not an appalling one. Past experience in inventories has proven that it takes from four to six months to arrive at a final figure of definite loss. We feel confident that the figures will be reduced by one-half before June 1, 1927. Even so, we read with regret of the reports written fifty years ago, when we learn that "only two books have been lost, one being taken from a boy on his way home from school by a tramp." Although the number lost has increased from two to thirty-eight, apparently the excuses were no more original or plausible in 1876 than in 1926.

During June and July the interior of the building was completely renovated. The work of the library was carried on during this time under conditions trying to both staff and public, but we had the hearty co-operation of all who visited us during these difficult weeks. The roof of the building was retarred and done over in May, and at the request of the Selectmen six fire extinguishers have been installed. The major need for repairs for the coming year is in the boiler. The return pipe is in bad condition and should be replaced at once.

The number of townspeople who have either loaned articles or given books, magazines or pictures and flowers is so large this year that a list is appended at the end of this report. A few, however, deserve special mention. The most important gift of the year is that of $1,000 in memory of Waldo Emerson Forbes. The Huntington F. Wolcott Relief Corps presented the library with a flagpole and two flags. The formal

presentation was made on May 30, when the flag was unfurled by Miss Priscilla Allen, was accepted by Mr. Kidder for the Trustees and by Mr. Babcock for the Selectmen. We are indebted to Mr. Lawrence W. Lunt for the use of a glass show case, where many valuable documents, pictures, books and letters have been shown which could not have been displayed had there been no safe place in which to exhibit them. As in the past, we are grateful to Miss Mary B. Forbes, who, from time to time, has brought choice documents from her Lincoln Collection for a brief showing at the library. Mrs. Walter T. Harrison kept the desk supplied with a continuous display of flowers from June to October. Walter Baker & Co. gave us an Educational Exhibit, and Mrs. J. Harry Holmes a 30-volume set of the Encyclopædia Brittanica.

About 1,400 people have visited the nine exhibits in the Art Room. There was a varied list this year, consisting of oils and water colors by C. Howard Walker, Theron Cain, R. Farrington Elwell, and Florence Cobb Brooks; pastels of flowers by Dorothy Piper Neaves; paintings in guache by Boris N. Litvinoff; photographs by the Milton Academy Camera Club; posters and drawings by pupils of the Milton High School; and in April the third annual exhibit by the artists of Milton.

The Librarian and members of the staff have attended all of the meetings of the Massachusetts Library Club held during the year; two members went to the American Library Association meeting at Atlantic City; one attended the summer school at Simmons College; three have taken University Extension courses, all of which indicates a desire on the part of the staff to increase their professional usefulness.

To the staff and the Trustees I am grateful for their continued loyalty and support.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian.

APPENDIX I

Gifts of Books, Magazines, Pictures

Mr. Frank B. Newton, Mrs. Charles S. Rackemann, Mrs. Ernest W. Bowditch, Mrs. Fred Burns, Miss Priscilla Erickson, Mrs. J. Malcolm Forbes, Mr. James M. Ballard, Mr. James S. Russell, Mrs. John F. Perkins, Mrs. James Lawrence, Mr. Nathaniel T. Kidder, Miss Edith S. Tilden, Miss Harriet E. Tuell, Mrs. Charles W. Lillie, Mr. Lauriston L. Scaife, 2d, Miss Josephine M. Babcock, Miss Jane W. Kennedy, Columbine Book Club, Mrs. Carleton C. Richmond, Mrs. Ellerton James, Mrs. Horatio A. Lamb, Mrs. Bernard W. Trafford, Miss Priscilla Allen, Mr. Roger L. Scaife, Mrs. Frederick Chase, Mrs. John C. Cobb, Mrs. Walter D. Brooks, Miss Catherine W. Faucon, Mrs. Henry S. Shaw, Mrs. Caroline E. Williams, Dr. Harris Kennedy, Mrs. George W. Gould, Rev. Warren P. Landers, Mrs. Mary W. Phipps.

Flowers

Mrs. Charles W. Lillie, Mrs. Robert Saltonstall, Mrs. Arthur H. Tucker, Mrs. Burton H. Smalley, Miss Anne Fiske, Miss Dora W. Hills.

Loans

Goldfish during the winter, Mrs. N. M. Safford; promethea cocoon, Miss Lillian Rollins; a model garden, Mrs. Frederick O. Houghton; waltzing mice, Masters Charles E. and David Lillie; reproductions of the frescos in the Sistine Chapel, Mrs. Charles W. Lillie.

REPORT OF THE SEWER COMMISSIONERS

JANUARY 1, 1927.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1926.

General

Population by census of 1925	12,861
Estimated length of streets of the town (miles)	55
Percentage of length provided with sewers	39.4
Method of disposal	Metropolitan system

Collection Mains

	For Sewage.	For Sewage and Surface Water.
Linear feet of pipe (measured)	116,010.5	700[1]
Linear feet extended during year:		
By town	6,656.5	–
By private parties	1,007.1	–
Number of inverted siphons	1	–
Number of manholes	534	–
Number of storm overflows	1	–
Number of emergency overflows	1	–
Number of automatic pumping stations	1	–

[1] Storm overflow.

House Connections

Number made during year	119
Number of stoppages coming to the notice of the Department	8

Discharge of Sewers

Estimated population using sewer system	8,995
Number of buildings connected	1,704

Financial

Total cost of collection mains to December 31, 1926	$302,630 19
Bonded debt at date	40,000 00
Rate of interest on bonds	4%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The extensions made during the year were as follows:

By the town: Pine Tree Brook Trunk Sewer, 256.6 feet to Dyer Road; Dyer Road, 1,707.5 feet; across Blue Hills Parkway, 118.8 feet; Blue Hills Parkway (west side), 277.2 feet; Blue Hill Terrace Street, 309.7 feet; Crown Street, 540.1 feet; Verndale Road, 187.9 feet; Lothrop Avenue, 249.7 feet; Central Avenue, 409.0 feet; Frothingham Street, 453.7 feet; Brook Road (near Adams Street), 169.3 feet; Brook Road (near Fairfax Road), 510.5 feet; Fairfax Road, 432.5 feet; Brandon Road, 317.2 feet; Virginia Street, 216.0 feet; Laurel Road, 500.8 feet.

By private parties: Fairbanks Road, 503.0 feet; Rowe Street, 93.5 feet; and Garden Street, 410.6 feet.

The Sewer Commissioners, following out the policy of adjusting sewer assessments according to the average cost of sewer construction for the previous five years, have fixed the assessments for sewer construction during 1926 at $1.40 per front foot, and 1.4 cents per square foot of area within 100 feet of the street.

In the matter of a taking along Pine Tree Brook, the Sewer Commissioners have, in accordance with the vote at the annual town meeting in 1926, made a taking along both banks of Pine Tree Brook from Brook Road to the fence close to the ice pond west of Blue Hills Parkway.

For this purpose land has been taken from a total of 28 owners. Before making the taking, the Sewer Commissioners continued the policy followed by the Planning Board, and in conjunction with that Board secured agreements from a total of 22 out of the 28 landowners. These agreements are in the nature of an option to the town. In all but one case, in which values other than land are involved, the agreements provide that the town may settle the damages on the basis that the benefit to the landowner is equal to the damage.

Of the remaining six land owners from whom agreements have not been secured, three involved takings which are so small that the benefit is obviously greater than the damage.

F. A. EUSTIS, *Chairman*,
STANLEY CUNNINGHAM,
F. Y. MARSHALL,
Board of Sewer Commissioners.

REPORT OF SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 1, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1926.

Number of scales, weights and measures sealed	760
Number condemned	3
Number of scales, weights found incorrect and adjusted	8
Number of measuring pumps	71

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF SUPERINTENDENT OF STREETS

MILTON, January 24, 1927.

To the Honorable Board of Selectmen, Milton, Mass.

GENTLEMEN: — I herewith submit the report of the Street Department for the year ending December 31, 1926.

The general work of the Department was carried on in the usual manner.

The expense of the removal of snow and ice was much greater than of any previous year, owing to the heavy storms.

New equipment is now proving very satisfactory in removing the snow from the highways.

Permanent Construction

The appropriation for permanent construction was expended in resurfacing the roadway on the easterly side of Reedsdale Road–Pleasant Street and Edge Hill Road, from Randolph Avenue to Grafton Avenue, also the rebuilding of Bradlee Road from Brush Hill Road to Blue Hill Avenue.

	Cost.
Pleasant Street–Reedsdale Road 4,460 lineal feet. 10,200 square yards. Cost, $1.33⅜ per square yard.	$13,625 77
Edge Hill Road 4,050 lineal feet. 8,250 square yards. Cost, $1.80 per square yard.	14,728 01
Bradlee Road 2,356 lineal feet. 5,620 square yards. Cost, $1.16⅔ per square yard.	6,646 03
	$34,999 81
Revert	19
Appropriation	$35,000 00

Sidewalk — Permanent Construction

This appropriation was expended as follows:

Granolithic walks (2,670 feet) Bunton Street, 425 feet long, 4 feet wide. Eliot Street, 425 feet long, 4 feet wide. Curtis Road, 995 feet long, 4 feet wide. Willoughby Road, 825 feet long, 4 feet wide.	$3,302 62
Adams Street brick walk	461 60
Eliot Street, East Milton Square — Amiesite construction	740 94
General sidewalk repairs	489 52
	$4,994 68
Revert	5 32
Appropriation	$5,000 00

General Maintenance

This appropriation was expended for the maintenance of streets, sidewalks and surface drains.

Plant and equipment		$7,503 37
Office expense		1,610 95
Street cleaning		5,587 40
Catch basins and drains		2,935 47
Miscellaneous highway work and repairs		1,209 24
Tar patching		10,760 64
General road repairs		13,829 46
Traffic signs and beacons		377 10
Bridges, fences and signs		978 59
Oiling and sanding streets		7,211 52
Snow and ice removal		21,551 29

Street Widenings and Extensions

Randolph Avenue at Poplar hollow	$922 61	
Church Street extension	475 00	
Belcher Circle extension	310 00	
		1,707 61
Cunningham Park Trustees		1,298 00

New Equipment

5-ton tractor and plow 2 small Chevrolet trucks 1 Ford runabout	Exchange	6,736 00
Total		$83,296 64
Appropriation	$81,400 00	
Transfer	1,900 00	
	$83,300 00	
Revert		3 36
Total General Highway		$83,300 00

Private work account, appropriation	$5,000 00
Expenditures	1,728 93
Balance	$3,271 07

Crown Street Appropriation

Expenditures	$3,730 08

Granite Avenue Bridge

Appropriation	$3,000 00	
Transfer	300 00	
		$3,300 00
Expenditures		3,270 72
Revert		$29 28

Inventory

Stable and equipment	$16,300 00
Steam rollers	5,800 00
Motor equipment	12,750 00
	$34,850 00

In concluding this report I wish to extend to your Honorable Board and the citizens of the town my sincere thanks, for the co-operation and support given to me during the year.

Respectfully submitted,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF BOARD OF WATER COMMISSIONERS

MILTON, MASS., February 2, 1927.

To the Citizens of the Town of Milton.

The Board of Water Commissioners submits herewith its annual report.

In our report dated January 16, 1926, the problems with which the Department had, and has to deal and the manner in which your Commissioners propose to do so, were clearly outlined, and it does not appear necessary at this time to repeat these statements. We respectfully refer you to them.

In the last year the increase in population, mentioned in our last report has been even more rapid than before, being, according to the Assessor's record, 1,480 persons, or 11.6 per cent.

Report of Activities for the Calendar Year 1926

1. OPERATIONS, 1926

Operating receipts	$79,783 93	
Operating expenses	50,431 91	
Net operating revenue		$29,352 02
Interest	$8,602 55	
Bond retirement	16,830 77	
Total fixed charges		25,433 32
Balance for reserves		$3,918 70

The information in the following table compares the conditions of 1902 and the last five years:

	Number of Fire Hydrants in Use.	Number of Services (Meters) in Use.	Miles of Main in Use.	Cubic Feet of Water purchased.	Population April 1, by Assessors.
1902	266	1,000	35	15,873,596	7,100
1922	434	2,395	56	21,275,535	10,630
1923	445	2,577	57	22,080,615	11,295
1924	467	2,837	60	26,277,406	11,950
1925	496	3,161	64	29,471,791	12,779
1926	515	3,373	67	34,234,400	14,259

At the close of 1926 sixteen persons were regularly employed by the Department, to conduct which economically and efficiently every endeavor is made.

2. BUSINESS, 1926

Earnings again increased over those for the previous year, consequent to increased business done, as shown by the above tabulation.

The balance for reserves, that is, the money remaining after operating expenses, interest and bond retirement charges were paid from the operating receipts, was only

$3,918.70, a decrease of $11,246.47 below the corresponding balance last year. This decreased balance is due to increased operating expenses, the largest item being a $4,000 increase in cost of water purchased from the Metropolitan District Commission, and increased distribution and hydrant maintenance expenses; also, interest and bond retirement charges increased $7,181.36, due to additional and necessary financing.

The continued rapid increase in population emphasizes the necessity for continuing the reinforcing and extension of the system. A continuation of this growth will probably require an increase in receipts, which may best be secured by raising the hydrant rental, which has been $9,000 since 1903. In 1902 and 1903 the charge was $40 per hydrant. In twenty-four years the hydrants in service have nearly doubled.

3. Construction Program, 1926

The extensions and reinforcements to the water main system and improvements to the Department's equipment, as contemplated for 1926, have been completed substantially as planned, at a total cost of $88,243.75.

The Department moved into its new quarters in the Thacher School Building in October, and is now, we believe, permanently and satisfactorily located.

4. Financing for 1926

In order to permanently finance the improvements and additions to the Department's property which it was found necessary to make in 1926, it is proposed to sell $85,000 of bonds under the authorization granted the Department by the town at the meeting in March, 1926.

5. Financing for 1927

The Department's needs for extensions and reinforcements of the water main system in 1927 have been estimated, and it is apparent that it will be necessary to secure these funds through a bond issue.

The automobile equipment of the Department consists of seven machines. The Department is lacking adequate garage facilities for two machines, and the Town Engineer likewise requires garage space for two machines; also, it appears advisable, because of the appreciable amount of main-laying still to be done, and because of the needs of the Sewer and Street Departments, to consider the purchase of a mechanical excavator to more economically handle the requirements of the Water Department, and, as available, to be used by other Departments.

Articles have therefore been introduced in the Town Warrant to care for these needs.

Respectfully submitted,

MARCY L. SPERRY,
EDWARD E. FORD,
E. L. HURD,
Board of Water Commissioners.

Statement of the Financial Condition of the Water Department on December 31, 1926

Assets

What the Department Owned

(1) Plant $759,065 00

This includes all of the water works property belonging to the town which is being operated by the Water Department. It consists of street mains; services, meters for measuring water used; gates for the control of water supply, and hydrants for fire protection; general equipment, such as air compressor, Leadite equipment, pipe machines, forges, etc., used in construction work; automobiles and trucks; and office equipment, such as vault, counter, typewriters, adding machine, desks, filing cabinets, etc.

(2) Cash 14,812 52

The amount held by the Town Treasurer to the credit of the Water Department, subject to withdrawal only by warrants of the Commissioners, plus a small cash fund which is maintained in the offices of the Department for defraying minor expenses.

(3) Savings bank deposits 8,442 39

These deposits are made by consumers whose homes are in new territory. The money is held in the Milton Savings Bank as a guarantee to the Water Department of an adequate return for five years on the investment made to give such consumers water service.

(4) Accounts receivable 27,056 96

The amount owed to the Water Department by residents and others for water supplied, service installations, or for miscellaneous items.

(5) Materials and supplies 22,128 01

The value of supplies, such as iron pipe, pipe fittings, valves, repair parts, etc., on hand.

(6) Interest paid in advance 467 03

Prepaid interest on three notes totaling $95,000 which become due February 15, 1927.

Total assets $831,971 91

Liabilities

What the Department Owed

The Department accounts for money used to provide for your water system as follows:

(7) Bonds outstanding $177,000 00

The Department is responsible for the property represented by these bonds.

In 1902 bonds were issued for $312,000. Since that time $252,000 of these bonds have been retired, leaving bonds outstanding of this issue amounting to $60,000.

Bonds amounting to $50,000 were sold in 1924. Of this issue $4,000 have been retired. Balance is included in this item.

Par value of bonds sold in 1925 was $25,000, of which $2,000 were retired, the balance being included in this item.

In 1926 bonds to the amount of $50,000 were sold, $2,000 of which were retired at issue, leaving a balance of $48,000 in the total shown.

The property represented by the bonds retired is included in the next two items.

(8)	Town of Milton . . . . . The total net money provided by the town for extensions to the system.	$240,025 30
(9)	Milton Water Works . . . . . Represents original capital investment financed out of Water Department earnings.	232,693 70
(10)	Accounts payable . . . . . This amount represents current bills for supplies or services not yet due.	318 47
(11)	Notes payable . . . . . Temporary bank loans of three notes to be taken up on due date February 15, 1927, when bonds to the amount of $85,000 will be sold under authorization of town.	95,000 00
(12)	Consumers' Guarantee on Main Extensions . . . . . The guarantees appearing in the assets (Item 3) as pledged by consumers in new territory are held only as a trust, and therefore cannot be used for Department purposes unless forfeited. To offset this item, which must be accounted for in the statement of assets, there must be again shown a like amount as a liability for which the Department is responsible to those who have pledged it.	8,442 39
(13)	Sale of water — minimum advance . . . . . Advance payment of minimum charges made by the consumers were credited to this account and are being reduced as the water is used.	7,790 80
(14)	Interest accrued . . . . . This is interest accrued on bonds outstanding.	1,440 47
(15)	Reserve for bond retirement . . . . . Certain water loan bonds become due and payable each year. These payments are now being made from the earnings of the Department, and this amount represents that portion of $15,000 of bonds payable in 1927 which is applicable to the year 1926.	7,916 67
(16)	Reserve for inventory adjustment . . . . . This account has been set aside to provide for adjustment of inventory, when it is depleted through loss, deterioration or damage, or when its market value is less than its inventory value.	1,742 79
(17)	Reserve for property retirement . . . . . Amount set aside from surplus to build up a reserve against which will be charged the original cost less salvage of property retired from service due to having become worn out in service, obsolescence, or for other causes.	3,965 50
(18)	Surplus . . . . . The book value of the Department's property exceeds its obligations by the amount of this surplus.	55,635 82
	Total liabilities	$831,971 91

REPORT OF PLANNING BOARD

MILTON, MASS., January 31, 1927.

To the Citizens of Milton.

That project of the Metropolitan Planning Board known as the Circumferential Highway, extending from Lynn on the north to beyond Weymouth on the south, has required our attention during 1926. We are glad to report that all parties are now willing to have the Milton section of it pass south of Blue Hill, instead of cutting through valuable estates on the north slope of the range as proposed last year.

The situation on the extension of Blue Hills Parkway from Canton Avenue in Milton to Randolph Avenue in Milton via Harland Street is not so satisfactory. The Metropolitan Planning Board still wishes this extension and has introduced a bill in the Legislature to get it.

We appeared in opposition before the Committee on Metropolitan Affairs last week, and shall do what we can to defeat this undertaking, believing it quite unnecessary at present, and of doubtful value at any time — merely offering another way of getting to Mattapan Square, already overcrowded.

There is also danger of having a large part of the cost put on Milton, under the plea that the improvement lies wholly in our town and should therefore be met by it.

Acting with the Woman's Club and the Park Board, an arrangement was made last autumn with the Playground and Recreation Association of America for an expert examination of Milton's present and future needs.

Mr. John Bradford, a field secretary of the association, spent several weeks here, and has prepared an exhaustive report. It is quite impossible to finance all Mr. Bradford's suggestions at once, but articles looking to an addition of one and one-half acres to the Eliot Street School lot, and seven and one-half acres to the Brook Road playground, have been put in the warrant for the annual town meeting next March.

One of the needs most emphasized by Mr. Bradford is for a growing community to secure what land it requires before it is built upon and out of reach.

Another sensible suggestion of Mr. Bradford's is to use the schools for recreation centers. He points out that this is being done more and more, and often saves unnecessary duplication of municipal buildings.

The changes in our Zoning By-laws adopted last March seem to be working satisfactorily. Some demand for increased business facilities has appeared, but can probably be met by the Selectmen acting as a Board of Appeal without further alterations of the By-laws, excepting along the Neponset River, where an area of about fifty acres of salt marsh is useless for residences. A beginning was made there last summer by the Board of Appeal in the case of the City Fuel Company, and confirmatory action by the town may simplify matters.

Respectfully submitted,

JAMES S. RUSSELL,
DAVID A. HEFFERNAN,
JESSE B. BAXTER,
W. L. MURPHY,
ARTHUR H. TUCKER,
Milton Planning Board.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1926 . . . . . $68,029 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1926 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1926 . . . . . $7,055 43

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1926 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

Winter term ends Friday, April 22, 1927
Spring term begins Monday, May 2, 1927
Spring term ends Friday, June 24, 1927

REPORT

OF THE

SCHOOL COMMITTEE

AND OF THE

SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee respectfully submits the following report.

Within the year has occurred the completion of the fine addition to the High school and even now the added rooms are all being used.

The financial statement of the annual appropriation and expenditures therefrom is appended.

Also, herewith is submitted the report of the expenditures connected with the special appropriation for repairs at the Vose school.

Whenever a change of Superintendent of Schools occurs, the School Committee has a very important problem. The position of Superintendent is the key position in the entire school system. In June, Mr. Joseph A. Ewart resigned from his position of Superintendent of Schools of our Town to accept the like position in Stamford, Connecticut, a position marking for him a large advance professionally and otherwise. Mr. Ewart served our town about six years and his administration of the schools was such that your Committee accepted his resignation with much regret. To fill the position your Committee unanimously elected Mr. Horace F. Turner, who entered upon his duties at the opening of the schools in September.

The main report of the School Committee is the report of our Superintendent and we urge its complete reading.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

Gifts

High School:

Bust of Richard Wagner — Class of 1926

Belcher School:

$50 — Belcher School Association
A Mural Painting — Mr. Olaf Olsen

Tucker School:

$50 for reference books — Tucker School Association
Silk Flag — Women's Relief Corps, H. F. Wolcott Chapter
Christmas Decorations and Paper — Mrs. Henry Driscoll
Courtesy Cards — Miss Harriet Whittier

Vose School:

2 Footballs — Vose School Association

Estimates for 1927

After careful consideration of the estimated cost of maintaining the schools during the year 1927, your Committee recommends the appropriation of $251,000. The Committee further recommends a separate appropriation of $600 for tuition charges in state-aided and industrial schools.

Respectfully submitted,

HENRY W. B. ARNOLD, *Chairman*
HAROLD B. GARLAND, *Secretary*
ELMER P. FLETCHER
GEORGE F. MOULTON
ARTHUR W. VOSE
HARRIET WHITTIER

Special Appropriation — Vose School Heating and Ventilating System

A Special Committee consisting of Elmer P. Fletcher and Arthur W. Vose with assistance of Superintendent Ewart completed successfully repairs to the heating and ventilating systems in the Vose school as provided by vote of the Town under Article 34 of the 1926 Warrant.

The contract was let to Buerkel & Company.

Below is the financial statement of the special appropriation.

Receipts.		Expenditures.

		Reverted to town, December 31, 1926	1,178 46
	$17,000 00		$17,000 00

ELMER P. FLETCHER
ARTHUR W. VOSE

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Milton:

At your request I am submitting the following report after five months as Superintendent of the Milton School system:

General Policies

It is for the best interests of Milton that the school system shall continue to function according to a well organized working plan guided in line with well thought out policies toward worthy objectives. Probably in no other field of public activity would drifting and haphazard procedure be more disastrous to the welfare of the community. The whole industrial fabric and banking interests of the country are based upon credit and the good will of the people. This is true to a far greater extent of public school education.

The test of true economy must be applied to all expenditures, yet any attempts at retrenchment for the purpose of keeping down the tax rate, which does not first consider the best interests of the children, would be short-sighted. It is not wise economy to refrain from spending the people's money for a season and allow a deterioration in buildings, equipment, and quality of teaching in order that a large balance may be returned to the treasury. This apparent saving and much more eventually would have to be spent to bring up the system to its former condition. Sound economy will be found to rest upon eliminating waste, if there is any, in time and materials and in securing for the boys and girls the greatest return for their own labor and industry and for the money expended in return for public school education.

Education does not consist in passing over a quantity of facts. Rapidly changing conditions of living demand an ability of adjustment to meet these changing conditions. In addition to the mastery of the tools of education, such as reading, writing, and arithmetic, it is necessary that there shall be developed the greatest possible ability to think and meet new situations. This places upon the public schools the two-fold problem of passing over to boys and girls the necessary facts and training common to all situations and also a development of attitudes and abilities for best behavior under changing conditions.

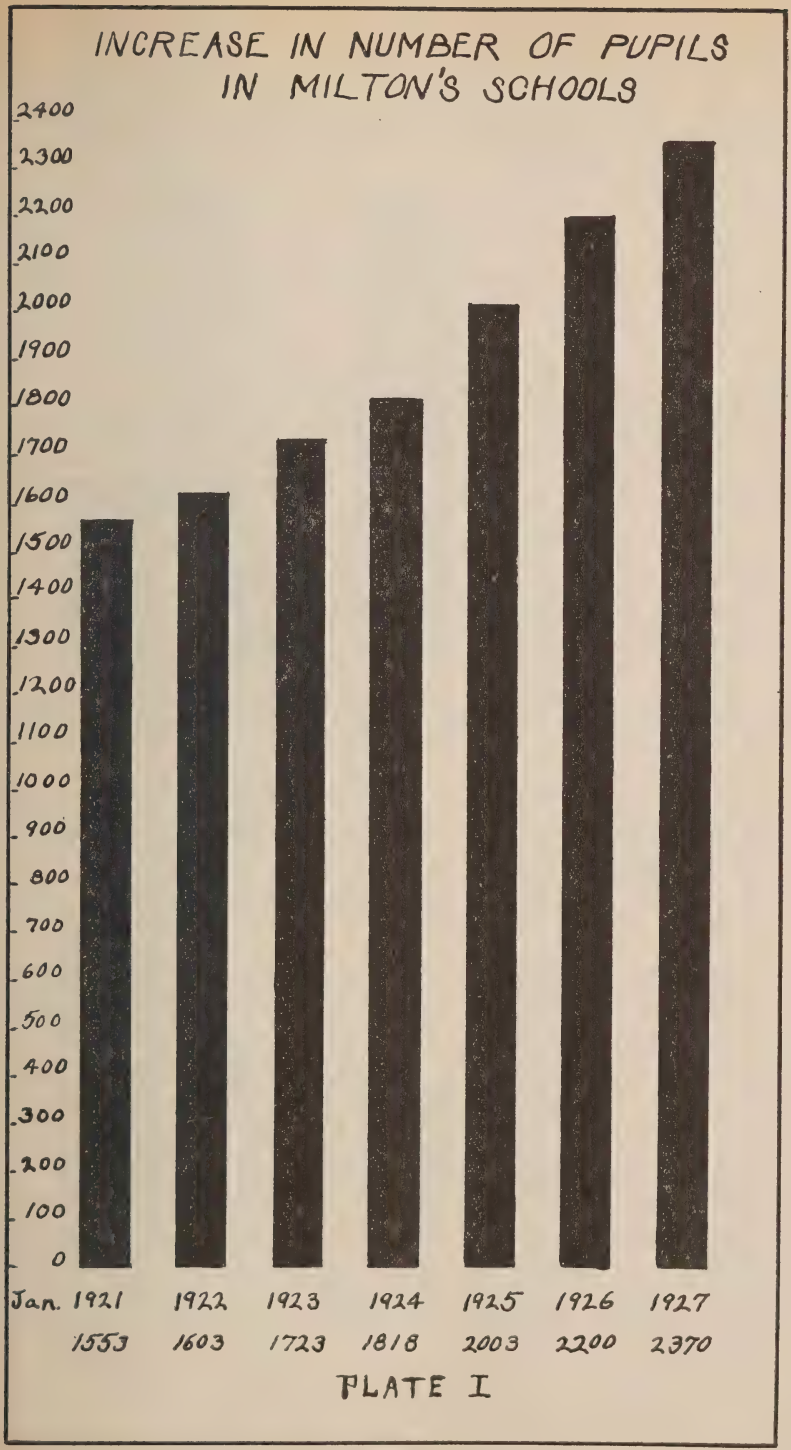
One may read treatises on methods of swimming and yet may never learn to swim until he gets into the water and actually goes through the motions of swimming. This principle is just as true of school work. It is necessary that pupils learn to do by actually doing rather than studying about doing in so far as it is possible to carry out mass instruction along these lines.

Through contact with different fields of activity pupils become broadened and find themselves in a better position to choose their life work. A broad curriculum in junior high school affords an opportunity for many to discover the field in which they are able to succeed and gain experience which makes it possible to choose more wisely the courses they will follow in senior high school and the general field of later activity.

Education is a co-operative enterprise of the whole community. The parts of an automobile may be manufactured at widely separated points and assembled at one place into a perfectly working machine. This does not work out so well in education of children. Much waste has resulted from attempts to educate each child in sections, leaving to mysterious chance the assembly into a perfectly working citizen the sections educated in the home, school, church, playground, and each of the other community influences.

School Enrollment

The steady increase in the number of pupils in the schools of Milton is a fact which has frequently come to the attention of the School Committee. Below are recent figures bearing on the matter.



INCREASE IN NUMBER OF PUPILS

PLATE I

Year.	Number of Pupils in January.	Total Number of Pupils registered during Year ending in June.
1921	1,553	1,619
1922	1,603	1,671
1923	1,723	1,774
1924	1,818	1,860
1925	2,003	2,028
1926	2,200	2,283
1927	2,370	–

Plate I shows the increase in number of pupils graphically.

The question of providing schoolrooms and equipment adequate to meet the needs of this growing school population has received active attention.

At the annual town meeting in 1925 a committee was appointed "to consider the question of the acquisition by the town of land for school purposes and to report not later than the next annual town meeting." The town accepted the report of this committee at the annual meeting in 1926 and acquired the following land:

First: $3\frac{1}{4}$ acres on the south side of Eliot Street at its junction with Capen Street, together with an outlet to Columbine Road

Second: $4\frac{1}{3}$ acres on the north side of Edge Hill Road opposite Cunningham Park

Third: 2 acres west of the High school

A building program favored by the School Committee and by the Superintendent of Schools was approved by the special committee in its report under date of March 6, 1926. This contemplated:

First: a new grade school in the Eliot Street district to take the place of the Glover and to relieve the Tucker

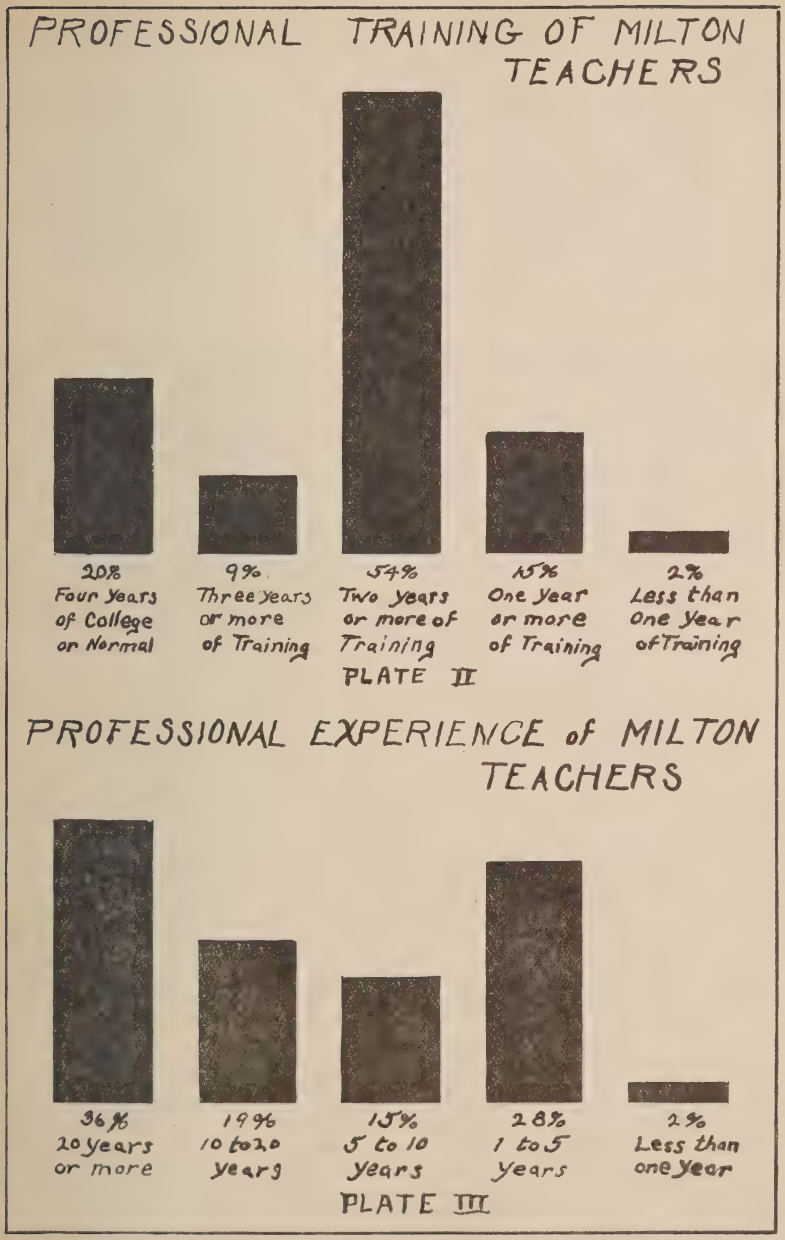
Second: a new grade school in East Milton to take the place of the Wadsworth and to relieve the Belcher

Third: a junior high school in East Milton

Fourth: a new building for the present Junior High which now uses a part of the High school building, or for the High school

Very rapid growth in two districts at the two extremities of the town presents a problem which, if not wisely handled, will make imperative the need for construction of two buildings at one time. At the Belcher school the building is overcrowded and classes are held in the office and other unusual places. This condition may not long continue without detriment to the children. A little temporary relief may be afforded by transfer to the Wadsworth school of children living in the Shadowlawn and Edge Hill Road section. This relief would not be sufficient to absorb one year's growth. Immediate consideration should be given to construction of an elementary school on the site opposite Cunningham Park to provide for children living west of the railroad and for those now in the Wadsworth building. This would relieve conditions at the Belcher school and remove the danger of small children crossing the railroad.

At the beginning of the next school year the Tucker school building will not be large enough to accommodate all pupils in that district. While the growth in school enrollment drawn from the Mattapan and Eliot Street section is more rapid than that in any other part of the town, some temporary relief may be found in six rooms at the Vose and Glover schools. To make use of these there will be necessary a renovation of the rooms, purchase of furniture, and equipment, employment of teachers, and readjustment of district lines or further provision for transportation of children.



PROFESSIONAL TRAINING OF MILTON TEACHERS
20% Four years of College or Normal
9% Three years or more of Training
54% Two years or more of Training
15% One year or more of Training
2% Less than One year of Training
PLATE II
PROFESSIONAL EXPERIENCE of MILTON TEACHERS
36% 20 years or more
19% 10 to 20 years
15% 5 to 10 years
28% 1 to 5 years
2% Less than one year
PLATE III

Character Education

Character-building is a commonly accepted aim of education. This must be developed through the every day activities of the pupils rather than by direct classroom teaching. It must be a natural outgrowth of all of the contacts of the pupils with teachers through their studies and various other activities. The doing of daily chores about the home and a reasonable amount of manual labor required of boys and girls under right conditions develop a quality of character and an appreciation of the value of money in terms of work which may not come in any other way. Because of many other interests attracting their attention this influence in their development has been lost. It rests upon the home, yet it requires a close co-operation between home and school in order that there may be a proper balance of study, recreation, and work.

Greater emphasis may well be placed upon those phases of school work which have distinct character-building qualities to the end that development of character may be adequate for wholesome living among increasingly complex conditions.

Teachers

The most powerful influence in the educational program is quality of teaching. The best schools are in the community which employs and retains first class teachers. Good buildings, books, equipment, facilities for transportation, careful school organization are all incidental to teaching. The interplay of teachers' and pupils' thoughts and influences, their shaping of character and laying the foundation of good citizenship is that for which all else exists in the school system. "As is the teacher, so is the school." Milton has in its employ a corps of teachers interested in the highest welfare of the children. Whenever a vacancy occurs an effort is made to secure the best trained and experienced teacher for the position that can be employed for the salary to be paid.

A study of the training of all of the teachers in the town, Plate II, shows that twenty per cent have had four years or more of college or normal training, nine per cent three years or more, fifty-four per cent two years or more, fifteen per cent one year or more, and two per cent less than one year of training. This indicates a high degree of training of teachers employed in the system. Just as in the medical and legal professions a high standard of training must be maintained, so in the case of those who have in charge the education of our children.

The experience of Milton teachers, Plate III, is equally of high rank. Thirty per cent have had twenty years or more of experience, nineteen per cent ten to twenty years, fifteen per cent five to ten years, twenty-eight per cent one to five years, and only two per cent less than one year.

Employment of teachers is an important duty of the Superintendent. There is an annual turnover in our teaching force of fifteen per cent or greater. The amount of salaries involved is over twenty thousand dollars. The responsibility for investing this amount is exceeded by that of getting the highest quality of instruction for the boys and girls in the schools. When new teachers are needed to begin work in September, if sufficient time is available, there is a large field from which to choose and there is less interruption in school work. A definite problem is presented by every resignation that occurs during the school year when most teachers are at work and do not care to change. The task of finding available candidates and engaging the best qualified is one which requires much time which might be devoted to supervision of instruction. A resignation which becomes effective at any other time than at the close of the school year is generally a costly loss to the community.

Health

A great deal remains to be done for the health of children in school and out. It has been well said that it is the right of every child to be born under proper conditions, to live in healthful surroundings, to be free of malnutrition, to have opportunity for outdoor play, to have prompt and efficient medical attention, and receive instruction in the elements of health. In the present working out of the health program all children are examined once a year by a competent physician. Defects are called to the attention of parents. Experience shows that this is not enough. The School Nurse, with endless tact and patience, works on individual cases, visits homes and attempts to bring about the right conditions for the best health of the children.

Statistics for the State indicate that fifteen per cent of children in the public schools are ten per cent or more underweight. This means that in Milton there are more than

350 children who are struggling under a heavy handicap. Some of them will break under the strain of school work in two or three years because conditions which could be removed are allowed to continue. Experience proves that every child in the public schools ten per cent underweight can be brought up to normal weight if the cause is removed and the most eminent authority states that in every case without exception the cause can be removed. Without trespassing in the field of private practitioners or interfering with the duties of the home, it is possible through nutrition classes to handle the underweight problem. The sympathetic assistance of the home is necessary. The same holds true in regard to the care of the teeth based upon recommendations of the school dentist.

The problem of epidemic disease is always one that presents serious difficulties. The exclusion from school of children exposed to contagious diseases has failed to accomplish the result intended because these children are in close contact with other children outside of school hours. The plan of continuing school, in rooms where one or more pupils have been excluded for a contagious disease, under close supervision of the school physician and nurse is being followed. It is hoped in this way to have better control over the disease than would be possible if groups of children were excluded and allowed to associate outside.

The Superintendent recommends a plan of more complete physical examination in order that defects which may be remedied may receive attention before they have developed and impair the vitality of the pupils in the schools. There are a few children, particularly in the elementary schools, suffering from nervous diseases, heart trouble, and conditions that if allowed to go would develop into tuberculosis. These cases might well be grouped in a fresh air room until they are brought up to a normal condition of health when they might be returned to the grades from which they were taken.

The development of a health program along these lines need not entail a large additional expenditure of money. It calls rather for a careful study of the health of all children in the schools and removal of conditions that stand in the way of good health and normal progress through the grades. Such a program will tend to conserve the greatest and most valuable resource of the town, — its children.

Physical Education

The objective in physical education today is not primarily the development of a winning team in each of the major sports. Winning teams are desirable and will continue to be an outcome of a physical education program. It is of far greater importance that all pupils, boys and girls alike, be engaged in some form of physical education that will be for their highest development. This brings with it the larger group activities of a physical education program. It makes necessary larger play areas and more supervision. There should be developed in the school life of each pupil a desire for wholesome recreation and knowledge of certain games that will carry over into the years when school life is replaced by occupation or profession. A program of this kind reacts upon the general school life in such a way as to bring about keener interest in school work and a desire to remain in school longer, the problem of truancy is reduced and the whole school morale is raised to a higher standard.

Under-Age Children

Each year there arises the problem presented by the child who is a few days or weeks under the age required for admission to kindergarten or first grade and whose parents believe that he is well qualified to profit by school work.

It must be acknowledged by even a casual observer that some children are more developed in all respects than others who are a few days or weeks older. Some children develop more rapidly than others. This is a recognition of individual differences.

The established rule of the School Department which governs admission of children to school provides that "Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September."

Because of the fact that some children fully able to meet all other requirements were just under the age necessary for admission and would be retarded a year, the rule was amended to read "Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year."

An experienced child-psychologist examined all who came by appointment in response to a published notice. The figures below indicate the results of the revised plan of admission to kindergarten and first grade.

Number examined for admission to first grade . . . 13
Number of those examined who entered first grade . . . 7

	First or Highest Quarter.	Second Quarter.	Third Quarter.	Fourth or Lowest Quarter.
Rank for first half year . . .	2	3	2	0

Seventy-one per cent are in the upper half of their classes. None are failing.

Number examined for admission to kindergarten . . . 35
Number of those examined who entered kindergarten . . 22

	First or Highest Quarter.	Second Quarter.	Third Quarter.	Fourth or Lowest Quarter.
Rank for first half year . . .	8	5	5	4

Fifty-nine per cent are in the upper half of their classes.

Absence because of illness seems to be the cause of retardation of those in the lowest quarter in kindergarten.

The results indicate that the school standing of those admitted under the revised plan a month after the opening of school compares favorably with that of all others in their grades.

Conclusion

As indicated in the paragraphs above, the Superintendent's vision of Milton's school system includes the present and extends some years beyond. While this report and that of the Principal of the High and Junior High schools give more space to newer phases of school activities, emphasis will continue to be placed upon those supreme values which have generally been accepted as the basis of public school education in the elementary, junior high, and senior high schools.

The Superintendent expresses his appreciation of the cordial reception given him by citizens, teachers, and all others in the school system. His appreciation of the faithful manner in which they are meeting their civic responsibility is expressed to the School Committee.

Respectfully submitted,

HORACE F. TURNER
Superintendent of Schools

February 5, 1927.

REPORT OF PRINCIPAL OF HIGH AND JUNIOR HIGH SCHOOLS

H. F. Turner,
Superintendent of Schools, Milton, Mass.

Dear Mr. Turner: — One of the urgent educational problems to be solved in a rapidly growing community is the effect of rapid increase of population upon the number of students in attendance at the High School.

Careful estimates based upon the size of the class to be graduated from the Senior High School next June and upon the size of the seventh grade class to enter from the grammar schools next September show that we will have a considerably larger enrollment from this cause alone. Estimates based upon the number of new students who have come to us for the past few years indicate that this factor is so large that next year the high school building, despite the recently completed addition, will be filled to capacity. Briefly, the student body of the high school is growing so rapidly that by the middle of next year we will have caught up with our reserve high school building program as planned and that, after next year, the high school building will, in all probability be too small.

Disintegration of the educational program and deterioration of school work inevitably follow overcrowded high school housing conditions. I feel that plans may well be laid at once to relieve this situation before it becomes acute.

The problem of our rapidly growing high school is presented in another acute phase. Not only do we need greater housing capacity for this unusual growth but we need extra teachers to meet this anticipated demand and to relieve teaching conditions caused by the indicated increased high school registration. We have had approximately four hundred students enrolled in the Senior High School this year and about five hundred twenty in the Junior High School. Our curve of probable increase in attendance is such that the enrollment of this year of about nine hundred and twenty will, in all probability, next year be increased to between ten hundred twenty-five and ten hundred fifty. Evidently this increase will necessitate the employment of teachers for the one hundred twenty-five or more additional students whom we expect. This general increase will also overcrowd some already large classes so much that these large classes must necessarily be divided, making a need for supplementary teaching help.

One of the features of the growth of the school is the increase in the number of students electing to take science courses in the Senior High School. Our classes in biology, chemistry and physics are very much crowded, and there is need of extra teaching help in these subjects. Many more students could have been profitably guided into the science classes this year if we had room for them. The growth in the number of students wishing to elect shop work, mechanical drawing and domestic arts has also been very rapid and the matter of more rooms, equipment and teachers for this department is also becoming very acute.

We have need of more men teachers, particularly in the Junior High School. One of the great advantages of the Junior High School organization is the opportunity which it offers for adolescent boys to be guided and taught by men. I feel that it is very desirable to have our small force of Junior High School men teachers increased.

During the past few years, there has been recognized by educators and laymen the need of an educational program in high schools leading to better social training, understandings and ideals. In a modern high school our boys and girls are engaged in a busy constructive program where each individual is personally learning, mentally achieving and making social adjustment for the social well-being of the entire school. The specific aim of this program is social efficiency and co-operation. This program is so large that it cannot be established at once. In our program, we have included, in a preliminary way, the creation of opportunities for social contact by encouraging our boys and girls to associate in group activities; — athletic teams, clubs, parties, concerts, plays. We have fostered student participation through the student council and informal committees, student papers, and traffic supervision.

The club feature is so important that time has been allotted for students to have club meetings during the regular school day. The club organization is simple. The teachers have been asked to express a preference for a hobby and have announced that a club centering around that hobby would be formed. Then students have been permitted to form a group around the hobby in which they are most interested under the guidance of the teacher interested. This has been so successful that there are less than thirty students in the Junior High School who have joined a study group in preference to club membership.

Another phase of our social training has been the extension of the field of school assemblies, particularly in the Junior High School. One of the purposes of the assembly is to bring students together in a unit to enjoy or take part in recreational, instructional or inspirational programs. In the Junior High School we have had weekly assemblies in which, under teacher direction, students have presented programs containing typically; simple dramatizations, concerts, drills, programs based on class work, and exhibits of school work. Motion picture exhibitions and a few inspirational lecturers have been included in the assembly programs. These programs have been well organized and have resulted in the students receiving information and enjoyment. The assemblies have also served to give the students specific training in auditorium conduct. The assemblies are planned to weld community and school life in an interdependent social relationship.

In the Senior High School, vocational guidance and inspirational talks are given regularly each Friday afternoon except during the early weeks of the school year when the programs are being organized. We have had strong speakers from the business and professional world who presented to our Senior High School students many phases of business opportunities, who gave inspirational talks or who gave talks on important economic questions. We feel that the speakers who came to us exerted a very appreciable effect upon our boys and girls. Many of these talks were the bases of subsequent class discussions under the guidance of the teachers.

For a number of years, it has been recognized by many educators that the high schools ought to offer instruction and guidance in ethics. There are many practical difficulties in having formal stereotyped methods in ethical guidance. To overcome these difficulties in formal ethical instruction, several of our teachers are formulating plans for using the case method of ethical and social guidance. The method consists of stating a clearly defined, practical ethical or social situation which is discussed by the students, as though it were real. The teacher acts merely as a guide and avoids imposing his views in the discussion. This method we hope to give a fair trial in both the Senior and Junior High Schools, varying our methods, of course, to meet the difference in the ages of our students.

A well equipped library is a vital, essential part of every well equipped modern high school. The newer methods of instruction, such as directed learning, the socialized recitation, and exploratory studies in science absolutely require a well equipped library and a well trained person to direct the activities of the library. The library is a work shop for all departments of the school; a laboratory which meets the needs for reference reading. The librarian, in an equally important way, guides the reading, and sustains the interest of the pupil in work assigned by the classroom teacher.

The value of a library will be greatly increased by the services of a person trained in library science. It is generally conceded by educational executives that in a school of the size of the Milton High School a full time librarian may profitably be employed. In addition to the technical cataloging and classifying of the library books so that they may be easily accessible to the students, the librarian is the expert to whom the teachers may go for a great deal of supplementary assistance. The person in charge of the library should be a specially trained expert in the guidance of boys and girls through their reading and through their contacts with school libraries. The library work as outlined would supplement the work of the public library. It would give our students an opportunity to have easy and intimate contact with library privileges during school hours.

We are making a systematic effort to increase the efficiency of the studying habits of our students. Teachers are systematically directing students as they study. We have regular periods in school for students to be specially directed in learning. Several teachers have taken selected groups of pupils for the purpose of directing their study. All of the teachers are paying particular attention to the study room habits of our students, with the view of enabling the students to economize time in studying. We are aiming to lessen the time of home study for the students of the lower grades by teaching more efficient study methods. We plan that the amount of home study to

be done by our children progressively increases from the seventh grade to the Senior High School.

Our program of health instruction has been very much strengthened by the new gymnasium and the additional locker accommodations furnished in the new addition to the building. We are encouraging group play activities in physical education so that a large number of boys and girls may take part in group competitions. We are trying to increase the number of participants in athletics; we are encouraging those who are not particularly skilled to take part in contests. This encouragement of group play is not at the expense of sane inter-school contests, but this development of group playing will eventually bring better school teams which participate in inter-school contests. A splendid spirit of sportsmanship and of clean playing is shown by the boys who represent the school on its teams and a splendid sense of sportsmanship is shown by our students at all of our games.

We are particularly in need of more land for out-door physical exercises. The present playground is already inadequate. In view of the future rapid growth of the school we need more land for our physical instruction during the school hours and for the after school physical work.

A very gratifying professional condition in our high school is the progressive attitude taken by our teachers with reference to professional improvement by means of college extension courses. A recent report to me from our teachers showed that twenty teachers had availed themselves of college professional improvement courses during the year nineteen twenty-six. I feel that our teachers are to be commended for this splendid professional attitude. This work done by teachers in the extension courses is being supplemented by reports to the other teachers and by conferences with me. Many of the teachers who have taken these courses are reading, under my guidance, recent professional educational books, as their interests determine.

In closing may I briefly sketch our program of student guidance. We recognize the need of educational guidance. Boys and girls need to be guided in their school work and in their choice of subjects studied. Subject teachers and home room teachers are helping in this. Pupils need to be guided in their reading, the subject teacher and librarian may be of great assistance in this matter. Students should be guided in methods of learning as I have indicated above.

We also feel that boys and girls should have moral and ethical guidance, of course this is interwoven in all school activities. We are experimenting with the case method of ethical guidance as I have stated, feeling that there should be special guidance in ethics. A librarian would be of great help in this matter.

I have touched upon our program of health guidance as carried on by the physical education department. This guidance is based upon physical examinations and upon knowledge of the student by the physical instructors and is aided by the guidance of the school nurse. We need the co-operation of parents in our corrective and preventive health work. Our work in health guidance is based not only upon correction of bad health conditions but upon the establishment of good health habits for the individual and upon the preparation of our boys and girls for an active interest in the health problems of the community when they assume the responsibilities of manhood and womanhood.

The program of vocational guidance centers around the study of the individual child; in instruction as to the conditions and opportunities offered in them; in the preferences, aptitudes and limitations of the boy or girl and in careful, constructive and sympathetic aid to help students in making wise decisions as to their life work.

Aside from the consideration of our needs caused by the rapid increase in the size of the school, I have confined my report to the very important though in somewhat intangible topics which deal with the newer phases of high school education, because I feel that these newer aspects of high school need to be emphasized and because they cannot be too well appreciated.

Respectfully submitted,

CHARLES K. MOULTON,
Principal.

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September. Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year.

2. Tuition Pupils

Section 69. Tuition fees at the rate of $125 (One Hundred Twenty-five Dollars) per year in the High school, $100 (One Hundred Dollars) per year in the Junior High school, and $75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Superintendent of Schools at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-School Signal

Section 61. The signal 2-2 sounded four times on the fire alarm at —

7.15 o'clock means no school sessions for all schools for entire day.
7.30 o'clock means no school sessions for all schools below the Junior High school for the entire day.
11.40 o'clock means no afternoon session for all schools below the Junior High school. This signal will not be sounded if the 7.15 or the 7.30 signal has been sounded. The session at the Vose School will not be affected by this signal.

The 7.15 signal will rarely be sounded, as it includes the closing of the High and Junior High schools.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

STATISTICS OF CLASS OF 1926, MILTON HIGH SCHOOL

Total number of pupils in class of 1926 — 81

	Boys.	Girls.	Total.
Colleges	9	3	12
Normal Schools	1	2	3
Other higher institutions	11	21	32
Graduate Course, Milton High School	2	1	3
Total in schools or colleges	23	27	50
In business positions	8	21	29
At home	1	1	2
	32	49	81

The wide distribution of our students of this class in higher institutions may be seen from the following list:

Boston University	2	Boston School of Physical Education	1
Northeastern University	4	Posse-Nissen School	2
Harvard University	1	Gianes School of Designing	1
Yale University	1	Massachusetts Normal Art School	2
Radcliffe College	2	Vesper George School of Art	1
Tufts College	1	Cushing Academy	1
Bowdoin College	1	University of Pittsburg	1
Dartmouth College	1	Perry Kindergarten School	2
Burdett College	1	Deaconess Hospital	1
Bryant & Stratton Business College	1	Faulkner Hospital	1
Chandler Secretarial School	7	Fenway Hospital	1
Boston Clerical School	1	Miss Farmer's Cooking School	1
Wentworth Institute	2	U. S. Naval Academy	1
Massachusetts Institute of Technology	2	U. S. Army, Fort Slocum	1
Chauncy Hall	1	Working	29
Dana Hall	1	At home	2
St. John's Preparatory School	1	Graduate Course, Milton High School	3

During the year 1926, 151 requests for pupils' service have been received. These have been for assistance in positions as follows:

Assisting Mothers	Table Service
General Housework	Stenography
Clerical Work	Drug Store
Insurance	Forestry Department
Dental Clinic

REPORT OF ACTING TOWN ACCOUNTANT

To the Honorable Board of Selectmen.

In accordance with the Revised By-Laws of the Town of Milton, and General Laws, Chapters 41 and 44, the books and accounts of all officers and committees intrusted with the expenditures of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1927, have been examined and found correct.

Respectfully submitted,

MARY A. BERNI,
Acting Town Accountant.

Milton, Mass., December 31, 1927

REVISED BY-LAWS

Town of Milton, March 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902

The amendments to Chapters 2, 3, 4, 7, 8, *and* 10, *adopted by the Town March* 2, 1914, *March* 13 *and September* 1, 1915, *March* 11, 1922, *March* 14, 1925, *March* 13, 1926, *March* 12, 1927, *were approved by the Attorney-General, December* 10, 1914, *May* 8 *and September* 22, 1915, *April* 6 *and July* 19, 1922, *March* 26, 1925, *March* 18, 1926, *April* 20 *and June* 21, 1927.

Chapters 12 *and* 13, *adopted by the Town July* 10, 1922, *were approved July* 11 *and* 21, 1922

The amendment to Chapter 12, *adopted by the Town March* 13. 1926, *was approved March* 17, 1926

CHAPTER 1

General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word *public way* shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land: words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to

him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

Sect. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the House called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator; provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case, if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.:—

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

Sect. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

The Warrant Committee

Section 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the total of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all money received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

Sect. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

Sect. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

Sect. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Sect. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

Sect. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against, unless it is otherwise specially ordered by a vote of the Town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

Sect. 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

Sect. 15. Whenever damages may be recovered against the Town under General Laws, Chapter 79, entitled "Eminent Domain" and acts in amendment thereof and in addition thereto, the Board of Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in Section 39 of said Chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

Sect. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

Sect. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

Sect. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and

to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. The Selectmen may license suitable persons to be dealers in the keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, or collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 27. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

The Construction and Inspection of Buildings

Section 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

Sect. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

Sect. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

Sect. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minumum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

Permits

Sect. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform, or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

Sect. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

Sect. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

Sect. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

Sect. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

Construction

Sect. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

Sect. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such processor excavation.

Sect. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

Sect. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

Sect. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

Sect. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

Sect. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

Sect. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height.	Foundation.	Basement.	Stories.					
			1	2	3	4	5	6
1 story . .	16	12	8					
2 stories . .	16	12	12	8				
3 stories . .	20	16	12	12	8			
4 stories . .	20	16	16	12	12	8		
5 stories . .	20	16	16	16	12	12	8	
6 stories . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

Sect. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

Sect. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Sect. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

Sect. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

Sect. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor, timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty

(250) pounds. Loads not included in the above classification shall be determined by the inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar ten, (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressure shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak and Locust	Other Woods
Direct tension on compression or fiber stress . .	1,500	1,000
Direct compression side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression in short pieces or compressive fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (1) to least radius of gyration (r) not exceeding 16, 1 being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for 1/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of 1 to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds per square inch; shear in web (stiffened), 8,000 pounds per square inch; bearing on rivets, 18,000 pounds per square inch; bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

Sect. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

Sect. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shoilds; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe—having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

Sect. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, the or other hard, incombustible material.

Sect. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

Sect. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

Sect. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

Sect. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

Electric Wiring and Fixtures

Sect. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and

shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

Gas Fixtures

Sect. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

Sect. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

Sect. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half (½) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

Regulations Made by the Fire Engineers According to the Provisions of Chapter 32, Section 46, of the Revised Laws in Regard to Chimneys, Flues, Fireplaces and Heating Pipes

Sect. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

Sect. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork not less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

Sect. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen

(18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

Sect. 46. No chimney shall be supported by, started or built upon any woodwork. In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

Sect. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe—having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

The Regulation and Inspection of Plumbing

Section 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

Sect. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

Sect. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

Sect. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

Sect. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

Sect. 6. The drainage and waste piping of every building shall be connected with the public sewer when such sewer is located in a street, way or other land adjacent

to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

Sect. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half (1½) inches inside diameter. No waste pipe shall be less than one and a quarter (1¼) inches inside diameter.

Sect. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventiliation pipes on the outside of any building shall be less than two (2) inches inside diameter.

Sect. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set off our or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixtures traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

Sect. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter (1¼) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. No water-closet shall be enclosed with any woodwork.

Sect. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half (½) inch.

Sect. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

Sect. 18. Upon the approval of Chapter 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

Street Railways

Section 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

Sect. 2. Whenever the Selectmen are of the opinion that additional accommodations for the traveling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

Town Ways

Section 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that this section shall not prevent the layout of any way, which, prior to the time when this amendment takes effect, shall have been duly approved by the Board of Survey.

Sect. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Sect. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

Billboards

Section 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 12

Use of Buildings

Section 1. *Districts.*—A residence district is hereby created in the Town of Milton to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

District B.—Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrade at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

District C.—Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

Sect. 2. *Zoning Map.*—(*a*) The Zoning Map prepared by C. Frederick Joy, Jr. Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(*b*) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

Sect. 3. *Residence Purposes.*—In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

(*a*) A dwelling for one or more families.

(*b*) A hotel or a lodging or boarding house.

(*c*) A club other than a club the chief activity of which is a service customarily carried on as a business.

(*d*) A church, school or academy.

(*e*) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(*f*) A railroad passenger station.

(*g*) A farm, truck garden, nursery or greenhouse.

(*h*) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(*i*) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

Sect. 3A. *Location of Buildings in District A.*—After this section shall be duly adopted by the Town and become effective pursuant to law, in District A,

1. Set-back: No part of a building except steps, and eaves not exceeding 18″ wide, shall be built within 15 feet of the side line of the street on which it fronts, provided that no building need be set back more than the average of the set-backs of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building set back 15 feet, and provided further than on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases the same exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

.2. Rear Yards: No part of a building except steps, and eaves not exceeding 18″ wide shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (*h*) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of a building except steps, chimneys, and eaves not exceeding 18″ wide, and buildings of accessory use as defined in Section 3, paragraph (*h*) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in the Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained within the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps, shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on a corner lot an additional area of 400 square feet may be occupied subject, however, to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot excepting buildings of accessory use as defined in Section 3, paragraph (*h*).

Sect. 3B. *Single Family Dwellings.*—After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling, provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective—

1. It is between two lots on which are buildings designed for occpuation by two to more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot and on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yards adjacent thereto, no such side yard to exceed 10 feet in width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by buildings for two families.

Sect. 3C. *Validity.*—The invalidity of Section 3A or Section 3B, or any provision of said Sections, shall not affect the validity of any other Section or provision of said Sections, and said Sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said Sections are inconsistent therewith and valid.

Sect. 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

Sect. 4. *Existing Buildings.*—Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden

in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargements hall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

Sect. 5. *Incidental Use of Residental Buildings.*—Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

Sect. 6. *Enforcement.*—Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

Sect. 7. *Validity.*—The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

Sect. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

Sect. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13

Planning Board

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. *Voted*, To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

March 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

March 7, 1881. *Voted*, To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statues, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. *Voted*, To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

February 3, 1894. *Voted*, That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 28, 1894. *Voted*, To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

March 4, 1895. *Voted*, That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. *Voted*, To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted*, To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. *Voted*, To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

March 4, 1895. *Voted*, To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

March 1, 1897. *Voted*, To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

March 7, 1898. *Voted*, To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

March 5, 1900. *Voted*, To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

March 3, 1902. *Voted*, To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

July 14, 1902. *Voted*, To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

August 16, 1902. *Voted*, To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

March 2, 1903. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

March 2, 1903. *Voted*, To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

March 7, 1904. *Voted*, To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

March 6, 1905. *Voted*, To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

July 21, 1905. *Voted*, To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

March 1, 1909. *Voted*, To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

March 8, 1910. *Voted*, To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

March 6, 1911. *Voted*, To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

March 6, 1911. *Voted*, To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

November 7, 1911. *Voted*, To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

March 4, 1912. *Voted*, To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

March 4, 1912. *Voted*, To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Act to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

March 4, 1912. *Voted*, To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

March 4, 1912. *Voted*, To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

March 3, 1913. *Voted*, To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

NOVEMBER 4, 1913. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

NOVEMBER 5, 1912. *Voted*, To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

MARCH 2, 1914. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

MARCH 2, 1914. *Voted*, To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

NOVEMBER 3, 1914. *Voted*, To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

MARCH 13, 1915. *Voted*, To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

MARCH 10, 1917. *Voted*, To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue. (Special Act.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metroplitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

MARCH 9, 1918. *Voted*, To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wadsworth. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

MARCH 13, 1920. *Voted*, To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

MAY 3, 1920. *Voted*, To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

NOVEMBER 2, 1920. *Voted*, To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

MARCH 12, 1921. *Voted*, To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

MARCH 3, 1923. *Voted*, To accept the provisions of Chapter 516 of the Acts of 1922 relative to the adoption of the State accounting system.

JUNE 12, 1923. *Voted*, To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

MARCH 14, 1925. *Voted*, To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

MARCH 5, 1927. *Voted*, To accept Chapter 27 of the Acts of 1927, an act to erect and constitute in the Town of Milton representative town government by limited town meetings.

RULES AND REGULATIONS OF THE SELECTMEN OF MILTON

MOTOR BUSSES

(Sections 1 to 25 adopted Jan. 8, 1926.)

SECTION 1. No person or corporation shall, in the town of Milton operate any motor vehicle upon any public street or way in said town, for the carriage of passengers for hire, in such a manner as to afford a means of transportation similar to that afforded by a street railway company, by indiscriminately receiving and discharging passengers along the route on which the vehicle is operated or may be running, or for transporting passengers for hire as a business between fixed and regular termini, without first obtaining a license therefore from the Board of Selectmen of said town.

SECT. 2. A license for the operation of any such motor vehicle shall not be issued or granted for a period exceeding one year, and shall not become operative until the licensee named therein shall deposit with the Treasurer of said town, security, by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to pay any final judgment obtained against the principal named in the bond for any injury to person or property or damage for causing the death of any person by reason of any negligent or unlawful act on the part of the principal named in said bond, his or its agents, employees or drivers, in the use or operation of any such vehicle. The security deposited under the provisions of this paragraph shall be in the sum of twenty-five hundred dollars for a motor vehicle having a seating capacity of five persons or less, and for a motor vehicle having a seating capacity of six or more in the sum of twenty-five hundred dollars and five hundred dollars additional for each passenger seat in excess of five. If the licensee shall file with the Town Treasurer an insurance policy issued by a company authorized to issue such policy in this Commonwealth, by which the company insures the licensee against loss from liability imposed by law upon the assured for damages on account of bodily injuries, including death resulting therefrom, accidentally suffered by any person or persons, caused by such motor vehicle, the operation thereof, or by the loading or unloading of merchandise carried on such motor vehicle, to the extent of at least twenty thousand dollars total liability for injury or death in any one accident, and subject to such liability in one accident to the extent of at least five thousand dollars for injury or death of one person; and against loss from the liability imposed by law upon the assured for damage (including damage necessarily resulting from loss of use) to property of every description (property of the assured excepted) resulting from any accident occuring within the term of the policy, directly caused by or due to the ownership, maintenance or use of such motor vehicle to the extent of at least one thousand dollars, then security in the sum of five hundred dollars only shall be required to be deposited with the Treasurer.

Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition that the insurer shall not be liable thereunder unless it receives notice of any accident or other cause of liability under such policy, or of suit or action resulting therefrom, other than provision for notice within a period of not less than sixty days after the accident or other cause of liability aforesaid given either by the assured, or the Town Treasurer aforesaid, or by any person sustaining bodily injury or damage in his property by reason of said accident, or other cause of liability in the name of such Town Treasurer. Such insurance policy shall also provide that the notice aforesaid may be given by another in the name of the Town Treasurer in behalf of any person sustaining bodily injury or damage in his property as aforesaid and that if from physical or mental incapacity it is impossible for the person sustaining such injury or damage to give the notice aforesaid within the time above provided, he may give it within ten days after such incapacity has been removed, and if he dies without having given such notice and without having been for ten days after the accident or other cause of liability of sufficient capacity to give it, his executor or administrator may give the notice within a period of not less than sixty days after his appointment. Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition for cancellation without notice thereof to the Town Treasurer with whom such policy is filed as aforesaid.

SECT. 3. In case the Town Treasurer at any time shall determine that any surety on any bond is not possessed of sufficient property to be able to respond to the obligation of surety on such bond, whether any damage may have occurred or accrued or not, said Town Treasurer, after giving the principal thereof an opportunity to be heard, may require the principal to furnish another or further surety on such bond, or a new bond for the remainder of the term of the license of the motor vehicle to which such bond relates, and in that event or upon the cancellation of any insurance policy filed under these rules such license, without any further action by the Board of Selectmen, shall thereupon stand suspended until such new bond or such other or further surety, approved by the said Town Treasurer, shall be furnished.

SECT. 4. Every licensee shall deposit with the Treasurer of said town security by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to reimburse said town for all cost and expense caused to the town in defending itself against court actions instituted by, or in behalf of, the said licensee or his or its insurers, or his or its agents, servants, passengers, or guests in a motor vehicle owned by said licensee, in which court action the final finding is that said town is not guilty of negligence or is not legally responsible for the damages sustained. The security deposited under the provisions of this paragraph shall be in the sum of one thousand dollars.

SECT. 5. Every licensee shall deposit with the Treasurer of said town security by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to forfeit to the town the sum of such security for failure of said licensee to furnish continuous service during and for the term of the license hereinunder granted. The security deposited under the provisions of this paragraph shall be in the sum of one thousand dollars.

SECT. 6. For each vehicle so licensed there shall be paid to the Town Treasurer the sum of twenty-five dollars.

SECT. 7. No motor vehicle so licensed shall be operated without having a sign thereon in form approved by the Chief of Police of said town stating the main street or streets of the route, the termini of the route and the fare to be charged, which sign shall be so placed at the entrance of the vehicle as to be plainly visible to persons entering the vehicle. The letters and figures on such sign shall not be less than two and one-half inches in height and shall have a stroke of not less than one-quarter inch in width. No advertising sign of any kind except the owner's name or symbol shall be placed or carried on the outside of the vehicle. No motor vehicle so licensed shall be operated without having a number thereon for purposes of designation, said number being not less than four inches in height and having a stroke of not less than one inch.

SECT. 8. Every licensee before operating any such motor vehicle shall file with the Board of Selectmen a schedule or tariff showing the effective date thereof, the time of arrival and departure at and from all termini, and the time of departure from important intermediate points; and a schedule or tariff showing the passenger fares to be charged between the several points or localities to be served; and no fare other than as designated in such tariff shall be charged or collected for transportation in such motor vehicle by the licensee or his agents or servants. The schedule or tariff shall provide for half fares for school children.

SECT. 9. Persons or corporations making application for such license to operate such vehicles shall designate the route or routes over which they desire to operate, and the licensee shall operate such motor vehicle only over such route or routes as shall be approved by the Board of Selectmen. Such route or routes may be changed only with the consent or approval of the Board of Selectmen, except in case of an emergency the route may be changed by the Chief of Police, who shall be the sole judge as to whether an emergency exists. Termini of such routes shall be fixed and motor vehicles so licensed shall be driven to such termini before turning around.

SECT. 10. Each licesee shall keep a record of each motor vehicle licensed, which record shall show the number of the motor vehicle, the name, age and address of the operator thereof, the route covered by said motor vehicle and the time of operation thereof between termini, and said record shall be open for inspection by the Chief of Police at all times.

SECT. 11. No person operating any motor vehicle so licensed shall refuse to carry any person offering himself to be carried as a passenger therein, unless the seats of such vehicle are fully occupied and the number of passengers thereon is the number allowed the operator to be carried at one time, or unless such person be intoxicated or disorderly.

SECT. 12. Every licensee shall operate for at least eight hours daily during the term of his license, unless accident or unavoidable cause prevents such operation, and the

minimum period of operation shall be fixed by the Board of Selectmen in the case of each permit granted. On routes using the same termini as are used by electric street railways, not less than twelve hours' daily operation shall be required by the Board of Selectmen unless accident or other unavoidable cause prevents such operation.

SECT. 13. No person operating any motor vehicle so licensed shall solicit passengers by outcry or make any noise for the purpose of soliciting passengers.

SECT. 14. No such motor vehicle shall stand to wait for passengers in any street, square or public place except on such portions thereof and during such hours as may be designated therefor by the Board of Selectmen, nor shall such vehicle stand or stop for the purpose of receiving or discharging passengers between the tracks of a street railway and the side of the street upon which the street railway passengers ordinarily board or leave street railway cars operated on such track within fifty feet in each direction longitudinally upon such street of a white pole or other designated or customary point for passengers to take or leave the cars of a street railwaycompany, unless authorized by the Department of Public Utilities. The Board of Selectmen from time to time shall designate locations in streets, squares and public places in which general street travel will not be materially interfered with where such vehicle may stand, and said Board of Selectmen at any time when it finds that any such locations materially interfere with public travel may cancel such locations, and said Board of Selectmen may at any time cancel any such hours and prescribe other hours therefor.

SECT. 15. No motor vehicle so licensed shall be operated in any street or public place where there is snow or ice unless it be equipped with proper non-skidding chains and every such vehicle shall be kept in safe and proper condition for use in such business, and to that end the said Board of Selectmen shall have the right to have every such vehicle examined at any reasonable time or times, by the Chief of Police or any representative or agent of the Board of Selectmen without charge to the licensee therefor. Every licensee shall be required to clear the streets of snow and ice as may be designated by the Board of Selectmen.

SECT. 16. No greater number of passengers shall be carried at any one time in any such motor vehicle than the license of such vehicle shall specify, provided that in addition thereto children under seven years of age may be carried therein in arms or seated on the laps of parents or adult persons accompanying them, but no person with a child in arms or seated on the lap shall be permitted to sit with or immediately next to the driver of the vehicle, nor shall any passenger be permitted to ride upon any fender, dash, top floor, steps or running board of any such vehicle.

SECT. 17. No person operating any such motor vehicle shall collect fares, make change or discharge passengers while such vehicle is in motion; nor shall he have a lighted cigarette, lighted cigar or lighted pipe in his possession while any passenger is being carried therein, nor drink any intoxicating beverage of any kind, or be under the influence thereof, while engaged in operating such vehicle.

SECT. 18. Every person operating any such motor vehicle shall deliver any article left therein by any passenger to the Chief of Police not later than twenty-four hours after finding the same, and shall receive a receipt therefor from said Chief of Police and said Chief of Police shall provide for returning the same to the owner upon proper identification and proof of ownership. All such articles delivered to said Chief of Police and not claimed within ninety days from such delivery shall be delivered to the licensee by whom they were left.

SECT. 19. No change shall be made by any licensee in rates to be charged for transportation in such motor vehicle or in the schedule of the operation thereof except after fourteen days' notice of such change filed with the Board of Selectmen, which shall decide on such change after a public hearing which the Board shall advertise at the expense of the petitioner in a newspaper of the town.

SECT. 20. Every such motor vehicle shall come to a full stop immediately before crossing the tracks of any railroad at grade.

SECT. 21. Every such licensee shall immediately report fully, in writing, to the Town Treasurer and to the Chief of Police, any injury to a passsenger or other person and any accident resulting in damage to property, in which any motor vehicle which he is licensed to operate is involved.

SECT. 22. The Board of Selectmen may suspend or revoke any license granted for the operation of any such motor vehicle for the violation of any law of the Commonwealth made in relation to the operation of motor vehicles, or the violation of any traffic regulations of said town, or the violation of any of the rules and regulations herein prescribed, or for any other cause deemed by the Board of Selectmen, in the exercise of their discretion, to be sufficient.

SECT. 23. No person or corporation shall operate any such motor vehicle over any bridge or culvert whose span is 10 feet or more without said bridge or culvert being first approved by the Department of Public Utilities as of sufficient strength to sustain such operation with safety, and no such motor vehicle shall be operated over any such bridge or culvert after a determination by such Department that such bridge or culvert is unsafe for the operation of such motor vehicle over it.

SECT. 24. The holding or adjudication of any paragraph or subdivision of the rules and regulations herein prescribed to be unconstitutional or invalid shall not affect the validity of any other paragraph or subdivision, but all other paragraphs and subdivisions shall be and remain in full force and effect.

SECT. 25. The "Regulations as to the operation of so-called Jitney Busses" adopted by the Board of Selectmen on October 3, 1924, are hereby revoked.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

MILTON, MASS., JAN. 8, 1926.

A true copy,

Attest:

JOSEPH H. DUFFY,
Clerk of the Board.

MILLTON TOWN RECORDS IN THE MUNICIPAL YEAR 1927

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To any Constable of the Town of Milton, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue.
In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway.
In Precinct III, polling place, Police Station, Central Avenue.
In Precinct IV, polling place, Belcher School, Church Street, on Saturday, March fifth next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the Precinct Officers of their respective Precincts their votes on one ballot respectively for the following-named Town Officers, to wit:

A Moderator for the term of one year.
A Town Clerk for the term of one year.
A Town Treasurer for the term of one year.
A Collector of Taxes for the term of one year.
Three Selectmen and Surveyors of Highways for the term of one year.
One Assessor for the term of three years.
Two members of the Board of Public Welfare for the term of three years.
One Sewer Commissioner for the term of three years.
A Tree Warden for the term of one year.
Two members of the School Committee for the term of three years.
One member of the Board of Health for the term of three years.
One Trustee of the Cemetery for the term of five years.
Three Library Trustees for the term of three years.
One Park Commissioner for the term of three years.
One Water Commissioner for the term of three years.
One Trustee of the Wadsworth Fund for the term of three years.
One member of the Planning Board for the term of three years.
Four Constables for the term of one year.

Also to vote upon the following question which will be placed upon the official ballot:

"Shall an act passed by the General Court in the year 1927, entitled 'An act to erect and constitute in the Town of Milton representative town government by limited town meetings,' be accepted?"

For these purposes the polls will be open at each and all of said Precincts at fifteen minutes before six o'clock in the forenoon and will be closed at four o'clock in the afternoon.

And thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March twelfth next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton, then and there to act upon the following Articles, to which we have requested the Warrant Committee to append their recommendations and report on all printed copies hereof, to wit:

Elmer McCarthy	Deputy Inspector
Willard Everett	Deputy Inspector
Ernest F. Hoeft	Deputy Inspector

Adjourned Meeting, March 12, 1927

ARTICLE 1. To choose all such town officers as are not required by law to be chosen by ballot.

The following officers were elected viva voce, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Measurers of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other town officers and committees.

Voted, That the report of the Town Accountant be accepted and placed on file.

REPORT OF THE COMMITTEE APPOINTED BY THE MODERATOR TO ADVISE THE TREASURER AS TO THE INVESTMENT AND RE-INVESTMENT OF TOWN FUNDS IN HIS CUSTODY.

The Committee has held meetings at various times during the year, which Mr. Duffy, the Treasurer, has attended, and he has assisted the Committee in many ways through his long experience in town affairs.

Considerable time has been spent in studying the provisions under which the various funds were established, some cases requiring the opinion of the Town Counsel, and the matter of investment could not be considered until these questions were settled.

Under Article 9 of the Warrant for 1926 the Town voted to authorize the Treasurer to invest Trust Funds in his custody in investments legal for Savings Banks.

A careful study was made of the investments which qualified as legal for Savings Banks and recommendations have been made for various changes in connection with the smaller funds, which it seems unnecessary to enumerate in detail.

The cemetery perpetual care fund has increased to a substantial amount and is now on deposit in the Milton Savings Bank, drawing interest at the rate of 4%.

The Committee finds there is only a slight difference in the yield which can be obtained from the higher grade of bonds legal for Savings Banks, and the interest now being paid by some of the larger Boston Savings Banks, and it has therefore recommended that a large portion of the deposit be withdrawn and placed on deposit in five large savings banks in Boston, which are all paying interest at the rate of 4½%.

On account of the aggregate amount now held in the various funds the Committee

feels that the Town should create a permanent board of commissioners of trust funds under Chapter 41, Sections 45–47 of the General Laws and recommends that necessary steps be taken to establish such a board.

Respectfully submitted,

WALLACE D. DEXTER, JR.
EDWARD C. BRADLEY,
ERNEST E. JOBLING.

March 7, 1927.

REPORT OF THE LEGISLATIVE COMMITTEE

December 31, 1926.

This report relates to the legislative session held in the year 1926.

Your Committee employed Mr. L. B. Kent to collect and examine all bills filed in the Legislature and to report to the Committee such bills as might, in his opinion, directly or indirectly affect the Town. Also the Committee, through its members, endeavored by personal examination to become familiar with such legislation as was proposed. Your Committee notified the Board of Selectmen of such bills as seemed to it of sufficient importance to require possible action, so that the Board of Selectmen might, if it thought proper, cause the Town to be represented by the legislative counsel.

Respectfully submitted,

LINCOLN BRYANT,
Chairman for the Committee.

REPORT OF THE MILTON WORLD WAR MEMORIAL COMMITTEE

To the Citizens of Milton.

Your committee, appointed to secure for the town a suitable war memorial in memory of citizens of the town who died in the service, have attended to their duty, and respectfully report that they secured as sculptor Mr. Daniel Chester French, and as architect Mr. Charles Allerton Coolidge. These gentlemen gave to the work not only the ability by which their name as sculptor and architect has been won, but also a sympathetic interest which was most helpful.

The town already knows the result produced, for the memorial was dedicated on November 8, 1925. Your committee believe that it embodies, in a very striking, manner, a tribute to those who died, and an inspiration for those who are to follow.

Of the committee originally appointed, one most helpful and important member, Mr. Louis Arthur Coolidge, died just before the dedication of the memorial. The remaining members of the committee respectfully submit this report, together with a financial statement of receipts and expenditures, and ask that it may be accepted and the committee discharged.

Respectfully submitted,

JOSEPH A. EWART,
MARY COOLIDGE PERKINS
FREDERICK H. KEEP
ROGER L. SCAIFE
WM. B. THURBER,
GEORGE WIGGLESWORTH
Committee.

Voted, That the Report of the Committee Appointed by the Moderator to Advise the Treasurer as to the Investment and Re-Investment of Town Funds in his Custody, be accepted and placed on file.

Voted, That the Report of the Legislative Committee be accepted and placed on file.

Voted, That the Report of the Milton War Memorial Committee be accepted and placed on file and the committee discharged.

Voted, That the Committee on the One-hundredth Anniversary of the Granite Railway be discharged.

Voted, That the Report of the Committee on Representative Town Government be accepted and the committee discharged.

Voted, That the Report of the Budget Committee be accepted and the committee discharged.

ARTICLE 4. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

Voted, That the sum of $9,095.04 be transferred from the Surplus Overlay Account to the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

ARTICLE 5. To see what sum of money the Town will vote to authorize the Assessors to use out of the surplus revenue account in fixing the tax rate for 1927.

Voted, That the Assessors be authorized to use $20,000 out of the Surplus Revenue Account in fixing the tax rate for 1927.

ARTICLE 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1927.

Voted, That the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow to an amount not to exceed $550,000, in anticipation of the revenue of the financial year ending December 31, 1927, and to issue a note or notes therefor payable within one year from the date thereof, and that any debt or debts incurred under this vote be paid from the revenue of the Financial Year ending December 31, 1927.

(Unanimous Vote)

ARTICLE 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1928, in anticipation of the revenue of the financial year ending December 31, 1928.

Voted, That the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow on and after January 1, 1928, to an amount not to exceed $150,000, in anticipation of the revenue of the financial year ending December 31, 1928, and to issue a note or notes therefor; and then any debt or debts incurred under this vote be paid from the revenue of the finanical year ending December 31, 1928.

(Unanimous Vote)

ARTICLE 8. To see if the Town will vote to authorize the Moderator to appoint a committee of three citizens to advise the Town Treasurer as to the investment and reinvestment of Town funds in his custody, said committee to hold office from the date of their appointment to the next annual Town Meeting.

Voted, That the Moderator be and hereby is authorized to appoint a committee of three citizens to advise the Town Treasurer as to the investment and reinvestment of Town funds in his custody, said committee to hold office from the date of their appointment to the next annual Town Meeting.

Committee appointed: Wallace D. Dexter, Edward C. Bradlee, Ernest E. Jobling.

Article 9. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecing taxes which a Town Treasurer when appointed Collector may use.

Voted, That the Collector of Taxes is hereby authorized to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

Article 10. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

Voted, That the Selectmen are hereby authorized to employ counsel to represent the Town at hearings before committees of the General Court.

(Unanimous Vote)

Article 11. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

Voted, That the Moderator be authorized to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number and to report to the Town at the Town Meeting next following the close of its term of office.

Committee appointed: Lincoln Bryant, W. Rodman Peabody, Felix Rackemann, Reginald L. Robbins, Charles M. Rogerson.

Article 12. To see what sum of money the Town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1927.

Voted, That the sum of $500 be appropriated to be expended by the Selectmen for the celebration of the Fourth Day of July, 1927.

Article 13. To see if the Town will authorize the Moderator to appoint a committee of citizens to investigate the desirability of establishing a Department of Public Works, a Town Garage and Centralized Purchasing, to report at the next annual Town Meeting, and with full powers to introduce into the Legislature any bills which may be necessary to carry out their recommendations, subject to acceptance by the Town.

Voted, That the Town authorize the Moderator to appoint a Committee of citizens to investigate the desirability of establishing a Department of Public Works, a Town Garage and Centralized Purchasing, to report at the next annual Town Meeting, and with full powers to introduce into the Legislature any bills which may be necessary to carry out their recommendations, subject to acceptance by the Town.

Committee appointed: Kenneth D. Johnson, James W. Rollins, Marcy L. Sperry.

Article 14. To see if the Town will authorize the Moderator to appoint a committee of citizens to prepare plans for a new Town Hall and to report at the next annual Town Meeting; and to see what sum of money the Town will appropriate for the use of the committee.

Voted, That this Article be indefinitely postponed.

Article 15. To see if the Town will vote to repeal the provisions of Section 26, Chapter 6 of the Revised By-Laws and to substitute for the words "Section 27" the words "Section 26," and to substitute for the words "Section 28" the words "Section 27" in said Chapter, and to act on anything relating thereto.

Voted, That the provisions of Section 26 of Chapter 6 of the Revised By-Laws be repealed and that Chapter 6 of the Revised By-Laws be and hereby is amended by substituting for the words "Section 27" the words "Section 26" and by substituting for the words "Section 28" the words Section 27" in said Chapter.

Approved April 20, 1927 by the Attorney General.

ARTICLE 16. To see if the Town will vote to amend Chapter 4 of the Revised By-Laws by adding thereto a new section, to be known as Section 15, substantially as follows:

SECTION 15. Whenever damages may be recovered against the Town under General Laws, Chapter 79, entitled "Eminent Domain," and acts in amendment thereof and in addition thereto, the Board of Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in Section 39 of said chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

Voted, That the Town amend Chapter 4 of the Revised By-Laws by adding thereto a new section, to be known as Section 15, substantially as follows:

"SECTION 15. Whenever damages may be recovered against the Town under General Laws, Chapter 79, entitled "Eminent Domain," and acts in amendment thereof and in addition thereto, the Board of Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in Section 39 of said Chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained."

Approved April 20, 1927 by the Attorney General.

PROTECTION OF PERSONS AND PROPERTY

ARTICLE 17. To see what sum of money the Town will vote to appropriate for the Protection of Persons and Property the present year:

Voted, That the following sums be appropriated under this article:

1. Police:		
General Expenses, 1927	$71,260 37	
Unpaid Bills, 1926	889 63	
		$72,150 00
2. Fire		53,425 00
3. Hydrant Service		9,000 00
4. Wire		8,423 68
5. Tree Warden:		
Public Work		7,800 00
Private Work		5,000 00
6. Moth:		
Public Work		5,000 00
Private Work		5,000 00
7. Street Lighting		23,799 10
8. Additional Lights		1,000 00
9. Building Inspector		2,800 00
10. Sealer of Weights and Measures		300 00

ARTICLE 18. To see if the Town will vote to increase the pay of the members of the Police Department Two Hundred Dollars ($200) per year, and appropriate money for the same.

Voted, That this Article be indefinitely postponed.

ARTICLE 19. To see if the Town will vote to appropriate the sum of $3,383.31 for the purpose of increasing the salary of the permanent men of the Fire Department at the rate of $200 per year.

Voted, That this Article be indefinitely postponed.

ARTICLE 20. To see if the Town will vote to authorize the Board of Fire Engineers to appoint four additional permanent men to the Fire Department and appropriate the sum of $5,100 for salaries during the balance of the year 1927.

Voted, That this Article be indefinitely postponed.

HEALTH AND SANITATION

ARTICLE 21. To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year:

Voted, That the following sums be appropriated under this article:

1. Health, general	$7,200 00
2. Inspector of Animals	300 00
3. Vital Statistics	600 00
4. Collection of Ashes and Garbage	18,100 00
5. Sewer maintenance	3,000 00
6. Maintenance and Repairs of Norfolk County Hospital	5,954 80

ARTICLE 22. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal, and to raise and appropriate the same.

Voted, That the Town appropriate the sum of $50,000 for the construction of sewers for sanitary purposes and for sewage disposal; and that, to meet said appropriation, there be raised in the tax levy of the current year the sum of $7,741.50, and that the sum of $8,158.50, being the proceeds of the sale of part of the public playground on Adams Street authorized by vote of the Town at the Town Meeting held in March, 1926, and the sum of $2,100, being the proceeds of the sale of land and buildings on Hillside Street formerly used for school purposes, authorized by vote of the Town at the Town Meeting held in March, 1926, be appropriated, and that there be appropriated out of the excess and deficiency surplus the sum of $20,000, and that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of $12,000 and to issue bonds or notes of the Town therefor, said bonds or notes to bear on their face the words "Town of Milton Sewer Loan, 1927" and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twelve years from the date of the first bond or note or at such earlier dates as the Treasurer and Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.

(Unanimous Vote)

ARTICLE 23. To see what action the Town will take with regard to the improvement of Pine Tree Brook, and to appropriate money therefor and act on anything relating thereto.

Voted, That the sum of $5,000 be appropriated.

ARTICLE 24. To see if the Town will authorize the Board of Sewer Commissioners to exercise in the name and behalf of the Town, all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, so far as applicable to a taking made by the Board of Sewer Commissioners under an order dated December 16, 1926, of a strip of land along and under Pine Tree Brook, and act on anything relating thereto.

Voted, That the Town authorize the Board of Sewer Commissioners to exercise in the name and behalf of the Town, all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, so far as applicable to a taking made by the Board of Sewer Commissioners under an order dated December 16, 1926, of a strip of land along and under Pine Tree Brook, and act on anything relating thereto.

HIGHWAYS

ARTICLE 25. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

Voted, That the following sums be appropriated:

1. General Expense	$69,113 02	
Unpaid Bills of 1926	886 98	
Total		$70,000 00
2. Permanent Construction		35,000 00
3. Sidewalks		4,000 00
4. Private Work		2,000 00

ARTICLE 26. To see what sum of money the Town will vote for the care and maintenance of Granite Avenue Bridge, over the Neponset River, under Chapter 58, General Acts of 1915.

Voted, That the sum of $3,150 be appropriated.

ARTICLE 27. To see if the Town will vote to change the name of that part of Cliff Road bounded by Eliot Street opposite Columbine Road on the south and thence running in a curve northerly and bearing westerly, to centre line of said part, measuring 743.38 feet to the westerly branch of said Cliff Road, and act on anything relating thereto.

Voted, That the Planning Board be and hereby is authorized to change to such other name as the Planning Board may determine, the name of that part of Cliff Road bounded by Eliot Street opposite Columbine Road on the south and thence running in a curve northerly and bearing westerly, to center line of said part, measuring 743.38 feet to the westerly branch of said Cliff Road.

ARTICLE 28. To see if the Town will vote to accept Chapter 13 of the Acts of 1927, authorizing the Town from time to time to vote abandonment of the spaces reserved in the highway for street railway tracks.

Voted, That the Town accept Chapter 13 of the Acts of 1927, authorizing the Town from time to time to vote abandonment of the spaces reserved in the highway for street railway tracts.

ARTICLE 29. To see if the Town will vote to amend Section 1 of Chapter 10 of the Revised By-Laws by striking out therefrom the word "thirty" and substituting therefor the word "forty" or the word "fifty" as to the Town shall seem advisable and adding a provision thereto so that the same shall read:

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than forty feet in width (or fifty feet in width), provided, however, that this section shall not prevent the layout of any way which, prior to the time when this amendment takes effect, shall have been duly approved by the Board of Survey.

and to act on anything relating thereto.

Voted, That Section 1 of Chapter 10 of the Revised By-Laws be and hereby is amended by striking out therefrom the word "thirty" and substituting therefor the word "fifty," and adding a provision thereto, so that the same shall read:

"SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that this section shall not prevent the layout of any way, which, prior to the time when this amendment takes effect, shall have been duly approved by the Board of Survey."

ARTICLE 30. To see what action the Town will take relative to the order of the County Commissioners dated August 31, 1926, relocating a portion of Granite Avenue lying northerly of Adams Street, and to the construction of said Granite Avenue as relocated, and to raise and appropriate money for such construction and for the payment of damages, and to act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized and directed to construct that portion of Granite Avenue lying north of Adams Street as relocated by order of the County Commissioners, dated August 31, 1926, pursuant to the terms of said order, and that the sum of $100.00 be appropriated toward such construction. And that the further sum of $19,180.00 be appropriated for damages in connection with the order of the County Commissioners. Said $19,180.00 being the amount awarded by the Commissioners.

ARTICLE 31. To see if the Town will indemnify the Commonwealth of Massachusetts against any and all claims for land, grade and drainage damages which may be caused by or result from the laying out, alteration, constructoin or reconstruction of the State Highway known as Granite Avenue in Milton or any section or relocation thereof, and will authorize the Board of Selectmen to sign an indemnity agreement therefor in behalf of the Town, or take any other action with respect thereto.

Voted, That the Town indemnify the Commonwealth of Massachusetts against any and all claims for land, grade and drainage damages which may be caused or result from the laying out, alteration, construction or reconstruction of the State Highway known as Granite Avenue in Milton or any section or relocation thereof, and that the Board of Selectmen be and hereby are authorized to sign an indemnity agreement therefor in behalf of the Town, or take any other action with respect thereto.

ARTICLE 32. To see what action the Town will take relative to the order of the County Commissioners dated October 5, 1926, relocating a portion of Hillside Street, and to the construction of said Hillside Street as relocated, and to raise and appropriate money for such construction and for the payment of damages, and act on anything relating thereto.

Voted, That the Board of Selectmen be authorized to construct the portion of Hillside Street as relocated by the County Commissioners under order dated October 5, 1926, and to appropriate not exceeding $15,000 for construction of the same and payment of damages.

ARTICLE 33. To see if the Town will accept the exterior lines of a way known as Bassett Street Extension as established by the Board of Selectmen under Sections 73 to 81, inclusive, of Chapter 41 of the General laws, and acts in amendment thereof and

in addition thereto, and authorize the Board of Selectmen to exercise in connection therewith, in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate money therefor and act on anything relating thereto.

Voted, That the Town accept the exterior lines of a way known as Bassett Street Extension as established by the Board of Selectmen under Sections 73 to 81, inclusive, of Chapter 41 of the General Laws, and acts in amendment thereof and in addition thereto, and that the Board of Selectmen be and hereby are authorized to exercise in connection therewith, in the name and behalf of the Town, all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and that the sum of $100 be appropriated therefor.

Article 34. To see if the Town will accept the exterior lines of a way known as Concord Avenue Extension as established by the Board of Selectmen under Sections 73 to 81, inclusive, of Chapter 41 of the General Laws, and acts in amendment thereof and in addition thereto, and authorize the Board of Selectmen to exercise in connection therewith, in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws, relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate money therefor and act on anything relating thereto.

Voted, That the Town accept the exterior lines of a way known as Concord Avenue Extension as established by the Board of Selectmen under Sections 73 to 81, inclusive, of Chapter 41 of the General Laws, and acts in amendment thereof and in addition thereto, and authorize the Board of Selectmen to exercise in connection therewith, in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws, relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate $100 therefor.

Article 35. To see if the Town will accept Robbins Street as a town way as relocated and altered by the Board of Selectmen, and will authorize the Board of Selectmen in case of a taking in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said action contained, and to raise and appropriate money therefor and act on anything relating thereto.

Voted, That the Town accept Robbins Street as a town way as relocated and altered by the Board of Selectmen, and to authorize the Board of Selectmen in case of a taking in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate the sum of $5,750, for damages in connection therewith and construction of said way as relocated and altered.

Article 36. To see if the Town will vote to accept Brandon Road as laid out by the Selectmen under the Betterment Act, and will authorize the Board of Selectmen in case of a taking in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate money therefor and act on anything relating thereto.

Voted, That the Town accept Brandon Road as laid out by the Selectmen under the Betterment Act, and to authorize the Board of Selectmen, upon any taking made in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws, relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate the sum of $6,600 for damages, if any, and for the construction of said way.

Article 37. To see if the Town will vote to accept Concord Avenue as laid out by the Selectmen under the Betterment Act, and to authorize the Board of Selectmen, upon any taking made in connection therewith, to exercise in the name and behalf of the Town, all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate money therefor and act on anything relating thereto.

Voted, That the Town accept Concord Avenue as laid out by the Selectmen under the Betterment Act, and to authorize the Board of Selectmen, upon any taking made in connection therewith, to exercise in the name and behalf of the Town, all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws, relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate the sum of $5,700 for damages, if any, and for the construction of said way.

Article 38. To see if the Town will vote to accept Rockwell Avenue as laid out by the Selectmen under the Betterment Act, and will authorize the Board of Selectmen in case of a taking in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate money therefor and act on anything relating thereto.

Voted, To accept Rockwell Avenue as laid out by the Selectmen under the Betterment Act, and to authorize the Board of Selectmen, upon any taking made in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws, relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate the sum of $4,900 for damages, if any, and for the construction of said way.

Article 39. To see if the Town will accept that part of Morton Road which lies between Eliot Street and the part of said Road heretofore duly laid out and accepted, as laid out by the Selectmen under the Betterment Act, and will authorize the Board of Selectmen in case of a taking in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate money therefor and act on anything relating thereto.

Voted, To accept that part of Morton Road which lies between Eliot Street and the part of said road heretofore duly laid out and accepted, as laid out by the Selectmen under the Betterment Act, and to authorize the Board of Selectmen, upon any taking made in connection therewith, to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws, relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, and to appropriate the sum of $4,000 for damages, if any, and for the construction of said way.

Public Welfare

Article 40. To see what sum of money the Town will vote to appropriate for the Public Welfare Department the present year.

Voted, That the sum of $14,584 be appropriated for general expenses of the present year and the sum of $416 be appropriated for unpaid bills of 1926.

Soldiers Benefit

Article 41. To see what sum of money the Town will vote to appropriate for Soldiers' Relief the present year.

Voted, That the sum of $1,800 be appropriated for Soldiers' Relief the present year.

Article 42. To see what sum of money the Town will vote to appropriate for State Aid and Military Aid under Chapter 200, General Acts of 1919, the present year.

Voted, That the sum of $800 be appropriated for State Aid and Military Aid under Chapter 200, General Acts of 1919, the present year.

Article 43. To see what sum of money the Town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post No. 102, G. A. R., on Memorial Day.

Voted, That the sum of $400 be appropriated to be expended by the Huntington Frothingham Wolcott Post No. 102, G. A. R., on Memorial Day.

Schools and Libraries

Article 44. To see what sum of money the Town will vote to appropriate for the support of the Schools the present year.

Voted, That the sum of $250,777.31 be appropriated for general expenses for the present year, and the sum of $222.69 be appropriated for unpaid bills of 1926.

Article 45. To see what sum of money the Town will vote to appropriate for Vocational Education under the provisions of General Laws, Chapter 74, and act on anything relating thereto.

Voted, That the sum of $383.97 be appropriated for Vocational Education, under the provisions of General Laws, Chapter 74, for the present year and $216.03 be appropriated for unpaid bills of 1926.

Article 46. To see if the Town will vote to erect and equip an elementary school building, and to determine how the money therefor shall be raised, and to act on anything relating thereto.

Voted, That the Moderator be and hereby is authorized to appoint a committee of five citizens to consider the subject matter of this Article and to report to the Town on or before January 1, 1928.

Committee appointed: Hatherly Foster, Jr., Harris Kennedy, Roy E. Moulton, Leonard M. Patton, Elizabeth M. Sheldon.

Article 47. To see if the Town will authorize the Board of Selectmen to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, so far as applicable to a taking of lands bounding on Central Avenue, for school purposes, made by the Board of Selectmen under authorization of the Town by an order dated May 14, 1926, duly recorded in the Registry of Deeds for the County of Norfolk.

Voted, That the Board of Selectmen be and hereby is authorized to exercise in the name and behalf of the Town all the powers granted to the Town by Section 39 of Chapter 79 of the General Laws relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained, so far as applicable to a taking of lands bounding on Central Avenue, for school purposes, made by the Board of Selectmen under authorization of the Town by an order dated May 14, 1926, duly recorded in the Registry of Deeds for the County of Norfolk.

Article 48. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted, That the sum of $18,235 be appropriated for the Public Library the present year.

Recreation and Unclassified

Article 49. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, That the sum of $4,880 be appropriated for the general uses of the Board of Park Commissioners the present year.

Article 50. To see if the Town will authorize the Selectmen to purchase or take by eminent domain under Chapter 79 of the General Laws, for school purposes, the land within the Town bounded and described as follows:

Northwesterly by Eliot Street; northeasterly by land of the Town of Milton; southerly by land now or formerly of Lydia B. Taft and land now or formerly of Annie D. Ilsley; southwesterly by a line beginning at a point in the southeasterly side line of Eliot Street distant southwesterly 131.25 feet from a point of curve, said curve forming the junction of the southeasterly side line of Eliot Street and the southwesterly line of a private way formerly known as Capen Street, thence from said point of beginning running southerly 26° 55′ east 312.52 feet to land of Annie D. Ilsley hereinbefore mentioned, and to raise and appropriate money therefor and to act on anything relating thereto.

Voted, To authorize and instruct the Selectmen to purchase or take by eminent domain under Chapter 79 of the General Laws, for school purposes, the land within the Town bounded and described as follows: northwesterly by Eliot Street; northeasterly by land of the Town of Milton; southerly by land now or formerly of Lydia B. Taft and land now or formerly of Annie D. Ilsley; southwesterly by a line beignning at a point in the southeasterly side line of Eliot Street distant southwesterly 131.25 feet from a point of curve, said curve forming the junction of the southeasterly side line of Eliot Street and the southwesterly line of a private way formerly known as Capen Street, thence from said point of beginning running southerly 26° 55′ east 312.52 feet to land of Annie D. Ilsley hereinbefore mentioned, and to appropriate $10,352 for the same.

Article 51. To see if the Town will authorize the Board of Park Commissioners, in its name and behalf, to acquire by purchase or by eminent domain under Chapter 79 of the General Laws, for the purposes of a public playground or recreation centre

either or both of certain parcels of land in the Town of Milton bounded and described as follows:

(1) Commencing on Thacher Street at land now or formerly of Henry C. Shields, thence running a little north of easterly by said land of Shields, lands now or formerly of F. A. and H. E. Giles, of Mary E. McManus and of Michael J. Kelly and others, and land of the Town of Milton, 377.50 feet to a stone bound; thence running a little west of northerly along land of the Town of Milton 257.01 feet to a stone bound; thence continuing in the same direction along land of James S. Russell 412.47 feet to Brook Road; thence running northwesterly along Brook Road 18.73 feet; thence turning and running southwesterly in a line which makes an angle of 122° 17′, with the southwesterly side line of Brook Road at that point, 443.37 feet through land of George E. Burt and others to Thacher Street; thence running southeasterly along Thacher Street 693.96 feet to the point of beginning. Containing 6.54 acres more or less,

(2) Commencing on Brook Road at land of the Town of Milton known as the Brook Road Playground, thence running southwesterly along said land of the Town of Milton 151.16 feet to land of George E. Burt and others; thence running a little west of northerly along said land of Burt 412.47 feet to Brook Road; thence running southeasterly along Brook Road 414.72 feet to the point of beginning. Containing 36,141 square feet, more or less, and to raise and appropriate money therefor and to act on anything relating thereto.

Voted, To refer the subject matter of the above Article to a committee to be composed of the Park Commissioners and the Planning Board which shall consider the needs, present and future, of the Town in respect to playgrounds, and report to the Warrant Committee, with recommendations, on or before January 1, 1928.

Article 52. To see if the Town will vote to amend Section 1 of Chapter 12 of the Revised By-Laws by adding at the end of said Section 1, the following:

District D. Beginning at a point on the easterly side of Reedsdale Road, formerly White Street, near Brook Road a distance of two feet (2′) north easterly from a stone bound; thence running southeasterly on said Reedsdale Road, formerly White Street, one hundred and forty-two (142) feet; thence north easterly by land of heirs of E. E. Shepard, one hundred and seventy-one and 42/100 (171.42) feet to the line of proposed street ninety and 11/100 (90.11) feet to a point near Brook Road; thence by a curved line as shown on said plan, twenty-six and 56/100 (26.56) feet to a point on said Brook Road; thence westerly by said Brook Road, one hundred and thirty-three and 86/100 (133.86) feet to a point near Reedsdale Road, formerly White Street; thence by a curved line running forty-nine and 63/100 (49.63) feet, as shown by said plan, to the point of beginning, containing twenty-four thousand and eighty-four (24,084) square feet, as shown by said plan. Being Lot A, as shown on a plan entitled "Plan of Land in Milton by Frederick P. Hall, Surveyor, dated May, 1922."

Voted, That this Article be indefinitely postponed.

Article 53. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year.

Voted, That the following sums be appropriated:

1. Police and Firemen, Section 85, Chapter 32, General Laws	$6,312 50
2. Annuity, Chapter 16, Special Acts of 1919	300 00
3. Police and Firemen's Widows' Pensions, Section 88, Chapter 32, General Laws	1,200 00
4. Laborers' Pensions, Section 77, Chapter 32, General Laws	4,948 44
5. School Teachers' Pensions, Section 42, Chapter 32, General Laws	925 00
6. Pension, Chapter 9, Special Acts of 1925	1,000 00

Article 54. To see if the Town will vote to authorize the Selectmen to convey Lot No. 71, on the south side of Nahanton Avenue, containing fifty-five hundred (5,500) square feet, as shown on Assessors' Plan 22A, to Charles H. Snow, and act on anything relating thereto.

Voted, That the Board of Selectmen, or a majority of them, be and they hereby are authorized in the name and behalf of the Town, to sell, assign, convey and transfer, upon payment of all taxes due, all right, title and interest of the Town acquired by purchase at tax sale or otherwise, and subject to the rights and interests, if any, of other persons, in and to the following parcel of land, to wit:

Lot No. 71, on the southerly side of Nahanton Avenue, containing 5,500 square feet, as shown on Assessors' Plan No. 22A.

Article 55. To see if the Town will vote to authorize the Selectmen to convey Lot No. 10 on the north side Nahanton Avenue, containing fifty-five hundred (5,500) square feet, as shown on Assessors' Plan 22A, to Harry M. Snow, and act on anything relating thereto.

Voted, That the Board of Selectmen, or a majority of them, be and they hereby are authorized in the name and behalf of the Town, to sell, assign, convey and transfer, upon payment of all taxes due, all right, title and interest of the Town acquired by purchase at tax sale or otherwise, and subject to the rights and interests, if any, of other persons, in and to the following parcel of land, to wit:

Lot No. 10, on the northerly side of Nahanton Avenue, containing 5,500 square feet, as shown on Assessors' Plan, No. 22A.

Article 56. To see what sum of money not exceeding $100,000 the Town will vote to raise and appropriate under the provisions of Chapter 307 of the Acts of 1902, for the extension of water mains and the purchase of equipment, and to act on anything relating thereto.

Voted, That the Treasurer be and he hereby is authorized in the name and behalf of the Town and under authority granted in and in compliance with the provisions of Chapter 307 of the Acts of 1902, and other acts applicable thereto, to borrow a sum not exceeding $95,000, the same to be expended by the Board of Water Commissioners for the extension of water mains, and purchase of equipment, and to issue bonds of the Town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton Water Loan" and shall be payable as required by said Chapter 307 of the Acts of 1902 and by Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than thirty years from their date, or at such earlier dates as the Treasurer and Water Commissioners may determine. They shall be sold at not less than the par value thereof, from time to time, by the Treasurer. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.

(Unanimous Vote)

Article 57. To see what sum of money the Town will appropriate for the purchase of one mechanical excavator for the use of the Water Department and such other uses as may prove economical.

Voted, That this Article be indefinitely postponed.

Article 58. To see what sum of money the Town will appropriate for the construction of a garage which will be used by the Water Department and the Town Engineer.

Voted, That this Article be indefinitely postponed.

Article 59. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

Voted, That the sum of $17,700 be appropriated for the improvement of the Cemetery the present year.

Interest and Maturing Debt

Article 60. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year:

1. Interest.
   Voted, That the sum of $34,750 be appropriated for the present year.
2. Maturing Debt.
   Voted, That the sum of $66,000 be appropriated, and that of this amount the sum $58,405.05 be raised out of the tax levy and the sum of $7,594.95 be taken from the balance in the Premium on Loans account.

Article 61. To see if the Town will vote to ratify and approve the transfer made in the year 1925 of $10,000 from the Surplus Overlay Account to the Reserve Fund for extraordinary and unforseen expenditures in said year.

Voted, To ratify and approve the transfer made in the year 1925 of $10,000 from the Surplus Overlay Account to the Reserve Fund for extraordinary and unforeseen expenditures in said year.

Article 62. To see if the Town will vote to ratify and approve the transfer made in the year 1926 of $10,000 from the Surplus Overlay Account to the Reserve Fund for extraordinary and unforeseen expenditures in said year.

Voted, To ratify and approve the transfer made in the year 1926 of $10,000 from the Surplus Overlay Account to the Reserve Fund for extraordinary and unforeseen expenditures in said year.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the postoffices of said Town fourteen days at least before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said fifth of March next.

Given under our hands at Milton, the eleventh day of February, nineteen hundred and twenty-seven.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, March 3, 1927.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

March 12, 1927, at 5.40 P.M. *Voted*, That the meeting be dissolved.

The foregoing meeting was opened March 5, 1927, at 5.45 A.M. by the Wardens in the several precincts.

Attest.

G. FRANK KEMP,
Town Clerk.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

MILTON, MASS., December 31, 1927.

To the Citizens of Milton:

Your Board of Selectmen respectfully submits the following report for the year 1927:

Roger Wolcott, who for three years served as Chairman of the Board in a manner worthy of the highest of praise, did not run as a candidate for re-election this year. Norton Wigglesworth was elected together with Josiah Babcock and Kenneth D. Johnson, both of whom are serving their fourth successive terms. The Board organized with Mr. Johnson serving as Chairman and Mr. Wigglesworth as Secretary.

Appointments

Believing that the time had come when there should be a serious consideration of the future administration of affairs of the Fire Department, the Board appointed a Board of Fire Engineers consisting of Messrs. Frank M. Eshleman, Robert H. Hallowell, Barry Keenan, J. Harry Holmes, and Howard S. Patterson, thus increasing the personnel of the Board of Fire Engineers from three to five members. These men have made a careful study of the Fire Department during the past year and their report should be of considerable interest to the citizens of the Town.

The Board appointed Benjamin F. Graham as a Fence Viewer to fill the vacancy by the resignation of William G. Rodd and Dr. Robert Sewell, Inspector of Animals to fill the vacancy caused by the resignation of Dr. James Spencer. Both Mr. Rodd and Dr. Spencer have rendered excellent service for the Town and the Board regretted their resignations.

By reason of the death of Clarence Boylston and the resignation of Charles H. Horne there were two vacancies on the Board of Assessors which it was necessary to fill in joint session with the remaining members of that Board. George S. Murray was appointed to take the place of Mr. Boylston and Robert Bowie to take the place of Mr. Horne. The other appointments made by the Board will be found elsewhere in this book.

Licenses

Applications for variances of the Zoning By-Law have furnished the Board with several new problems and only in cases where the enforcement of that law "would involve practical difficulty or unnecessary hardship" or where the relief desired would not, if granted, "substantially derogate from the intent and purpose of the Zoning By-Law," has the Board taken favorable action. Attempts to change a vacant lot in the residential zone to one of a commercial character, to replace an existing dwelling house with an elaborate extension of a small gasoline service station, to make an addition to what is now Milton's only apartment house, and to conduct a tea-room in the parlor of a single family dwelling-house have failed. Two legitimate expansions of existing private businesses in sparsely settled sections of the residential zone have been permitted subject to certain definite conditions. The Board in two cases have granted garage locations where the lot lines, due to the irregular shapes of certain lots, have made it impossible for the owners to locate their garages properly and at the same time comply with the provisions of the amendments to the Zoning By-Law passed by the Town in 1926.

Two permits to conduct gasoline service stations have been granted on new locations. One in the commercial zone along the railroad tracks and one on the premises of the Barney and Carey Company near the Neponset River.

In connection with Motor Bus Transportation the Board has refused to grant licenses to any company other than those furnishing necessary local service to the citizens of Milton except in the case of a through line from Boston to Fall River operated by the New England Transportation Company and of a local service to our neighboring Town of Canton.

For the first time in many years an application was made this year for a license to operate a Moving Picture Theatre in a building located on Adams Street, East Milton, in the commercial zone. The hearing on this application was held on December 30,

1927, and the matter was taken under advisement by the Board without any decision being arrived at before the close of the year.

Various other applications for pedlars' licenses, junk collectors' licenses, victuallers' licenses, antique shop licenses, permission to purchase and to carry revolvers, to parade on the public highway, and for many other activities have demanded the Board's attention throughout the year.

Law

The suit of Morris Greenspan *vs* the County of Norfolk and the Town of Milton for land damages which Mr. Greenspan alleges he has suffered by reason of the widening and relocation of Granite Avenue under the terms of the decree of the County Commissioners dated August 31, 1926, has been of chief interest this year. The trial of this case took place before a jury in October and a verdict of $15,000 was awarded Mr. Greenspan. The Board has voted to instruct Town Counsel Lincoln Bryant, to take this case up on exceptions to the Supreme Judicial Court of the Commonwealth.

The suit of Olga Zanoni *vs* the Town of Milton for damages resulting from the taking of land for school purposes on Central Avenue was settled outside of court.

The end of another year finds the suit of the General Outdoor Advertising Company against the Department of Public Works still in the process of litigation with no definite prospect of an immediate conclusion.

W. Rodman Peabody has continued to act as Legislative Counsel during the year in the absence of Felix Rackemann, who has been convalescing from the serious injuries that he suffered in the latter part of 1926.

Highways

William Linehan, for twenty-eight years an employee of the Highway Department, was retired on a pension on December 30, 1927. The Board does not intend to fill this vacancy.

Snow.—There was no particular difficulty during the past year in effecting the removal of snow and ice. With the equipment now owned by the town, our Highway Department is in a position to take care of the seasonable difficulties confronting it during the winter months. The Board is interested to learn what the attitude of the citizens would be in reference to a proposed change in policy whereby the town would no longer furnish the labor necessary for shoveling snow off of its improved sidewalks although the town would continue its policy of ploughing these sidewalks. The average annual expenditure for this type of work runs between four and five thousand dollars. Should the town make an effort to save this money and leave it to the abutting property owners to do this shoveling? We believe the town should answer this question and we suggest it as a topic of discussion at the annual town meeting.

Maintenance.—To maintain a road that was originally well built and that has received attention at regular intervals since its construction is not a difficult matter, but to maintain roads that were never properly built and that have been going from bad to worse year in and year out, due to the lack of appropriations by the town, is a hopeless task. Plenty of patching material with oil and sand in large quantities are absolute requisites for the proper maintenance of our highways. Although a road may never have had a good start it can be made to furnish fair service provided it is properly maintained. We cannot stress too strongly the need of oil on our streets. Unless we provide for this need in 1928 we shall find ourselves in a much worse predicament than we now are.

In connection with the general maintenance work during the year, reconstruction work was done on Brook Road near the High School, on Granite Avenue between Adams Street and the Quincy line, and the corner of Blue Hill Avenue and Cheever Street was improved by changing the line of curve on the travel way. At the request of the Board, the New York, New Haven and Hartford Railroad Company in April rebuilt the railroad crossing on Adams Street, thus remedying what had been a dangerous condition for a long time.

Permanent Construction.—Except for the cost of the 411 lineal feet of roadway built on Edge Hill Road from Grafton Avenue to Adams Street, all of the $35,000 appropriated for permanent construction was spent on Brook Road. From Adams Street to Centre Street, a distance of 4,420 lineal feet, there was constructed a 24 foot roadway with over 1200 feet of drainage, an extension of the culvert over the Brook's pond, the installation of 10 catchbasins, 6 manholes and approximately 90 feet of stone curbing.

For jobs of this size in the future, it is the opinion of the Board that the work should be done by contract under a system of careful local inspection.

For permanent construction in 1928 the Board has proposed a program calling for the appropriation of $77,000. Something must be done during the coming year on Adams Street, particularly the section of that street from Brook Road to the Quincy line. For a main thoroughfare of this type to be in the wretched condition that Adams Street now is, not only is a disgrace to the Town of Milton, but is a danger to the traveling public. The present condition of Adams Street is due largely to the underground utilities which have been a steady source of trouble in that district, particularly the main line owned by the Boston Consolidated Gas Company. For the purpose of reconstructing this section of Adams Street the Board recommends the appropriation of $17,000. Brook Road from Blue Hills Parkway to Central Avenue is one of the town's most heavily traveled thoroughfares as well as one of the most important roadways in the Commonwealth. This entire section should be rebuilt and for this purpose the Board recommends the appropriation of $60,000.

State Highway Construction.—During the past year the Division of Highways of the Department of Public Works has reconstructed that section of Granite Avenue running from the Granite Avenue bridge over the Neponset River to Squantum Street, a distance of 5600 lineal feet, the entire cost of which was paid for by the State. Under the supervision of this same state department, Hillside Street from the Canton-Milton line to a point just south of Houghton's Pond, a distance of 2,180 lineal feet, was reconstructed at an expense of $9,221.35 to the Town of Milton, this amount being approximately one-third of the cost of reconstructing this roadway, the other two-thirds being paid in equal shares by the County of Norfolk and the Commonwealth of Massachusetts.

During the coming year Granite Avenue, from Squantum Street to Adams Street, must be rebuilt along the new lines set forth in the decree of the County Commissioners, dated August 31, 1926. The cost of this reconstruction will be in the vicinity of $50,000 and we hope that by the time when the annual March meeting is held we will be able to announce that the cost of this work will be divided three ways: with the town, the county, and the state paying equal shares.

Sidewalks.—With the $4,000 appropriated for sidewalks we have laid granolithic walks, totaling over 2,400 lineal feet on Brook Road, Central Avenue, Curtis Road, Blue Hill Avenue, Washington Street and Lincoln Street. We were unable to lay all the granolithic sidewalks that were petitioned for and would recommend an appropriation of $6,000 for this work in 1928. This appropriation is also to include the cost of stone curbing. Approximately 450 feet of stone curbing was laid during the past year out of the sidewalk appropriation.

Safety Measures.—The Board has given considerable attention to the study of automatic traffic signals and instructed Town Engineer Maynard to investigate this matter in detail. As a result of the study made by Mr. Maynard, the Board does not believe that this is the time to present any recommendation for the installation of such traffic signals, particularly in view of the fact that during the session of the Legislature in 1928, certain definite suggestions for uniform legislation are to be made by the Department of Public Works, which has had this matter under consideration during the past year. There is no doubt that within a short time we shall be forced to install automatic traffic signals on our highways at the more important intersections.

Early in the year the Board installed two traffic beacons at the intersection of Blue Hill Avenue and Dollar Lane to replace the single silent policeman that was formerly located on Blue Hill Avenue at the center of this intersection. This particular intersection has always been a most dangerous one since Blue Hill Avenue was opened up for travel after its reconstruction. During 1926, twenty-four accidents occurred at this intersection and during 1927, only seven occurred there, thus furnishing a very vivid example of the benefit we have received from the new beacons at that intersection. Blue Hill Avenue furnished about 25% of the total automobile accidents that took place in the town during the past year and at least one-third of the accidents that occurred on that main highway took place at its various intersections. The intersections at Blue Hill Avenue and Atherton Street and Blue Hill Avenue and Brook Road showed an increase in accidents of 100% over those of 1926. There cannot be too much policing of this highway. To reduce the accidents on Blue Hill Avenue will result in a much better record for highway safety for the town.

The placing of additional traffic signals at the intersection of Randolph Avenue and Centre Street resulted in reducing the accidents at that point from fourteen in 1926 to seven in 1927. As a result of placing an inexpensive traffic signal at the junction of Adams Street, Randolph Avenue and Canton Avenue there was a decided drop in the accidents occurring at that point. With the proposed improvement of land at the two

corners now owned by Miss Mary Gannett and Mrs. Clarence Hovey in that section we trust that the dangerous conditions existing there will be greatly reduced.

The intersection of Squantum Street and Granite Avenue must receive careful attention in view of the fact that the accidents at that point increased from three in 1926 to six in 1927, most of which accidents occurred during the last few months of 1927 after the reconstruction of the state highway on Granite Avenue was completed.

Because of the increase in accidents occurring at the corner of Granite Avenue and Adams Street from six in 1926 to nine in 1927 it is hoped that the widening of this corner and its subsequent improvement will result in a reduction of the accidents at that point.

The number of motor vehicles on our highways is increasing each year and unless we give our most careful attention to the matter of highway safety we shall have an increase in the number of accidents occurring in our town. During the past year six persons were killed and one hundred fifty-two persons suffered personal injuries because of automobile accidents on our highways. There were a total of 280 accidents during the year, about 200 of which occurred on Blue Hill Avenue, Randolph Avenue, Adams Street, Brook Road, Canton Avenue and Granite Avenue. There we have the highways that must be made more safe for travel and we must continue to be on the alert for remedies which will remove the causes for these accidents.

In connection with increased highway safety, Governor Fuller offered a silver cup to the town or city which showed the best record in reducing accidents during a six months' period in the past year. No award has been announced as yet by the Committee representing the Governor in this contest and there is no prospect that Milton will receive the trophy offered. However, during at least four months of this six months' period the number of accidents within the town were reduced, but the Town's record as a whole was injured by reason of the increase in fatal accidents over previous years.

To stimulate interest in highway safety the Selectmen conducted a Highway Safety Essay Contest among the pupils of the junior and senior classes of the Senior High School and offered cash prizes to the pupils who submitted the three best papers on this subject. About 300 pupils entered the competition and according to the interest shown by them there can be no doubt that the matter of highway safety made a strong impression on them.

Street Widenings and Corners.—With the special appropriation for the widening and relocating of Robbins Street between Brush Hill Road and Blue Hill Avenue, the Highway Department has done considerable work towards improving that section of Robbins Street. All the work on this job was not completed in 1927 and there is still a balance in the appropriation which will be used in 1928. Because of the prohibitive cost of tearing down and rebuilding the elaborate stone wall on the Hollinsworth Estate, the Board did not consider it wise to make that change which was originally anticipated. For this reason it will be necessary for the town to take action at the coming town meeting to abandon part of the taking which was authorized at the annual meeting in 1927 in connection with the Robbins Street work.

The rounding of street corders not only adds to the beauty of highway intersections but also furnishes a real remedy for dangerous traffic conditions. During the past year, several of our citizens, either on their own initiative or at the request of the Board, have expressed their willingness to give to the town sufficient land for effecting improvements at various street corners in the town. For this purpose the Board recommends the appropriation of $5,000, for such work to be done at the following corners in the town:

Canton Avenue and Randolph Avenue—Randolph Avenue and Adams Street
Houston Avenue and Thacher Street
Smith Road and Brush Hill Road
Petersburg Avenue and Squantum Street
Brook Road and Central Avenue
Canton Avenue and Elm Street

Acting in cooperation with the request of the Board, the Parish Committee of the First Church has agreed to allow the town to cut down the grade of the bank on the church property located at the corner of Canton Avenue and Thacher Street, an improvement which will result in increased visibility for the motorist.

Street Signs.—There has never been any definite program in the town for the location of street signs and guide posts. Most of our street signs are constructed of wood and have the name of the street painted on but one side. The Board of Selectmen believes that now is the time for the town to start on a program of installing permanent street signs, with two-faced inscriptions throughout the town. For this purpose we recommend the appropriation of $1,200. If that sum is appropriated we believe that this

type of new sign can be placed at practically all of the intersection along the entire lengths of Brook Road and Adams Street. If a similar amount is appropriated each year for five years, we believe that the town will then be completely equipped with a uniform metal street sign. Most of our citizens have observed the improvement made in Boston during the past year along this line and we feel that they will agree with us that this is a necessary improvement for Milton.

Board of Survey.—There has been a considerable decrease in the development of large tracts of land in the town during the past year and the Selectmen, sitting as the Board of Survey, have had only four applications for approval of the plans of new streets before them. This condition is indeed a relief, particularly in view of the many developments that followed each other in rapid succession during the few years prior to 1927. Because of the amendment to the town By-Laws, which was passed at the last annual town meeting, requiring all streets to be at least fifty feet in width before they could be accepted by the town, the Board found itself unable to grant the application of certain property owners on the Merritt Estate for the approval of the plans of Prince and Rockwell Streets. Because of the Board's refusal, the persons owning property on these two streets have been subjected to considerable hardship. Therefore, the Board recommends that an amendment be made to the fifty-foot width By-Law, so that the Board can properly take action to approve the plans of proposed streets where the new law works a hardship.

In connection with the regulation of future real estate developments in the town, the Board recommends most heartily the suggestion which has come from the Milton Park Improvement Association for the appointment of a committee by the Moderator to study and devise regulations for such future developments, having in mind that the town already has more than its share of unsatisfactory developments.

Bridges.—There were no extraordinary expenditures for bridge work during the past year, but because of the condition of the Granite Avenue Bridge and also of the Central Avenue Bridge, it will be necessary to increase the Granite Avenue Bridge appropriation by at least $1,050 and to provide an appropriation for the Central Avenue Bridge of at least $2,500. There can be no delay in doing this type of work and in removing the dangers which exist as soon as these bridges require attention.

Betterment Construction.—By vote of the town, Brandon Road, Concord Avenue, Morton Road and Rockwell Avenue, all private ways, were accepted as town ways under the Betterment Act and money was appropriated to cover the cost of their construction. This work has been done, amounting to 2,235 lineal feet of roadway with over 2,600 lineal feet of granolithic sidewalks. The total cost of constructing these new town ways was $21,066.59, of which $13, 290.19 was assessed on the abutters.

At the present time the Board has before it seven petitions for the acceptance of as many private ways under the Betterment Act during 1928. We recommend that favorable action be taken by the town on all of these petitions.

There are about 100 private ways in the town and an equal number of public ways. It is safe to say that between 20 and 25% of the total population of the town live in houses located on private ways. There should be little excuse for the expenditure of public funds for private work on these private ways if the town will continue to show its willingness to cooperate with the property owners who live on these ways in their efforts to improve the condition of their private ways by seeking to have them accepted under the Betterment Act. This system of taking over private ways as town ways is the only right fashion in which this problem can be handled. By accepting several of these private ways each year, the town will be doing a great deal towards relieving the serious problems that confront our citizens who now live on private ways.

Street Openings.—What to do about openings made in our public ways for the purposes of making service entrances for water, sewer and gas, has for some time demanded the attention of the Selectmen. There is nothing more provoking than to find an opening on a public way which has not been properly back-filled and resurfaced. These street openings are very often the primary cause for highway deterioration. This year the Board has adopted regulations in connection with this matter and it is now necessary for any person who wishes to make a street opening, first to secure a permit from the Town Engineer, to whom payment or security for future payment is made in advance for the cost of replacing the highway in a condition after the opening is completed which will be as nearly as possible like that which existed before the opening was made. The work of repairing the highway after the opening, is done by the Highway Department. As a result of this new system, considerable improvement has been made along these lines.

Surface Drainage.—For many years the town has been confronted with the problem of what to do about surface drainage in many sections of the town. Not only during

the season of spring thaws, but throughout the year, the question of surface drainage is a vital one. With the assistance of Town Engineer Maynard, the Board has made a study of this matter and has outlined a program for the relief of the surface drainage problem throughout the town which will cost several thousands of dollars. It was apparent to us that this work could not all be done in one year because of the cost involved. We have unanimously agreed that the most serious condition exists along the Thacher Street district between Pine Tree Brook and Blue Hills Parkway. Therefore, we recommend that the sum of $16,335 be appropriated in 1928 to do the work in this section as well as some very necessary surface drainage work that must be done as soon as possible in the Briarfield Section, on Elm Street and in a section between Maple Street and Eliot Street. This work should be done during the coming year and then in another year we must give our attention to the surface drainage difficulties existing in East Milton, particularly along Granite Avenue in the vicinity of Babcock Park.

Street Lighting.—During the past year, with the $1,000 appropriated for additional street lights, the Board authorized the installation of 35 lights, together with the installation of arc lights at the intersections of Brook Road and Randolph Avenue, Brook Road and Centre Street, Adams Street and Canton Avenue, Squantum Street and Petersburg Avenue and on Walnut Street, in front of the Thacher Building. The Board also instructed the Edison Electric Illuminating Company to increase by one-half hour, during the winter months, street lighting throughout the town in the morning, thus furnishing this service to our citizens who find it necessary to use the highways before daylight.

The many complaints which the Board received early in the year because of the ruby dome signals that had been placed over the street lights in the vicinity of fire alarm boxes, were disposed of by a new arrangement which continued to furnish the signal service desired by the Board of Fire Engineers and yet did not decrease the lighting effect of the lamp.

Public Transportation

During the past year the Board granted a license to the Eastern Massachusetts Street Railway Company to operate an all-year service between Mattapan and East Milton over Brook Road and Adams Street, which is part of the through line operated by this company from Mattapan to Quincy Square and during the summer months from Mattapan to Nantasket Beach.

With the extension of the rapid transit service to Fields Corner and with the prospect of a further extension of this service to Peabody Square within the next few months, the Board thought it advisable to suggest to the Boston Elevated Railway, the Eastern Massachusetts Street Railway and the Massachusetts Coach Companies that immediate plans be made for furnishing direct service to the people of Milton from various parts of the town to the main terminal of the rapid transit system. The Massachusetts Coach Company, following the suggestion of the Board, filed an application with the City of Boston for permission to operate its busses on Granite Avenue and Adams Street, Dorchester, so as to furnish a direct bus service from East Milton to the Fields Corner terminal. This application was not opposed by the Boston Elevated Railway, but was opposed by the Eastern Massachusetts Street Railway Company and has been taken under advisement by the Jitney Licenses Committee of the Boston City Council.

The Eastern Massachusetts Street Railway Company is now making a study of through service on its Brockton to Mattapan and East Milton to Lower Mills trolley lines and has promised us a report on this subject at an early date.

Early in the summer the New York, New Haven and Hartford Railroad Company announced that it would no longer run the train along the Granite Branch, which for years had left the South Station in the vicinity of 9.15 o'clock in the evening. The Board immediately requested the Railroad Company to return this train to its place on the schedule. When this request was refused, the Board filed a petition with the Department of Public Utilities. However, before this petition was heard, the Railroad Company reconsidered and put this train back on schedule.

The Board has also arranged with the Railroad Company to have tickets on sale at all times during the day at the East Milton station just prior to the time when a train is scheduled to leave the station, thus making it unnecessary for a passenger to pay the full fare for a single ticket because of the company's failure to have its ticket office open at such times.

Town Engineer

The benefits which the town has received by reason of having an Engineering Department are too many to enumerate in this report. Many of these benefits will be more visible in years to come than they are at the present time. This department,

under the supervision of Forrest J. Maynard, has completed its first full year and it has been of inestimable value to the Selectmen as well as to the other departments of the town, all of whom can call on the Engineering Department for assistance at any time. Mr. Maynard has proved himself to be an able, efficient and wise town official and the town may well feel satisfied with the service that he and the members of his department are rendering. A more detailed report of what the Engineering Department has done and what it proposes to do will be found elsewhere in this book. We can assure you that the recommendations of the Engineering Department are well worth following.

In the report of the Selectmen for 1926, reference was made to a Board of Public Works and the following statement is quoted from that report referring to such a department:

> "We recommend the appointment of a committee to study the problems, with full powers, if it seems expedient, to introduce bills into the Legislature of 1928 for acceptance by the town at the ensuing March Meeting."

Following this recommendation, the town voted that such a committee be appointed and be so authorized to introduce legislation. A committee consisting of the Chairman of the Board of Selectmen, Chairman of the Board of Water Commissioners and the Chairman of the Board of Sewer Commissioners has been considering this problem during the past year and the majority of that committee has filed a bill with the Legislature seeking legislation that will authorize the Town of Milton to establish a Board of Public Works. We recommend that the citizens of the town give this matter their most serious consideration.

Police Department

Officer Timothy A. McDermott was retired on a pension under the Provisions of Section 57, Chapter 32 of the General Laws on December 30, 1927. This vacancy in the department has not yet been filled. The Board voted to create the position of Detective Sergeant and after a competitive examination held under the requirements of the Department of Civil Service, Officer John J. Haley was unanimously appointed to fill this position, his appointment being effective September 1, 1927.

The discipline of the department during the past year has been unusually good and on only one occasion was it necessary for the Board to impose a penalty on an officer who violated the regulations of the department.

With the exception of the bombing of the residence of Lewis A. MacHardy, who sat as a juror in the Sacco-Vanzetti case, there has been no unusual crime committed in the town during the past year. In connection with the MacHardy case, the members of the Police Department performed spendid service. The assistance which was rendered the regular department by the members of the special force of Milton Post No. 114, American Legion, was something that the town will never forget. Milton is indeed fortunate in having a group of citizens who are so willing and ready to respond for unusual duty as are the members of the special Legion Police Force.

In view of the many serious crimes that have occurred in neighboring towns and cities where the use of firearms have taken a prominent part, the Board has made an effort to increase the efficiency of the members of our local Police Department in respect to the use of their revolvers. The Selectmen have offered a silver loving cup as a trophy to be awarded to the member of the department who makes the highest record in marksmanship with his revolver for three years. The first shoot in connection with this contest was held in December and Officer John J. Dalton succeeded in winning the first leg on this trophy. Too much stress cannot be placed on the necessity of accuracy and efficiency in handling a revolver on the part of a police officer and for this reason the Board recommends that the appropriation for the Police Department include an amount large enough to furnish the men with ammunition for practice shooting which shall be made compulsory. At a cost of something over $200 each member of the department has been equipped with a new holster and belt so that the revolver can now be carried on the outside where it will be in a more convenient position for immediate use.

Thacher Building and Town Hall

By reason of various appropriations which have been made for the improvement of the Thacher Building, this building is now in an excellent condition and is furnishing service for several town departments and the local Post of the American Legion and its Auxiliary. The Board authorized an expenditure during the past year to pay for grading of the grounds around the building and to provide for a parking space. The Board of Water Commissioners joined with us generously in making this improvement

and with the exception of a further extension of the parking area, there is no immediate need for any extraordinary expenditure on this account.

The small town hall has been equipped with new electrical fixtures which furnish increased lighting at a decreased cost.

Insurance

The policy adopted by the Board a few years ago in the allotment of town insurance was continued during the past year with its usual successful results. The Board wishes to express its gratitude to W. Newton Harlow for the service he has rendered to the town in connection with insurance matters.

Representative Town Meeting

For the first time in its history the town will in March of 1928 hold the annual town meeting under the new form of government which was accepted by the voters by a large majority at the last annual town election. We are hopeful that this new system of town meeting will be a benefit and the experiment is indeed an interesting one for the town. The responsibility for the success of this new system falls largely on the voters as a whole. According to the provisions of the new law 171 town meeting members are to be elected at the next annual town election. The Board urges that all the voters familiarize themselves with the provisions of this new form of government so that they can act with the greatest degree of intelligence in electing the citizens who are to be the members of this first representative town meeting.

Miscellaneous

Fourth of July.—The Board requested the local Post of the American Legion to conduct the town's celebration of Independence Day and as a result an unusually successful celebration was held under the auspices of a committee appointed by the Commander of Milton Post. It is impossible for any committee to conduct a satisfactory celebration with $500 and as in the past it was necessary for the American Legion to use its own funds to make up the difference between the actual cost of the celebration and the $500 appropriated by the town. If the town wishes to have a celebration on Independence Day, the Board recommends that the sum of $1000 be appropriated for this purpose in order to insure a satisfactory celebration without making it necessary for a private organization to pay for a part of the cost of this celebration.

Billboards.—An attempt was made during the past year to locate billboards on the roof and on the end wall of the Bassett Block, located at the corner of Adams Street and Church Street. This petition, which was filed with the Department of Public Works, was strenuously opposed by the Board and as a result the application was not granted. A further attempt was made to erect a billboard on the property of the New York, New Haven and Hartford Railway facing on Granite Avenue, near East Milton Square. The persons interested in this billboard made an effort to erect it without even asking for permission. Before much progress was made the Board became aware of this attempt and succeeded in stopping any further work on this billboard.

Metropolitan Regional Council.—The Board voted unanimously not to become a party to the Metropolitan Regional Council—a half-hearted attempt by certain persons, mostly from the City of Boston, to create an organization which, on the surface appeared perfectly harmless, but which, as a matter of fact, possessed several inherently dangerous possibilities.

Restraint of Dogs.—In May, the Board adopted an order restraining dogs from running loose in the town unless they were muzzled or unless they had a certificate of inoculation attached to their collars. This order has been in effect for the remainder of the year and in December, when the State Board of Public Health issued a statement requiring such action to be taken by some 71 towns and cities in the Commonwealth, Milton found itself with the necessary order already in force.

Street Numbering.—Considerable confusion has existed for some time in connection with street numbering throughout the town. The Board has authorized Town Engineer Maynard to revise the street numbering wherever, in his judgment, he considers it wise to do so.

After a continuous service of over 26 years as Clerk of the Board of Selectmen, which service was at no time interrupted by any absence, Joseph H. Duffy suffered a serious illness during the past year and was unable to perform his duties as Clerk of the Board

and as Town Accountant. It has been a new experience for a Board of Selectmen to conduct its affairs without the conscientious and able assistance of Mr. Duffy. We are delighted that he has recovered from his illness and that he will return with us at the opening of the new year. Although the absence of Mr. Duffy, by reason of his illness, was a serious blow to the Board, we found that Miss Mary A. Berni has proved herself to be of such great assistance to the Board that the seriousness of the temporary loss of Mr. Duffy's services was reduced to a minimum. Miss Berni has carried on throughout the year without any vacation and with many extra hours of hard work. Without her assistance we would have been unable to meet satisfactorily the change which resulted in the affairs of the Office of the Selectmen during Mr. Duffy's absence.

May we at this time express to the many town officials, with whom we have been associated throughout the year, our sincere appreciation for the courtesies and cooperation which they have at all times extended to us.

KENNETH D. JOHNSON,
JOSIAH BABCOCK,
NORTON WIGGLESWORTH,
Selectmen of Milton.

Summary of Recommendations

Special appropriation for surface drainage.
Special appropriation for rounding street corners.
Special appropriation for street signs.
Special appropriation for revolver practice ammunition for members of the Police Department.
Amendment of 50 feet width By-Law to take care of unusual cases.
Committee to study and devise regulations for future real estate developments.
Contract work on important highway reconstruction

REPORT OF THE TOWN ENGINEER

MILTON, MASS., December 27, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN:—The annual report of the Engineering Department during the year ending December 31, 1927, is submitted.

As planned, the engineering force has consisted of the Town Engineer, two field parties and one draughtsman. Both field parties were kept busy on outside work nine months of this time. One party has taken care of all construction work and the second party has spent the entire time on the survey of Milton, working toward the co-ordination of all lines into one large map.

The first duties of the survey party for the town survey were to measure and run levels, and establish bench mark elevations on every street in town. This work was carefully done and an accurate street list has been compiled from this data. The levels that were run were taken from the Boston base, which is the mean low tide water at Charleston Navy Yard. This information is necessary for computing the run-off of water shed areas and also for specifying the various sizes of pipe for both sewer and storm water systems. This work was completed the last of July.

The party then started the survey for the mapping of the town, using the long monumented tangent of the boundary line on Blue Hills Parkway as a base line. This line was established by the Metropolitan Park Commission (now the Metropolitan District Commission). This co-ordinated line was carefully computed. The co-ordinates show rectangular distances south and west from the State House. The survey line has been extended through Eliot Street, Central Avenue and Adams Street to the monumented center line which is the location of the New York, New Haven and Hartford Railroad at East Milton.

Other traverse lines have been run, covering most of the territory east of the Blue Hills Parkway, as far as the junction of Thacher Street and Central Avenue. Some of this work has been plotted, but much of the office work remains to be done.

The party on construction work has run the lines and given grades for street surfacing, sidewalks, curbing, storm drains and all emergency field work pertaining to street construction.

Plans and estimates for a driveway to the Locker Building at the Brook Road playground have been made at the request of the Park Department.

We have staked out additional lots and supplied maps of the same for the Cemetery Department.

Maps were made and grades set for the improvement of the grounds around the Thacher Building.

Many studies of street intersections for the purpose of rounding corners and improving traffic conditions have been made. Several of these appear on the Warrant for the annual town meeting.

The Police Department has supplied this office with a list of all automobile accidents. From these weekly reports a plan has been made which will show at a glance the most dangerous intersections. At the request of the Police Department, record plans of all fatal accidents have been made.

Airplane Survey

After consulting the Board of Selectmen, I engaged the services of the Air Service of New England, Inc. to make an air map of one square mile of territory, for which I have paid $165. I chose East Milton because this area included houses, railroads, woods, swampland and brooks. This map is entirely satisfactory, and can easily be understood by the layman. If these air maps should show house locations only they would more than pay for themselves. If man labor had been used to obtain an equal amount of information it would have cost at least three times as much.

An accurate map must be based upon some system of absolute ground control. The ground control here will be obtained from the traverse line survey run by our own field parties.

Other uses for an air map for Milton would be for the study of town planning, for terminal facilities, for traffic and zoning problems, for real estate developments and for tax and appraisal purposes.

Other departments as well as the Engineering Department would find frequent use for these maps.

To continue this work next year I ask for an additional $2,000.

Traffic Control

Milton presents a particularly difficult problem because we have many through streets which are intersecting streets.

With the increase in volume and speed of automobile traffic it is daily demonstrated that we must install some sort of a uniform system of automatic signals. To be efficient our system should conform to the standards laid down by the State. The Department of Public Works, in a report filed with the clerks of the Legislature, recommends legislation which will give the department authority to establish unform traffic rules, regulations and signs. When this is passed I recommend its immediate adoption for use on our streets.

During the month of May the issuing of all permits was turned over to the Engineering Department at the request of the Selectmen. Since that date all applicants for street openings are charged for the cost of repairs. This method gives the department interested a record of all openings, and a better control of street repairing is the result. All money from bills or cash received is credited to the private work appropriation of the Highway Department. To date two hundred permits have been issued.

The usual procedure has been continued in regard to the Board of Survey plans.

The streets approved are as follows:

Wendell Park from Canton Avenue to Thacher Street, 2200 feet long and 50–160 feet wide.

Channing Street from Wendell Park to Elm Street, 188 feet long and 50 feet wide.

Magnolia Road from Walnut Street to private land, 458 feet long and 59 feet wide.

Taylor Road from Magnolia Road to Fairbanks Road, 200 feet long and 50 feet wide.

Fairbanks Road from Walnut Street to present accepted portion of Fairbanks Road, 440 feet long and 50 feet wide.

Drainage

Studies and maps of drainage areas have been made and estimated costs of storm water drains have been submitted to the Board of Selectmen for their yearly budget.

The areas referred to are the Thacher Street district, so-called, the Briarfield section and that area in East Milton known as Babcock Park.

The drainage and sewerage systems in Babcock Park district should be given very serious consideration. The natural valley where the water now stands is poluted by the overflow from the sewerage pumping station and by cesspools located in this vicinity.

I recommend that sewerage and drainage pipes be laid in the same trench through an easement in Babcock Park, thence across Granite Avenue to the railroad; from thence to the end of St. Agatha's Road, through a portion of the town land to Libby Road and across Squantum Street. At this point the storm water will be discharged into the brook. This point is at tide water and it is also the shortest distance from which to pump sewerage into the Metropolitan high line sewer main. Therefore I recommend this site as the location for a sewerage pumping station. This pumping station must be of sufficient size and design to furnish an outlet for the area too low to be sewered by the present system.

A considerable saving can be made by both Sewer and Highway Departments if the sewer and drain pipes are laid in one trench, letting the work as one contract.

Water Department

Lines for the laying of new mains have been run at the request of the Water Department.

The field work for the new location maps is complete. These maps will be ready in book form by spring. The tabulated list of length of lines, sizes of pipes, number of water gates, hydrants, etc. will be found elsewhere in this book.

Highways

The streets reconstructed this year are as follows:

Granite Ave. between Adams St. and the Quincy line, 516 lineal feet.
Edge Hill Road from Boulevard St. to Adams St., 411 lineal feet.
Central Ave. from Reedsdale Road to the High School entrance, 261 lineal feet.

The construction of these streets was done without lines or grades from the Engineering Department.

Lines and grades were given for the reconstruction of Brook Road opposite the High School on the southerly side for a distance of 335 lineal feet.

On Brook Road from Center Street to Adams Street an entire new street surface, twenty-four feet wide and 4,428 feet in length, has been constructed of bituminous macadam. According to the engineer's plan this road should have had a four foot gravel shoulder on either side, thus making a 32 foot roadway.

In the swamp section between Center Street and the Shadowlawn line the road location was moved, making the center of the bituminous roadway the center line of location. This change made it necessary to extend the concrete culvert twenty feet. (The tabulated tables show the amount of drainage installed.)

If a larger force of men had been employed and if the modern machinery owned by the town had been used to advantage, the work of constructing this road could have been completed much sooner.

I recommend that as far as possible the construction of streets be given to contractors. This would give the town a five year guarantee of the work and the cost of any maintenance would not start until after that period. This procedure has been used in Arlington over a period of years and the street maintenance is now one of the smallest items on their yearly budget.

Most of the highways in town are in poor condition. Too much patching and not enough real maintenance work is done. Many public streets are beyond repair and should be reconstructed, but to reconstruct all the streets in need of such work is impossible. Therefore, I recommend that an appropriation be made sufficient to seal-coat all the public streets which have not been constructed within the last three years, with tar or asphalt. This treatment will postpone the reconstruction period for several years. Many of the streets have never received a coat of tar or asphalt since construction and such neglect of the highways is a waste of the town's funds.

The patching should be done in the spring just as soon as the road is dry and this work should be followed by a road roller. The street oiling should begin just as soon as the warm, dry weather comes.

I recommend the purchase of a tract of land suitable for a gravel pit. Since so much of this material is needed for all kinds of construction work a substantial saving could be made by the Town.

Details of the financial statement will be found in the report of the Town Accountant.

Before closing my report I wish to thank the Selectmen and my associates in all the town departments for their courtesy and co-operation.

Respectfully submitted,

FORREST J. MAYNARD,
Town Engineer.

REPORT OF ASSESSORS OF TAXES

January 1, 1928.

To the Citizens of the Town of Milton, Massachusetts.

The Assessors of Taxes herewith submit their annual report for the year 1927. At the annual Town Meeting for the election of Town Officers for the year 1927, William W. Churchill was re-elected to the office of Assessors of Taxes.

On March 11, 1927, this Board organized as follows: William W. Churchill, Chairman, Charles H. Horne, Secretary, Wallace C. Tucker was reappointed as Clerk. This year the Assessors tried the experiment of using more Assistant Assessors than has been their custom. This method worked well, the Poll Tax bills going out earlier, and it also gave the Principal Assessors more time to devote to assessing the real estate. Assistant Assessors were appointed as follows: James A. Brackett, Thomas H. Cummings, Grace H. Goodwin, Edna D. Hooper. Percy A. Horne, Warren R. Page, Frank H. Rein, Anna E. Robinson, Robert J. Shaughnessey, Evelyn N. Smith. A decrease of $0.90 in the tax rate was announced. This came about as a result of an increase in real estate valuations, and although the liabilities were greater than last year, they did not show as much of an increase in proportion as they have in the past five years.

The year 1927 witnessed the passing of the last payment on account of the State Income tax which this Town will receive. For the year 1928 we will be under a totally different method of distribution so far as the State Income Tax is concerned, and we only know that our share of that will be much smaller than heretofore.

The year 1927 also witnessed a sudden change in the personnel of the Board of Assessors, the first change which had taken place for a great many years. Mr. Clarence Boylston was taken ill, and died July 30th. The remaining Assessors of the Board, Messrs. Horne and Churchill, drafted resolutions on Mr. Boylston's death, which we herewith insert:

CLARENCE BOYLSTON

Elected March 4, 1916 — Died July 29, 1927

The members of this Board desire to express their appreciation of the life, character, and helpfulness of our late associate, Clarence Boylston.

For nearly twelve years he has given without reserve, of his time and effort, ever with the public good in mind.

Fair-minded, impartial, and conscientious, he received the confidence of his fellow-citizens.

Genial, kindly, and helpful, he possessed in full measure the love and esteem of his associates in office.

To his family we extend our sincere sympathy in the loss of a loving and devoted husband and father.

(Signed) WILLIAM W. CHURCHILL, *Chairman*
CHARLES H. HORNE, *Secretary*

At a joint meeting of the Board of Selectmen and the remaining Assessors, held on September 16, 1927, Mr. George S. Murray was elected as a member of the Board to fill the vacancy caused by Mr. Boylston's death. Mr. Charles H. Horne, having served the Town most faithfully and conscientiously as an Assessor for fifteen years, and being in poor health, desiring to be relieved of the duties and responsibilities of an Assessor, on September 16, 1927, handed in his resignation as a member of this Board. At a meeting of the Board of Selectmen and the remaining Assessors, held on September 23, 1927, Mr. Robert Bowie was elected as a member of the Board, to fill the vacancy caused by the resignation of Mr. Horne.

On September 26, 1927, the new Board met and organized as follows: William W. Churchill, Chairman, George S. Murray, Secretary.

The population of the Town as made by the Board of Assessors for the year ending April 1, 1927, was 14,813.

Other statistics are as follows:

Number of dogs	878
Number of horses	133
Number of cows	392
Number of sheep	61
Number of swine	12
Number of fowls	1,600
Value of fowls	$1,600.00
Number of persons liable for military duty	2,553
Number of dwelling houses	3,243
Number of acres assessed	6,218
Amount of National Bank tax	$3,439.27
Amount of business and public service tax	$21,257.47
Amount used of State income and Public School Reimbursement Fund	$74,876.26
Amount voted by town	$20,000.00

GEORGE S. MURRAY,
Board of Assessors.

REPORT OF BIRD WARDEN

MILTON, MASS., December 31, 1927.

To the Citizens of the Town of Milton.

I beg to submit to you my report as Bird Warden for the year 1927.

There was no appropriation and there are no accounts to be submitted.

I wish to report that I have not during this past year been able to make as many observations as usual of the bird-life in the town and the migrations through it, but I think that there has been very little change, and no noticeable occurrences have come within my observation.

I am glad to report that the English Sparrow has seemed to diminish somewhat in the town, but the Starling, on the other hand, is probably increasing and is doing more damage to fruit and vegetable gardens than in previous years. Neither of these birds is protected by law and I recommend that they should be trapped, or shot freely.

The increase of Blue Jays in certain parts of the town is becoming noticeable.

I recommend to those citizens interested in observing the bird-life, the putting out of shelters and feeding stations in convenient places.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF MILTON CEMETERY

To the Citizens of Milton.

The Trustees report as follows for the year 1927:

There were 154 interments in 1927, of which 85 were from out of town.

Eighty-two new lots were finished, 46 of which were taken by residents of the town and one lot sold to a non-resident closely connected with the town. Six single graves were sold to residents. Thirty-five lots and 6 single graves were placed under Perpetual Care.

The names and other data, copied from the stones and monuments in the old section of the cemetery have been catalogued, thus giving the Town a record of all known burials in the cemetery up to 1880, the year in which the Department first began to keep full records.

The department has undertaken the difficult work of repairing the slates and marbles of the old cemetery which were most badly weathered, and has met with some measure of success.

PERCY E. SHELDON, *Chairman,*
REGINALD L. ROBINS, *Treasurer and Secretary,*
THOMAS K. CUMMINS,
ASAPH CHURCHILL,
THOMAS W. POND, *Superintendent.*

January 7, 1928.

REPORT OF FIRE ENGINEERS

To the Honorable Board of Selectmen, Town of Milton, Massachusetts.

GENTLEMEN:—The Board of Fire Engineers herewith submit its report for the year ending December 31, 1927.

Alarms

There have been 276 alarms of fire received as follows:
Bell alarms 76; Telephone 179; Boston 21.
Boston has responded to Milton 27 times.
Received during the year as follows:

January	22	July	16
February	8	August	13
March	53	September	6
April	76	October	19
May	10	November	14
June	24	December	22

Classification

Automobiles	22	False	16
Awnings	3	Fence	1
Barn	5	Grass	84
Boiler House	1	Hay Stack	4
Bon Fires	1	Hen House	1
Brush	31	Needless	11
Chimney	22	Pole	1
Dump	15	Rubbish	10
Dwelling	20	Store	1
Tree	2		

Services rendered for Calls Other than for Fires

House filled with smoke.
Release child from locked upper room.
Release horse from bog.
Release man from cave-in.

Property at Risk

Value	$493,505.00	Net loss	$401.00
Fire loss	37,493.04	Loss per capita	2.50
Insurance paid	37,092.04		

Work Performed

Feet of hose laid	18,150	Feet of ladder raised	1,126
Gallons of chemical used	2,513	Miles travelled	1,459.8

Permits Issued

Out-of-door fires	1,442	Explosives	85
Inflammable fluid	5	Fireworks	6
Oil burners	31		

Inspections

The usual inspections have been made of stores, garages and factories.
During the year there were 17 Ruby fire alarm domes installed over the boxes.

Appointments

On May 1st, 1927, the following were appointed by the Board of Selectmen to serve as Fire Engineers for the ensuing year. J. Harry Holmes, Robert H. Hallowell, Frank M. Eshleman, Barry Keenan, and Howard S. Patterson.

Apparatus

All the apparatus is in excellent condition, minor repairs and overhauling having been done during the year.

Stations and Equipment

The stations are all in good condition. Sundry repairs have been made during the year and equipment replacements have been made as found necessary.

Discipline

The discipline has been during this year the same as in the past; most excellent and we wish to convey to the officers and men our appreciation for their endeavors in this matter.

Questions Propounded by the Selectmen

The answers of the Board of Fire Engineers to six questions asked by you have been filed and published.

Recommendations

We have no recommendations to make at this time, but do desire to call the attention of the citizens to the ever increasing demands made upon this department. While the number of alarms is less than last year it is interesting to note that the number of actual fires have increased and the fire loss shows a considerable gain over the corresponding period. This condition is not abnormal by any means and such increases must be expected from year to year due to the growth of the Town in population and buildings.

The Police Department have cooperated with us in all matters and we desire to express our thanks to them for their help duing the year.

We are more than grateful to all the officers and men of this department for their loyalty and efforts during the past year. Without their highly efficient cooperation and splendid enthusiasm the danger to this Town from fire would be materially increased.

Respectfully submitted,

J. HARRY HOLMES,
ROBERT H. HALLOWELL,
FRANK M. ESHLEMAN,
BARRY KEENAN,
HOWARD S. PATTERSON.
Board of Fire Engineers.

January 16, 1928.

REPORT OF LICENSING COMMISSION ON GARAGES

MILTON, MASS., December 28, 1927.

To the Honorable Board of Selectmen.
Milton, Mass.

GENTLEMEN:—The License Commission for one and two car garages respectfully submits the following report for the year ending December 31, 1927.

Forty-seven hearings were held and 212 licenses issued. Inspections were made on all locations and garages.

Mr. F. J. Maynard was appointed temporarily to fill the vacancy caused by the illness of Mr. J. H. Duffy.

Respectfully submitted,

J. HARRY HOLMES, *Chairman,*
G. E. BURT,
FORREST J. MAYNARD.

REPORT OF TREE WARDEN

MILTON, MASS., December 31, 1927.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Tree Warden Department of this town, for the past year.

TRIMMING

This year, again the storms have done considerable damage in the town and have increased the expenses of this Department.

PLANTING

It has been the policy of the Department to plant 100 trees a year on the public property, and this year 35 trees only were planted. About 86% of these were replacements. We have not been able with the funds available, to purchase trees of a suitable size this year. We have, however, bought about 300 small trees for the Nursery, but these will not be available for planting for some time yet.

INSECTS

The situation in regard to the insect pests is very similar to last year. The Satin Moth is very prevalent in the Carolina poplars throughout the town. The Tent Caterpillar infestation is continuing about the same as last year. The two Elm-leaf pests are still troublesome.

SAWMILL

The Sawmill again shows a profit and is quite essential to the Department for handling its work.

Plans for Next Year

We still wish to follow the policy of tree planting as much as possible. The demand from citizens in various sections of the town for increased planting, is becoming more insistent.

Appendix A

Trees planted:	
Norway maples	35
Trees removed:	
Carolina poplars	1
American elms	19
Maples	7
Ash	2
Pine	1
	30

Appendix B. (General Account)

Appropriation for public work	$7,800 00
Expenditures	7,778 16
Balance reverting to Treasurer	$21 84

Appendix C. (Private Account)

Appropriation for private work	$5,000 00
Expenditures	2,997 59
Balance reverting to Treasurer	$2,002 41
Receipts from private work	2,997 98
Total reverting to Treasurer	$5,000 39
Receipts	$2,997 98
Less expenditures	2,997 59
Profit from private work	$ 0 39

Sawmill Account

Credits

18,245 feet of lumber sawed @ $10.00 per 1,000	$182 45	
Receipts from cord wood	162 62	
Receipts from lumber sold	119 25	
Receipts from saw dust	26 00	
		$490 32

Expenses

Cost of electricity	$93 49	
Cost of labor	82 64	
Cost of sawing wood	30 00	
		$206 13
Credit Balance		$284 19

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

REPORT OF MOTH SUPERINTENDENT

MILTON, MASS., December 31, 1927.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Moth Department of this town, for the past year.

SUPPRESSION WORK

We have done more creosoting work this year than last as we found that the infestation was greater than for several years past, and is increasing. It is noticeable that the conditions along some of our borders are particularly bad.

I am glad to be able to report that the Brown-tail Moth has apparently disappeared from the town.

EQUIPMENT

I am glad to report that the equipment and buildings are in good condition and satisfactory for the needs of the Department.

The new G. M. C. truck purchased the previous year was a much needed addition and is entirely satisfactory.

The plow attachment secured for this truck was used to good advantage in helping the Highway Department in the removal of snow, during the winter.

Appendix A

INVENTORY OF PROPERTY OF MOTH AND TREE WARDEN DEPARTMENT

1—1926, 3½ ton G. M. C. truck with Sprayer and platform body	$5,300 00
1—1913 Packard truck	250 00
1—1 ton G. M. C. truck	800 00
1—½ ton Ford truck	50 00
1—Ford Coupe	350 00
Tools of all kinds (including field supplies)	475 00
Office Equipment	200 00
Buildings (including Saw mill)	7,500 00
Hose	300 00
Total	$15,225 00

Appendix B (General Account)

Appropriation	$5,000 00
Expenditures	4,986 35
Balance reverting to Treasurer	$13 65

Appendix C (Private Account)

Appropriation	$5,000 00
Expenditures	2,330 91
Balance reverting to Treasurer	$2,669 09
Receipts from Private Work	2,331 27
Total reverting to Treasurer	$5,000 36
Receipts	2,331 27
Less Expenditures	2,330 91
Profit from Private Work	$ 0 36

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF BOARD OF HEALTH

MILTON, MASS., December 31, 1927.

To the Citizens of Milton.

The number of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1927.	1926.	1925.
Anterior poliomyelitis	7	0	0
Chicken pox	73	42	81
Diphtheria	6	5	1
German measles	7	95	24
Lobar pneumonia	13	13	9
Measles	88	26	88
Mumps	205	42	12
Scarlet fever	44	28	23
Tuberculosis (pulmonary)	7	8	9
Tuberculosis (all other forms)	4	–	3
Whooping cough	57	74	44
Influenza	1	6	–
Cerebrospinal meningitis	–	–	2
Suppurative conjunctivitis	–	1	1
Malaria	–	1	1
Dog bite	12	–	1
Typhoid fever	1	–	–
Para-typhoid fever	1	–	–

The Board organized March 16th, 1927 with Mr. Philip Y. DeNormandie, Chairman; Dr. Forbes, Secretary. The following appointments were made: Agent and Inspector of Milk, Dr. P. W. Kimball; Deputy Inspector of Milk, S. R. Ramsdell; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Registrar of Vital Statistics, G. F. Kemp; Inspector of Slaughtering, P. W. Kimball; Caretaker of Contagious Hospital, John Dexter. The permit for cleaning cesspools was given to A. B. Snow and the contract for collecting ashes and garbage was awarded to S. G. Craig.

In January a special committee of the Board was appointed to draw up a new set of minimum quarantine regulations based upon the recommendations of the State Department of Public Health. The new regulations were adopted at a special meeting called for this purpose on February 12, 1927 and notice to the public was given by publication in the Milton Record on Saturday, February 26, 1927.

In January owing to a sudden increase in canine rabies, the Selectmen issued an order that dogs should be restrained unless inoculated against rabies. To meet this situation, the Board of Health offered free inoculation for dogs and over 400 owners availed themselves of this service. In May, 3 persons were bitten by rabid dogs and another restraining order was put into effect for 90 days. In September, 3 more persons were bitten and an order restraining dogs until December 23rd, was put into effect. In December, there had been such a marked increase in the number of rabid dogs reported from the area within 25 miles of Boston, that at a meeting held under the auspices of the State Board of Health, it was agreed by all Towns and Cities within that area to have all dogs restrained for 90 days from December 15th. 6 persons had been bitten in Milton in November. The Selectmen in accordance with this agreement, have continued the restraint order until March 15th, unless dogs are inoculated. Restraint or inoculation of all dogs in the affected area seems to offer the best hope of stamping out this disease which is practically always fatal to both dogs and human beings unless prompt anti-rabic treatment is given. As this treatment is expensive, moderately painful, and requires from 14 to 21 daily treatments, it must be obvious to everybody

that every reasonable effort on the part of the authorities to stamp out this disease should have the whole-hearted backing and cooperation of all citizens.

Infantile paralysis has shown a marked increase throughout the State this year. For the period from January 1 to November 20, 1,095 cases were reported in the State against a yearly average of 227 cases for the period 1921–26. Milton was fortunate in having only 7 cases reported during the year. This compares with no cases reported for the years 1923–26, inclusive.

In November, the Board offered the Schick test and immunization against diphtheria to all persons applying therefor. A representative of the State Board of Health spoke on this subject at three different Parent-Teacher Association metings with the result that more than twice as many persons were given the immunizing treatment as had been treated in either of the two preceding years.

The Board has employed a nurse to follow up Tuberculosis cases and to see that proper care is being given, and that those in immediate contact with these cases were taking the necessary precautions to prevent infection.

One hundred fifty-six permits for connecting houses with the common sewer have been issued during the year.

Three milk pasteurizing plants in Milton have been inspected and licensed as complying with the regulations adopted by the State Public Health Council.

Respectfully submitted,

PHILIP Y. DeNORMANDIE, *Chairman,*
ALEXANDER FORBES, M.D.,
PAUL R. WITHINGTON, M.D.,
Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 14, 1928.

To the Board of Health.

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1927. There have been collected 584 truck loads and 3,769 double loads of ashes and 351 cords of garbage.

Respectfully submitted,

SAMUEL G. CRAIG.

REPORT OF GENERAL CONTRACTOR

MILTON, MASS., January 14, 1928.

To the Board of Health.

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1927.

2 vaults cleaned.
44 cesspools cleaned.
49 loads removed from same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

DECEMBER 31, 1927.

To the Board of Health.

GENTLEMEN:—During the year 1927, there were issued 51 licenses to sell milk or cream and 12 dealers were registered to sell oleomargarine. Forty-four of the licenses cover the sale of milk and cream which has been pasteurized and 7 are for the sale of milk and cream from cows that have been tuberculin-tested and maintained in accordance with the State and Federal regulations. The milk has been of good quality with relatively low bacterial content. Three plants for pasteurization of milk have been inspected and found to comply with the State regulations and recommendation has been made to the Board that licenses be issued to these plants.

Respectfully submitted,

SHERMAN R. RAMSDELL,
Deputy Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, MASS., January 1, 1928.

To the Honorable Board of Health.

GENTLEMEN:—I submit herewith Report for the Department of Inspection of Plumbing for the year ending December 31, 1927.

MONTH.	Permits Issued.	Valuation of Work.
January	20	$8,390 00
February	15	6,880 00
March	24	12,155 00
April	21	11,290 00
May	28	14,042 50
June	22	12,870 00
July	29	14,400 00
August	36	15,815 00
September	24	12,390 00
October	26	11,060 00
November	22	10,870 00
December	22	9,755 00
Totals	289	$139,917 50

Thanking you for your confidence and co-operation this report is respectfully submitted.

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING

MILTON, MASS., December 31, 1928.

To the Board of Health.

GENTLEMEN:—Five sheep were passed for food during the year 1927.

Respectfully submitted,

PAUL W. KIMBALL,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., January 1, 1928.

To the Honorable Board of Selectmen.

GENTLEMEN:—I herewith submit my annual report for the year ending Dec. 31, 1927.

I have inspected 55 stables and premises where cattle or swine were kept, and found all in good sanitary condition, meeting all requirements of light, space, ventilation etc.

I have given physical examination to 357 cows, 15 young, 8 bulls, 41 sheep and 51 pigs.

Have examined all cattle and horses coming from other States, also have quarantined, 16 dogs.

Respectfully submitted,

JAMES SPENCER
Inspector of Animals.

REPORT OF INSPECTOR OF BUILDINGS

MILTON, MASS., January 16, 1928.

To the Honorable Board of Selectmen.

GENTLEMEN:—I herewith submit my report for the Building Department for the year ending December 31, 1927.

MONTH.	Permits for New Dwellings.	Permits for Alterations.	Permits for Garages.	Permits for Other Buildings.	Valuation.
January	5	2	2	–	$ 21,100 00
February	7	4	8	1	73,050 00
March	19	10	10	13	150,949 00
April	13	6	22	6	110,485 00
May	28	5	31	9	190,480 00
June	18	9	27	9	188,704 00
July	13	6	14	7	137,935 00
August	27	12	23	7	180,355 00
September	10	6	21	6	120,375 00
October	11	7	19	–	98,025 00
November	28	2	31	6	181,940 00
December	8	1	8	1	59,300 00
Totals	187	70	216	65	$1,512,698 00

Making valuation as per applications $1,512,698.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF SUPERINTENDENT OF WIRES

MILTON, MASS., January 3, 1928.

To the Honorable Board of Selectmen.

GENTLEMEN:—I herewith present the report of the Wire Department for the year ending December 31, 1927.

This department has supervision of the Fire and Police Signal System, inspection of all buildings equipped with electric light service and all poles and wires on town streets.

Interior Wiring

	1926	*1927*
Certificates issued for light and power	435	299
Number of inspections	936	794
Number of incandescent lights wired for	11,015	8,673
Number of motors installed	58	34
Total horse-power	26–1/6	27–1/12
Number of electric heaters and ranges installed	43	29
Total watts	101,305	72,060

Radio

All outside antenna wires must be protected by a lightning arrester.

Anyone wishing a copy of rules concerning Radio Installation may have same by notifying the Wire Department.

Fire and Police Signal System (overhead and underground)

Have run new two conductor cable from Smith Road to Fairmount Avenue a distance of one mile.

Have run new iron wire from Central Avenue to Blue Hill Avenue.

Have changed wires on various poles in the town.

Have put new construction on Granite Avenue from Box 71 to railroad crossing.

Box 67 has been changed to new up-to-date box.

Box 691 is a new box at the corner of Adams Street and Washington Street.

Box 69 has been moved to Howard Street, corner of Washington Street. Used 700 feet of iron wire and 300 feet of loom cable.

Have changed wires and arms on Central Avenue from Brook Road to Hinckley Road.

Have changed wires and arms on Thacher Street from Kahler Avenue to Brook Road.

Box 16 has been changed to across the street.

Box 65 has been changed to across the street under a light.

Emergency call 185.

For the maintenance of the Wire Department I have requested an appropriation of Eight Thousand, Eight Hundred and Eighty Dollars and Sixty Eight Cents ($8,880.68).

Respectfully submitted,

E. E. CHOATE,
Superintendent of Wires.

REPORT OF PARK COMMISSIONERS

MILTON, MASS., December 29, 1927.

To the Citizens of the Town of Milton

The Park Commissioners herewith present their report for the year ending December 31, 1927.

The general program of the department has not varied from that of former years except in the increase of facilities and expenditures due to the ever increasing population of the town.

The personnel of the department is as follows:

Superintendent	John L. Kelly
Playground Director	Aaron H. Yeaton
Assistants	Miss Alice Cody
	Miss Barbara Kemp
	Miss Anne Rogers

Brook Road Playground

The Brook Road Playground is the athletic grounds for the high school. In addition to this use most of the general playground and athletic events of the Mattapan section of the town take place here.

The equipment so far as it goes is very good but the increasing use of these grounds calls for enlargement of facilities very soon.

The regular playground session is from July 1 until September 1 with an average daily attendance of about 250 children.

Basketry and handwork instruction were given in the field house and the results were shown on exhibition at the end of the season.

Hollingsworth Field Playground

The Hollingsworth Field Playground during the past season was in charge of Miss Anne Rogers.

Many of the parents of this neighborhood fear sending their children to this playground on account of the river that runs along the west side. An appropriation will be asked to erect a fence 300 feet allong the banks of this stream.

The swamp at the south end of this field was partially cleared of hummocks and trees, and a good space made for skating. The rainy season impeded the work but it is hoped another year will enable us to complete the clearing of this swamp.

Other Recommendations

Resurfacing cinder track upon the Brook Road Playground.

Study of tennis court situation upon the playground.

Erection of inexpensive shelter on Hollingsworth Field.

We ask for an appropriation of $6,675 for the carrying out of our program for the year 1928.

Respectfully submitted,

WM. G. RODD,
CLYDE L. WHITTIER,
THEODORE D. SHAPLEIGH,
Board of Park Commissioners.

REPORT OF POLICE DEPARTMENT

MILTON, MASS., January 13, 1928.

To the Honorable Board of Selectmen.

GENTLEMEN:—I herewith submit the report of the Police Department for the year ending December 31, 1927.

Roster of the Department

Chief—James R. Travers Deputy—Timothy McDermott

Officers detailed at request of citizens	957
Runaway horse stopped by officer	1

Amount of stolen property reported	$17,480 80
Amount of stolen property recovered	15,743 50

Crime

Very few houses were entered during the past year in comparison with previous years and a man who is now in jail has confessed to the breaks in the Mattapan section.

On the morning of August 16th, the home of Lewis McHardy, 463 Pleasant Street, was bombed and the persons responsible escaped, although every police department in the State co-operated, also the State Police ably assisted and every clue was run down without avail. Aside from this outrage, I am pleased to state that Milton shows a decrease in crime this year.

The Force

John J. Haley was appointed Detective Sergeant and reported for duty in that capacity on September 14th.

Several officers were reprimanded for violations of the rules, but on the whole, the discipline of the Department has been very good.

On many occasions the members of the Department were called upon for extra duty without extra compensation and their time was cheerfully given.

All members of the force have been equipped with a new belt and outside holster for the revolver so as to have it in readiness for instant use.

Motor Service

A Chevrolet touring was purchased to replace the old Ford touring and is used for patroling the Brush Hill section. A new Ford will have to be purchased for the Sergeants as the usefulness of the old one is about ended.

Traffic

Five patrolmen and two motorcycle officers are assigned to traffic duty.

On several occasions, the special police of the Milton Post, American Legion kindly, volunteered their services doing traffic duty at the most dangerous intersections and proved a great help, assisting this Department after the bombing of the McHardy home.

Six fatal accidents occurred during the year, two of which were children. Several officers gave safety talks to the children in all the schools and told them how to avoid the dangers and that carelessness and thoughtlessness are the direct causes of many accidents.

Revolver Practise

The Selectmen donated a beautiful silver cup to be competed for by all members of the Department. The cup will become the property of the officers having the highest average for three years. The first shoot was held on December 17th and was won by Officer John W. Dalton. I believe that the officer should know how and when to shoot and to gain that objective, weekly practise will be held during the coming year.

Recommendations

I respectfully recommend again the necessity of having the Police Signal System equipped with a re-call service wherein the officer in charge of the station can quickly get in touch with one officer or the entire force regardless of where they are.

The enormous growth in the use of automobiles adds to the difficult problem of handling traffic. I respectfully recommend again the installation of automatic traffic lights particularly at the intersection of Randolph Avenue and Center Street, Canton Avenue and Reedsdale Road and Blue Hill Avenue and Atherton Street. These traffic lights are being used in other cities and towns with great success and have helped to reduce accidents to the minimum.

Conclusion

I wish to thank the Justices, Clerks and Probation Officer of the District Court and the Board of Selectmen for their advice and assistance, also the heads of the various Town Departments for their co-operation and to many citizens for their helpful information. To all members of the Department, I wish to express my appreciation for their co-operation and excellent services rendered during the year.

Respectfully submitted,

JAMES R. TRAVERS,
Chief of Police.

REPORT OF BOARD OF PUBLIC WELFARE

December 31, 1927.

To the Citizens of Milton.

The Milton Board of Public Welfare has the honor to present the report for the year 1927.

Last year the buildings at the Town Farm were repaired and put in order and this year they have been painted, so that everything is now in good condition.

There is great need everywhere for proper provision for the aged and this house offers a good home for the aged poor of Milton. In the opinion of the Board there should be no disgrace connected with going to the Town Farm to live after one's days of work are over. It is one common home, supported by us all for our old people. Under the present laws the deficient and delinquent are otherwise provided for and this home is used for the aged poor only. The five persons now living there find it a real home. As Mr. Dexter, the Superintendent, is carrying on the farm and selling milk and vegetables, we have provided him with a small truck for deliveries at a cost of $608.80.

The receipts from sales were $1,285.88.

It is the duty of the Board to care for the poor in Milton even if their settlement is elsewhere. The reimbursements for this care from the State and from other towns and cities are now turned over directly to the Town treasurer. This amount was $3,267.53.

The amount paid for hospital care at the Milton Hospital was $465.75. In some cases after automobile accidents persons give fictitious names and addresses, so that even with the most persistent effort it is impossible to trace them and collect the amount due the hospital from either the individual or the town where he has a settlement. This is a legitimate expense for the Board of Public Welfare, but it takes a great deal of time to try to locate these irresponsible people and every effort has been made to do this before paying the bill from our funds.

As we see the general situation of the poor of the town, the greatest need is small houses with good sanitary conditions and abundant air and light. Some of our little children are living in houses that do not fulfill these conditions and we are only storing up future trouble in the way of disease if we cannot provide healthy surroundings.

We have been aided in our work by the Social Service League and the Red Cross Committee of the Woman's club and by many individuals who have helped Mrs. Stebbins to provide some of the extra comforts for the sick or the aged that town funds do not properly include.

The members of the Board are all intensely interested in this work and with possibly one or two exceptions every member has been present at the meetings throughout the year.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman,*
HUGH McCUE, *Secretary,*
JOHN TALBOT,
CHARLES W. ROLLINS,
EDITH ENDICOTT STEBBINS.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

January 16, 1928.

To the Citizens of the Town of Milton.

Milton's rapid growth in recent years is shown in the increase in library circulation set forth in detail in the librarian's report.

Your trustees feel that every effort should be put forth not only to keep up with the demands on the library system but to be always a little in advance. In this connection we must refer again to the needs at Mattapan and at East Milton. Two Articles in the Warrant of the Town Meeting bear on this. One is a request for a special appropriation to the use of the trustees for a careful study of the needs and possibilities. This is a test of whether the Town Meeting agrees with us that something must be done, and soon. The other Article calls for the acceptance by the Town of the land and building at Mattapan hitherto leased for the uses of the library. This is a first step toward better accommodations there and the study of the conditions and possibilities will include consideration of whether the present building could be enlarged or whether a new structure is necessary. The East Milton need is as great but relief is not as definitely in sight.

The demolition of our antiquated "House to House Delivery" outfit is chronicled in the Librarian's report and a description there given of how the emergency was met, and to that report all interested are referred.

Other items of vital interest will also be found in the librarian's report and it remains only for the trustees to express their appreciation of the excellent work of the staff, an appreciation in which they believe that the citizens of the Town must join.

We ask this year for the regular running expenses of the Library $18,760.00

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
FRANK E. LANE, *Treasurer,*
RODERICK STEBBINS, *Secretary,*
ALEXANDER McADIE,
ARTHUR S. PIER,
ROGER L. SCAIFE,
FREDERIC M. STONE,
ARTHUR H. TUCKER,
STANLEY CUNNINGHAM,
Trustees of the Milton Public Library.

REPORT OF LIBRARIAN

January 16, 1928.

To the Trustees of the Milton Public Library.

I have the honor to submit my report for the year ending December 31, 1927.

It is always a pleasure to report an increase in circulation. It is an added pleasure when we can report the largest circulation in the history of the library, also, the largest single gain in any year since the founding in 1870. The number of books issued has been 124,198, a gain of 13,456 over 1926.

The following brief statement shows what the library has been able to accomplish at a per capita cost of $1.23.

124,198 books have been issued for home use
756 new borrowers have registered, making our total registration 6,284
9,209 books have been circulated from 31 class room libraries in the Public Schools
1,490 new volumes have been added, making a total book collection of 38,103
90 packages, containing 199 volumes were sent during the summer to readers who were away from Milton.
1,269 pictures have been circulated

The gain in circulation was distributed through the system as follows:

Central Library	2,972
Schools	2,603
House-to-house delivery	3,612
East Milton Branch	1,280
Mattapan Branch	1,629
Russell Reading Room	1,360

The method of giving per capita circulation varies in libraries and reports do not always state whether the latest local figure or the last official census has been used. For this reason we give our per capita as 9.4 based on the 1925 state census and 8.3 on the town census of 1927.

Repetition becomes monotonous, yet we are likely to talk of the crowded condition of the Mattapan and East Milton Branches until both are housed in separate buildings. It becomes increasingly difficult each year to do effectual work amid such confusion as exists at present, and the assistants in charge work under pressure that is both physically and mentally wearing. The combined circulation of the two Branches in 1927 was almost equal to that of the Central Library.

28,121 books have been issued from Mattapan, an increase of 1,629, and 273 new cards have been issued which is five more than were given out at the Central Library and 117 more than from East Milton. Miss Hills reports an increasing use by children of the first four grades. Four Girl Scouts have worked 16 hours each in the Branch, thus earning their community service badges. They were Amy Hamburger, Frances Maloney, Constance Whittier and Marie Nielson. An extra bookcase placed in the room has made it possible to shelve a few hundred more volumes, but the supply is still unequal to the demand.

East Milton has had an increase of 1,280, making a total circulation of 27,460 and 156 new borrowers have registered. When we consider that East Milton is at present supporting three circulating libraries, two housed in the same building with the Branch and one three minutes walk' away, we wonder that it has been possible to report any gain.

There has been an astonishing increase in the use of Russell Reading Room, as the gain of 1,360 indicates. This has been almost equally divided between adult and juvenile circulation. This Branch is open only four hours a week, consequently a yearly circulation of 4,478 means intensive work. The largest circulation was on a Tuesday night in December when 67 books went out in two hours.

There has been a normal growth in the Children's Room, the gain, exclusive of school circulation being 1,132, with a total from the room of 23,076 volumes. The Children's Librarian has visited the schools, interviewed the new teachers, visited class rooms and in some cases spoken informally to the children. There was more interest than usual this year in the State Certificate Reading Lists, and in March, Miss E. Louise Jones of

the State Library Commission cmae out and awarded honor certificates to 21 children. At this time the children gave two plays, "The Prince becomes a Pauper" and "The Little Goat Girl."

We are indebted to Miss Delinda Dewson who told stories to the children on five Sunday afternoons in March and April.

One of the most important phases of any library's work is its service to the Schools. This includes sending class room libraries, answering innumerable reference questions and teaching the pupils how to use the Library. One hundred and eighty pupils from the ninth grade received such instruction in December. Instruction was also given to the two upper classes of the Girl's School at Milton Academy.

In order to have our records more uniform with other libraries, we have this year placed cards in all books sent to the schools, on which the teachers may keep a record of each issue. As a result, the circulation has increased 2,603. The books probably did not go out from the rooms more frequently than in 1926 but the library has been able to receive a more accurate use of these school deposits.

On January 27, Frank H. Farrington who delivered all library books was struck by an automobile when returning home from one of his House-to-house trips. He was only slightly injured but the wagon was demolished and the horse had to be killed. Mr. Farrington has done our delivery work since 1920. He rarely missed a trip except for illness, and even when bad storms have delayed the work on its regular day the delivery was always made at some time during the week. He has given 25 years of faithful, conscientious service. He now works three days a week at the Central Library.

The accident of course necessitated a change in our method of delivery, and the time seemed to have come when we should make some attempt toward motor transportation. Unfortunately the town warrant had closed and no extra money was available for a book wagon. During February and March the Forestry Department rented us a truck until the Superintendent of the Building could convert his Ford Coupe into some semblance of a delivery wagon. The rear was cut off and built out, allowing space for about 300 volumes. During the year the circulation has increased 3,612. This is partly due to the greater number of books that can be carried, but mainly to the interest, intelligence and initiative of Mr. Leavitt who does all clerical work, discharges, charges, renews books, and brings in requests.

The outfit leaves much to be desired in the way of usefulness and efficiency. It is only a makeshift at best, which has tided us over an emergency. It will probably last throughout this year but before another budget is made up we shall have to consider seriously more adequate equipment. A service which has distributed 12,724 volumes in a year deserves a more dignified means of transportation. In addition to the House-to-house Delivery which takes a day and a half of Mr. Leavitt's time, he delivers books to the Branches, Schools, the Hospital, Town Farm, and collects the basket at the Drug Store.

The Americanization Class made its yearly visit in November. Since the visit coincided with the Thanksgiving season, the children of the members of the class gave a play called "The Pilgrim's First Thanksgiving."

There have been nine exhibits in the Art Room. Oils by Chester Douglas; oils and pastel portraits by Ruth Colman; water colors by Charles Hopkinson; water colors by Louise Wetherbee; oils and water colors by Bert Poole; pastel portraits by Sonia Mazer; water colors, drawings, designs and jewelry by Margaret A. Jones, and the fourth annual exhibition by the Artists of Milton. Work by the pupils of the High School was shown during the summer. Approximately 1,200 persons visited these exhibits.

The list of donors is appended. A few deserving special mention are: a plaster cast of a Madonna by Michelangelo, the gift of Mrs. Anne Apthorp Denton; 16 French books from Mrs. Geoffrey G. Whitney; a pottery bowl from Miss Dorothy Barber; and a bronze bas-relief of Prof. and Mrs. Peter Lesley, the gift of Margaret Lesley Bush-Brown and Mary Ames Lesley. It is the work of Harry K. Bush-Brown. A lovely tapestry hangs on the stairs, a loan from the estate of Harriet W. Dabney.

There have been two resignations from the staff. Miss Edith S. Tilden, a member of the staff since 1920 left in October after a leave of absence of six months. Miss Christine E. Evarts who entered the service in 1922 resigned September 15, to take the graduate course in Library Science at Simmons College. Both Miss Tilden and Miss Evarts had given valuable service to the town and their resignations were accepted with much regret. Miss Estelle V. Hayes of Hingham, was appointed to fill one of these vacancies and began her duties on October 25. Miss Hayes who is a graduate of Milton Academy worked for several months in the Hingham Public Library before coming to Milton.

We were fortunate in securing the services of Mrs. Eunice H. Swasey, during the summer, who helped us over a difficult period of re-adjustment.

The Library was again a depository for those wishing to give books to the American Merchant Marine. The townspeople generously gave 777 books and 355 copies of the National Geographic Magazine.

The staff room has never been an inviting place. Its concrete floor and bare walls have not made it a room conducive to relaxation for those assistants who have been obliged to stay in the building during the lunch and supper hours. Thanks to the efforts of the members of the Central Staff the room was transformed in the Spring. The chairs and couch were recovered and cretonne curtains hung at the windows.

Provision was made in the budget last year for repairing the return pipe in the boiler. This was done during the summer and the Trustees are greatly indebted to Mr. Ralph S. Richmond who gave marble blocks to replace those that had been broken when the floor was taken up.

This library has been fortunate in that there have been few resignations and comparatively little illness among the staff during the last eight years. This year, however, there was an unusual amount of sickness and there was not a complete force on duty at the Central Library from February to the end of the year. That we were able to weather this period and at the same time accomplish a record year of work is due to the loyalty and faithfulness of every one connected with the library.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian.

APPENDIX I

Gifts of Books, Magazines, Music and Pictures

Mrs. Charles W. Lillie, Mr. James S. Russell, Mrs. Strafford Wentworth, Mr. Nathaniel T. Kidder, Miss Catherine W. Faucon, Mr. Arthur H. Tucker, Miss Dorothy Barber, Mr. Charles S. Rackemann, Mr. Joseph Brewer, Miss Marie B. Gookin, Mr. Roderick Stebbins, Jr., Mr. Henry E. Stebbins, Mrs. Norton Wigglesworth, Columbine Book Club, Mrs. James Lawrence, Mrs. J. Arthur Robson, Miss Elizabeth Thurber, Mrs. Alfred C. Redfield, Mr. Harold H. Bechtel, Mrs. George F. Eddy, Mrs. Bernard W. Trafford, Mrs. John C. Cobb, Miss Hester Cunningham, Mrs. Philip P. Chase, Mr. Frederick T. Fuller, Mrs. George T. Tuttle, Rev. Albert D. Smith, Mrs. Ellerton P. Whitney, Mr. Henry R. Davis, Rev. Roderick Stebbins, Mrs. Walter S. Hinchman, Hildegarde Hinchman, Richard Hinchman, John Hinchman, Mrs. Charles C. Copeland, Mrs. Albert W. Hunt.

Flowers

Mrs. Walter T. Harrison, Mrs. Charles W. Lillie, Miss Dora W. Hills, Miss Christine E. Evarts, Mrs. Christine T. Calderwood, Mrs. Robert Saltonstall, Miss Harriet E. Tuell, Mrs. Burton H. Smalley, Miss Dorothy Barber, Mrs. Frank M. C. Fowler, Miss Edith S. Tilden, Mr. Sumner E. Spencer.

Loans

Three volumes of the narrative of the Expedition of the American Squadron to China and Japan in 1852–1854, Mrs. Ernest W. Bowditch; Pictures of the Rajput School of painting and oriental fabrics, Mrs. Frederic M. Stone; French prints, Miss Isabelle Whittier; Goldfish, Mrs. Nathaniel M. Safford.

REPORT OF THE SEWER COMMISSIONERS

January 1, 1928.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1927.

General

Population by census of 1925	12,861
Estimated length of streets of the town (miles)	83
Percentage of length provided with sewers	28.6
Method of disposal	Metropolitan system

Collection Mains

	For Sewage	For Sewage and Surface Water.
Linear feet of pipe (measured)	127,826.0	700*
Linear feet extended during the year:		
By town	9,310.3	
By private parties	2,505.2	
Number of inverted siphons	1	
Number of manholes	601	
Number of storm overflows	1	
Number of emergency overflows	1	
Number of automatic pumping stations	1	

*Storm Overflow

House Connections

Number made during the year	177
Number of stoppages coming to the notice of the Department	13

Discharge of Sewers

Estimated population using sewer system	9,775
Number of buildings connected	1,860

Financial

Total cost of collection mains to December 31, 1927	$351,540.74
Bonded debt at date	47,000.00
Rate of interest on bonds	4%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The extensions made during the year were as follows:

By the town: Brook Road (opposite the High School), 190.0 feet; Rockwell Avenue, 525.0 feet; Rockwell Place, 260.0 feet; Bunton Street, 337.5 feet; Concord Avenue, 539.3 feet; Brook Road (Brandon to Ridge Road), 228.4 feet; Ridge Road, 971.4 feet;

Hinckley Road (Eliot Street to Ridge Road), 916.6 feet; Easement through private land, Hawthorn Road to Ridge Road, 1,005.4 feet; Fairfax Road, 191.0 feet; Brandon Road, 327.2 feet; Dyer Road, 404.3 feet; Winthrop Street, 179.4 feet; Pleasant Street (at Brook Road), 41.6 feet; Center Street (at Brook Road), 57.6 feet; Reservation Road, 843.5 feet; Parkway Crescent, 806.1 feet; Blue Hills Parkway (east side), 280.0 feet; across Blue Hills Parkway, at Houston Avenue, 118.4 feet; Blue Hills Parkway (west side) (Houston Avenue Extension to Decker Street), 376.6 feet; Houston Avenue Extension and Private Land to Lothrop Avenue, 206.0 feet; Gaskins Road, 264.0 feet; Lothrop Avenue (southerly from Churchill Street), 241.0 feet.

By private parties: Brook Road (at Windsor Road), 120.3 feet; Windsor Road, 756.4 feet; Greenleaf Road, 251.3 feet; Longwood Road, 437.2 feet; Fairbanks Road, 499.2 feet; Taylor Road, 260.8 feet; Magnolia Road, 180.0 feet.

During the year, surveys have been made and cross-sections taken along Pine Tree Brook between Brook Road and Blue Hills Parkway, and a contract was let for improving and cleaning the brook for a distance of about fifteen hundred feet upstream from Brook Road. The channel has been widened and deepened where necessary, and a new channel excavated through the land between Dyer Road and Winthrop Street, where the old course of the brook was very crooked.

The Board has requested an appropriation from the Town to continue this work as far as Blue Hills Parkway.

JAMES W. ROLLINS, *Chairman,*
FRED Y. MARSHALL,
STANLEY CUNNINGHAM,
Sewer Commissioners.

REPORT OF SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 14, 1928.

Honorable Board of Selectmen.

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1927.

Number of Scales, Weights and Measures sealed	656
Number condemned	2
Number of Scales and Weights found incorrect and adjusted	19
Number of Inspections and re-weighings	502

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF SUPERINTENDENT OF STREETS

MILTON, January 1, 1928.

To the Honorable Board of Selectmen.
Milton, Mass.

GENTLEMEN:—I herewith submit the annual report of the Street Department, for the year 1927 accounting for the various appropriations, and showing in brief form the amount of work done and cost of same.

Permanent Construction

This appropriation was expended on Edge Hill Road near Adams Street, East Milton, and on Brook Road from Centre Street to Adams Street.

The work on Edge Hill Road was a continuation of the work done the previous year, completing the resurfacing of this road. This work was only for a short section, and was completed very early in the year.

The rebuilding of Brook Road was quite an extensive piece of work, requiring the expenditure of most of the appropriation. This section of Brook Road has been in very poor condition for some time and its rebuilding has often been considered and estimates had been made, but the actual work had been deferred until this year. The location of the roadway was changed for a short distance, but in general the new roadway was built along the line of the old with slight changes in grade. The drainage for storm water is unusual, and provides for the drainage of all the intersecting streets from Pleasant to Adams Street. For this reason I am showing the cost of this work. A sidewalk was built on the west side from Adams Street to Pleasant Street. This was contemplated from the beginning, and considered in the original estimate for this work. As the work progressed a demand was made for a sidewalk on the east side, from Adams Street to a point at the westerly end of the Shadowlawn development. This work required a great deal of excavating and grading, but however a fair gravel walk was outlined, and can be improved with small expense. This sidewalk work on the east side was not considered in the original estimate and therefore I am showing the cost of the sidewalk work on both sides of the roadway.

The construction of the roadway was of the two layer type, that is, a base of broken stone four inches deep bound with stone dust, with a top course of broken stone three inches deep, bound with Asphalt, regular State specifications. Gravel shoulders along this road were not considered in the estimate, as it was believed that an improved roadway twenty-four feet wide would be satisfactory.

This width of roadway is what the State Department of Public Works consider very satisfactory, and is the type and width adopted by this department, in the recent widening of Hillside Street in Milton and Blue Hill Street, Canton, at a much greater cost than that of Brook Road.

Cost of Construction

Edge Hill Road:		
Cost		$1,431 05
1,080 square yards.		
Cost per square yard, $1.35.		
Lineal feet, 405 feet		
Brook Road		
12,465 square yards.		
Cost per square yard, $2.394.		
Cost of roadway	$24,763 71	
Cost of drainage	5,081 97	
Cost of Sidewalk	3,723 23	
Lineal feet, 4,420 feet.		$33,568 91
Appropriation, $35,000 00. Revert .04.		$34,999 96

Private ways accepted by the Town and constructed under the Betterment Act

Separate appropriations were made for each private way, and construction work was started as soon as the underground work of the Sewer and Water Departments and Gas Company was finished, allowing a reasonable time for settlement of trenches.

All the work was done by the forces of the Street Department and was finished in reasonable time, with no inconvenience to the property owners or residents.

Rockwell Avenue		
Road construction	$1,759 08	
Sidewalk and curbing	1,900 40	
Drainage	1,240 00	
		$4,899 48
Appropriation, $4,900.00		
Revert, $0.52		
Morton Road		
Road construction	$2,116 24	
Sidewalk and curbing	580 00	
Drainage	1,300 00	
		$3,996 24
Appropriation, $4,000.00		
Revert $3.76		
Brandon Road		
Road construction	$3,079 62	
Sidewalk, curbing and wall	3,053 23	
Drainage	464 73	
		$6,597 58
Appropriation $6,600.00		
Revert, $2.42		
Concord Avenue		
Road construction	$2,957 86	
Sidewalk and curbing	944 65	
Drainage	1,670 78	
		$5,573 29
Appropriation, $5,700.00		
Revert, $126.71.		

Robbins Street

This appropriation was to widen Robbins Street, from Blue Hill Avenue to Brush Hill Road.

Work was started late in the season, and was not completed. Many trees had to be removed and approximately sixteen hundred yards (cubic) of loam and clay was excavated and dumped on adjoining land. Twelve hundred cubic yards of gravel was used in filling and grading the new widening. A surface drain of ten inch pipe was laid from Blue Hill Avenue westerly toward Brush Hill Road, a distance of five hundred and twenty-two lineal feet.

The unexpected balance of the appropriation is sufficient to complete the work in the early spring of 1928.

Robbins Street expenditures	$5,261 78
Appropriations, $5,750.00.	
Unexpended balance, $488.82.	

Sidewalks

This appropriation was expended in building short sections of concrete sidewalks and setting granite curbings on corners where the sidewalks were built as follows:—

Brook Road and Central Avenue	$1,431 03
Washington Street	886 07
Blue Hill Avenue	624 74
Curtis Road	129 65
Lincoln Street	769 38
Hinckley Road	158 80
	$3,999 67

Appropriation, $4,000.00
Revert, $0.33.

General Maintenance

Plant and Euipment.	$9,721 77
Office expense.	1,809 54
Street cleaning.	6,809 23
Catch basins and drains	4,222 73
Miscellaneous Highway work and repairs	1,003 19
Tar patching	11,415 90
General road repairs.	14,720 72
Traffic signs and beacons	849 34
Bridges, fences and signs	1,285 93
Oiling and sanding streets.	3,874 47
Snow and Ice removal	13,325 97
	$69,038 79

New Equipment

Snow plows and snow fence	$531 85	
One two ton Holt tractor.	1,601 26	
One Chevrolet truck.	608 00	
One Dodge roadster.	744 00	
		3,485 11
Total General Maintenance		$72,523 90

Appropriation.	$69,113 02
Special Appropriation	886 98
Transfer.	1,500 00
Transfer.	600 00
Transfer.	466 15
Total appropriations.	$72,566 15
Revert	$42 25

Private Work Account

This appropriation has been expended in repairing roadways, that have been opened up by the Sewer and Water Departments and Boston Consolidated Gas Co., in laying mains and service pipe.

Payroll, Stone, Tarvia and Asphalt	$3,100 00
Appropriation	2,000 00
Transfer.	1,100 00
	$3,100 00

Granite Avenue Bridge

Payroll, repairs and supplies	$2,683 20

Appropriation,$3,150.00.
Revert, $466.80.

Inventory

Stable and Equipment	$16,750 00
Steam rollers	6,200 00
Motor Equipment	14,250 00
Total	$37,200 00

In concluding this report, I wish to extend to your Honorable Board and the citizens of the Town, my sincere thanks and appreciation for your courtesy, co-operation and assistance during the year.

Respectfully submitted,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF BOARD OF WATER COMMISSIONERS

MILTON, MASS., January 17, 1928.

To the Citizens of the Town of Milton.

The Board of Water Commissioners submits to you, herewith, its Annual Report.

In our report dated January 16, 1926, the problems with which the Department has had to deal, and the manner in which your Commissioners proposed to do so, were clearly outlined. Throughout the year 1927, your Commissioners have followed the same policies, and it, therefore, does not appear necessary at this time to repeat the statements contained in our previous reports. We respectfully refer you to them.

In the last year, the increase in population mentioned in our last report has not been as rapid as in the year previous; according to the Assessors' record, 554 persons or 4%. This slowing up is probably temporary.

Report of Activities for the Calendar Year, 1927

1. OPERATIONS FOR 1927.

Operating receipts	$85,997 43	
Operating expenses	52,737 93	
Net operating revenue		$33,259 50
Interest	$11,338 58	
Bond retirement	17,666 67	
Total fixed charges		29,005 25
Balance for Property Retirements and Surplus		$4,254 25
Retirement Reserve Transfer		3,500 00
Balance for Surplus		*$754 25

*In accordance with the terms of the "Enabling Act," under which your Commissioners must operate, this sum should be not less than $10,000.00.

The information in the following table compares the conditions of 1902 and the last five years.

	Number of Fire Hydrants in Use	Number of Services (Meters) in Use	Miles of Main in Use	Cubic Feet of Water Purchased	Population April 1, by Assessors
1902	266	1000	35	15,873,596	7,100
1923	445	2577	57	22,080,615	11,295
1924	467	2837	60	26,277,406	11,950
1925	496	3161	64	29,471,791	12,779
1926	515	3373	67	34,234,400	14,259
1927	541	3535	70	34,322,900	14,813

At the close of 1927, seventeen persons were regularly employed by the Department, which is conducted economically and efficiently.

2. 1927 BUSINESS

To place clearly before you the results of the operation of your Water Department, beginning with 1924, when the present bookkeeping system was installed, you will find following this report a tabulation headed "Statement of Earnings, Expenses, Construction Expenditures, etc."

From this tabulation you will see that total earnings increased over those for the previous year, consequent to increased business done.

The Balance for Surplus, that is the money remaining after deducting Operating Expenses, Interest, Bond Retirement charges, and the Retirement Reserve Transfer, was $754.25; being $5,331.09 less than the corresponding balance last year. The tabu-

lation shows this decreased balance is not due to an increase in the expenditures by the Department for labor, material, etc., in conducting operations which are under its own control, but is due to:

(1) an increase of $2,583.05 in the cost of water purchased from the Metropolitan District Commission,
(2) an increase of $5,738.57 in Interest and Bond Retirement charges, because of additional and necessary financing,
(3) a charge of $3,500, to build up a reserve fund for property when retired from service as no longer useful to the Department.

3. 1927 Construction Program

The extensions and reinforcements to the system and the improvement to the Department's equipment as estimated for 1927, have been completed substantially as planned, at a total cost of $71,708.21. This figure includes an item of $8,100 for the purchase of a mechanical excavator which, through saving of costs in installation of mains, is amply justifying its use.

4. Financing for 1927

In order to finance permanently the improvements and additions to the Department's property during 1927, bonds will be sold under authority granted by the Town at the Meeting in March, 1927.

5. Financing for 1928

The Department's needs for extensions and reinforcements of the system in 1928 have been estimated, and it is apparent that a further bond issue will be necessary.

6. Hydrant Rental

In our report to you last year we stated that a continuation of the growth of the Town, with the consequent increase in investment required to properly provide for water for household uses and fire protection would require larger revenues, and it was suggested this could best be secured by increasing the hydrant rental, which was $40 per hydrant in 1902, and has remained at $9,000 per annum since 1903. During this period the number of hydrants in service has more than doubled, with a corresponding increase in our costs for their maintenance. To eventually furnish an adequate supply of water to the fire hydrants, the Town, since 1924, has spent in round figures, $143,000 for new mains, carrying out recommendations of the Board of Fire Underwriters and of Messrs. Metcalf and Eddy, Consulting Water Works Engineers, and also the request of the Board of Fire Engineers of the Town of Milton. The payment by the Town for 1927 is at the rate of about $17 per hydrant.

The tabulation of earnings, expenses, construction expenditures, etc., already referred to, includes an estimate of the Department's operations for 1928, which indicates clearly that more income is necessary or the Department will fail to earn what is required of it by the Enabling Act.

Under this Enabling Act which controls the manner in which your Commissioners must conduct the Department, we are required to charge such rates for all service rendered, (this includes hydrant rental), that the resulting revenues will pay all expenses of the Department, including Bond Interest and Bond Retirement, and furnish $10,000 for extension of mains—any deficit must be made up by the Town through general taxation. The year 1925 is the last in which the Department fully complied with these requirements.

Additional revenues must now be secured. We believe that hydrant rental should be increased, and ask for $35 per hydrant per year for the number of hydrants in service at the beginning of the year. In 1928, the hydrant rental would be $18,935; this will give the Department an estimated balance of $4,944, which is about half the sum required by the Enabling Act.

If the hydrant rental is not increased by this amount, it will be the duty of your Water Commissioners to increase the charge for water. The present rate is 25c. per hundred cubic feet.

Articles have, therefore, been introduced in the Town Warrant to care for the necessary 1928 financing and a more adequate Hydrant Rental.

Respectfully submitted,

MARCY L. SPERRY,
EDWARD E. FORD,
EDWARD L. HURD,
Board of Water Commissioners.

STATEMENT OF FINANCIAL CONDITION OF THE WATER DEPARTMENT ON DECEMBER 31, 1927

ASSETS

What the Department Owned

(1) Plant $828,955 73

This includes all of the water works property belonging to the town which is being operated by the Water Department. It consists of street mains; services, meters for measuring water used; gates for the control of water supply, and hydrants for fire protection; general equipment, such as, mechanical excavator, air compressor, Leadite equipment, pipe machines, forges, etc., used in construction work; automobiles and trucks; and office equipment, such as vault, counter, typewriters, adding machine, desks, filing cabinets, etc.

(2) Cash 8,022 51

The amount held by the Town Treasurer to the credit of the Water Department, subject to withdrawal only by warrants of the Commissioners, plus a small cash fund which is maintained in the offices of the Department for defraying minor expenses.

(3) Savings Bank Deposits 9,387 83

These deposits are made by consumers whose homes are in new territory. The money is held in the Milton Savings Bank as a guarantee to the Water Department of an adequate return for five years on the investment made to give such consumers water service.

(4) Accounts Receivable 24,511 08

The amount owed to the Water Department by residents and others for water supplied, service installations, or for miscellaneous items.

(5) Materials and supplies 26,789 48

The value of supplies, such as iron pipe, pipe fittings, valves, repair parts, etc., on hand.

(6) Interest paid in advance 346 25

Prepaid interest on two notes totaling $70,000, which become due February 15, 1928.

Total assets $898,012 88

LIABILITIES

What the Department Owed

The Department accounts for money used to provide for your water system as follows:

(7) Bonds outstanding $244,000 00

The Department is responsible for the property represented by these bonds.

In 1902 bonds to the par value of $312,000 were sold. Since that time $262,000 of these have been retired, leaving bonds to the amount of $50,000 of this issue outstanding.

In 1924 bonds to the par value of $50,000 were sold. Since that time $6,000 of these have been retired, leaving bonds to the amount of $44,000 of this issue outstanding.

In 1925 bonds to the par value of $25,000 were sold. Since that time $3,000 of these have been retired, leaving bonds to the amount of $22,000 of this issue outstanding.

In 1926 bonds to the par value of $50,000 were sold. Since that time $4,000 of these have been retired, leaving bonds to the amount of $46,000 of this issue outstanding.

In 1927 bonds to the par value of $85,000 were sold. Since that time $3,000 of these have been retired, leaving bonds to the amount of $82,000 of this issue outstanding.

The property represented by the bonds retired is included in the next two items.

(8) Town of Milton ..... The total net money provided by direct appropriation by the Town for extensions to the system.	$240,025 30
(9) Milton Water Works ..... Represents original capital investment plus subsequent increases as Water Loan Bonds are retired through Water Department earnings.	250,693 70
(10) Accounts Payable ..... This amount represents current bills for supplies or services not yet due.	279 55
(11) Notes Payable ..... Bank loans due February 15, 1928; to be paid from proceeds of bonds to be sold under authorization already granted by the Town.	70,000 00
(12) Consumers' Guarantee on Main Extensions ..... The guarantees appearing in the assets (Item 3) as pledged by consumers in new territory are held only as a trust, and therefore cannot be used for Department purposes unless forfeited. To offset this item, which must be accounted for in the statement of assets, there must be again shown a like amount as a liability for which the Department is responsible to those who have pledged it.	9,387 83
(13) Sale of water—minimum advance ..... Advance payment of minimum charges made by the consumers were credited to this account and are being reduced as the water is used.	8,230 97
(14) Interest accrued ..... This is interest accrued on bonds outstanding.	1,533 75
(15) Reserve for bond retirement ..... Certain water loan bonds become due and payable each year. These payments are now being made from the earnings of the Department, and this amount represents that portion of $18,000 of bonds payable in 1928, which is applicable to the year 1927.	6,724 00
(16) Reserve for inventory adjustment ..... This account has been set aside to provide for adjustment of inventory, when it is depleted through loss, deterioration or damage, or when its market value is less than its inventory value.	1,791 29
(17) Reserve for property retirement ..... Amount set aside from surplus to build up a reserve against which will be charged the original cost less salvage of property retired from service due to having become worn out in service, obsolescence, or for other causes. This amount includes $3,500, which was transferred from surplus in 1927.	6,358 78
(18) Suspense—Contributions for extensions ..... Where a part of the cost of main extensions is advanced by outside parties the amount advanced is placed in this account temporarily. It will eventually be returned or credited to party advancing it.	475 00
(19) Surplus ..... The book value of the Department's property exceeds its obligations by the amount of this surplus.	58,512 71
Total liabilities	$898,012 88

REPORT OF PLANNING BOARD

MILTON, MASS., January 17, 1928.

To the Citizens of Milton.

Your Planning Board herewith presents its report for the year 1927.

At the annual meeting last March the Town authorized us to change the name of Cliff Road.

After a public hearing we decided to make no change.

At the same meeting the Town appointed the Park Commission and the Planning Board a special committee to study playground needs and report by January 1, 1928.

With Mr. W. G. Rodd and Mr. Clyde L. Whittier of the Park Board as Chairman and Secretary this committee did its best to visualize the present and future needs of Milton as to playgrounds.

During this inquiry it was interesting to hear of the growing importance of physical training in the schools, and to learn that the needs of our 1,000 boys and girls in the High and Junior High cannot even now be satisfactorily met with the space available at the Brook Road playground, to say nothing of future demands when the 1,000 has increased to 1,500 or 2,000.

The Special Committee has recommended the purchase of 13½ acres, from the Estate of John M. Forbes, on Brook Road opposite the present playground.

The growth of Boston is bringing many problems in its train, and we are fortunate in having a Metropolitan Planning Division to study them.

The Southern Artery, recently opened, is an example.

Starting at the junction of Blue Hill Avenue and Morton Street it passes through Dorchester to Neponset, thence east of Quincy Square to a point well beyond, on the Weymouth road; thus relieving the congestion between Mattapan and the Center of Quincy.

Another effort at traffic relief has had a beginning this year in the Blue Hill River Road; a stretch of 5½ miles from Washington Street, Canton, to Five Corners in Braintree. It is now being built by the combined resources of State, County, Towns, and Metropolitan District Commission, and forms a portion of the proposed circumferential highway.

We are very pleased to have this road pass South of Blue Hill instead of through the Middle of Milton, as at one time suggested.

Respectfully submitted,

JAMES S. RUSSELL,
DAVID A. HEFFERNAN,
JESSE B. BAXTER,
FRED N. RUSSELL,
ARTHUR H. TUCKER.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1927 . . . . . $73,279 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Fund

Amount held December 31, 1927 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1927 . . . . . $5,684 78

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1927 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

Funds for Improvement of Cemetery

Dec. 31.	Sarah G. Vose Fund	$1,170 63	
	E. G. Tucker Fund	1,168 48	
			$2,339 11

Invested as follows:

REPORT

OF THE

SCHOOL COMMITTEE

AND THE

Forty-eighth Annual Report

OF THE

SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith as its main report the report of the Superintendent of schools, to which it invites your careful attention.

The Committee acknowledges with pleasure the receipt of the folowing gifts to the several schools as indicated:

Gifts

High School

Picture—"Beethoven at the House of Mozart" } Class of 1927
Bust of Beethoven, with pedestal }

Belcher School

$50—Belcher School Association

Estimate for 1928

After careful consideration of the estimated cost of maintaining the schools during the year 1928, your Committee recommends the appropriation of $263,785.

Respectfully submitted,

HAROLD B. GARLAND, *Chairman*,
ARTHUR W. VOSE, *Secretary*,
CHARLES C. GILMAN,
GEORGE F. MOULTON,
EDWIN F. WEBER,
HARRIET WHITTIER,
School Committee.

Milton, Massachusetts
January 24, 1928.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Milton:

In this I am presenting to you my second annual report of the Milton schools.

The policies outlined in my first report have served as a guide for the planning and activities of the school system. These policies are functioning in the educational working plan for the school system through several main channels.

I believe that sound economy is apparent in expenditure of the annual appropriation. The budget was made up from estimates based upon information assembled by those in closest touch with the needs of the schools. It was examined in detail by your Committee at two successive meetings; by individuals representing the Warrant Committee; twice by the full Warrant Committee; and then presented to the townspeople at the annual meeting. Their vote to appropriate to the School Department the full amount of the budget placed upon us the responsibility of exercising the wisest economy consistent with supplying the needs of the children. I believe the School Department has measured up to this responsibility.

The School Building Program

Definite progress is being made in continuation of the building program which has been taking shape during the past five years. An article in the Warrant for the March Town Meeting, 1927, gave the people an opportunity to act upon the matter of a new elementary school to meet the problem of increasing enrollment of pupils in the Mattapan and East Milton districts. A Special Committee was created to consider the subject matter of the article and report to the Town on or before January 1, 1928. The following recommendation was made by that Committee:

> "That a building committee, to be appointed by the Moderator at the next regular Town Meeting, be authorized to procure plans and specifications for a modern, fire-proof, elementary school building, which shall be located on the school site on Edgehill Road opposite Cunningham Park, and that an appropriation be made to meet the cost of plans and specifications.
>
> "Since a new building in the East Milton section will be absolutely necessary before 1930, the Committee further recommends: That the building committee report at a subsequent Special Town Meeting to be held not later than June 1, 1928, at which meeting money may be appropriated for the erection and equipment of said school building."

At the close of the school year in June the number of pupils enrolled during the year in all schools showed an increase of 184 during the ten months preceding. The largest increase was in the Mattapan district. The fact that there are rooms available in the Vose and Glover schools, however, makes it possible to defer construction of a new building on the Eliot Street site until the pressing need in East Milton is adequately met. The proposed building on the Edgehill Road location should be occupied in September, 1929. Failure to have it fully equipped and ready for use at that time would result in congestion that would seriously affect the interests of the children in that district.

Repairs

Maintenance of buildings and equipment presented a difficult problem. Repairs and renovation of buildings required more than was apportioned for that purpose. After a survey of the school plant made by your Sub-Committee and the Superintendent, it was evident that it would be necessary to proceed with those repairs only that were most urgent. The amount available was less than one half of one per cent on the valuation of the buildings. A policy of sound economy will require a greater expenditure to keep them in good condition.

Instruction

Twenty-four new teachers and principals were employed during the year covered by this report. Their annual salaries amount to over forty-two thousand dollars. The

selection and assignment of them to their positions was the Superintendent's most important duty. Many papers were examined, schools visited, and candidates interviewed. They were drawn from four of the New England States and New Jersey. Only two of the number were without teaching experience, but these had exceptional qualifications and were placed under helpful supervision.

The resignation of Charles K. Moulton left vacant the principalship of the Senior and Junior High schools. The position is one which requires an executive who is able to bear large responsibilities. Candidates from widely separated localities were interviewed and their schools visited. The election of George C. Marsden brought to Milton one whose training and uniformly successful experience indicate his ability to render a service adequate to the exacting needs of the principalship.

The peculiar problems arising from the combination of the two schools in the same building, and a rapidly increasing enrollment made imperative the creation of the position of assistant to the principal. Doris M. Dixon, favorably known to the people of Milton as Principal of the Tucker school, was promoted to the position.

Ida E. Scheib, Principal of the Adams school in Lexington, was elected to the principalship of the Tucker school.

The number of vacancies filled during the past year is a matter which calls for careful consideration. The vacancies filled were equal in number to one-fourth of the total number of teachers in the school system. Upon analysis of the causes to which these vacancies are attributed we find that four were due to a definite change of position for more money.

Much is expected of teachers. They must be experts in the science of economically developing boys and girls into citizens who are physically correct; mentally, morally, and spiritually straight; pleasing in personality; and who meet the needs of an increasingly complex society. And this must be done for large groups of boys and girls.

One teacher who served in Milton for a long period of years, whose pupils would number in the thousands, retired and was voted a pension during the past year. A few weeks later from other sources she received unexpectedly an annuity sufficient for all of her needs in the future. She immediately stopped the pension from the Town. This may be taken as one example of the spirit of the teaching profession as it applies to our own teachers and the question of salary. This spirit of service to our children should not be hampered by anxiety over a source of income during the remaining years when the time of teaching is over. In order to continue a high standard of instruction it is well to place salaries on a level that will enable teachers to live on the social and professional plane demanded by that standard not only while they are teaching but during the years of retirement.

School Enrollment

Enrollment of pupils in the schools is the largest factor relating to the building program and the annual appropriation for support of schools.

Two charts shown on following pages indicate the increase in number of pupils. The first one shows the annual increase from 1922 to 1928, inclusive. The second indicates the increase or decrease for five year periods from 1852 to 1927, inclusive.

Total Enrollment

1927	2,467
1922	1,757
1917	1,599
1912	1,509
1907	1,508
1902	1,507
1897	1,302
1892	862
1887	673
1882	607

Clarence Boylston

The passing of one whose lasting influence for good continues with many of the former boys and girls of Milton is observed in the following resolution passed by the School Committee at a regular meeting on December 5, 1927.

Resolved: that the School Committee of the Town of Milton hereby records this expression of its profound sorrow in the passing of one, who for many years exerted an important influence in our local school system.

In the death of Mr. Clarence Boylston it has seemed fitting that there should be some official recognition on our part of the high qualities of character which he possessed to such a marked degree and of his rare attainments as a teacher.

By his devotion to true science, his complete embodiment of professional skill in combination with a thorough appreciation of ultimate values, his broad culture and interests in life, his sympathetic understanding of the interests and ideals of the maturing minds coming to him for instruction and direction, he contributed more to our schools than could be measured only in terms of faithful and loyal performance of professional duties.

He definitely helped to build and conserve the best traditions of the public school system, so vital and indispensable to our social welfare.

His influence will long continue potent in the lives of his pupils and associates of former years, and the inspiration of his memory will be perpetuated in a continuing challenge to truer citizenship and scholarship, on the part of those whose opportunity it was to know the warmth of his nature and to share in the privilege of his friendship.

Health

Much has been done for the promotion of health among children in our schools. The annual physical examination of all children by competent physicians followed by notices to parents of defects and visits to the homes by the School Nurse; serving of milk in all schools and hot lunches in those from which children are unable to go home at noon; care of the teeth through the Dental Clinic,—all are operating for the best interests of the boys and girls. Details will be found in the reports of the School Physician and School Dentist.

More remains to be done. Underweight condition and retardation in studies are closely related. Information which will become available after the free examination clinic in February will present an opportunity for parents and teachers to deal with this problem more intelligently.

If care of health is to continue beyond school years, health education is necessary as a part of the school program. Excellent health teaching is going on in some classrooms. There is no well organized course as a guide toward the same standard in all of the schools.

Constructive work will be done this year in shaping this course and the teaching necessary to make it effective in the habits of the pupils.

REPORT OF SCHOOL PHYSICIAN

To the Superintendent of Schools:

In the past year the health of the schools has generally been good with the exception of the latter part of the winter and spring terms when mumps and chicken pox were particularly prevalent in the Belcher and Tucker school districts. There were also a number of cases of measles, German measles, and whooping cough and comparatively few cases scattered of scarlet fever.

The Board of Health has made a ruling with our co-operation that mumps and chicken pox and German measles are diseases not dangerous to the public health and, therefore, with the lack of quarantine isolation of exposures in these instances there is less interference with school attendance.

The Schick test was done in November and December, during which time at least double the number of applicants came, due to interest stimulated by the talks of a member of the State Board of Health before Parent Teacher Associations. Later in the fall the days are short, the teachers and pupils are more crowded with work and with holiday demands, there are more apt to be severe storms and more sickness than is true earlier in the year, so the recommendation is made that this test shall be held as soon after school is opened as is convenient.

The physical examinations showed the children generally to lack serious conditions, certainly those inimical to life, such as heart and pulmonary difficulties. It would seem advisable that a more complete examination might be made including urinary

examinations, particularly because of the lack of oversight of children who have had acute contagious diseases and also those children who are in disproportion of height for age, prone to diabetes, both of which conditions may be overlooked under the present conditions.

There are a large number of children particularly in the Tucker district who show under-nutrition of more than ten per cent, who should have oversight and advice in relation to their diets, periods of rest, and corrective surgery for adenoids and tonsils, with general hygienic suggestions for clothing and open windows for sleeping.

It is suggested that one or more open-air schoolrooms be erected, particularly for the children below par from the kindergarten up to the third and fourth grade ages, in which their school hours might be shortened and a maximum of sunshine and skyshine be available for them. This later might be extended to such children of the upper grades as would be benefited by it.

It is apparent that the playground situation in most of the schools is in unsatisfactory condition so that co-operation between the Park Commissioners and the school authorities might be closer to obtain maximum benefits for the children of school age. This is particularly so in the Wadsworth, Belcher, Glover, and Tucker districts, while the High schools have the Brook Road playground immediately available.

Regarding physical education, there are the usual number of instructors employed and posture work has been particularly well emphasized. Where the instructor has not been available the principal and teachers in schools have done excellent work, particularly in the Vose school. The difficulty is greater in younger children than older ones, partly on account of the lack of time to emphasize the instruction offered and partly because of the inability of children of such tender age to follow instructions.

A silhouetteograph is recommended for the reason that a graph record can be kept for comparison of individuals from year to year. This would involve taking and charting the individual's silhouette from year to year.

From January to June, looking over my calls to the schools, insofar as I have made a note, I found that there were fifty-two calls, sometimes involving an hour or more in examination of rooms for contagious diseases and discussing contact problems, that there were two conferences with the Superintendent at his office, several conferences with the Board of Health, including an evening meeting and discussion of contagious disease problems, and six examinations given for work certificates at the office for children to go to work. Also, one morning was spent in visiting open-air schools in Sharon and Canton and discussing problems of pre-tubercular children.

Respectfully submitted,

WALTER A. LANE, M.D.
School Physician.

January 18, 1928.

REPORT OF SCHOOL DENTIST

To the Superintendent of Schools:

I am pleased to submit the following report of work at the Dental Clinic for year ending June, 1927.

During September and part of the month of October, with the assistance of the School Nurse, a complete dental examination was made of all the pupils and the record made on the health cards.

From October to June the following covers actual work at the Dental Clinic:

There were 224 appointments filled.
121 cases completed.
135 prophylaxis.
204 amalgam fillings.
89 cement fillings.
42 root canals treated and filled.
39 temporary fillings.
121 extractions.

There were sixty days of actual work at the Clinic.

Yours respectfully,

WILBER H. MORRILL, D.D.S.

January 19, 1928.

Underage Pupils

The plan of admission of underage children to kindergarten and first grade is based on mental age. The following figures show the standing at the end of sixteen weeks of those who entered school in September.

Number examined for admission to first grade . . . 26
Number of those examined who entered first grade . . . 21

	First or Highest Quarter.	Second Quarter.	Third Quarter.	Fourth or Lowest Quarter.
Rank for first half year . . .	3	5	7	6

Number examined for admission to kindergarten . . . 44
Number of those examined who entered kindergarten . . 35

	First or Highest Quarter.	Second Quarter.	Third Quarter.	Fourth or Lowest Quarter.
Rank for first half year . . .	7	12	13	3

Home and School

The urgent invitation for parents to visit schools has been a favorite topic in the annual report of the School Committees and Superintendents in Milton for eighty-six years. To quote from that of 1841, "Your Committee have been much gratified by the increased attendance of parents at the examinations of schools. They hope that they will continue to manifest the same interest by visiting the schools, now and then, on other occasions." Apparently the persistence of this invitation, coupled with greater attractions in the schools, is bringing about the desired result. During the past year there were 1224 visits of parents and 450 visits of other adults recorded in the schools below the High school.

The Parent-Teacher Associations bring together parents and teachers each month and make it easier for parents to come in while the schools are in session. Conferences frequently result which bring about better understanding of their children. This is a condition much to be desired and one which speaks well for the future of the Milton schools. It brings together two of the greatest factors in the development of our children.

It is a fact worthy of note that the attitude of "What is wrong with the schools," is changing into that of "What is right with the schools," and complaints are giving way to commendations.

Guidance

There comes to us now and then a complaint that public school education stifles individuality and turns out products cast in the same mold and stamped with the same die. In the mind of every child, every day, there are happening those things which if fully known and understood by those adults who have the ability to shape child education probably would revolutionize methods of teaching. The problem in this connection is to make available for the child the wisdom gained only by experience for him to use in making his numerous adjustments throughout the day, and then get him to use it. To force him along the line dictated by the knowledge gained by experience too frequently is to substitute conformity to group standardization for the originality of individual children.

Those in closest touch with classroom instruction know that great strides have been taken along the way of adapting school work to individual differences of pupils. Maximum and minimum assignments of lessons; homogenous grouping; elective system of

subjects; the work of the Advisory Bureau,—all are helping to preserve and promote the best individual characteristics in the boys and girls.

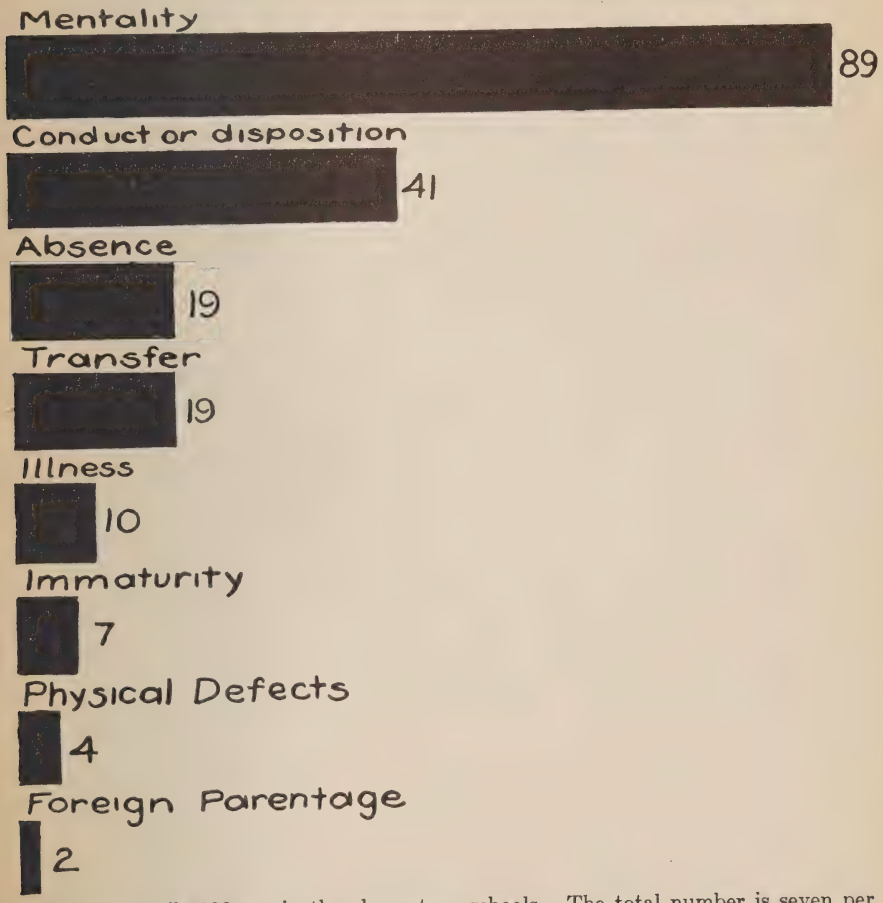
Much remains to be done. Some problems appear which are difficult to solve. The number of pupils assigned to each teacher does not allow sufficient time for understanding and directing each pupil for his own best development. When he leaves school a standardized society attempts to force upon him conformity to all its established forms and traditions. Yet there is reason to believe that American public school education was proven superior to European when put to the test ten years ago in those matters that involved individual thinking on the part of the man in the ranks. It is possible that the revolt of young people today against long established customs is a result of ability to think which is developed in school and left without guidance.

Every boy and girl who completes the full course in our schools is a twelve hundred dollar investment of the Town's money. He should not be left to grope his way blindly. Every known facility should be placed at his disposal to prevent, as far as possible, a waste of time and ability in the trial and error method of finding an occupation or profession in which he may reasonably expect to be successful.

Guidance and study should go hand in hand throughout his whole course wherever a choice is possible. In order to meet this condition there should be definite instruction coupled with individual contact in the school. I believe much may be done in the coming months in this field of guidance.

Retarded Pupils

One of the most insistent of our school problems is that of pupils who for various causes are repeating the work of their grade. In order to deal with it in a constructive way it is necessary to know the number of pupils retarded and so far as possible the causes of their retardation. The following chart based on information given by teachers indicates graphically both the number and causes.



Of these pupils 122 are in the elementary schools. The total number is seven per cent of the school enrollment, yet it well may be considered a flat tire on one of the wheels of progress in our school system.

This problem can be lessened by dealing with it nearer its source. In a room of forty pupils the teacher cannot neglect the rights of thirty-five to give special attention to five, yet the five need special attention, if they are to continue with their grade. A teacher in the building without a room assignment, but free to help each pupil who is failing at the time he is failing and at his own desk, would do much to banish repeaters from the school.

Conclusion

To the School Committee I express my appreciation of the very satisfactory relations which I am enjoying with them in all that we are doing to bring about the development of Milton's boys and girls to the satisfaction of the townspeople.

Respectfully submitted,

HORACE F. TURNER,
Superintendent of Schools.

January 24, 1928.

REPORT OF PRINCIPAL OF HIGH AND JUNIOR HIGH SCHOOLS

My dear Mr. Turner

The following report is submitted after four months of work in the Junior and Senior High schools of Milton.

The enrolment of the building in September was almost one thousand pupils. This was an increase of more than one hundred new members. A study concerning the basic causes of this increase indicates that the enlargement of the school is not temporary. It is permanent. It is not only permanent, but will continue as rapidly for several years.

At the opening of school there were sixteen new teachers in the building. Five were additional teachers. Eleven were replacements. The teacher turnover was too large. So many changes in the personnel of the teaching force seriously handicap progress. The welfare of the children makes it imperative that Milton retain teachers who have been successful. Financial considerations must not be allowed to convert Milton into a teacher training field for other communities. In many departments our equipment ranks very well. However, the most important factor in school efficiency is the classroom teacher. If the classroom instruction is inferior, good accessory equipment will not be adequate to ensure the educational welfare of our boys and girls. I cannot state too emphatically that the retention of qualified teachers is the paramount requisite in the development of an effective school program.

I recommend that the number of men in the faculty be increased. At present the boys in grades seven and eight do not come in contact with men teachers except in physical and manual training. Some of these boys leave school as quickly as possible after the compulsory age limit. I believe the very valuable contacts they have with women teachers should be supplemented by the instruction of and association with men teachers.

The work of Miss Dixon vindicates the creation of the office of assistant principal. Her work in Junior High school supervision, extra-curricular activities, special case adjustments, and as girls' adviser has been invaluable.

Within a month we have instituted a library in the Junior High school. In the Senior High school a library has been in operation for many years. The time has arrived to engage a trained librarian on full time whose duty shall be to make both libraries function in all departments of the school. Training and experience in school in the proper use of libraries is of great importance because of their continued use beyond the secondary school period.

Individual lockers for the personal property of pupils are provided in the construction of modern school buildings. Our present plant is so well equipped that it will be used for many years. I recommend the installation of an adequate supply of lockers to accommodate the wearing apparel of the student body.

The administration is committed to the policy of universal physical training. Such a program necessitates extensive space and equipment. During the autumn and spring many boys and girls wish to participate in recreational and physical activities during the afternoons. There are at least four distinct groups within the building. The girls of the two schools should have their athletics separately. The boys of the junior high school ought not to play with the senior high school boys. Young people whose ages range from eleven to nineteen years and whose weights vary from one hundred to two hundred pounds ought not to participate in games simultaneously on one field. More outdoor space for athletics is needed in order that we shall not be compelled to curtail the health and recreation program.

The program of study of the Junior and Senior High schools need immediate revision. The Junior High school movement is still in the formative period. The experience accumulated during the last decade has demonstrated the need of changes. The promotion from the elementary school to the junior high school with the entailed changes in school location, associations, school methods, especially the change from one teacher to many teachers, is a sufficient break between the two schools. Departmentalization inaugurated in grade seven should be followed in grade eight by election of subject matter.

Both innovations should not be thrust upon the pupils at the same time. I recommend a constant program for all pupils in the seventh grade. The variables can be supplanted with a broadening survey of occupations or a study of the work of the world. During the first year in the junior high school the pupils will become familiar with the new methods. Their mental horizon will be extended. A major part of their time and energy will be devoted to a course of study of fundamental subjects. I recommend that foreign languages be discontinued in the seventh grade. Investigation has shown quite conclusively that the primary use of foreign languages by secondary school pupils is the acquisition of college units or credits. Under the program of study in use at Milton a pupil who has experimented with Latin and French or business training during the seventh grade can change his program in the eighth grade only by taking the second year of the new subject. The central idea of the junior high school is to facilitate easy transition from one subject to another in order to furnish the opportunity to gain some experience in many different subjects which may provide a basis for specialization during the senior high school period. In accordance with the recognized functions of junior high schools a general language course should be offered in grade eight. I recommend in grade eight in Milton a half year of Latin and a half year of French with an opportunity for pupils to take both subjects consecutively. Such a change in the modern language program in grade eight could not be entirely effective until one year after the proposed change in grade seven. During the year of transition it would be possible to continue the present plan. It would be possible to alternate beginning French and second year Latin or beginning Latin and Second year French.

In grade nine subject choices ought to be well stabilized. It is the real beginning of specialization or preparation for higher educational institutions. I recommend that the bookkeeping of grade nine and the commercial arithmetic of grade ten be interchanged in order to provide for each subject a three year span of continuity. The Senior High school program of studies states "Work aggregating at least 18 credits is to be taken each year." I recommend the requirement be raised to 21 credits. The credit requirement of 54 credits for graduation is too low. In Milton I believe we should require at least 63 credits.

Permit me to express to you my appreciation of your support and the co-operation of the School Committee. The first half year has been a very busy, happy experience. The teachers have been inspiring and eager to improve the school. The secretaries have been very conscientious and efficient. The spirit and cleanliness of the janitorial service have been superior. The workers in all departments have concentrated their efforts and interests on the welfare of the boys and girls of Milton.

Respectfully submitted,

GEORGE C. MARSDEN,
Principal, High and Junior High Schools.

January 23, 1928.
Milton, Massachusetts.

REPORTS OF ATTENDANCE OFFICERS

To the Superintendent of Schools:

I present herein my report as Attendance Officer for the year 1927.

Number of cases investigated	10
Number of different pupils	8
Number of visits to schools	9
Number of visits to homes of pupils	11
Truant	1
Absent because of sickness	3
Neglect of parent to send child to school	4

Respectfully submitted,

TIMOTHY McDERMOTT.

December 28, 1927.

To the Superintendent of Schools:

I hereby submit to you my yearly report as Attendance Officer for the Belcher school for the year ending December 31, 1927.

Number of notices received	37
Number kept by parents	14
Number kept on account of sickness	6
Number kept on account of clothing	1
Number kept for other causes	3
Number of truants	14

Respectfully submitted,

HENRY F. BRIERLY.

December 29, 1927.

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September. Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year.

2. Tuition Pupils

Section 69. Tuition fees at the rate of $125 (One Hundred Twenty-five Dollars) per year in the High school, $100 (One Hundred Dollars) per year in the Junior High school, and $75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-School Signal

Section 61. The signal 2-2 sounded four times on the fire alarm at—

7.15 means no school sessions for all schools for entire day.
7.30 means no school sessions for all schools below the Junior High school for the entire day.
11.40 means no afternoon session for all schools below the Junior High school. This signal will not be sounded if the 7.15 or the 7.30 signal has been sounded. The session at the Vose school will not be affected by this signal.

The 7.15 signal will rarely be sounded, as it includes the closing of the High and Junior High schools.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

SIXTH ANNUAL CONCERT
SENIOR AND JUNIOR ORCHESTRAS
OF THE MILTON HIGH SCHOOL

High School Assembly Hall
Friday, June 3, 1927
8:10 o'clock

Conductor, Russell A. Cook

PROGRAM

I. Military March . . . . . *Beethoven*
Senior and Junior Orchestras

II. Waltz Suite, Opus 39 . . . . . *Brahms*
a. B flat major
b. C minor
c. A major
d. G major
Senior Orchestra

III. Ballet music from "Rosamunde" . . . . . *Schubert*
Senior Orchestra

IV. Huldigungsmarch (Triumphal March) from "Sigurd Jorsalfar" Opus 56 . . . . . *Grieg*
Senior Orchestra

Intermission

V. Theme in G from Sonatina No. 5 . . . . . *Beethoven*
Junior Orchestra

VI. English Folk Songs arranged for Orchestra . . *17th and 18th Century*
Senior Orchestra

VII. Bell Gavotte from "The Magic Flute" . . . . . *Mozart*
Senior Orchestra

VIII. Three Mock Morris Dances . . . . . *Old English*
a. Country Gardens
b. Princess Royal
c. Corner Dance
Senior Orchestra

IX. Sailor's Song—Opus 68, No. 1 . . . . . *Grieg*
Senior Orchestra

X. Turkish March from "The Ruins of Athens" . . . *Beethoven*
Senior Orchestra

ELEMENTARY SCHOOL INSTRUMENTAL CONCERT

High School Assembly Hall
Wednesday, April 20, 1927
3:30 o'clock

Garabed K. Yeremian, Instructor of Violin
Bernadette A. Giguere, Instructor of Clarinet

My Country 'Tis of Thee
